

Everyone who forgot theirs must bring it in by the 24th.

Alright, hand in your samples to Maezono-san by seat order.

It's rare of you to forget something, Aikawa-san.

It was simply negligence.

Aha! Is that so?

Well, you better not forget next time, or you'll be in a heap of trouble!

Hey...! Guys, give it back!!

Why?

No one
told me
about
this!

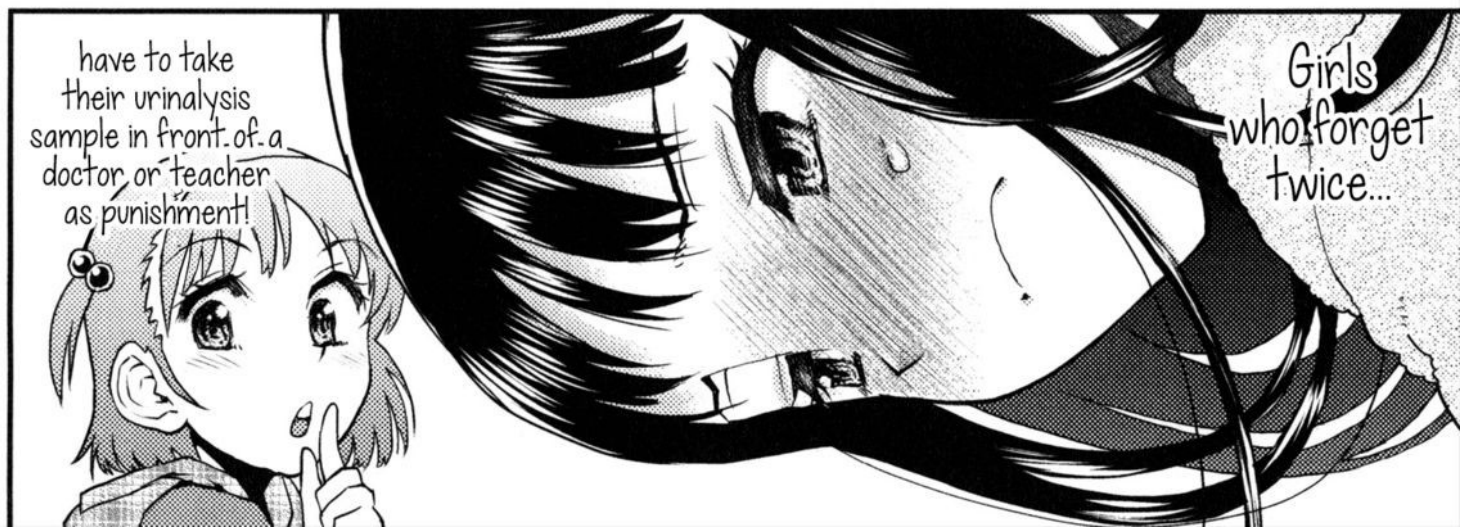

カサ...

This
has got
to be a
joke!

Anyway,
I have to
bring it in
today.

しっせきふ
URINE SNAFU

have to take
their urinalysis
sample in front of a
doctor or teacher
as punishment!

Girls
who forget
twice...

I got a little bit nervous...

when I think back to the last time we had body measurements and to the doctor and teacher who performed them...

It's true! My older sister told me about it this morning!

What? You can't be serious...

To be honest, I didn't buy it, but...

Huh?

I decided I'd do it in the bath, but...

but I can't do it on the toilet since it's impossible to see what I'm doing...

I can't afford to get this wrong.

Plus, if I dropped the receptacle, I'd just die...

When I was little, I used to go in the bath all the time, though...

Haha!

Alright, but don't tell your mother.

Dad, can I take a pee?

It's not coming out...

I guess I just can't go in here...

What?!

I wanna see where you pee from too!

Hey, dad!

I wonder what he's doing right now...

Dad, huh...

mom got real mad at both of us afterwards!

He did end up showing it to me, but...

Boy, did she give it to us!

have
a new
family
now...

I...

Since I got
both a new
father and a
new brother
in one go...

I probably
shouldn't be
thinking
about sad
things...

while
looking
like this...

I'm not
lonely at
all.

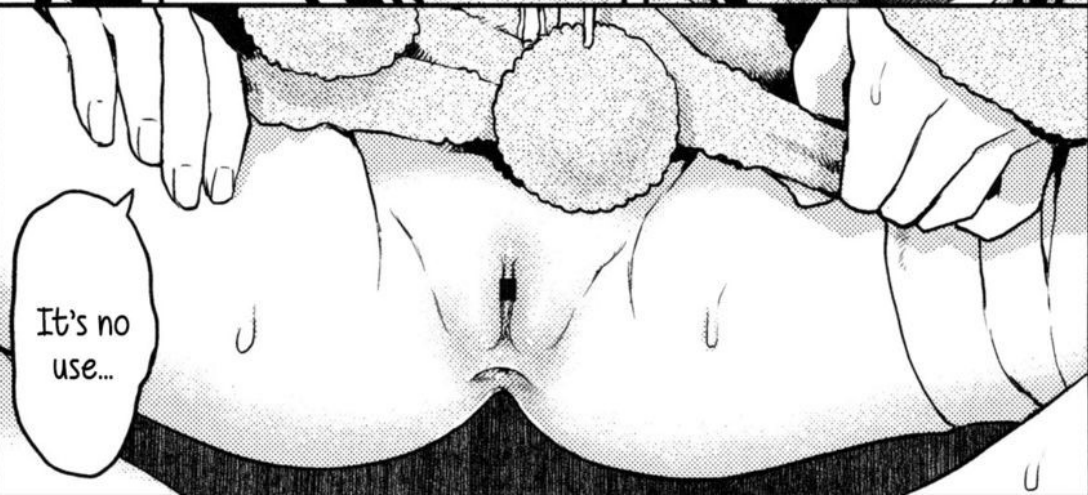

Nhg!

