But the Elves, who valued culture and magical arts, and the Dark Elves, who lived by physical disciplines and valued nature, could not live in harmony. Again and again they clashed in repeated wars against one another.

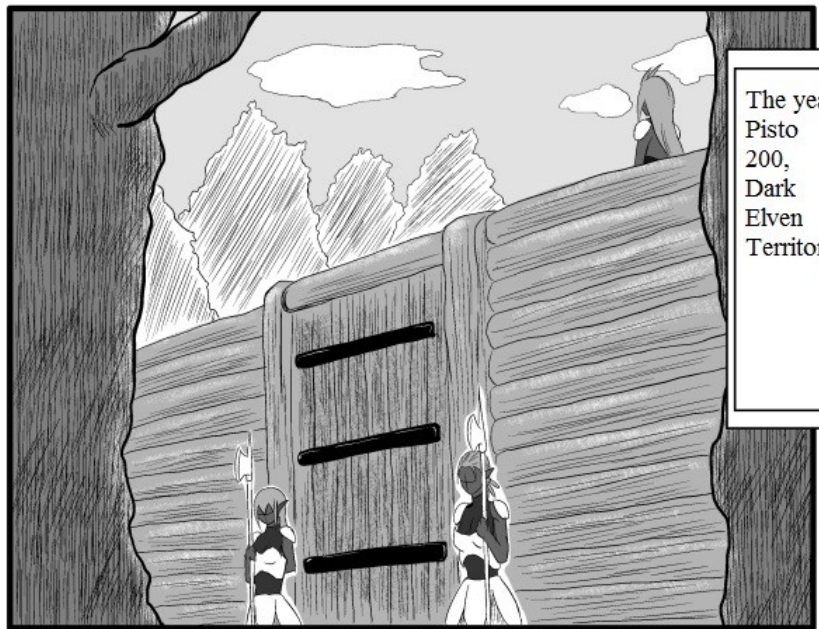

Alm Island. Located far away from the lands humanity calls home is a place home to two tribes of elves; the Elves, and the Dark Elves.

