Princess...
You're up to the same tricks as usual...

Sheesh! You made me wait so long, I started cheating on you with some well hung demons!

Welcome home, Father!

Father, did you get souvenirs for me?

Worry not. They are here.

I'll be drinking it again afterwards, so make sure to save it up properly!

Don't you feel it stirring in your womb?

Yes, Papa!

They get to marry whoever the baby looks like! ♡

Not that you'd be able to figure out who the father is

That's why

I thought I'd let their wombs decide!

I don't understand how women think.

Really?

Really.

Hm? What is it, Tabitha?

Father, I was thinking

My Mamas are girls too, so they would be unhappy if they couldn't choose their own husbands.
