NIGHT OF ASTERS II

CHAPTER 1 (of 183)

—Afterword—

First of all,
a BIG thank you
for buying this!

'Night of Asters' was
the first serious manga
I drew, so I remember
having to work really
hard on it (especially
on the story).

The situation was one
where a mother and
child commit incest,
the pattern I like
the most, so I was
quite happy that
I got to draw it~
This manga is what
made me start to
have an interest in
loli and shota (haha).
Currently, I'm really into
shemales (wahahaha).

Until next time~!
