Huh?

...

have crystallized every atom of my life's efforts...

into this!  
My dear assistant!!

But I couldn't be their backyard spy forever!

I, the neighbour to the I.M.H. factory...!

I received my PhD at the tender age of twelve.

At age 13, I moved in next to an I.M.H. industries factory.

There, I absorbed all the knowledge they had at a mere glance!

Oh, that means...

she can piss!

No, I got the...

android bit...

I'm more curious about the urinating part.

...

Begin the  
waterworks!!

She's not showing any emotions...

I say you should take off your panties!

Well, since you've doused yourself...

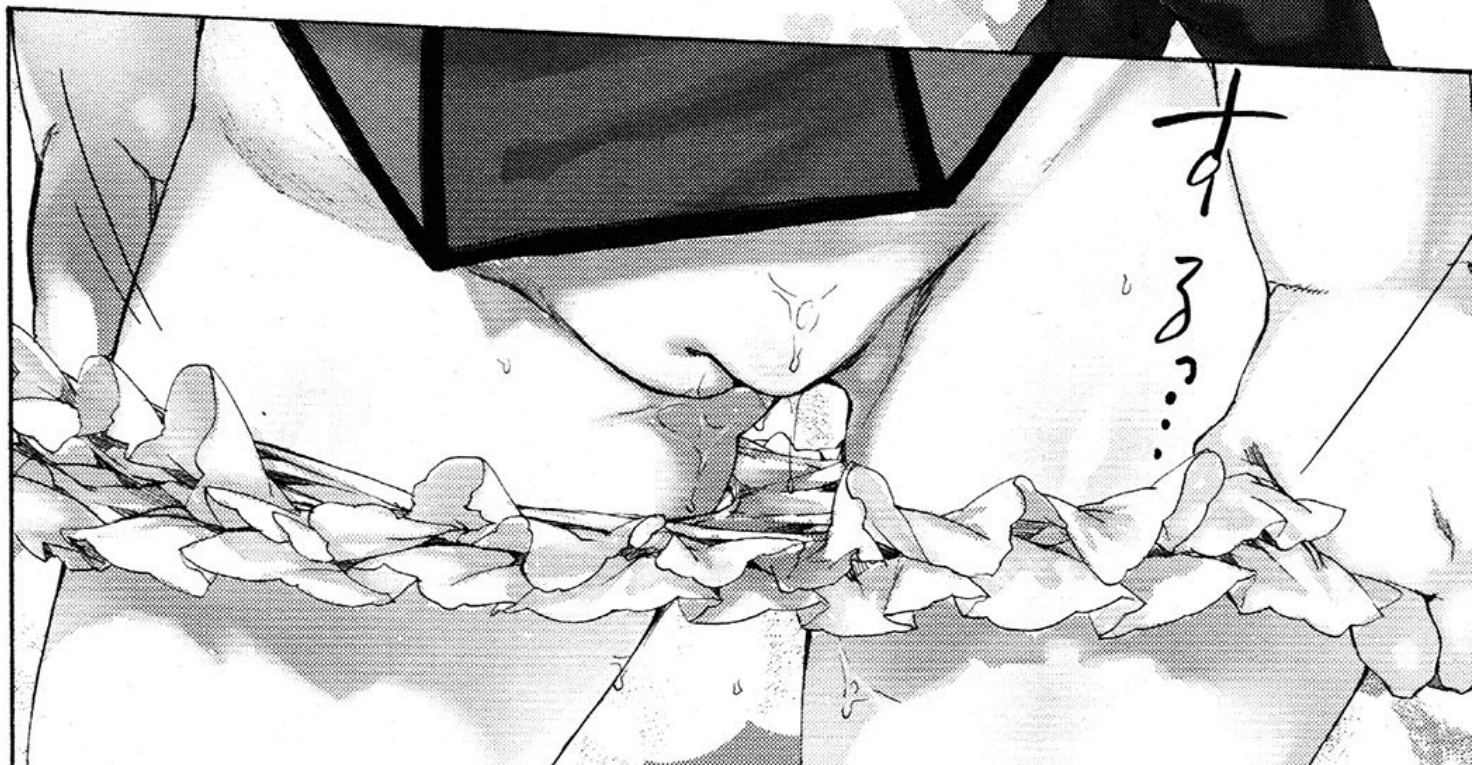

I...

Yes...

Ah! But let them hang on your leg!

Get up on top of here and squat!

Li...

Yes...

Like this...?

OK!

Mmh...

Now, once more!

