THE BREEDING
OF MONSTERS.

AND SO,
GUREN-SAMA.
WE'VE ARRIVED
AT OUR FIRST

GUREN-

THROUGH
YOUR INSPEC-

A MOMENT
OF YOUR
ATTENTION,
WE'RE QUITE
HAPPY.

OOH...
THIS IS...

PLEASE,
GO RIGHT
AHEAD AND
LOOK.

KUH
!!

I CAN'T SEE TWO OF THE SAME RACE. YOU EVEN HAVE AN ANGEL.

I ONLY SEE WOMEN... BUT THERE ARE QUITE A FEW KINDS.

INDEED. THROUGH TRADING, CONTRACTING, AND KIDNAPPING, WE'VE ACQUIRED A GREAT VARIETY OF WOMBS.

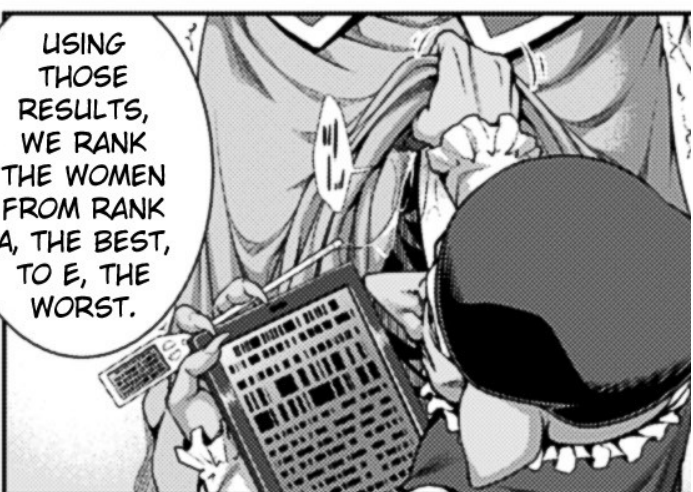

HMM... I SEE...
HMM?

HE IS CONDUCTING AN EXAMINATION.

WHAT IS HE DOING OVER THERE?

SENT TO MONSTERS LIKE THE MINOGAS AND ERUKIGA, WITH HIGH COMBAT PROWESS, BUT LOWER FERTILITY.

THE HIGHER A AND B RANKS ARE MAINLY ...

THE HIGHER RANKING WOMBS' FERTILITY AND CHILDBEARING POTENTIAL ARE PERFECT FOR GIVING BIRTH TO STRONG MONSTERS.

KUH

I SEE.

THAT'S WHY WE TEST EXTENSIVELY IN ORDER TO CLASSIFY THE WOMEN AND MATCH THEM TO THE MOST SUITABLE MONSTERS.

ON THE OTHER HAND, THE LOWER RANKING D AND E WOMBS ARE SENT TO GOBLINS AND OGUNIBACHI WITH WEAKER COMBAT PROWESS, BUT HIGH FERTILITY.

HERE IS WHERE THE WOMBS ARE MATED WITH THEIR SUITABLE MONSTER. HAVE A LOOK.

UHN...

AND SO, GUREN-SAMA, IF YOU WOULD FOLLOW ME TO THE NEXT ROOM...

THIS DOES MUCH MORE THAN SIMPLY GRANT PLEASURE. IT ACCELERATES THE SECRETION OF THE WOMBS' HORMONES IN ORDER TO INCREASE THE CHANCES OF FERTILIZATION AND GUARANTEE OFFSPRING.

THE MONSTERS ALL GIVE SOMETHING TOO. THEY USE THEIR TONGUES, LEGS, OR ANY OTHER FEATURES TO CONTINUOUSLY PLEASURE THE WOMBS.

FGH

NNH
...
GUH

GHG

AGH !!

THEY HAVE TO PREVENT AIR FROM REACHING THEIR SEED AND KILLING IT AS MUCH AS POSSIBLY IN ORDER TO INCREASE THE ODDS OF FERTILIZATION.

MONSTERS LIKE THAT ONE TAKE THE WOMB INSIDE THEIR BODIES IN ORDER TO MATE WITH IT.

