

And if you use that stall, a monster comes out of the hole...

It's true... They heard that in the furthest stall, there's a pitch black hole in the wall...

No way!

Eh?!

My older sister's friends heard that... there's a monster in a nearby public rest-room,

Victim of the Hole

mizu PRESENTS

Huh?! That was it?!

and does something amazing to your butt!!

危ぶめば穴はなし。入れればわかるぞ!!

What would that amazing thing be...?

I'm telling you, it's not a monster!

It's not! They told me there's no way for a hand to come from that hole, so it has to be a monster!

That's no monster! That's just a molester!

Yeah, I think so too.

Something amazing to your butt?!

Uh... But they really heard it!

Me neither.

Now that I think of it, I never saw a hole there.

You never saw a hole either, right, Moko?

Amazing...

Something...

That's just a crappy rumour. If it was true, I would have already been snatched by the monster.

Y-Yeah, I know!

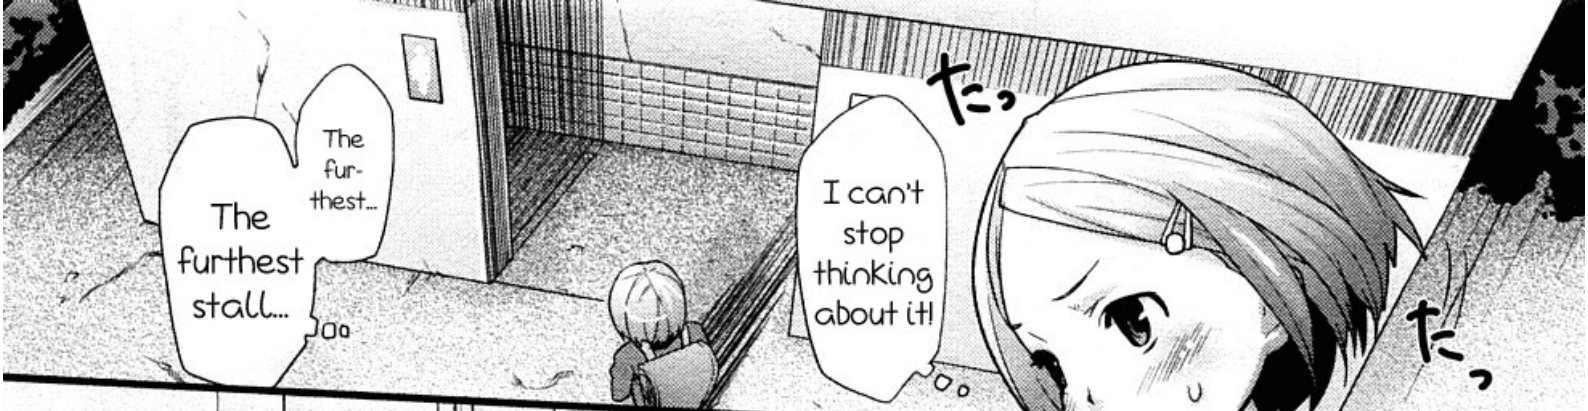

What are you spacing out for? We gotta get back home soon...

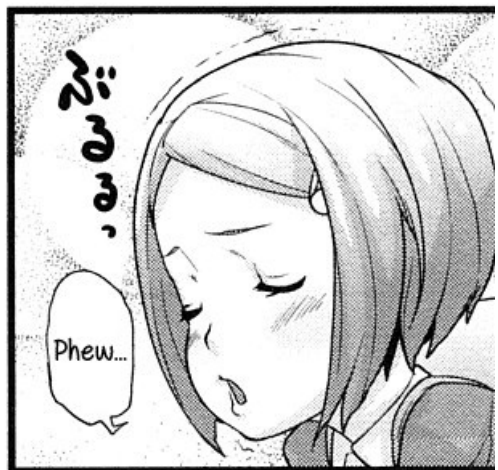

Huh? Ah! Yeah!

Bye!

Later!

If I do this...

The monster will do something amazing...

Which means...

J-Just joking... There's no way...

It's scary I should stop...
