"I didn't have a father or brother growing up."

"Okay..."

"I need to stroke your dick to test these things out. What if I go out into the business world and can't duck dick?! I'll never get a high-paying job!"

I was going to make a point about hentai logic, but it actually starts to make sense if you think about it this way. Sakai knows what's up.

Anyway, I believe there is one more story from Otokonoko Uke 1 that I'll be translating after this one. It's pretty damn good. I also have a pretty good idea of what I'll be doing after that, so don't worry about it. Until then.
