

This isn't
going to go
like a TV
drama.

What did I want
to hear, insincere
consolation like
"You'll make your
mother cry" or
"Calm down, don't
get ahead of
yourself"?

The nights sure start early in this city, huh?

First of all, the only people who would look towards the sky on a rainy day are those with thinning hair.

I've been waiting for this!
The very moment she leaps off the building!

... Stay away from me.

... What's with you?

That uniform.

Huh?

An all girls school... right?

What on earth are you...

... Two timing?
Three timing?

You probably figured that no one would find out since there aren't any boys at school. You made a move on a bunch of people but then one of them turned out to be a friend's boyfriend, Then rumors of this went around the school.

Why do you think I'm a cheater?

... Am I right?

Because you're beautiful.

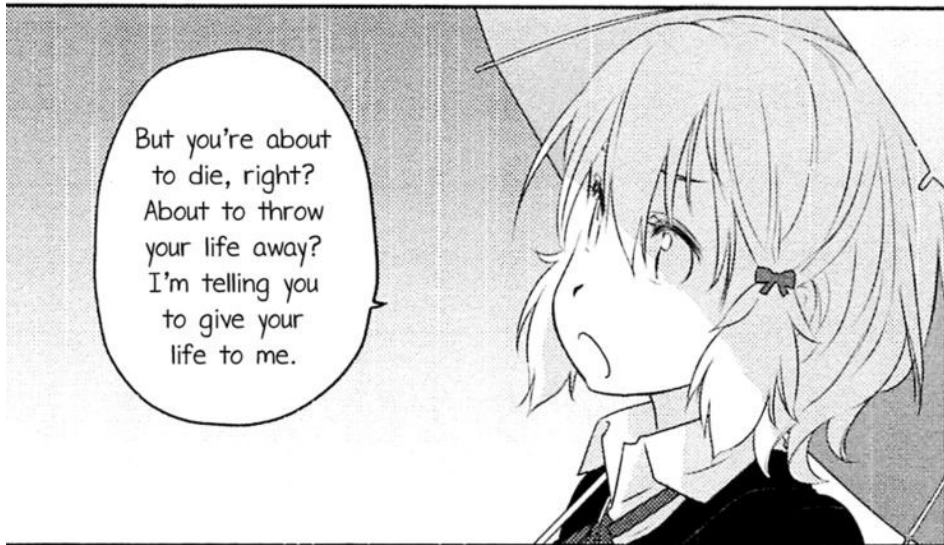

It doesn't need to be me, right? Ask someone else.

Actually, I've been looking for a girl. I was hoping for a pretty one. I wonder if there's a girl around who smells nice that I can rely on?

STAY AWAY FROM ME!