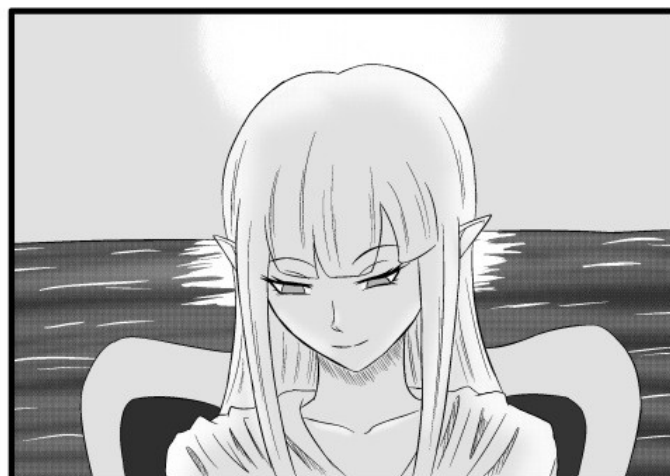

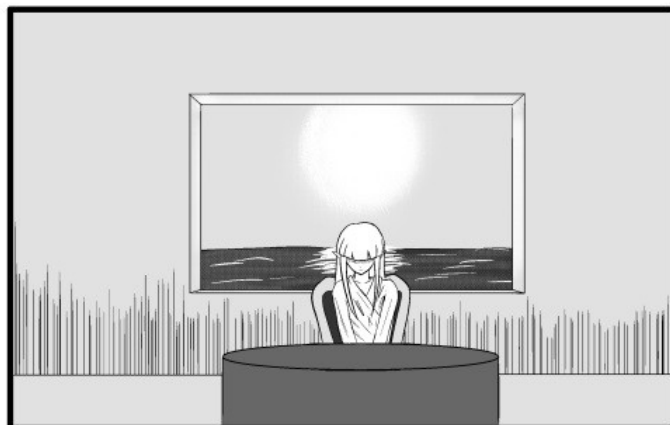

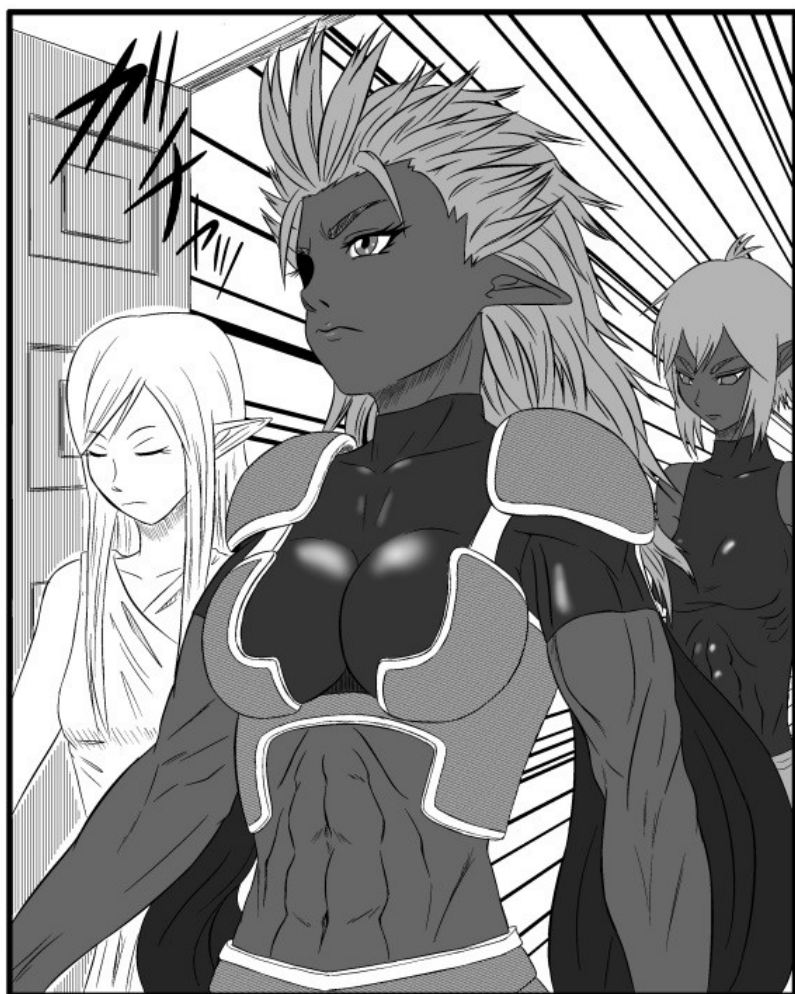

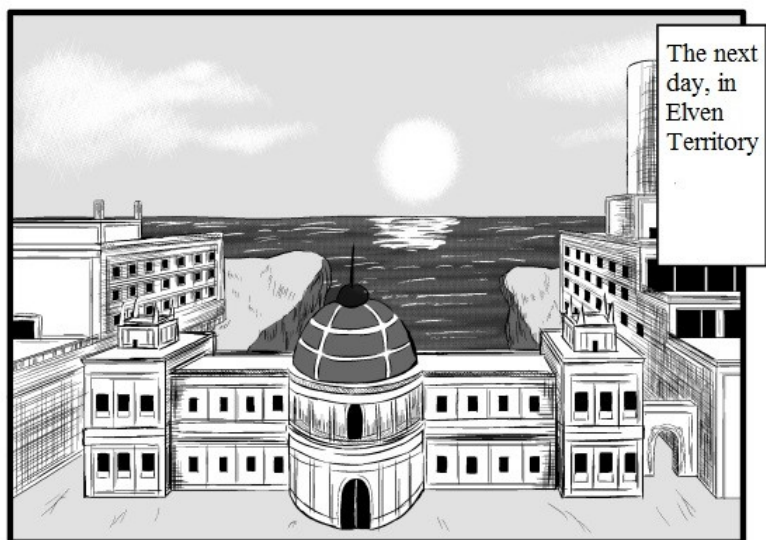

The result of this was the establishment of formal boundaries between their nations, as well as agreements not to encroach into the territory of the other, and the fighting came to an end...

