Original Girls Love Comic

I was drifting aimlessly on the streets.

Hey, you!

Having been dismissed from the house I worked at,

Aren't you just wandering around?

If you don't have anywhere to go, come with me.

The one who called out to me was Madam Milena.

and
moved
into it.

She had
recently
bought a
residence
here

You're
still
young...

I see.

I've been
moody
ever since
my husband
passed
away.

So I wanted
a peaceful
place to
rest.

Yes!

I'll
do my
best!

Ena.

Pleased
to have
you,

I already
have Alda as
a maid.

But she isn't
very sociable,
as you can
see.

During
the
day, it
was
great.

She
was
kind
and
read
books
to me.

We
cooked
together

and
picked
flowers.

Every
day was
enjoy-
able.

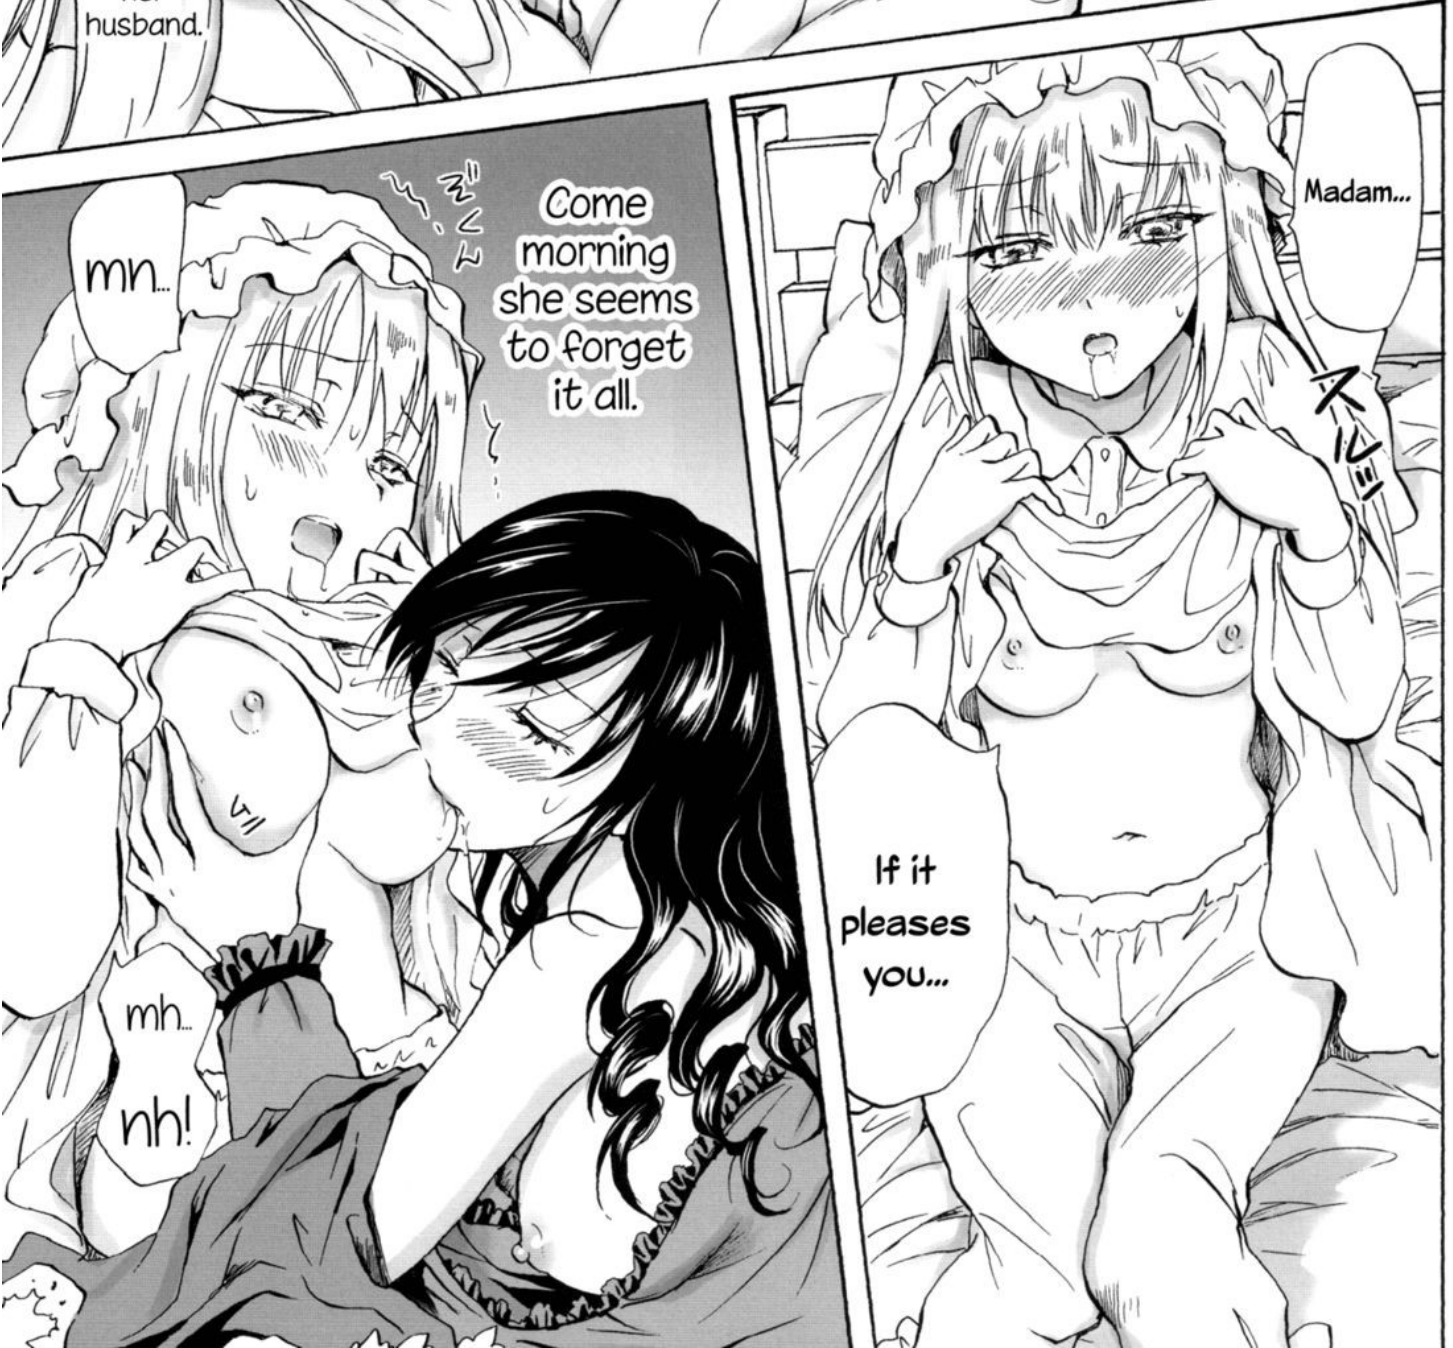

But
when
night
came...

This began soon after I moved in as a live-in maid.

Perhaps she was in grief after losing her husband.

