

If you increase my allowance, I don't mind seldom cooking for you.

Please cook dinner once in a while...

Oh well! Fortunately I have a warm home-cooked dinner waiting for me at home! Ah, haven't had one of those in a while!

Ah~! I'm dead tired again today...

Well, it is my fault for spoiling her too much, but...

If you think about it... When a father and his daughter live alone together, shouldn't the daughter do some of the chores around the house out of her own volition?

Christ... That bald ass boss of mine... The workload only gets bigger every day...

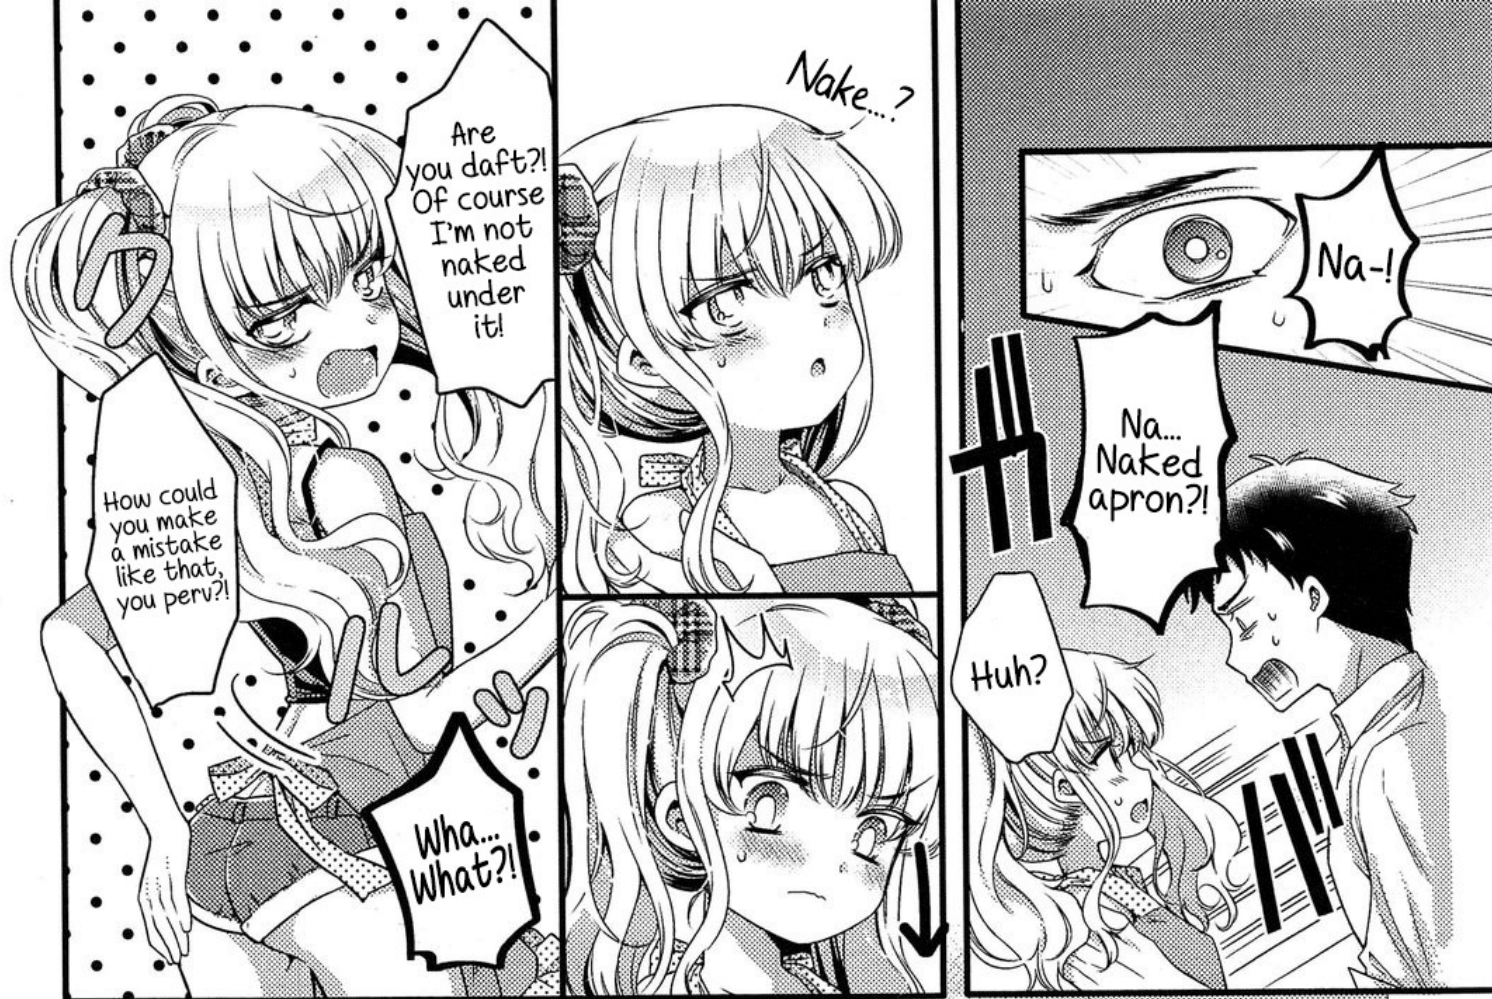

I told you on the phone to be back by eight, you sorry excuse for a father!

You're late!!!

I can't rest until you eat the dinner I cooked for you, now can I?