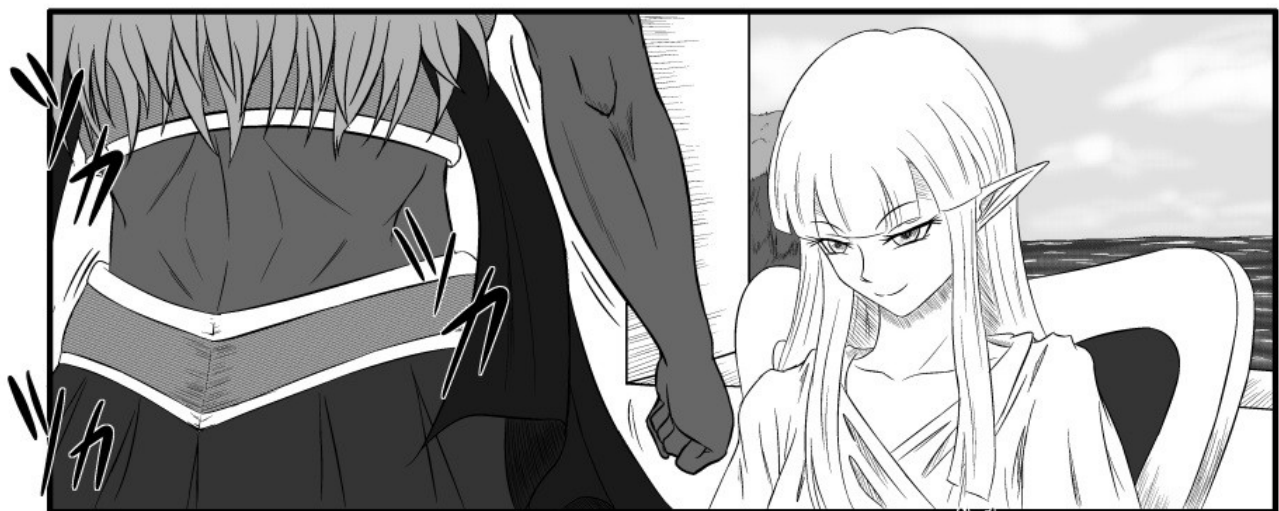

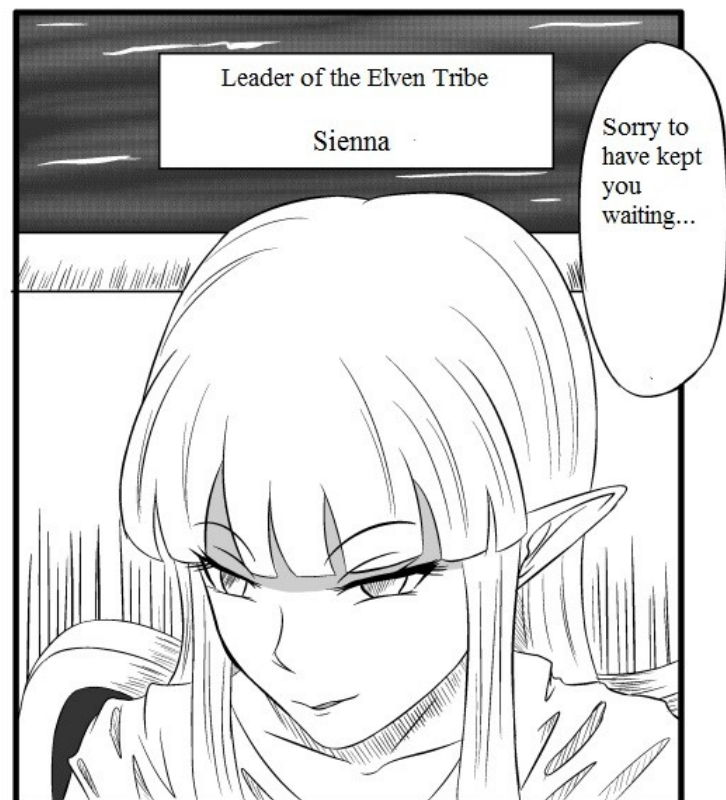

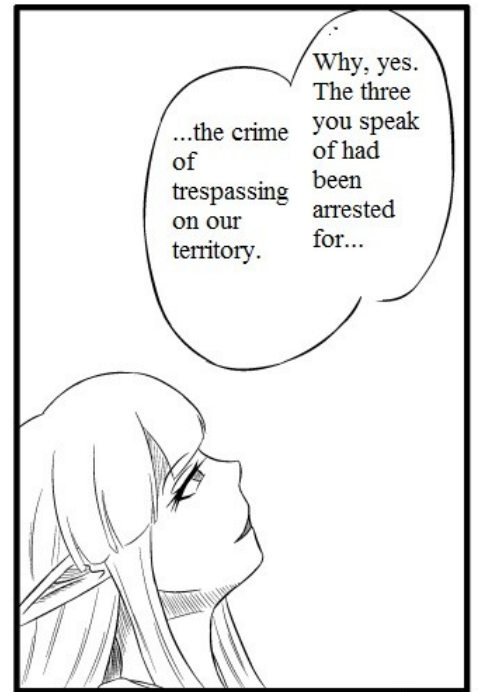

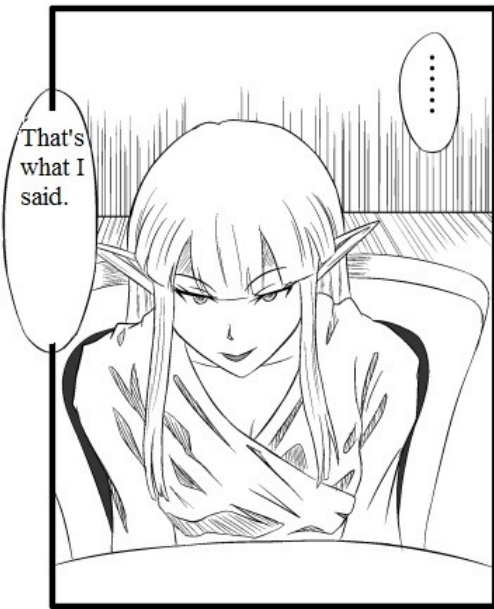

Thus, in the year Pisto 160, the leaders of each tribe came together for talks, recognizing that the continued fighting must cease.

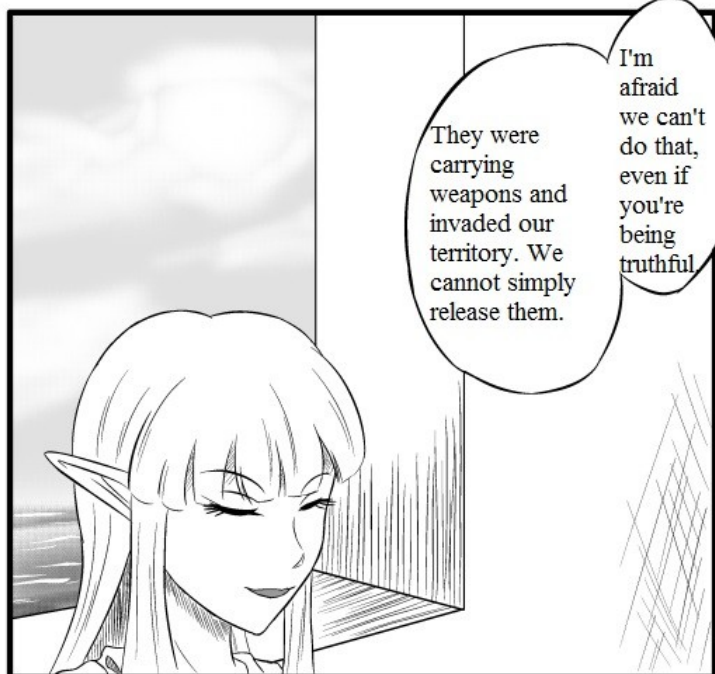