AAH

HAA

GHN

NHA !!

NOO

RIGHT NOW,
HE'S USING HIS
TONGUE LIKE
THAT TO
EXPAND HER
AND MAKE
INSERTING HIS
OWN LARGE
GENITALS
EASIER.

MINOGAUS
GENITALS ARE
QUITE LARGE.
AND THEY HAVE
TWO OF THEM.

GAH!
GAH!

AAH!
GGH!

THAT IS
QUITE...
KUKU!

HAA
!!

BNG

NOOO!
NOT
THERE!

AH...!
AAH...!
NOO...!
DON'T SPIT
IT INSIDE
ME!!

THEY MAKE
SPERM INSIDE
THEMSELVES,
THEN CRAWL
INSIDE THE
WOMBS AND
SPEW IT OUT
THEIR MOUTHS
INSIDE THEM
IN ORDER
TO MATE.

IRAMO
BUGS
HAVE NO
GENITALS.

NOO!

FGH FUH

...
NH!

THE MOMENT
BEFORE A RANTIS
EJACULATES, THE
BASE OF ITS
GENITALS
EXPANDS TO
KEEP SEMEN
FROM SPILLING
FROM THE
VAGINA.

PLUGGING
THEM LIKE
THAT, THEY
CERTAINLY DO
HAVE A
BEAST'S
GENITALS.

UHN

NGH

NYAA
!!

GOBLETS
ARE A TYPE
OF MONSTER
THAT DO
EVERYTHING
IN PACKS.

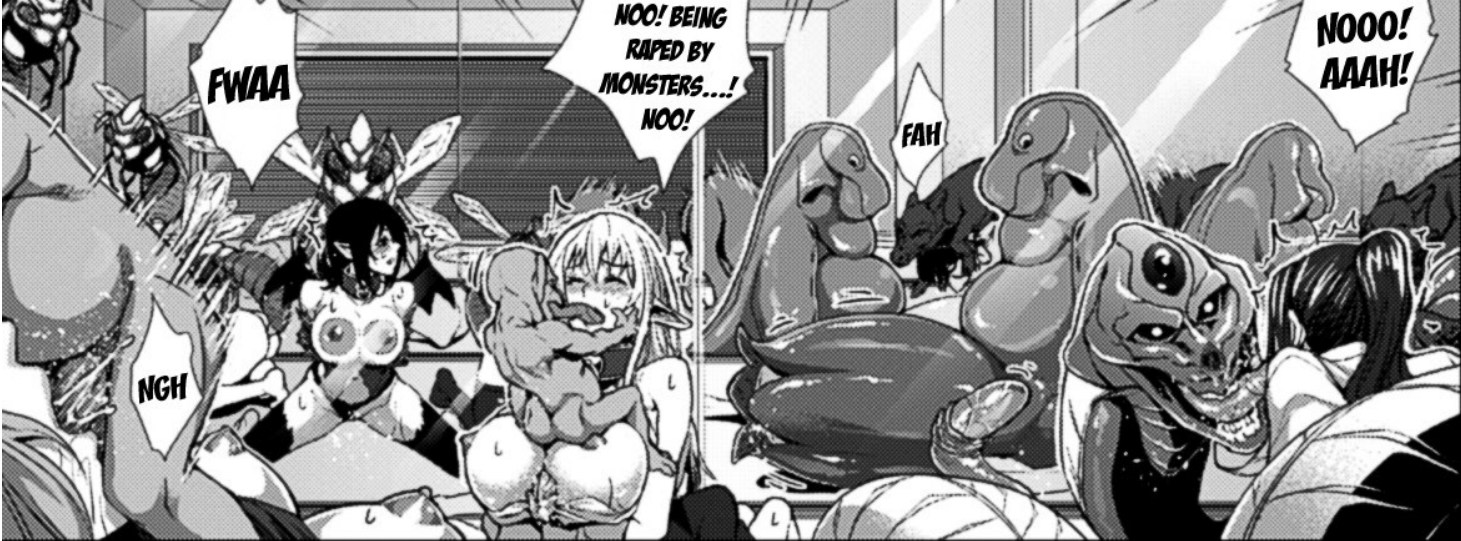

AS YOU SEE NOW,
THEY FOLLOW
THAT CHARACTER-
ISTIC WHILE
MATING TOO IN
ORDER TO
ACHIEVE A %100
FERTILIZATION
RATE.

