You've really lightened up lately, haven't you?

UFUFU FUFUFU~

But even after you found out my secret, you told me you still liked me.

..Yeah. I even used to consider suicide, once.

That no matter what I was, you still wanted me.

Yoshie ...

フフフ

You were always so dark and gloomy. I thought that you would look so cute if I could get you to smile.

むにっ

ふふふ

But that's in the past. Right now, I can feel how turned on you are. ♡

I never suspected you might be a hermaphrodite, though...

Iris Caldor proudly presents her 13th release!

Here's a piping hot story, relatively fresh off Ex-Hentai.
It's a super-sweet tale about a deepening relationship.
But... you know, it was starting to make me wonder whether I'm just that bad at Japanese or whether the dialogue was actually that badly written. Either way, it was even less translatable than Japanese usually is into English, so I let myself be lazy and went with context clues, but I think I stayed true enough to the meaning.

As a note, I took liberty with the title, because its tone is ambiguous in English, and would just translate into 'I'll do it for you', but in the sense that you'll do it and its for someone's sake, rather than that you'll do it in someone's stead. By that meaning, the dialogue on the last page seemed to fit best. It's also probably some kind of play on words, and I fail at most Japanese puns. :(Message me if you know what it means and I'll change it.