The year Pisto 200, Dark Elven Territory

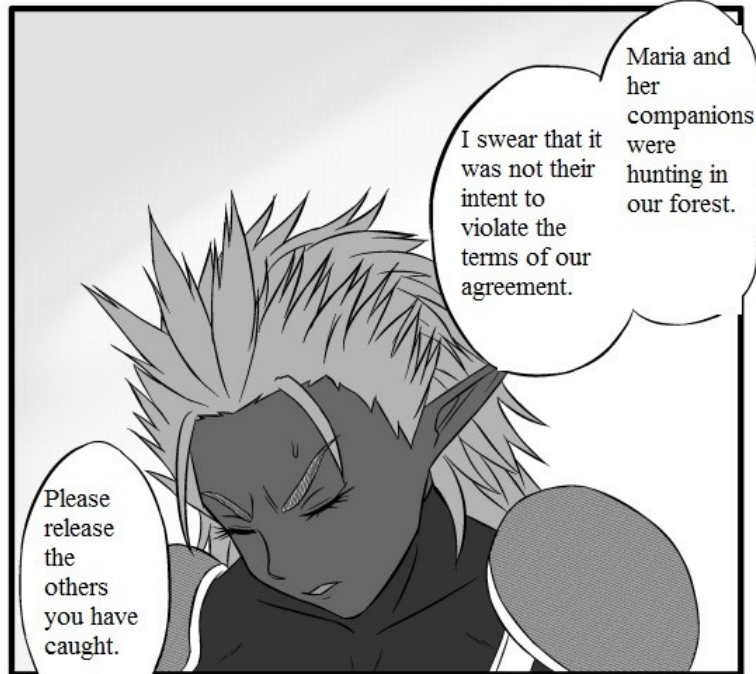

They were carrying weapons and invaded our territory. We cannot simply release them.

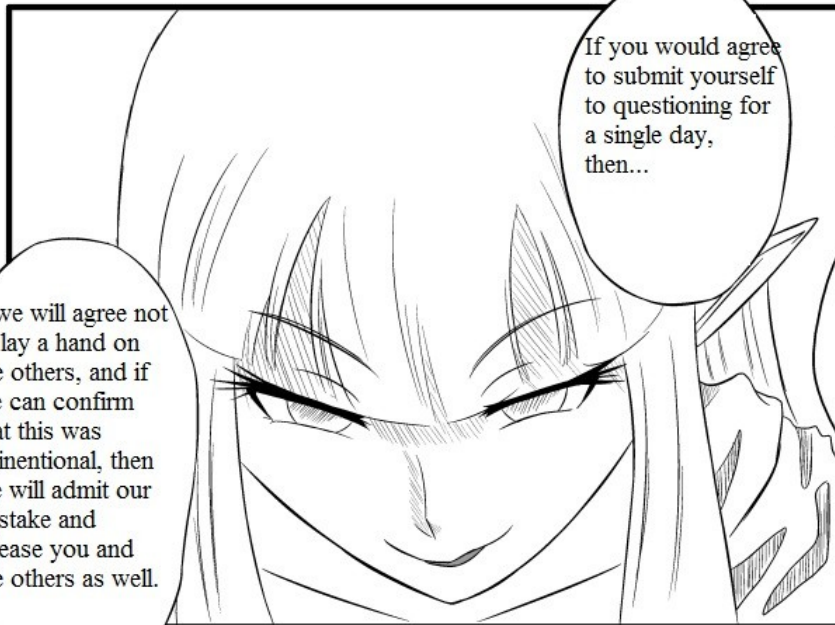

I'm afraid we can't do that, even if you're being truthful

I swear that it was not their intent to violate the terms of our agreement.