NMF

GUH

NYAA

IT- IT
HURTS!!
TAKE IT
OUT!!

AAGH! TWO
OF THESE
MONSTERS'
COCKS... AT
ONCE IS...!

AGH

HYAA!!

UGH...
AAH!

HYAA!
SOMEONE...
SAVE ME!!

UHN

OBSERVE.
MINOGAUSE
IS GOING TO
CUM, AND IS
PUSHING BOTH
ITS OVERSIZED
GENITALS IN
TO THE BASE.

HE'S BEING
THAT ROUGH
WITH THEM...
I DO HOPE HE
DOESN'T BREAK
THE WOMBS...

KUH

NNGH!
AAH!
KHAA!

IT LOOKS
LIKE THE
OTHER
MONSTERS
ARE FINISH-
ING UP AND
ABOUT TO
CUM TOO.

NO... IT FEELS GROSS...!

AND NOW, AS THE WOMBS CAN TELL THE MONSTERS ARE ABOUT TO CUM, THEY MAKE ONE LAST DESPERATE AND FUTILE ATTEMPT AT RESISTANCE.

NO MORE... INSIDE ME...!

I DON'T WANT TO GET PREGNANT... AAH! WITH SOME MONSTER'S BABY!!

EEH...!?! NOOO! IT'S CUMMING!?! DON'T CUM !!!