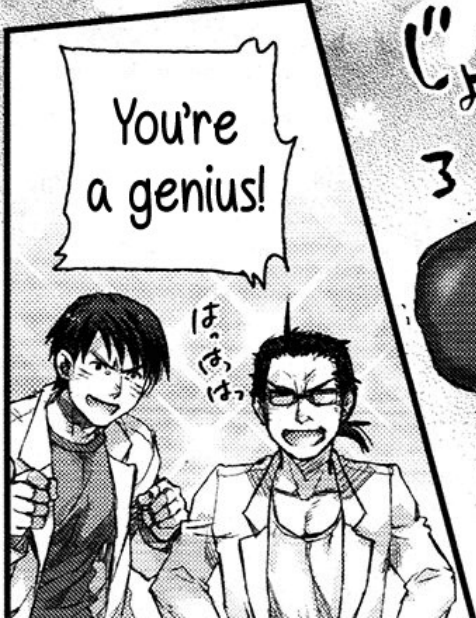

Start pissing!

ちゅー

whenever urine passes through her urethra!

I installed a program into C.C. that gives her jolts of sexual pleasure...

Hi!

Ah!

Quite the torrent...

...

But what about conservation of mass?

Eh...

C.C. gets her urine from the moisture in the air.

Theoretically, she can piss forever!

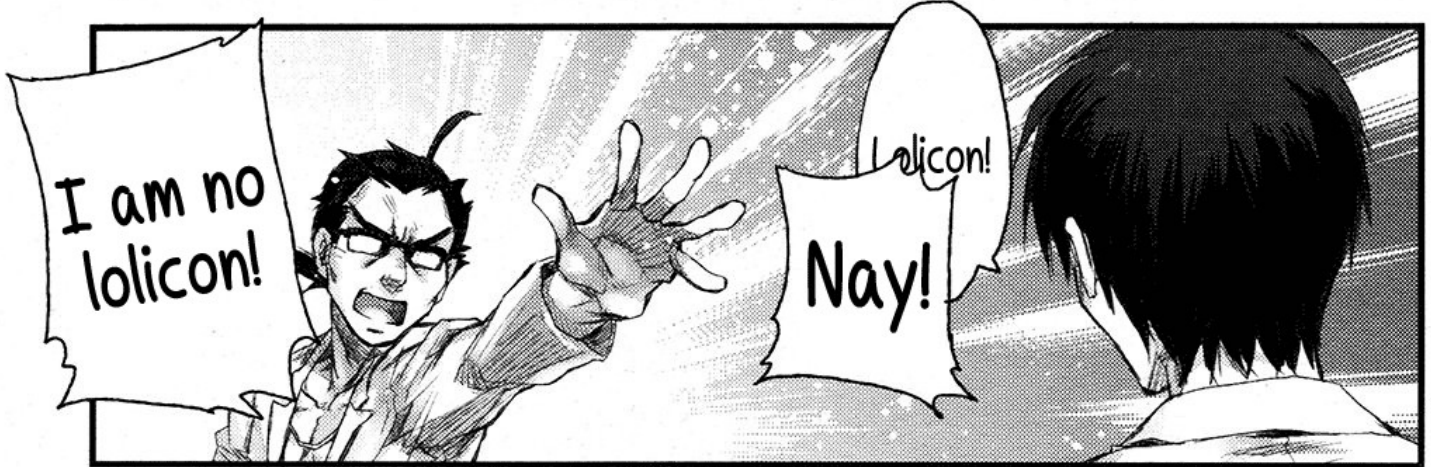

By the way, V.G.D. means "Virgin Girl Dream"!

What a waste of talent...

Being the genius that I am, I have taken advantage of a different but similar law of physics...

C.C. holds inside her a black box called "V.G.D." that holds it's potential!

Was it because we're cut from the same cloth...?

From the day I met you...

I could tell by your scent!

You share my thoughts as well.

Your groin has become quite engorged!

Uh!