Maria and her companions were hunting in our forest.

Please release the others you have caught.

If you would agree to submit yourself to questioning for a single day, then...

...we will agree not to lay a hand on the others, and if we can confirm that this was unintentional, then we will admit our mistake and release you and the others as well.

But!

Well what the hell do you want me to--!

Do whatever you like. But!

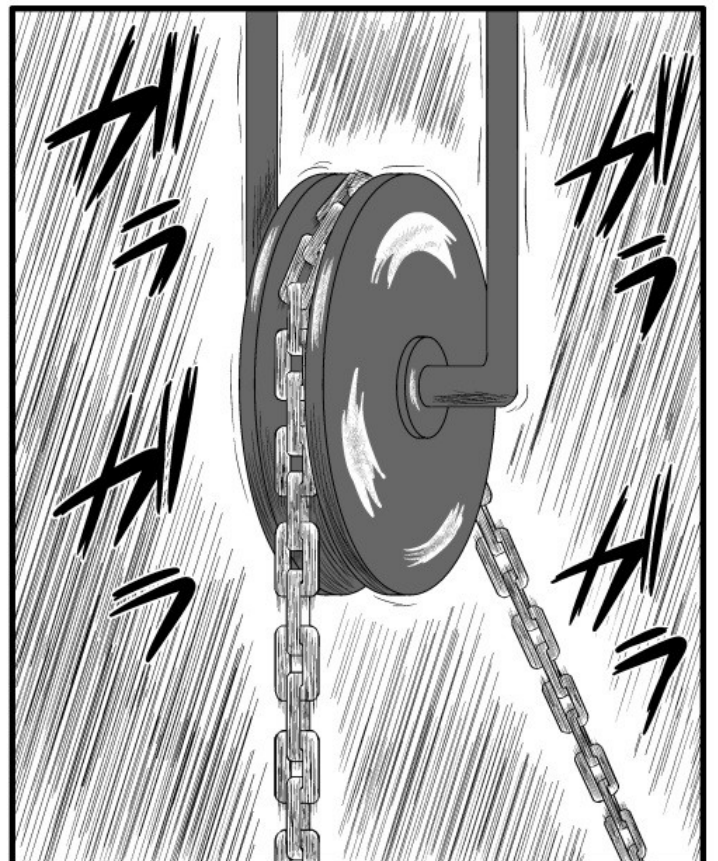

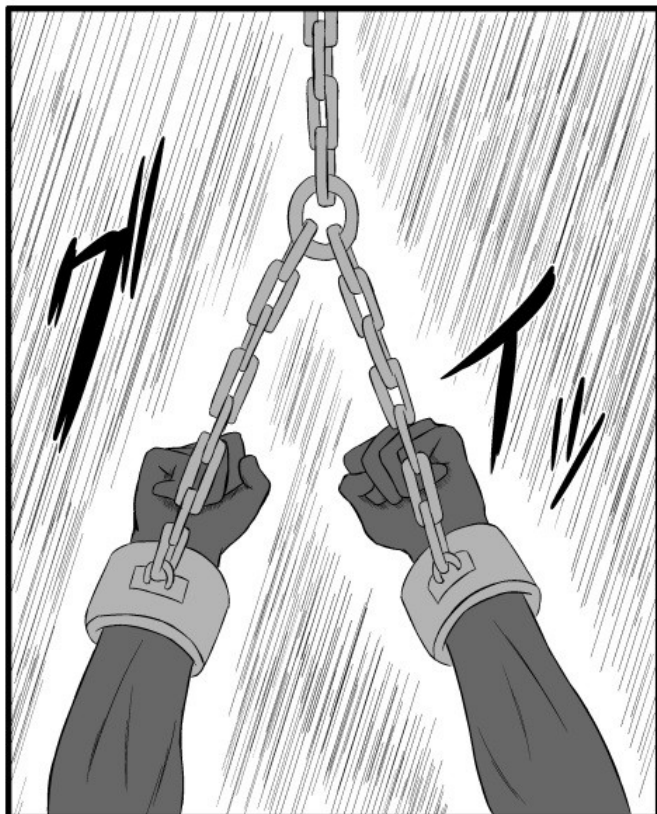

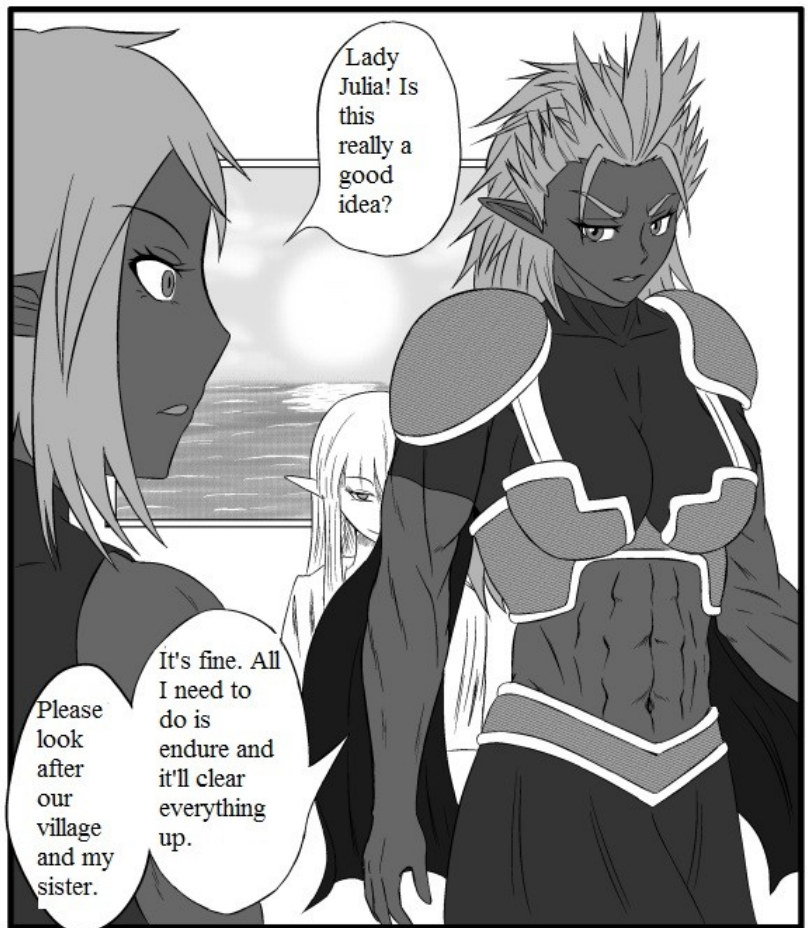

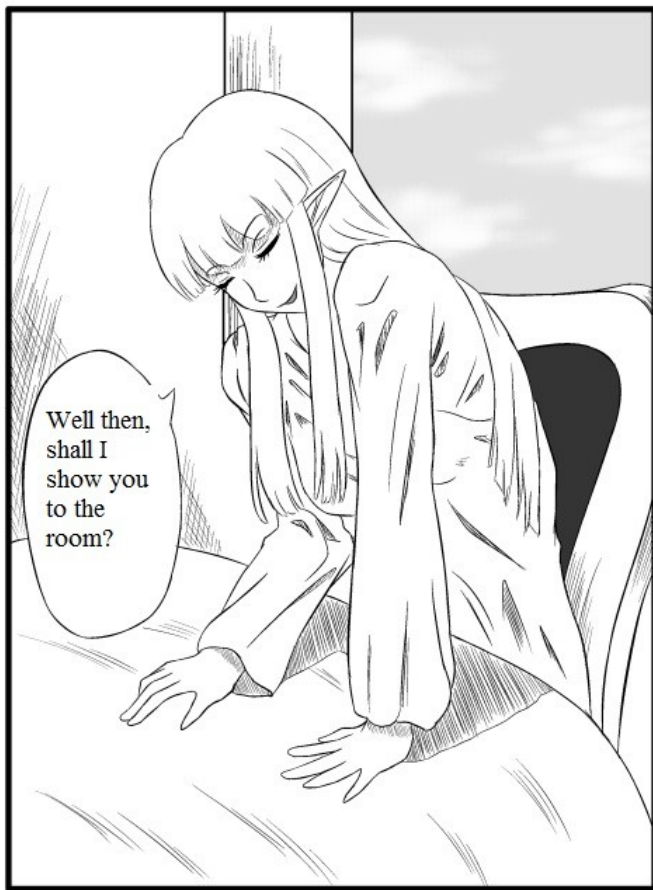

You had best keep your promise, or else...

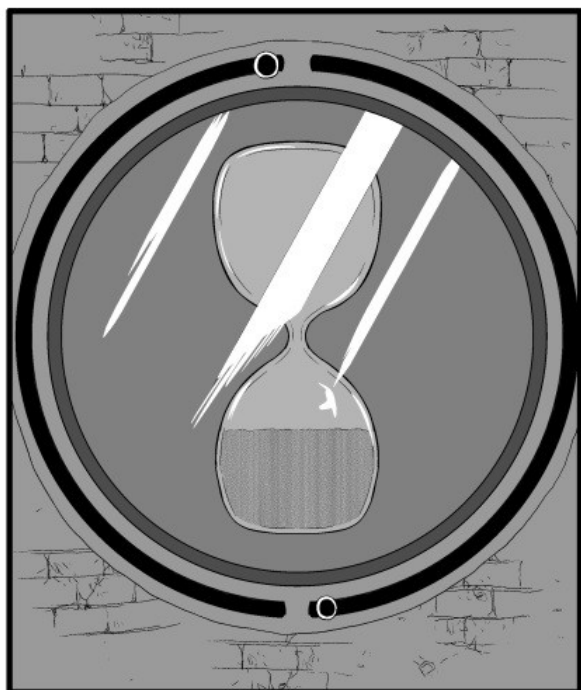

...Fine.

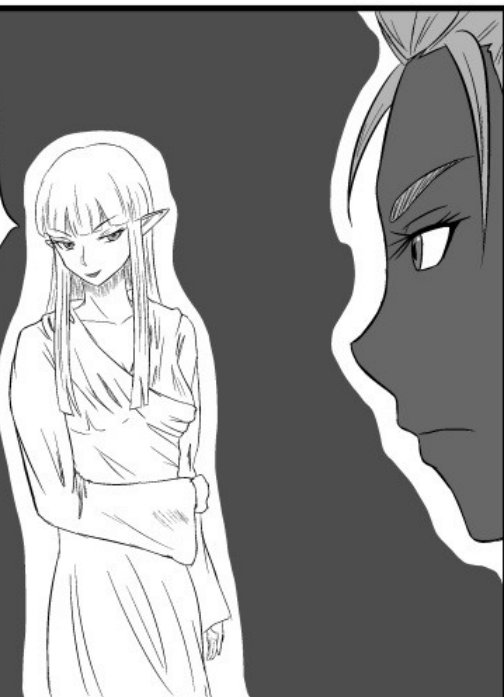

Wh...

