SISTER CRISIS

-シスタークライシス-

02

Hello. The manga I've created this time is a continuation of the story published in last June's Sunshine Creation. Because of this, people who have not read the previous part might have trouble understanding parts of this one. (Though it's not all that necessary to understand them...) But in any case, I've had a lot of fun drawing this manga, so I hope you will read it until the end. Please have fun.

Denkichi, on a day in August

While I am sitting here, trying to study,

my mind keeps wandering and I can't really concentrate at all...

I've been like this ever since I saw Onee-chan do *that* the other day...

The reason? Well, frankly...

I've been rather restless lately...

Phew, it's so hot.

I'm drenched with sweat.

I'm hooome!

Ah...

I'm getting all tense for some reason...

I've brought something nice home with me.

Ah... W, Welcome home.

Hey, Yuuta!

Take a break for a bit.

Let's eat it together! ♪

So how about you take a break?

Wow : :

Today was my payday.

So on the way back home I bought a Coupe Glace at that famous store.

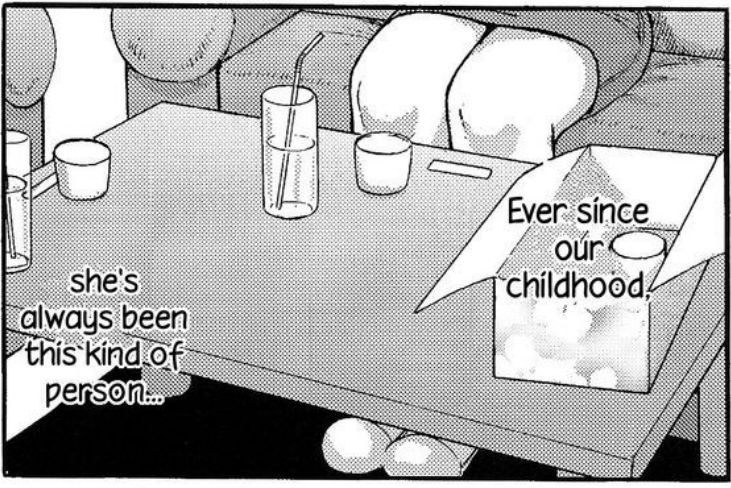

Ah... This person really...

S-Sure. Thanks.

Thanks to that... I feel really bad about how I feel about her...

She's such a lovely person, and yet I...

she's always been this kind of person...

Ever since our childhood...

as if we were true siblings...

She's always treated me as kindly

Sorry, Onee-chan.

my eyes end up wandering all over Onee-chan's body...

And as I keep thinking these wrong things,

But it seems like I'm no longer able to control myself...

Ever since I saw you do that the other day, I've been...

I've become incredibly aware of her...

I'm together alone with such a mature woman...

It looks like the things she does seem to get more daring with each passing day...

O-OH

But it looks like things ended up like this after all...

Well, we're childhood friends in the first place anyway...

But is this kid really going to be okay?

He's sleeping so peacefully, as if he doesn't have a test to worry about...

It really feels like he's my useless little brother...

But really...