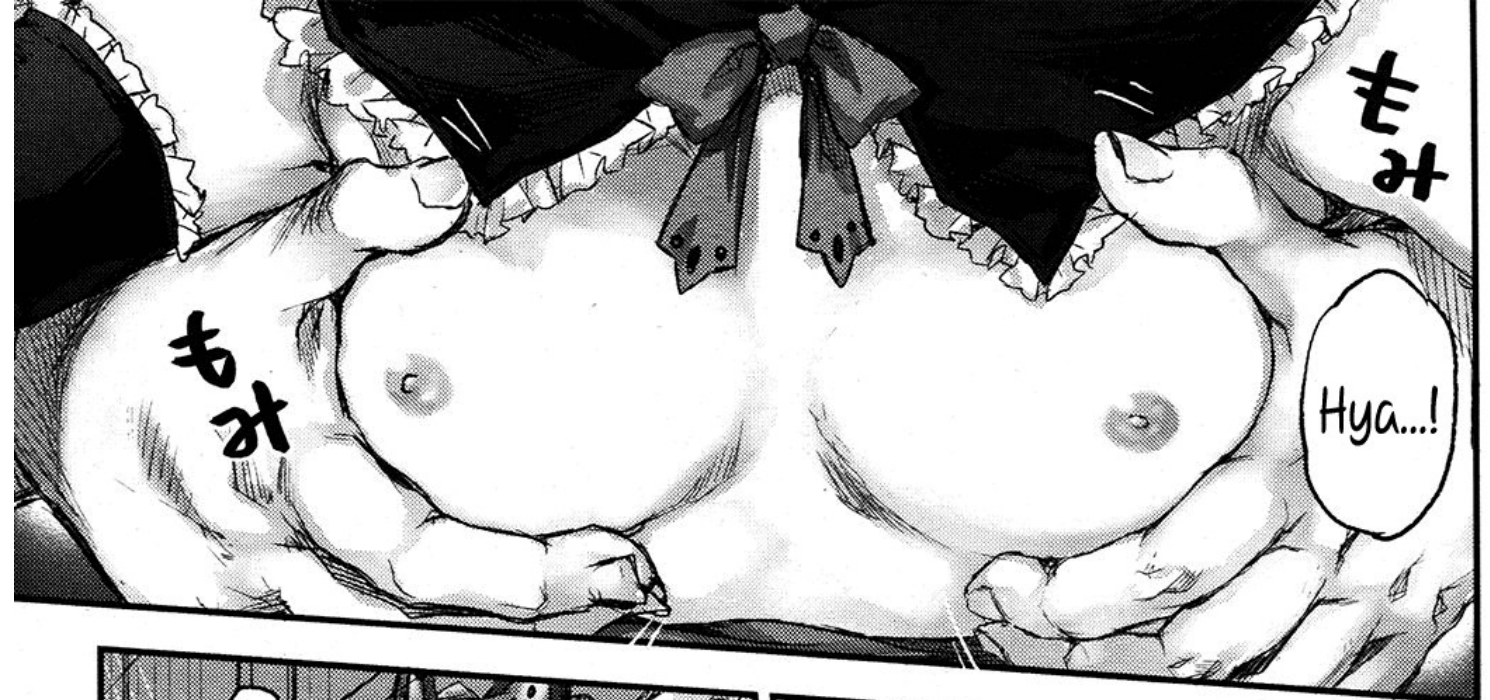

Now, brethren!

for round two?!

Won't you join me...

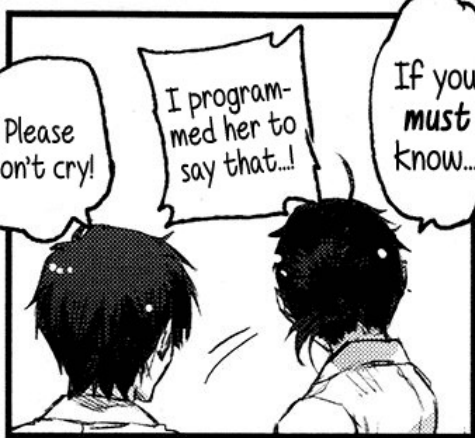

Is it?

So sturdy and cool, I love it!

The Professor's penis...

Please don't cry!

I programmed her to say that...!

If you *must* know...

It's so huge and elegant.

Now, show me how well you can do it!

!!

Mgh...!

Uh...

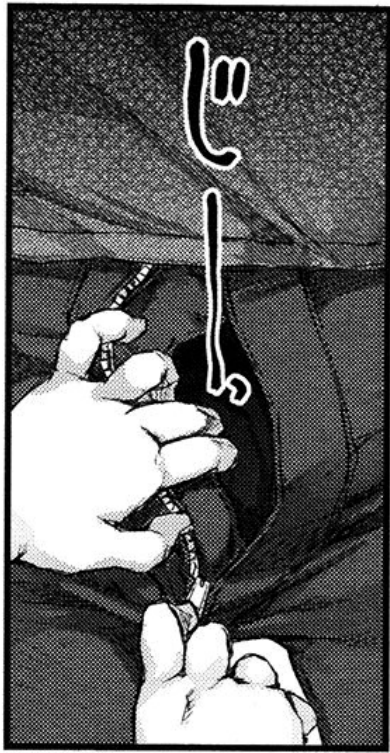

Aah... No abnormalities in the temperature of the inside of her mouth, either.