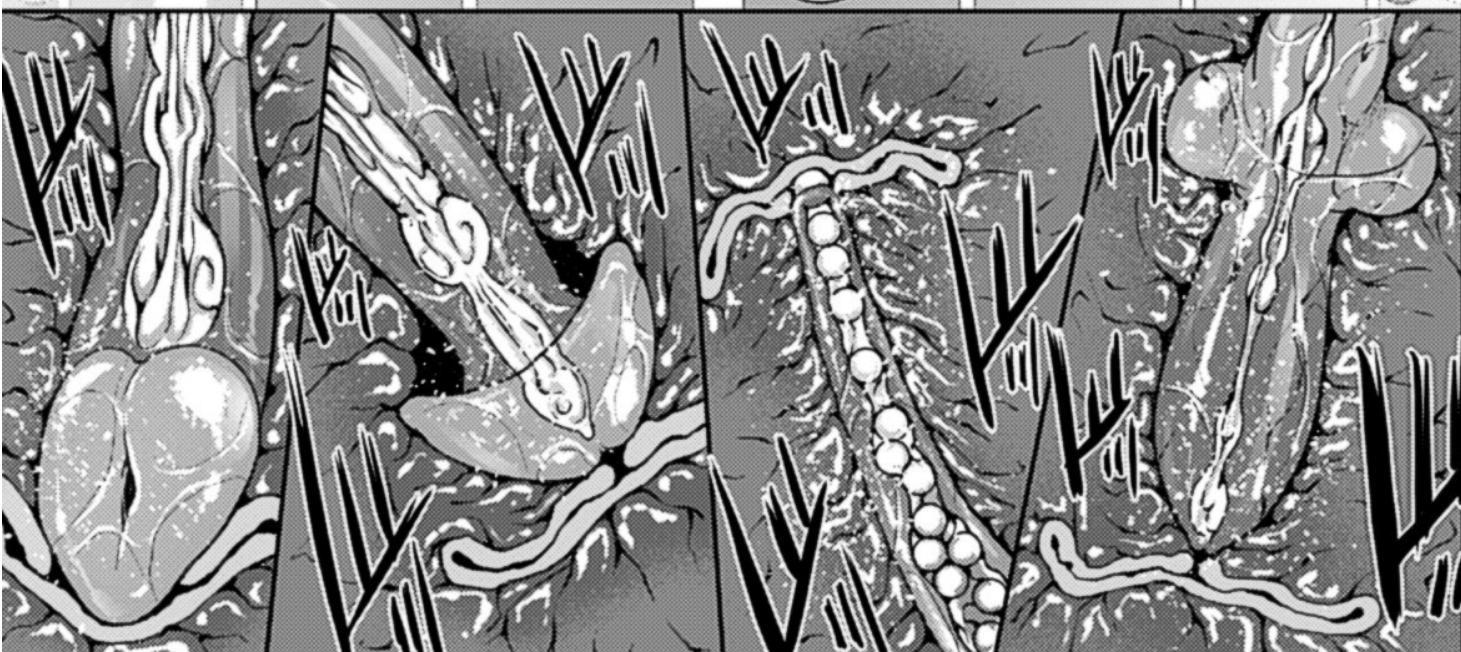

AAH !!

NOOO!

BEHOLD! THE MONSTERS ARE STARTING TO CUM!

NHA

HYA

**NOOO!
DON'T!!
DON'T
CUM!!**

**AAGH
!!**

**AAAAH
!!**

**NNH
!!**

IT'S STILL
COMING!!
PLEASE! LET
ME GO!!

AH...
GUH!
HAA!

AAH!
NO! NO
MORE
!!

AGH

FWA

NOOO!
NO MORE
MONSTER
CUM!

AAAAH
!!!

THIS IS
QUITE THE
SIGHT,
ISN'T IT!?

HAA
HA
HA
HA
HA!

KU
KU
KU
...

THERE IS
NOTHING AS
ENJOYABLE
AS THIS TO
BEHOLD!

KUKU!
INDEED.

UAH
...

AH
AAH
...

NHAA...
AAH...
AAAHH...

AFTER
THEY'VE BEEN
TRANSFERRED,
THEY WILL GIVE
BIRTH IN ABOUT
ONE TO TWO
WEEKS TIME.

UGH...
GUH...
NGH!

OOH? THAT'S
RATHER
FAST FOR A
PREGNANCY,
ISN'T IT?

HAA
...!
UGH!

NOW THAT
THE MATING
IS FINISHED,
THE WOMEN
WILL BE
TRANSFERRED
INTO THE
CHILDBIRTH
CHAMBER.

AAH

THIS WAY, WE CAN SHORTEN THE NUMBER OF DAYS UNTIL BIRTHS AND INCREASE THE NUMBER OF BIRTHS WHILE LOWERING THE PHYSICAL BURDEN ON THE WOMBS.

INDEED. THE WOMBS ARE FED A CONTINUOUS SUPPLY OF MAGIC AND NUTRIENTS IN ORDER TO ACCELERATE THE CHILD'S GROWTH.

AFTERWARDS, SORTING AND MANAGING THEM IS EASY.

THEN THEY LAY EGGS AS THE FRUITS OF THEIR BREEDING ...

THANKS TO THIS SYSTEM, WE'VE BEEN ABLE TO SUBSTANTIALLY INCREASE THE NUMBER OF BIRTHS AT THIS FACTORY.

THE WOMBS ARE REMODELED IN ORDER TO PRODUCE EGGS FROM ANY KIND OF MONSTER.

