SHOUSEN HIGH SCHOOL'S 32ND GRADUATING CLASS

3-A having sex!!

I'm Sakura Sugano, the class representative.
The one who's photographing me is my boyfriend.
We were in the same class in tenth grade and started going out together.
We became one for the first time during the winter of our second year.
It's been one year since then, thank you for all your love.
Let's do it a lot from now on too.

STUDENT NUMBER: 3
SAKURA SUGANO

My darling's from another school.
We can't meet that often, so I'm a bit lonely!

But thanks to that,
when we meet, our desires for each other are insatiable!

STUDENT NUMBER: 1
AKARI ABE

I'm Miri Nakamura.
The one who took
this photo is my ex-
boyfriend, but that's
the only erotic picture
of me I've got right
now.

I'd like to meet
someone nice after I
graduate...

I'd like to find my
beloved as soon as
possible.

STUDENT NUMBER: 9

MIRI NAKAMURA

Aaaah, geez!!
I've never been as fat as
when that picture was
taken!
I told my boyfriend I
seriously didn't want to
send this pic, but he said
it was good.
Damn... This really sucks.

STUDENT NUMBER: 14

SEX LIFE AS

ERIKA HIGUCHI

My boyfriend's dick is too long.
It's really amazing!

STUDENT NUMBER: 20

ERIKA HIGUCHI

MAO YOSHIDA

This picture was taken at the time I put on handcuffs because my boyfriend (two years younger than I am) asked me to. He was so pleased I did it that it also made me happy. He's younger than me and brimming with curiosity, so I want to keep on listening to his wishes as much as I can.

STUDENT NUMBER: 2

MAO YOSHIDA

**AKANE AND
KANON**

When we learned about the existence of that sex picture album, we both made a bet! If we were still virgins by the winter of our third year, we'd have a pic of our virgin pussies taken. And here is the result...

AKANE TSUJI

STUDENT NUMBER: 18

Don't forget to put

when having sex!!

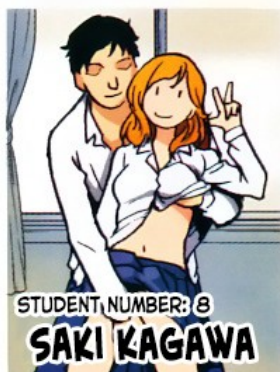

We'll be
friends
forever!!
♡ Tomo!!

Just how
many times
did you do it?

Everybody's
sex pics. ♡

I'm Miu Kawauchi.
My boyfriend's three years
older than I am, so his body's
much bigger than mine.
I love the fact that he's very
gentle.

But he's so much
bigger than I am
that many things are
very difficult for us.

Three months ago,
I challenged myself
and recently got used
to his huge thing.

When we're having
sex, he's a bit of a
sadist, but I still love
him lots!!

STUDENT NUMBER: 11
MIU KAWAUCHI

My boyfriend's what they
call an otaku.
He's chubby, but we're
a perfect fit.
His body's soft and I love
him.

STUDENT NUMBER: 4
AI MASAKO

STUDENT NUMBER: 21
YUINA FUJIMORI

STUDENT NUMBER: 10
YUMIKO KASAI

During my third year, I
was in the same class as
my darling, so I was
super happy!!

SANA HOSOYA

I'm the team's vice-captain, I play at the Guard position.

My name's Asuka Inaba.

Unfortunately, our captain doesn't have a boyfriend, so I and two others will be providing the pictures, sorry!

My boyfriend's in university.

He came to see all of my games and he's very nice!

Congratulations on your graduation.

I wish for you all, who are now leaving on a new journey, to meet many people and have various experiences.

SHOUKO KUSABA
LITERARY CLUB MEMBER

For you, graduation is a fresh start.

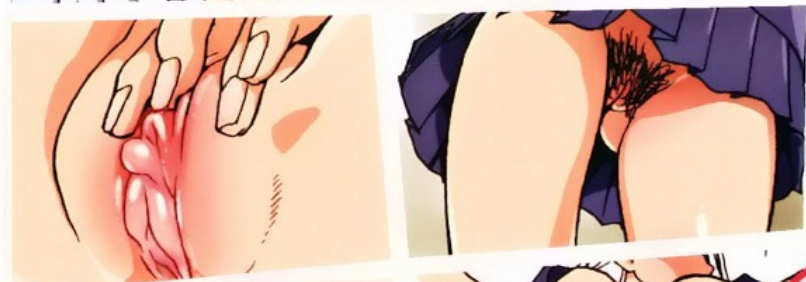

Get involved with different people, nourish your spirit of cooperation, and occasionally break free from the shell you've been in until now, finding the strength to act according to your own will.

I wish only the best for you.

Please take your precious experiences with you as provisions for the long road ahead.