Now that
I think about
it, after we
had our bodies
measured...

It's no

I've touched
it before, of
course, but...

Oh, totally,

It's awful,
isn't it?

きゃあ

Don't you
get the urge to
pee when you
touch yourself
downstairs?

What are
you talking
about?!

Hah...
That was
a trip...

Ah...

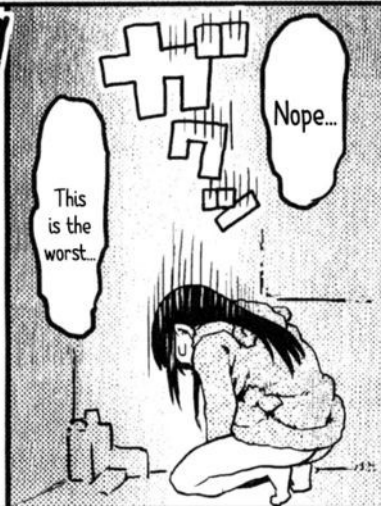

M-Maybe I
can salvage
some of
it...

What a
mess... Ah!
What am I
going to do?
What am I
going to
do?!

Man!

Is it
chilly this
morning!

Nope...

This
is the
worst...

You want me to take your urinalysis test for you?

Mmh?

That's an easy request.

So while you're at it, fill this up with some of your pee...

Y-You were going to the toilet anyway, weren't you?

Still...

Onii-chan becomes a mess whenever he's drunk...

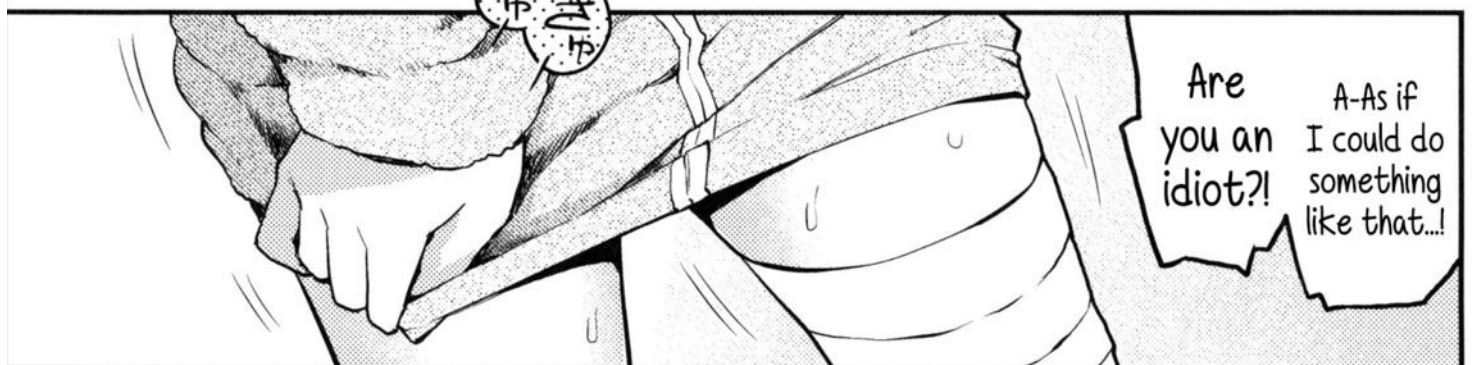

His thingy is completely different from my dad's...

C'mon, gimme that thing.

Why are you taking that thing out here?!

B-Boys
are so...

weird...

Is it really
going to get
smaller if
I do this...?

It's hot...
and warm...
Actually, it's
just weird!

Hey

Is this
thing still
a boner?

I couldn't
think of a
better way.

It's so
jarring, seeing
as how you're
always so
reserved
and kind...

I thought
you were a
more serious
person than
this...

my name,
don't
wear it
out...

Yuki...

W-Why are
you panting
and making
such weird
sounds...

Ooh... Yuki...

He looks so serious all of a sudden...

W-What?

What do you mean, "already" ...?

You know...

Is this...

Could you... put it in your mouth...

and suck on it already...?

I have to keep a secret no matter what...?

Something...

because of
my incredibly
pushy Onii-chan,
somehow I...

and
managed
to dodge that
incomprehensible
punishment.

In the end,
I brought
Onii-chan's
pee...

A few days later...

Ah...!
T-That's
because...

why such a
large amount of
alcohol proteins
were detected
in yours?

We just
received the
urinalysis results,
and do you mind
explaining...

Aikawa-
san, could
I have a
minute?

For your
own good, I
think you should
take another
test...

I must
wrong about
this, but... I
can't help but
worry...

Eh

P-Please
come with
me to the
infirmary
at once.