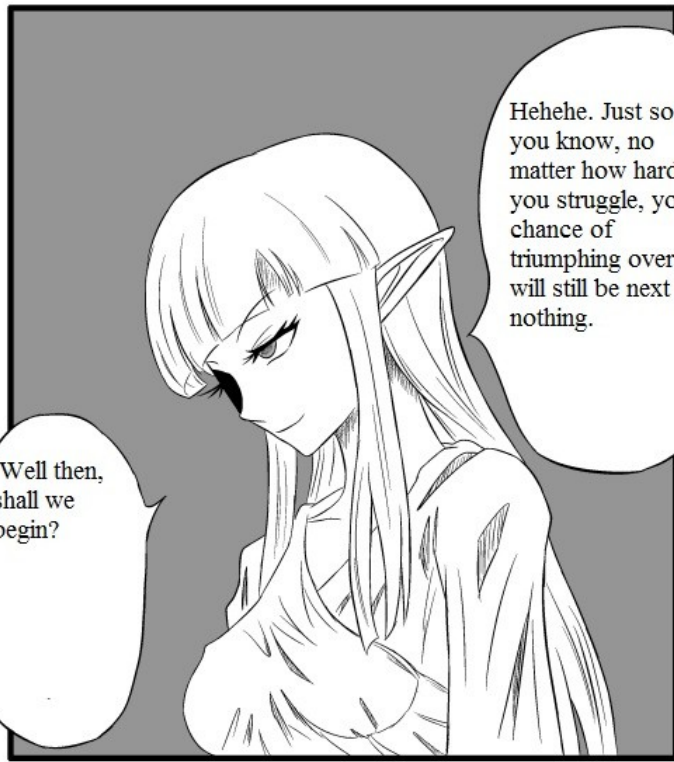

Oh yes, I should say. In this room there are no windows, so we keep track of time with this hourglass.

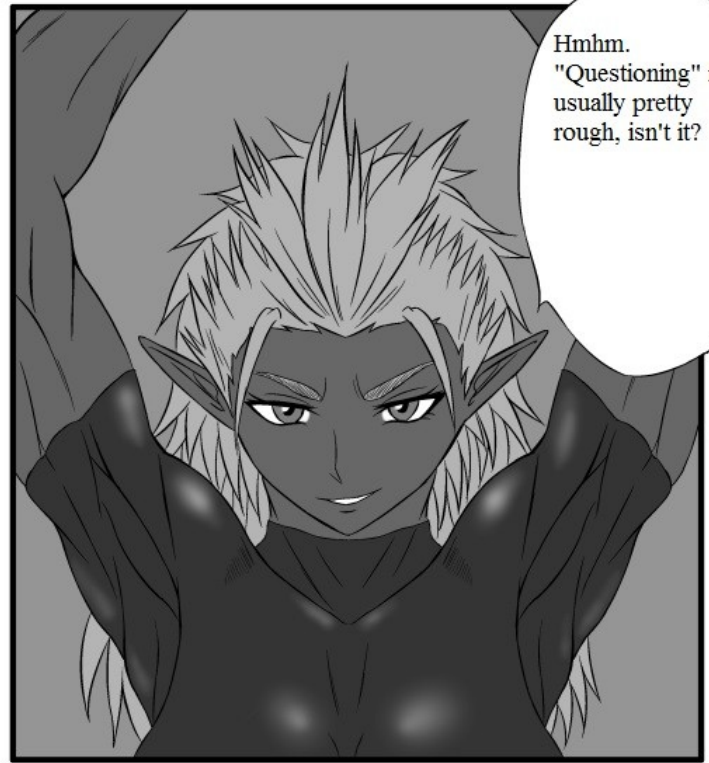

When all of the sand has fallen to the lower half, time will be up.

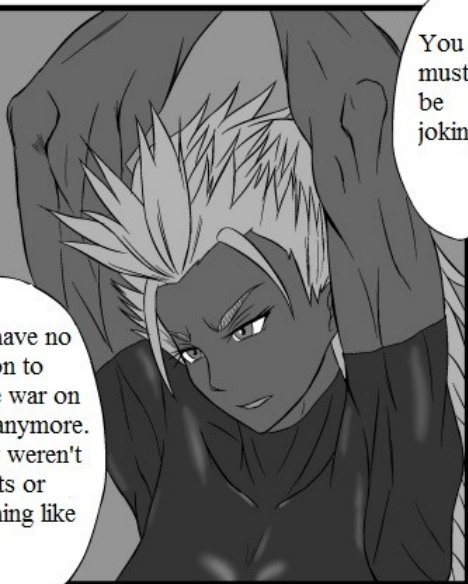

Hehehe. Just so you know, no matter how hard you struggle, your chance of triumphing over us will still be next to nothing.

Well then, shall we begin?

Hmhm. "Questioning" is usually pretty rough, isn't it?

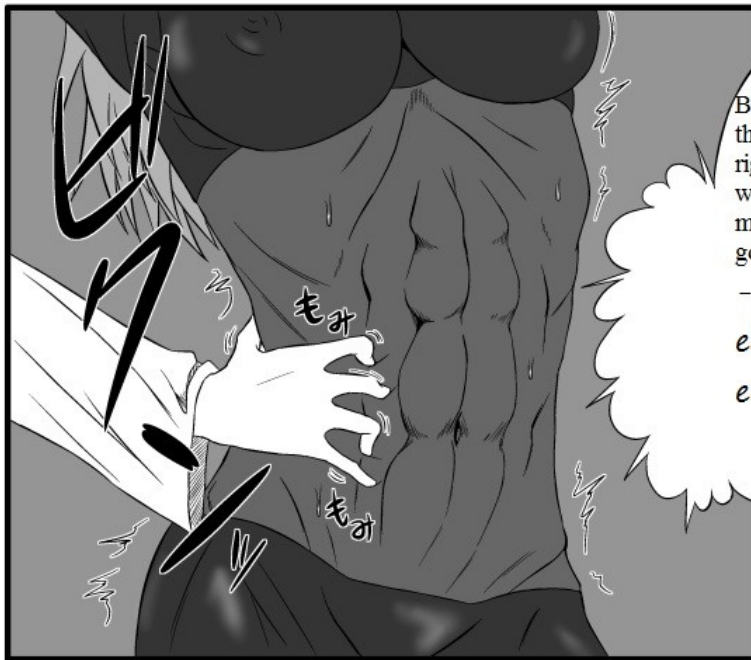

You must be joking.

We have no reason to make war on you anymore. They weren't scouts or anything like it.

So the intruders were not, in fact, scouts you had sent to reconnoiter our territory?

