-JUST FAP-

Figured I'd do a quick TL while the servers are down in FFXIV. Suprisingly sadistic for a Chinzurina book, but I really liked it. The puppy part at the end made me HNGGGH.

The TL and editing were really quick and easy for this one (why I chose it); the only remark I have there is that I translated "mesu" (female animal) as "bitch" the first time he said it, while I just omitted it entirely the second time (in that last bubble where he basically calls her a "mesu" puppy), because of the context. "Bitch" doesn't mean exactly the same thing, and it totally ruined the ending scene to TL it like that, so sorry to any purists. My next TL will most likely be from OnkH 6, but I'm not sure. Until next time.

**HAPPY FAPPING!**
