IT'S NOT LIKE YOU HAD ANY MONEY PROBLEMS, RIGHT?

I MEAN...  
WHY DID YOU START WORKING PART-TIME?

One year ago

Why did I really...

THAT'S...

The word got out that I just graduated from university and my major was Education...

Makoto-kun was well-behaved...

He blended in pretty quickly...

Both me and my husband like children, so we agreed to that...

My neighbor asked me to help Makoto-kun prepare for his school entrance exams...

"You want a kid like him, don't you?"

My husband would often say...

But...

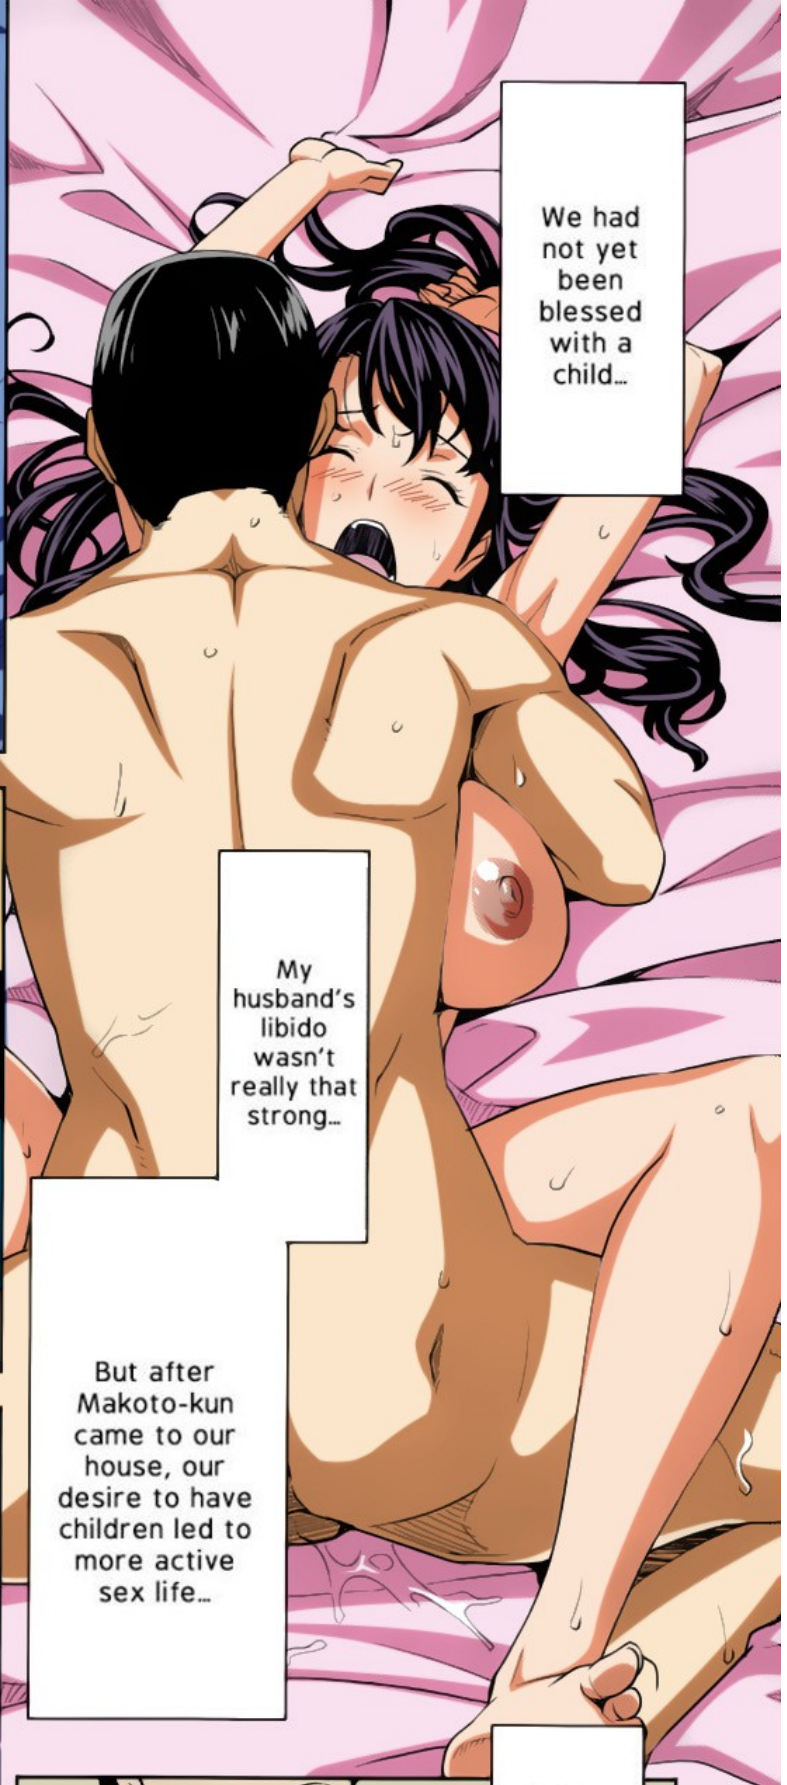

I masturbated, even though I wasn't alone at home...

Feeling lonely and deprived like I've never felt before...

That's what Makoto-kun, who was taking a break in the next room...

We had not yet been blessed with a child...

My husband's libido wasn't really that strong...