But you do realize
this is pointless,
right? No matter
what you do to
me, none of it is
going to have any

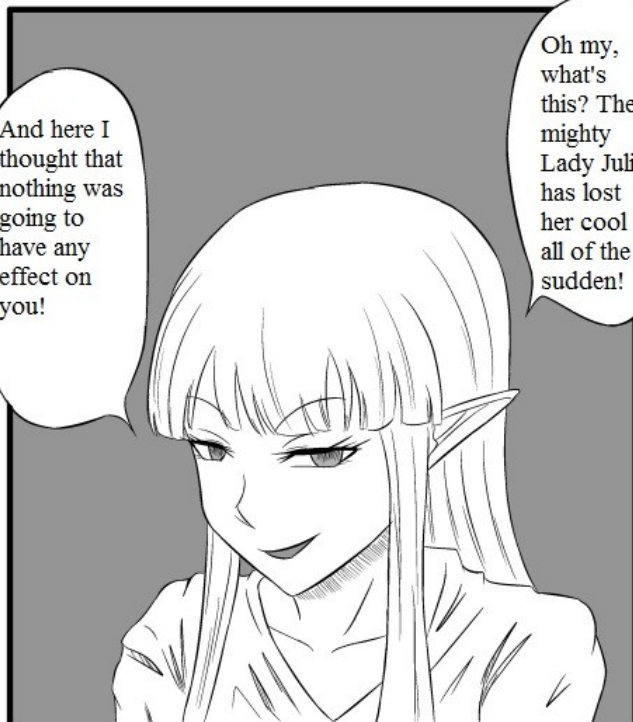

--
ehheheheheh
eefeeeeeect!!!

Heh. I knew
this was going
to be more
than just
"questioning".

Hey! What
the hell do
you think
you're
dohohooooing?!

And here I
thought that
nothing was
going to
have any
effect on
you!

Oh my,
what's
this? The
mighty
Lady Julia
has lost
her cool
all of the
sudden!

Hey! Keep
your hands the
fuck off of
me, you hear?!

I knew it! You
assholes did
something to
her!

Gh...
that's not
even
torture!
It's...

The same
sort of
massage
your sister
enjoyed so
very much.

...just a
massage.

Gh...!

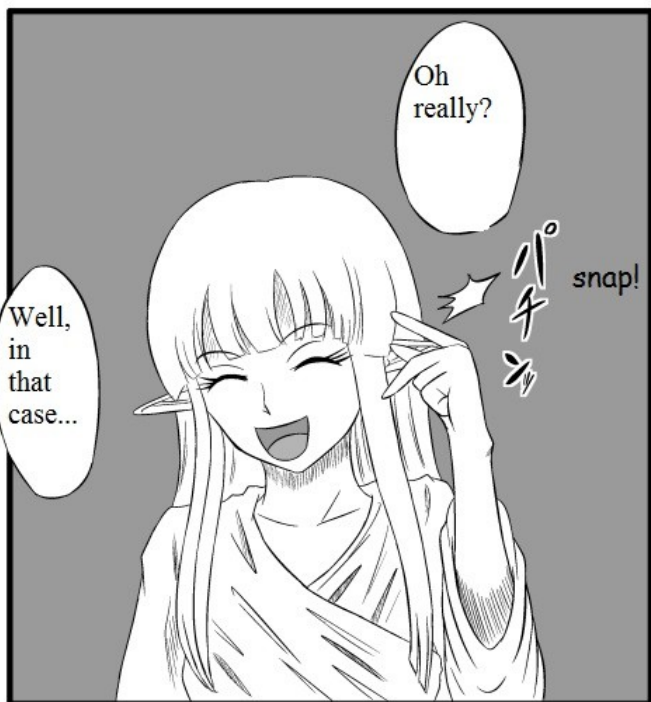

Do you
have a
problem
with getting
massaged?

So yes,
we did
"lay our
hands" on
her. That's
what a
massage
is.

By the
way...

Oh
really?

