MYSTERYMEAT3 TRANSLATIONS

-NO COMMISSIONS-

-NO DONATIONS-

-JUST FAP-

Well, since my last one was an unintentional retranslation, and I bet a lot of people will just skip it entirely, I'm gonna do the last one's credits (with list) in this one. There were no notes with this one anyway. Took like 15m.

- Koukishin (Hyakumonogatari)
- Ore Dake Hama wo (Hyakumonogatari)
- Ootawake no Prologue (Hyakumonogatari)
- My Pacostant (Koushoku Shounen Vol. 02)
- Shounen Gourmet Vol. 01 (All or at least most of it)
- Akarui Otokonoko Keikaku (All or most of it)
- Kyuushuu Mesu Shota
- Namaiki Aniki wo Shiyou zumi Benki ni shitattawww (Artist CG)
- Josou Shounen Dorei Bondage Choukyou 2 (REALLY good Artist CG)
- Boku to Sensei to Manatsu no Poolside (yes, a Yuunagi)
- Otokonokona Ani(boku) wa Otouto no Onna(mono) (another Yuunagi)
- Desire Case File 2.5

Take note that these are NOT in any particular order. It's likely that next I'll do another small one (Jibun Katte is a good contender) or two, then a large one (Choukyou 2 or a Yuunagi one most likely), then keep that cycle up. Also note that when I get around to starting the two large anthologies, I'm most likely going to release the chapters individually in order as I translated them, or there would be like two weeks or so of nothing, and who wants that? I probably won't be doing credits for each individual one, though, as that's a bit redundant, so sorry to those of you that look forward (?) to these.

Finally, one more note; after I'm done with this list (probably in a month or two, due to the anthologies), I MIGHT consider making my own shitty blogspot (or some other free webhoster) site with these translations, cause they're getting up there in number. I never expected to do this many, but meh. I enjoy it. I still won't be accepting donations or taking requests of any kind. If you do suggest something and I look at it and like it, of course I might end up doing it, but don't expect anything other than that. I'm not doing this for money, fame, reputation, bounty (you know who I'm talking about), or anything like that. Until next time.

HAPPY FAPPING!
