さらにもう3カ月くらいあったら
! ぞういう人間見下し系のエルフちゃんも
描きたかったでーす。

この度は手にとっていただいて
ありがとうございました!
あと1カ月あったら
もっとおっぱいいじりをしたかった…。

強気で高飛車な男の子が乱暴されちゃうシチュエーションは
結構好きなんです、今まであんまり描いたことないです。
気付くと素直でアホな子をそそのかす系ばかりになってる気が…

そんな感じで色々描きたいものがあるって幸せです。
あとは1日が28時間くらいになってくれて
血のつながらない弟が急に12人くらいきたら
もう何もいりません。

最終的に
抵抗に疲れてすすり泣いちゃう

Cross Cultural Communication for ADULT ONLY

I tried to do that with all my friends too. Through some strange coincidence I now have no more friends. But who needs those anyway? This really reminded me of Hinata no Tsuki (shota elf eroge); so much so that I actually had to look it up to confirm that they're the same artist. I wish the images hadn't been MADE FOR ANTS (ironically, 10 size font was the average vs the 36 I used on my last TL), but the book itself was sold. The SFX were a little much, but that might just be personal rage because of the amount of time it took me to translate those. Probably longer than the rest of the book.

I'm now on my 50th trap TL (If you count all the OnK Heaven ones I did when I was first starting out as one TL), and the amount of untranslated trap stuff I have left to do is waning significantly. I mean, I still have a shit ton of anthologies to go through if I go that route, but besides that...

In honor of that, I went back and looked through my old monster girl stuff and found one I still really liked, but you could totally tell was edited by an amateur. And that's being generous. I'll be uploading that one at the same time this goes up, so if you want to see it but it's not on ExH, check my site.

Back to traps, I'll obviously be doing the second of these books. It's the same title, but with a "2" after it. Unfortunately, the scans are just as small, but it's still good. Until then.