But after Makoto-kun came to our house, our desire to have children led to more active sex life...

...caught me doing.

While I was just sitting there stunned...

Makoto-kun, with an expression on his face that I've never seen before...

...violated me.

And as it happened, I began to remember what feminine pleasure felt like...

My husband suddenly had to go on a short-term business trip...

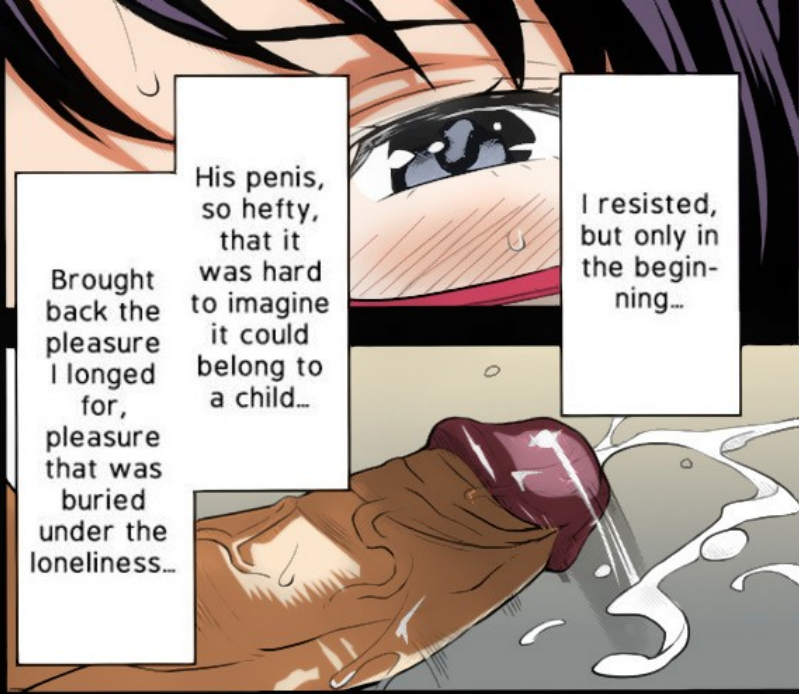

Right at that time...

Ever since that day, Makoto-kun kept coming to me every day, looking to satisfy his desire...

In the bathroom... Outside... In the bedroom...

Brought back the pleasure I longed for, pleasure that was buried under the loneliness...

His penis, so hefty, that it was hard to imagine it could belong to a child...

I resisted, but only in the beginning...

