After - Word

Greetings. This is the author Lasto.
Did you enjoy [Yun and The Men's Bath]?

Looking back on it, the height difference between Yun - chan and her big brother is pretty uncanny right? Weird how I didn't intend to make her so small... (lol)
Still, since this is a manga it's okay to exaggerate size. Since she can become bigger before you notice. Yun - chan's wet hair was the hardest part for me to draw, so I would always stall and do it last. I wanted her to be a very cute character.

Someday, I would like to draw a manga taking place in the Women's bath.
With a girl so young she looks like a little boy, the scenario someone accompanying their mischievous devil of a little sister.

Though I know it's gonna be terribly hard to draw so many women.(lol)

I would also have liked to put in a suntan, but I was sure I'd mess it up...

This time,(as well) I didn't put one in, so I hoped you enjoyed Yun - chan's pure white skin. Lasto~