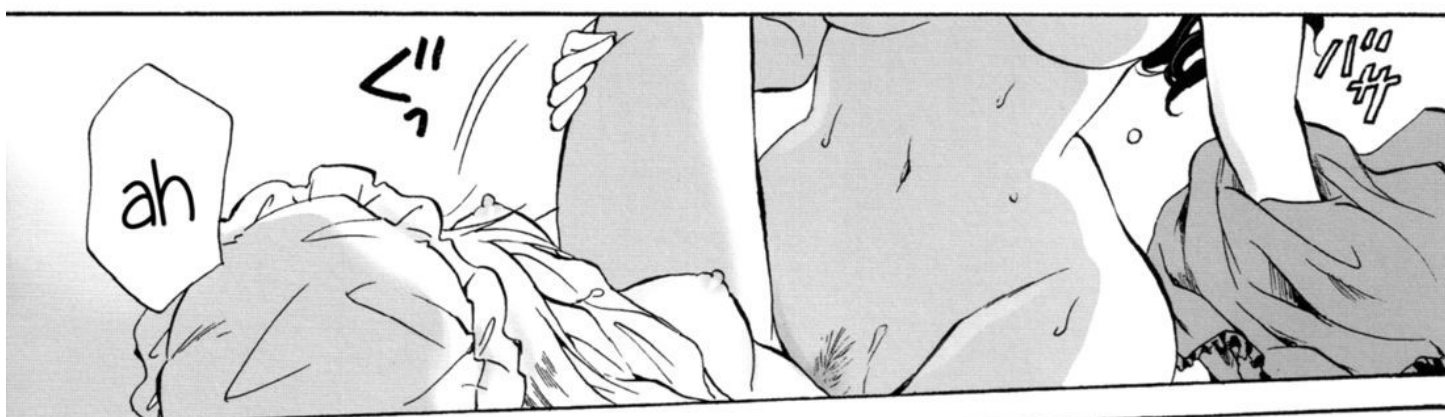

Come morning she seems to forget it all.

Madam...

If it pleases you...

Not a word to her, Alda.

And that ridiculous mourning dress is just for avoiding men...

You ran away because you didn't want to marry.

We've been together ever since we were children, so I trust you.

Oh.

I forgot about that.

You were

never married to begin with.

That when you saw her in town it was love at first sight.

I think she'd be happier if you were honest with her.

You're a villain.

No.

I won't let her run away using our difference in age and status as an excuse.

I have to hold her even more firmly within my grasp...

●END●

But I think she's fallen for you already.

Oh.

sigh...