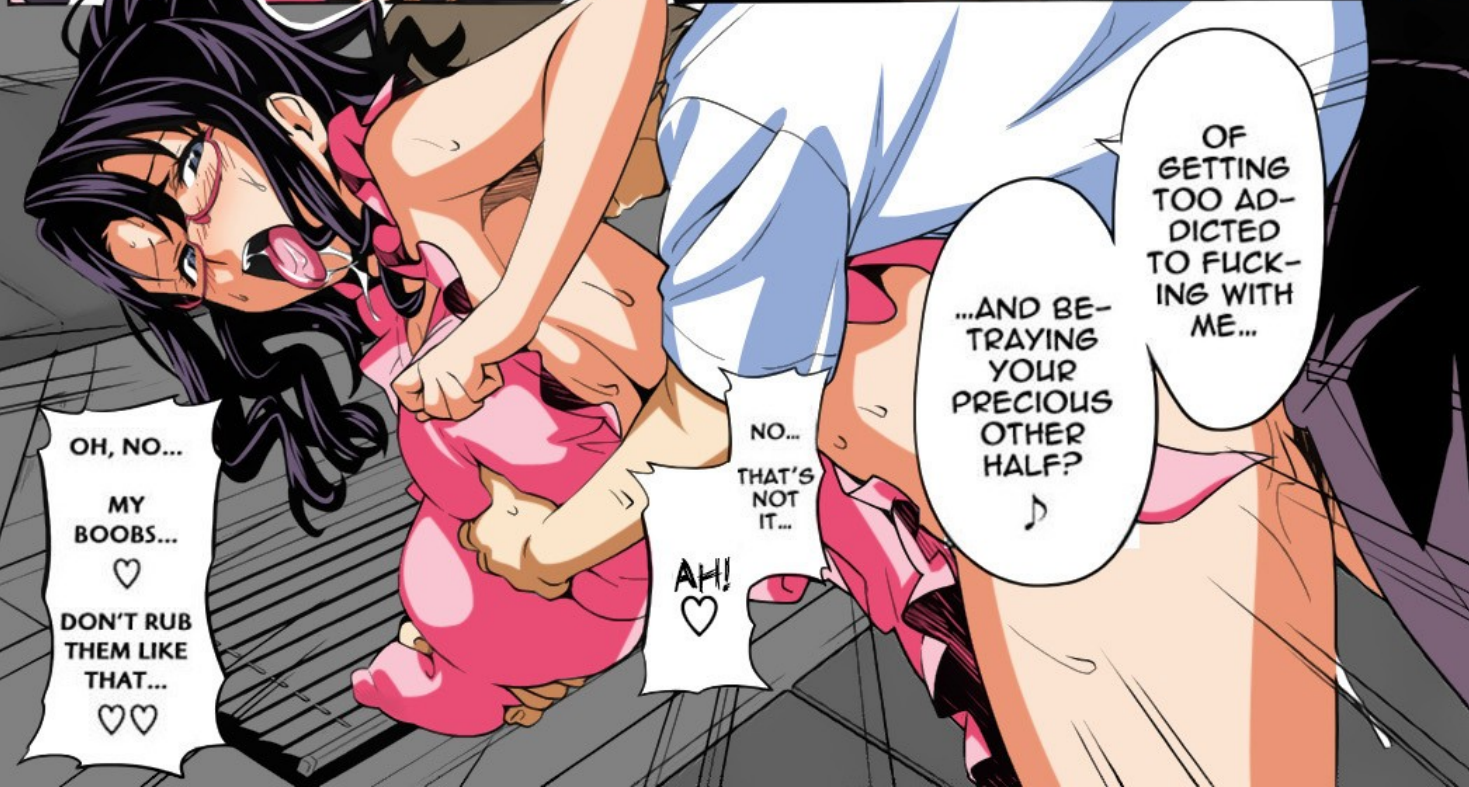

DID YOU GET SCARED?

I was feeling guilty for cheating on my husband, but most of all, I had to put a distance between myself and Makoto-kun...

I used his enrollment in school as my chance to escape and started working part-time...