I have high hopes for all of you, and know you will all give life your very best.

I'm not a slut! I only do it with the people I love!!

WE ASKED THESE TWO, WHO WILL GO DOWN IN THE TRACK AND FIELD CLUB'S HISTORY AS THE "LUSTFUL BEASTS", TO REPRESENT THE 10 GRADUATES FROM THEIR CLUB IN THE SEX PICTURE ALBUM.

Events: High Jump

I don't remember how many partners I've had... Maybe more than 100.

First time in fourth grade.

When I heard about the sex picture album, I was so worked up, I did it with 10 new people and took a lot of pictures, but...

HIJIRI

Yeah! We had sex with the album committee member for fun. But who would have thought that he had the dick that felt the best out of all of them? Haha!

AYA

We were in a real trance and did it like beasts, so we took so many pics that we don't know what to do with them... We could make another album containing only pictures of us two!

AYA

I'm completely in love with his dick!! I've been doing it all the time for three years, but he's definitely the guy with the best dick out of all of them!

But he's a real sub!! **HIJIRI**

- 2nd
year,

I took these pictures with my boyfriend.

We've been going out together for one year, and I'm really happy!

We received pictures from Broadcasting Committee Member Haruka Sakamoto.

We received pictures from Cleaning and Environment Beautification Committee Member Aki Takashima.

The one who took these pictures is my brother-in-law.

Since my mother remarried this year, I have a larger family now.

This time, the one who won the prize for sending us the most photos is Head Library Assistant Mirei Kamikawa.

...I'm Mirei Kamikawa.
My hobbies are reading and old men.

During these three years, I've come across a lot of old men and great books.
I couldn't be happier.

I'll keep doing that even in university.

**KIRITANI
KONOME**

First, let me
thank all the
graduates
for their
cooperation
in making
this album
and sending
us lots of
photos.

In the school's
courtyard, the
plum buds are
starting to color,
and as the arrival
of spring is
getting closer,
we are gradu-
ating.

Thanks to your
cooperation,
this year's
album contains
more pictures
than any of
the previous
ones.

Moreover,
I'm really
grateful for
the efforts of
the students
in the album
production
committee and
for being able
to represent
you all.

The school building that watched us grow without having to worry...

Teachers who always had to be strict, but were actually gently watching over us...

There were upper-classmen who were kind to us when we had just enrolled here and were still enthralled by our new lifestyle...

And the various events, lessons, and club activities that have helped us become adults during our three years at Shousen High.

Is the
time we've
spent
laughing,
crying,
and trying
with our
classmates
and our
friends.

The
most
valuable
thing
we have
gained
here at
Shousen
...

To the
school
and
teachers
who have
given us
such a
splendid
time...

And to our
parents who
have brought
us up with
great care, I
stand as the
representative
of all students
and send these
words of
gratitude.

Thank
you
for
every
thing
♡

SHOUSEN'S SCHOOL ANTHEM

If you look at the sky darkened by mist,
It will shine bright as our resolves flourish.

Aah, our hopes enlighten the skies
And sparkle with our youth.
Shousen, Shousen, Shousen,
Between your walls.

Let the unruly tide flow around you,
Find the wisdom and strength you've stored.

Come on, open the gate now,
Live and observe the world.
Shousen, Shousen, Shousen,
I'll go with you.

Overcome the hills that stand before you,
and go plow a new, wild land.
Farewell, my childhood days,
The seeds that were sown have now grown up.
Shousen, Shousen, Shousen,
Shousen, where the cherries blossom.

Notes

Doujin Canon:

- "Peace Hame! Ge Tokusei Shousasshi" is the side/epilogue story to the "Peace Hame" series.

Translator's Notes:

- **祥泉 (Shousen):** The school's name can be romanized as Shousen, Syousen, or Shosen, and to keep consistency with the "Peace Hame" fan translations, Shousen will be used.
- **Names:** The full names translated in this work are listed Western style, where their given (first) name precedes their family name.
- **Page 011:** The cut off text of the banner that the girl is holding up (next to "Our Birthplace's Traditions") is "The Mystery of Life".
- **Page 013:** Light Music Club line-up.
 - **Kanna [Vo]:** Vocals
 - **Hinako [Dr]:** Drums
 - **Ibuki [Ba]:** Bass
 - **Kana [Gt]:** Guitar
- **Page 021:** The line "I'll keep doing that even in university.", in the raw it's written "high school" instead of "university", this is assumed to be the author/artist's mistake since she's already in high school.
- **Genocidal Organ:** On page 021, the girl is holding the book "Genocidal Organ", a debut science fiction novel written by Project Itoh.
- **Page 026:** The line "Shousen, where the cherries blossom.", the expression used here for "cherries blossom" also means "to pass an exam".