Her warm little tongue is quickly moving from side to side.

is the best!!

How can I put this... A little girl's mouth-pussy...

Even if she's an android...

a little girl...

is giving me a hand-job...

Whoa...

this is really hot....!

Doctor...

.....

Well, think again!

She is also an excellent Sexaroid!

You thought I'd make a doll for the sole purpose of drinking adult milk?

What are you, a Sage, now?

What is it?

So... Is urinating her only function?

No!  
Touching!

Yes!  
Lolita!

OK!  
Android!

Go!  
Penis!

Nh!

Ah...!

Hah!

It's so tight and warm, it feels like my penis is melting!

Kuh... Let's go, C.C.!

I had the right idea, using the "Secret Twintails" brand onaholes as reference!

Profesor...

your huge, fat dick...

Incidentally, I used gay onaholes as research for her asshole!

Too much information!

Little girl ass-pussies are dangerous!

It's like it's slowly clamping down on me!

after taking it out once, it then became the perfect size!

It's somewhat loose, but...

あゝ

Every time my assistant, thrusts, your pussy tightens up!

You're covered in sex fluids and urine, aren't you?!

Hah!

I...!

I'm... sorry!

It just felt so good...

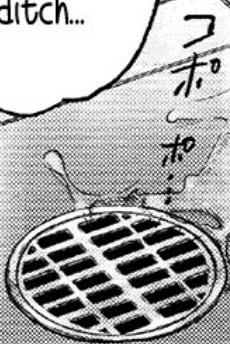

No, that's there because sometimes I can't be bothered to get to the bathroom.

Huh?

Now I understand why we have that floor drainage ditch...

It's a pointless distraction!

The drought in the Tohoku region has no end in sight!

Take a look!

We can almost see the bottom of the dam...

Doctor, I can't find C.C. anywhere.

This has had no small impact on the local crops...

Atop the dam!

There's a figure!

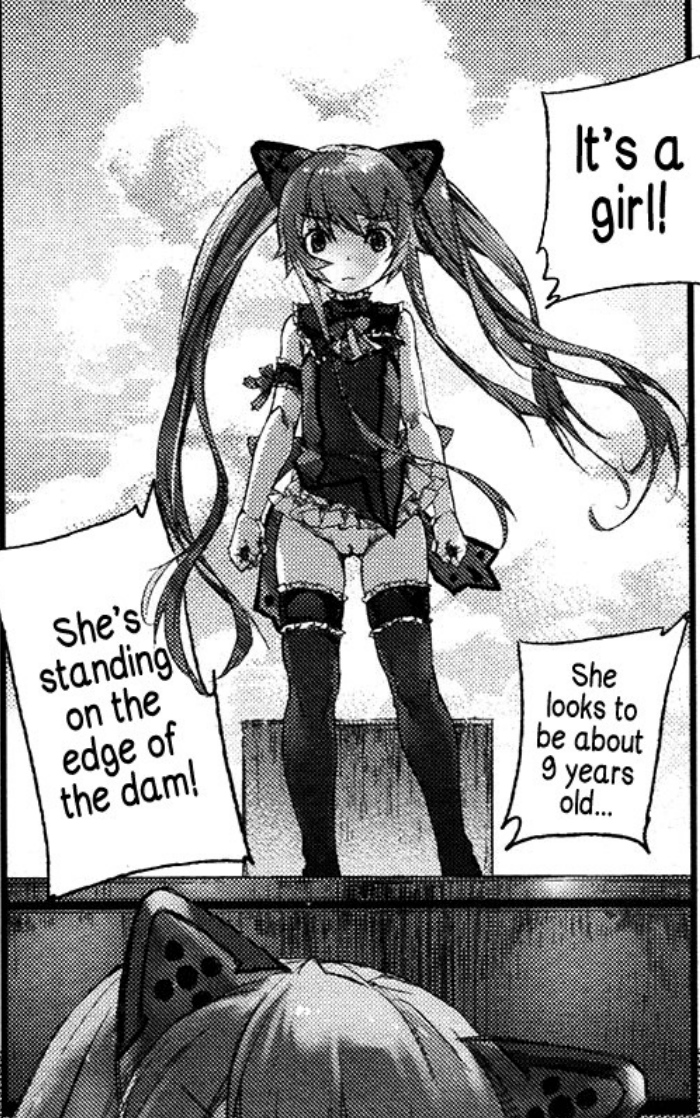

Ooh!

What the...!!

たろ

It's a girl!

She's standing on the edge of the dam!

She looks to be about 9 years old...