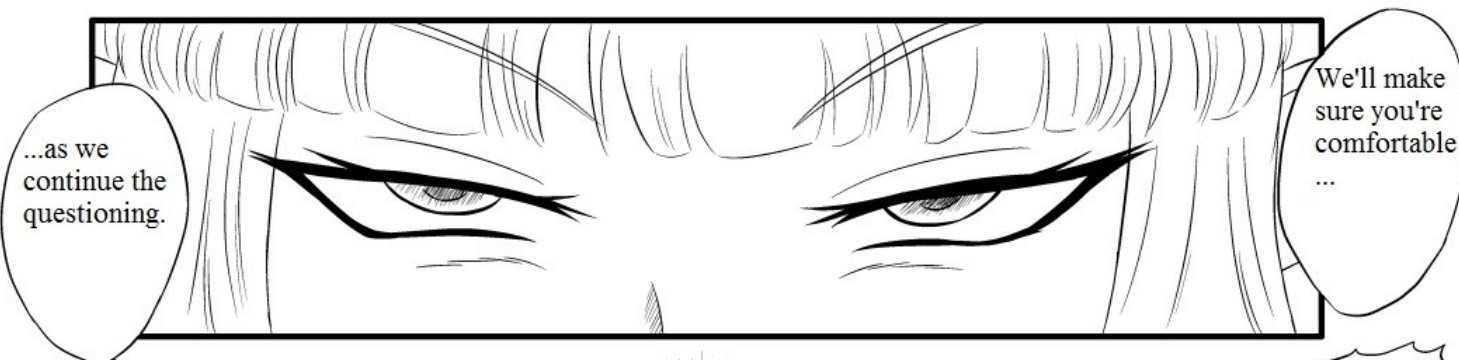

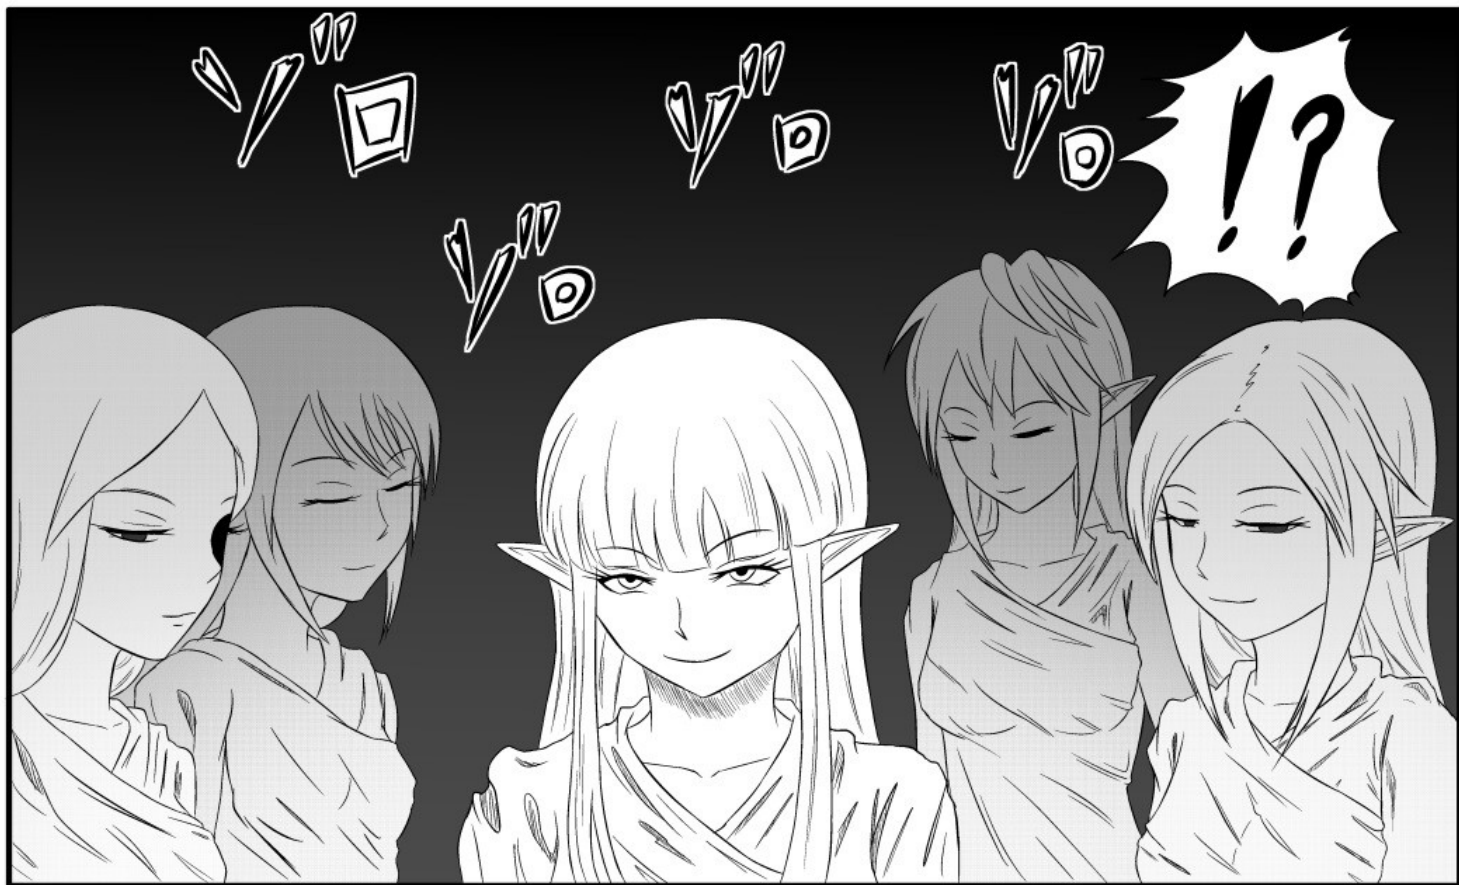

Well,
in
that
case...

snap!

O-of
course
not! Not a
problem
at all!

In fact, it
feels
really
good!

...as we
continue the
questioning.

We'll make
sure you're
comfortable
...

*It's only a
childish
thing after
all. If I just
brace
myself and
concentrate
I'm sure I
can block
the
sensations.
Now that I
know what
they're
going to
do...*

No, no, I
can do this.
It was only
because
they
surprised
me before.

W-wait,
six of you
at once?
Isn't that...
excessive?

Gyahahahahah

Is there
some kind
of problem
with that?

Yes, I
suppose
that it is.

...that the
supreme
warrior Lady
Julia, has the
weakness of
a child?

You're
telling me
that the
Lord of the

Mhmhm. I hope you're ready, Lady Julia.

Please, no more, pleeeeeease....

Take a look at this. This feather... it's a Gryphon feather.

When this feather touches your skin, it feels like a hundred tiny fingers scratching and wiggling all around.

Each bristle is incredibly strong, yet extremely fine as well.

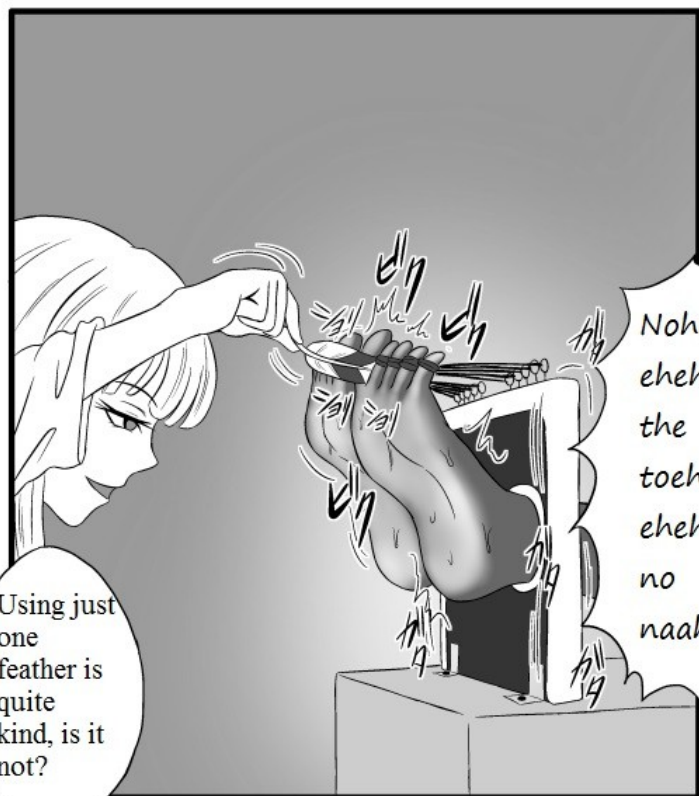

Please, please don't, I'm --

I suppose all that talk before was nothing but bluster!

It's quite amusing how much your attitude has changed since we first started, Lady Julia.

GYAHA

whatever they did
for an entire day,

I cahhaha

If you're

After (sort of) enduring Sienna's questioning for 24 hours, the captured Dark Elves were released, thanks to the Lady Julia. But...

Afterward ...

Thanks to this incident, the fate of the Elves and Dark Elves became ever more intertwined... Probably.