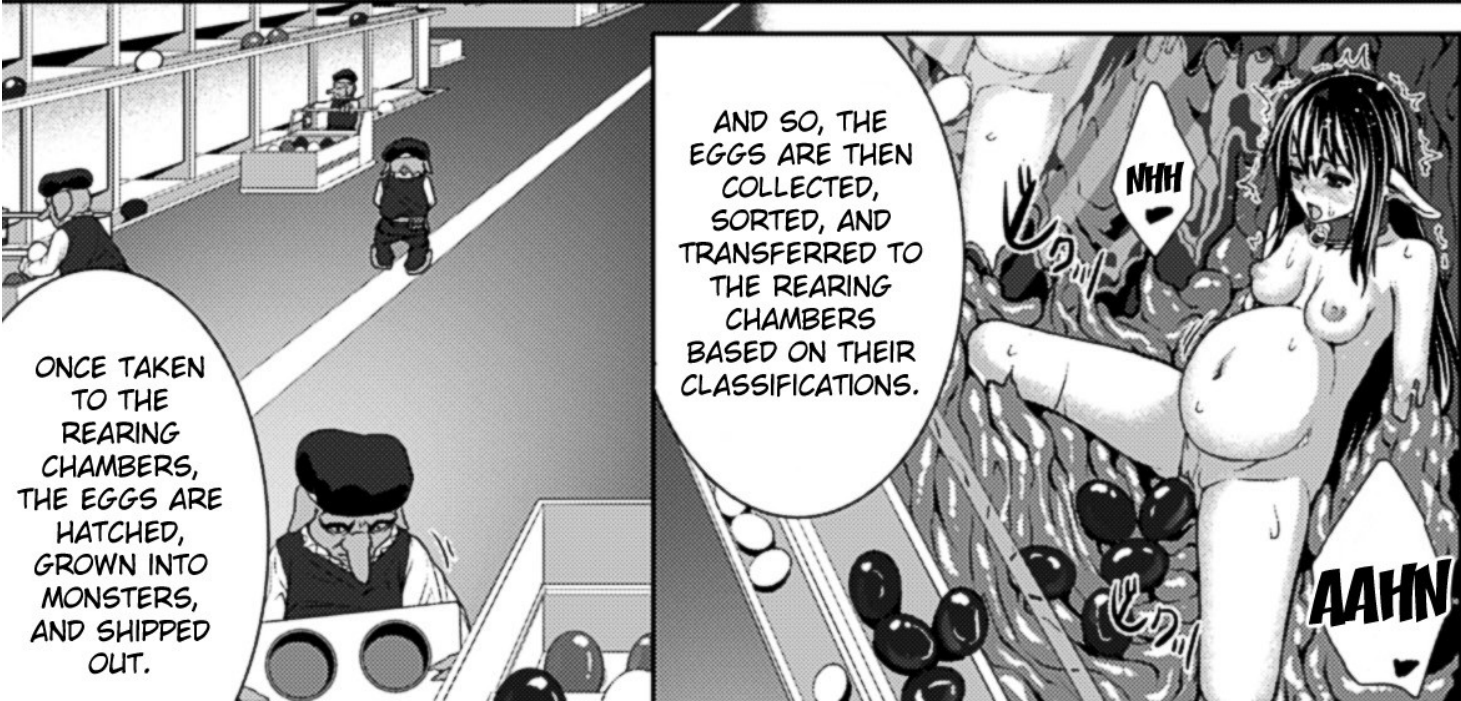

HMM... I SEE...

FWEE

AAH

AAH

AND SO, THE EGGS ARE THEN COLLECTED, SORTED, AND TRANSFERRED TO THE REARING CHAMBERS BASED ON THEIR CLASSIFICATIONS.

ONCE TAKEN TO THE REARING CHAMBERS, THE EGGS ARE HATCHED, GROWN INTO MONSTERS, AND SHIPPED OUT.

AAH

AAHN

AH!
MY... MY
BABIES

HYAA
...
HAAA

DO YOU
HAVE ANY
QUESTIONS
ABOUT
ANYTHING I
MAY HAVE
BEEN
UNCLEAR
ON?

AND SO,
MY TOUR
OF THIS
FACTORY
COMES TO
A CLOSE.

AAH

NO, NOTHING
REALLY... I'M
QUITE
IMPRESSED...
KUKU!

WILL
THIS BE
FAREWELL
THEN?

AAH
...
UHN

AAHN
!!

YES...
YOU'VE DONE
WELL HERE,
DELTAMONTE.

YOUR
PRAISE IS
MORE THAN
I DESERVE.

KFN

AAH

I DO HOPE
YOU WILL
LOOK FAVOR-
ABLY ON THE
DEMONZE
FIRM IN THE
FUTURE.

GUREN-SAMA,
ON BEHALF OF
THE DEMONZE
MONSTER
BREEDING FIRM,
I THANK YOU
VERY MUCH FOR
YOUR VISIT
TODAY.

END