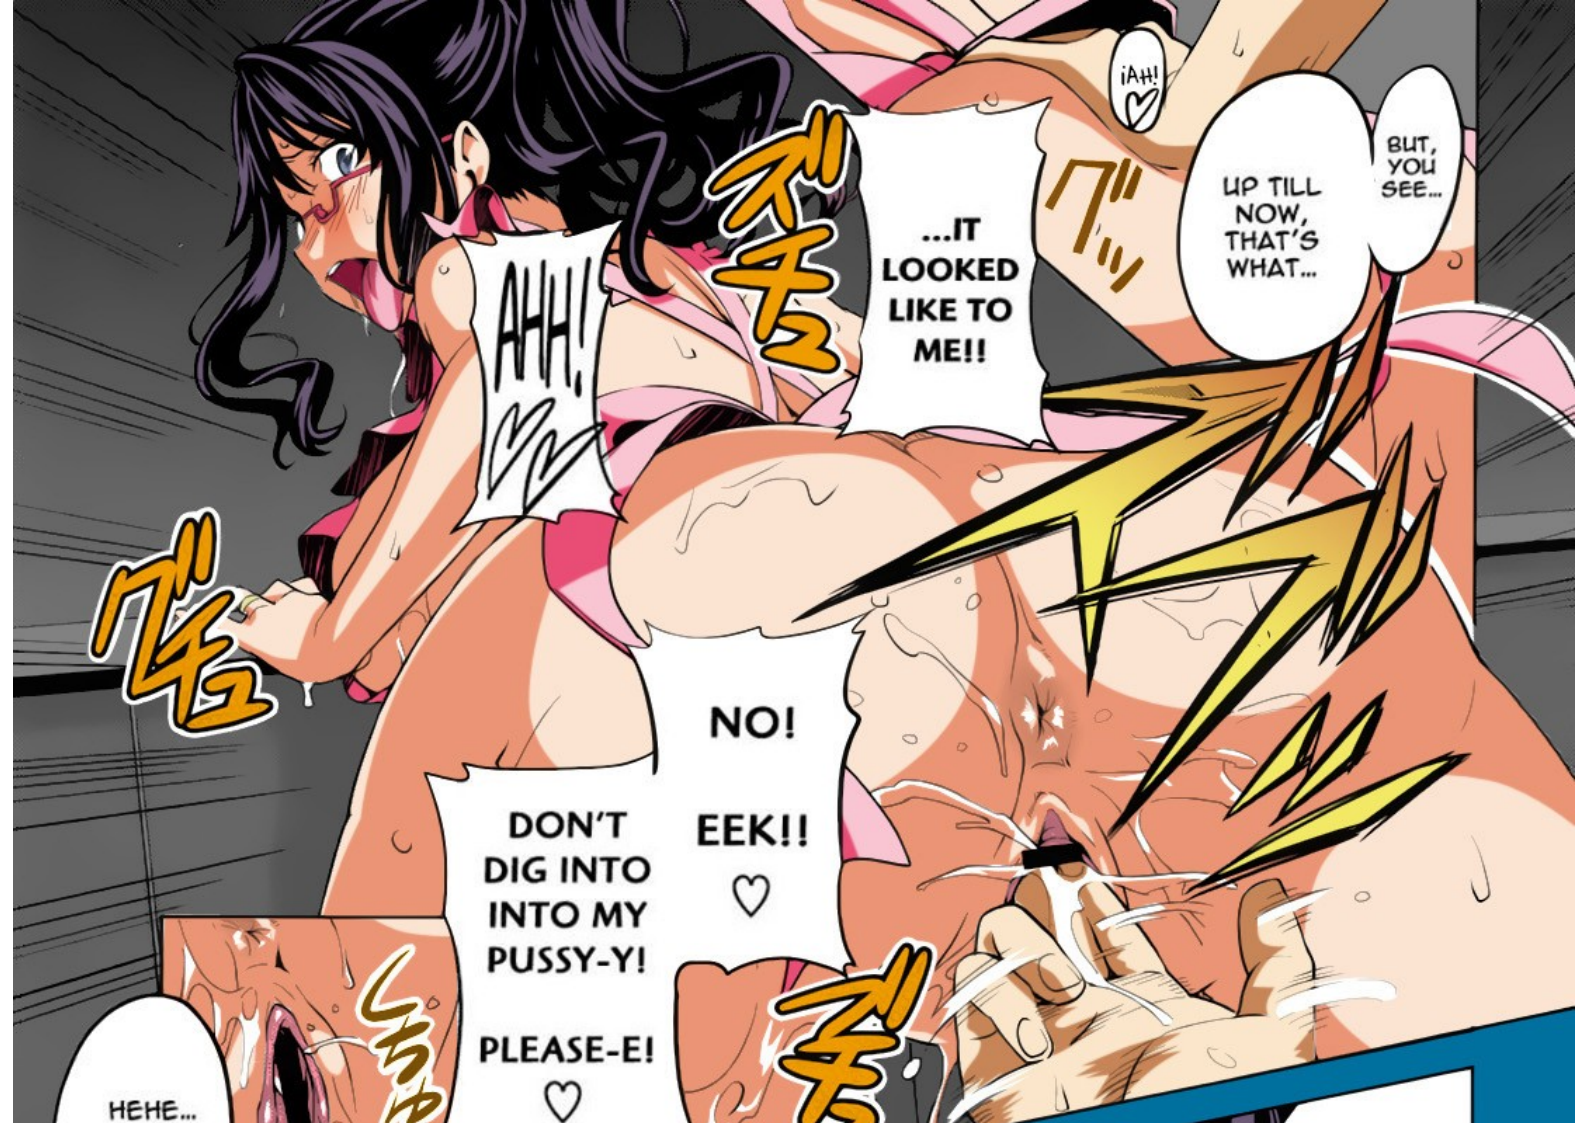

Even though I started to lose my head over him too...

OH, NO... MY BOOBS... DON'T RUB THEM LIKE THAT...

NO... THAT'S NOT IT... AH!