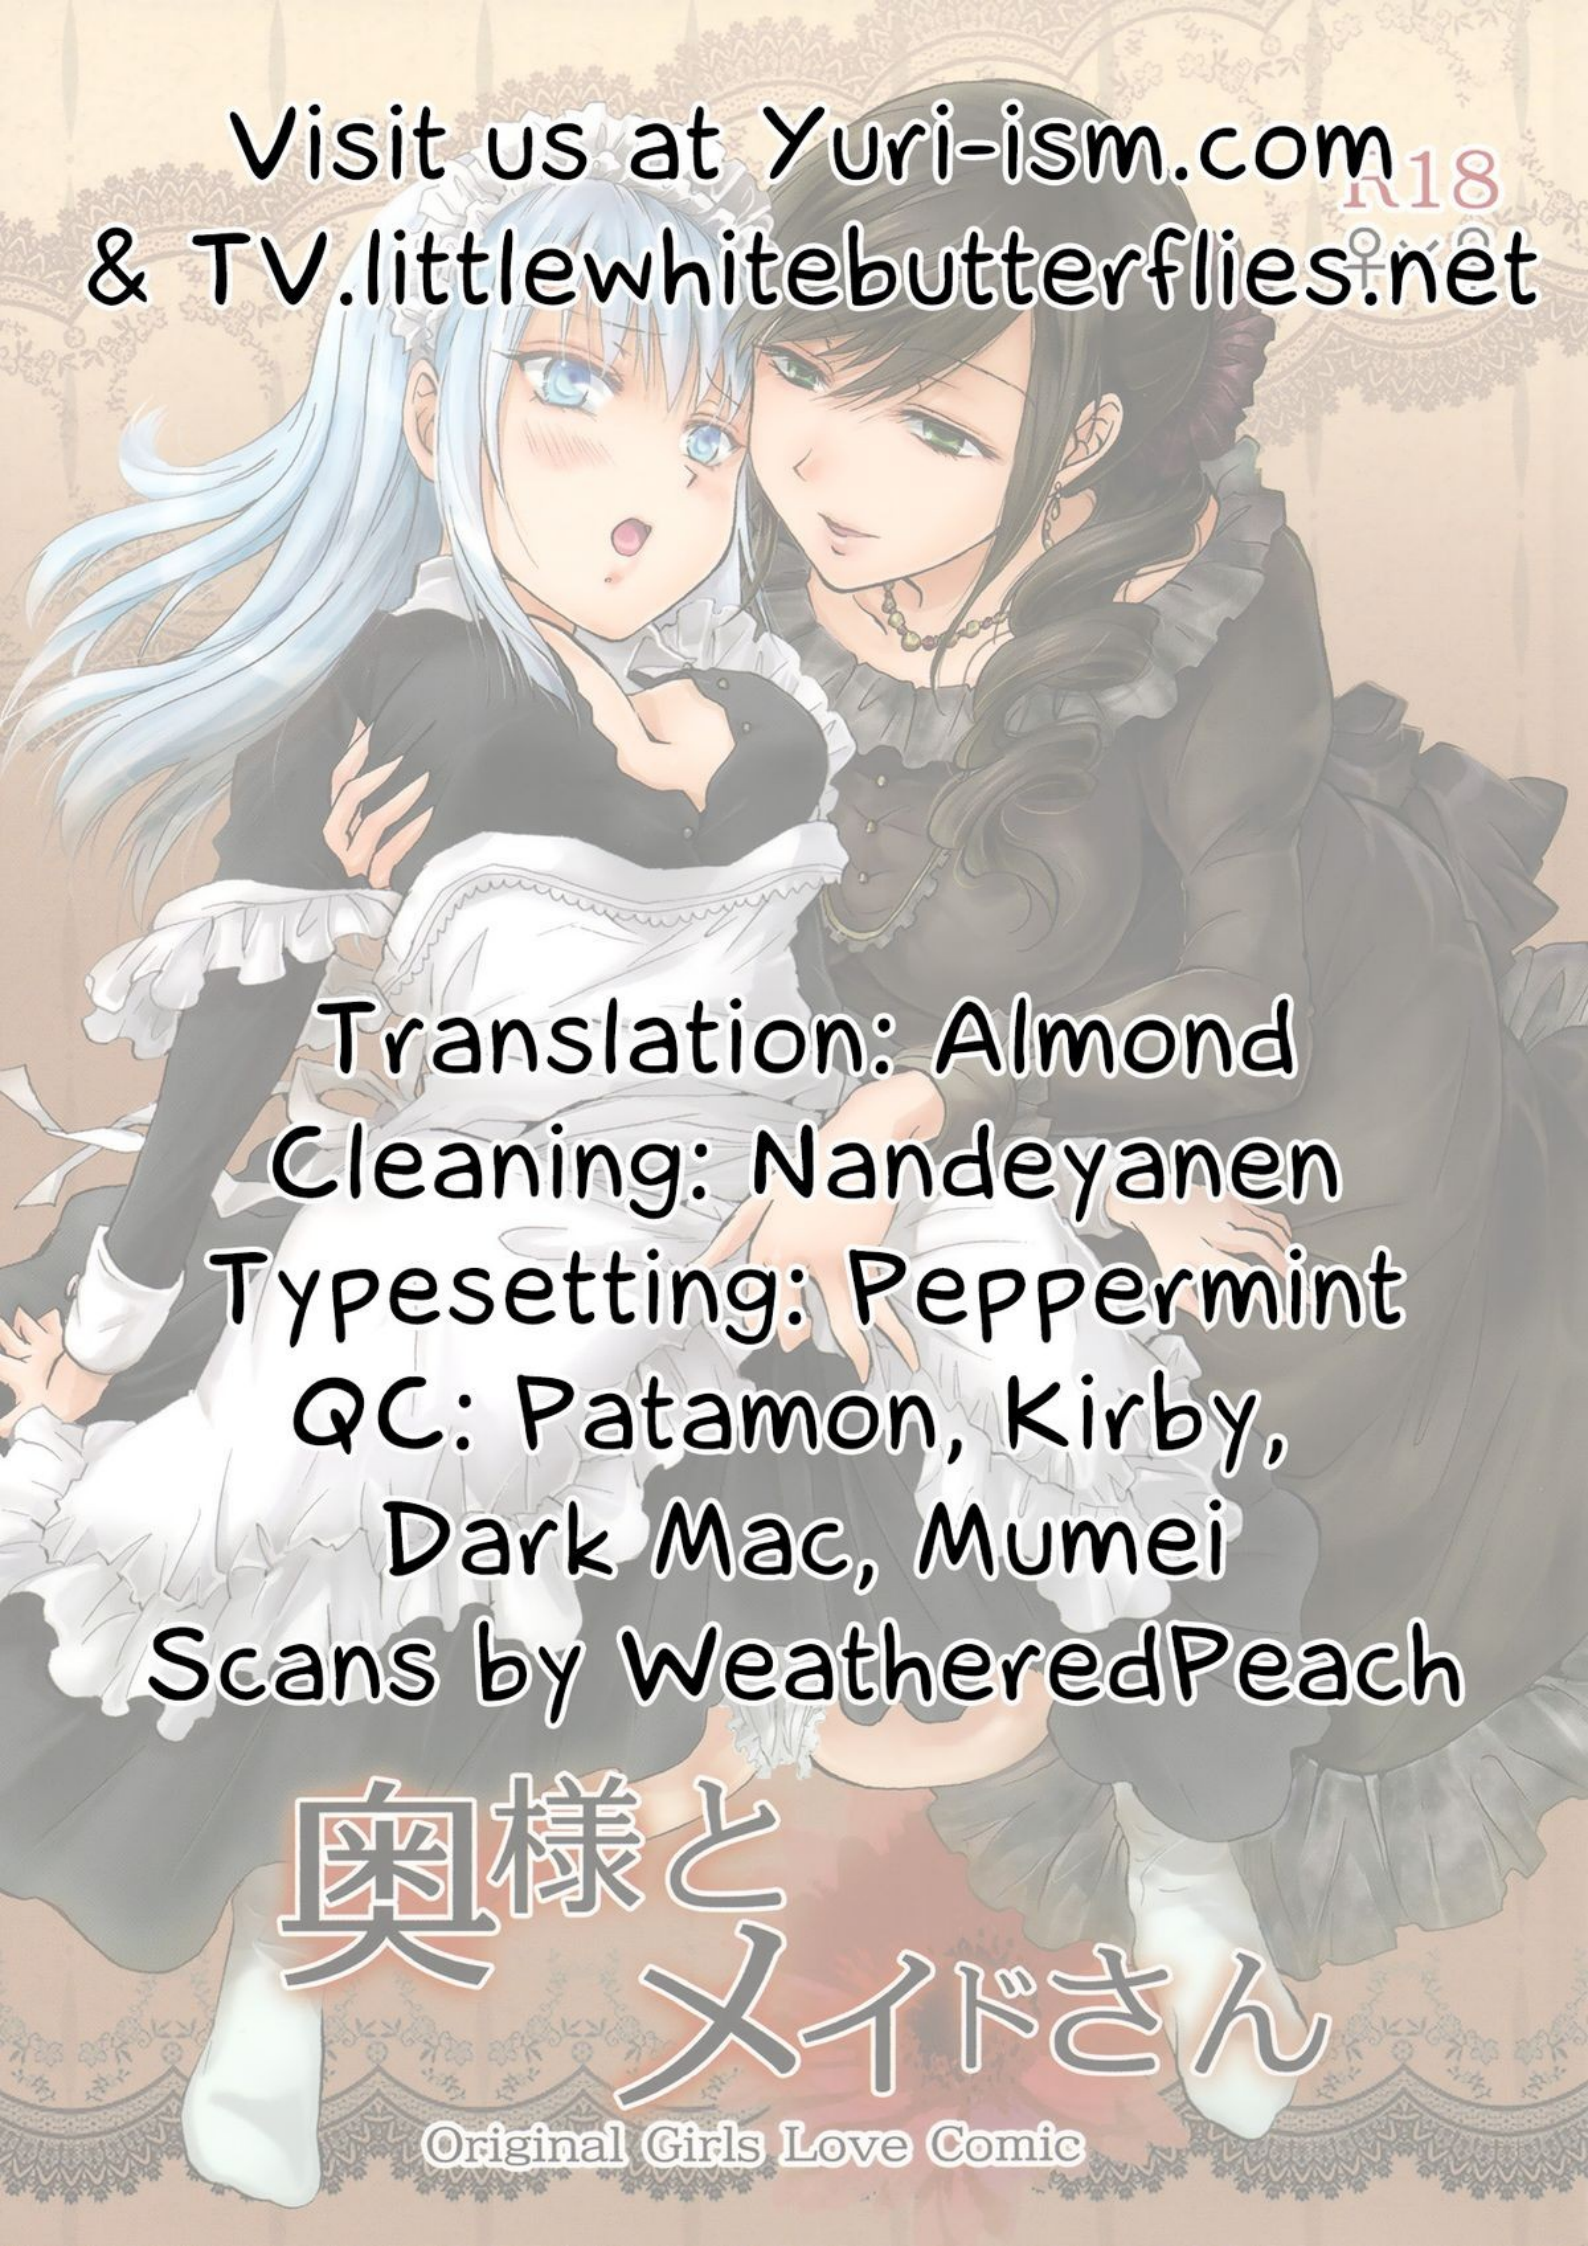

Flirting