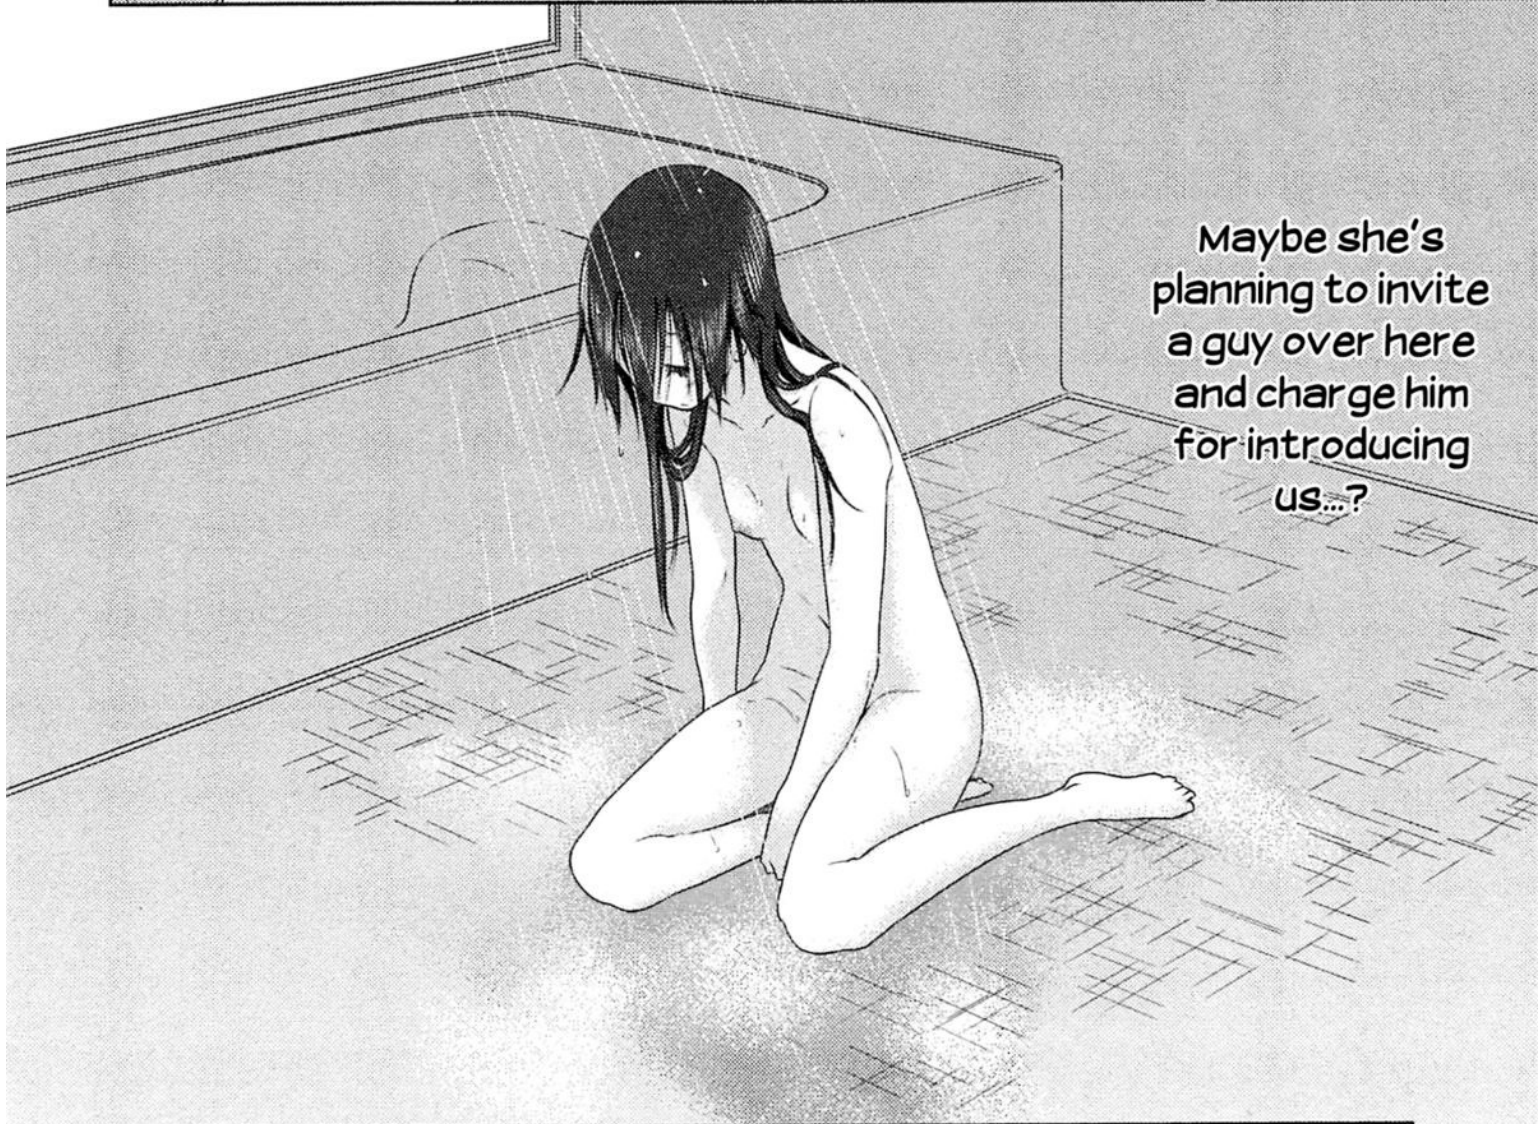

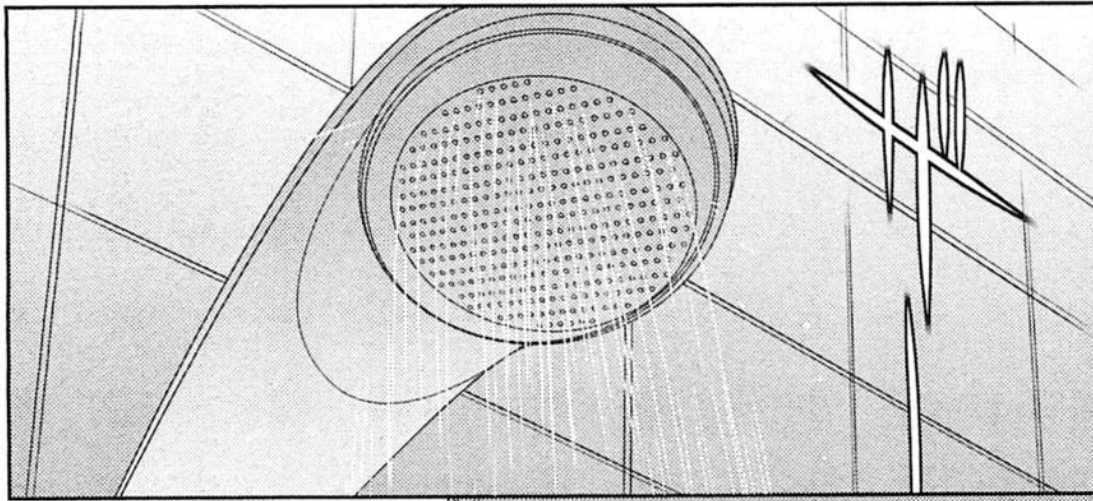

But you're about to die, right? About to throw your life away? I'm telling you to give your life to me.

How does that benefit me?

Someone on the verge of death is worried about profits and losses?

Maybe she's
planning to invite
a guy over here
and charge him
for introducing
us...?

Now that I think
about it, that's not
a gain for me,
but a loss!

Warmed up?

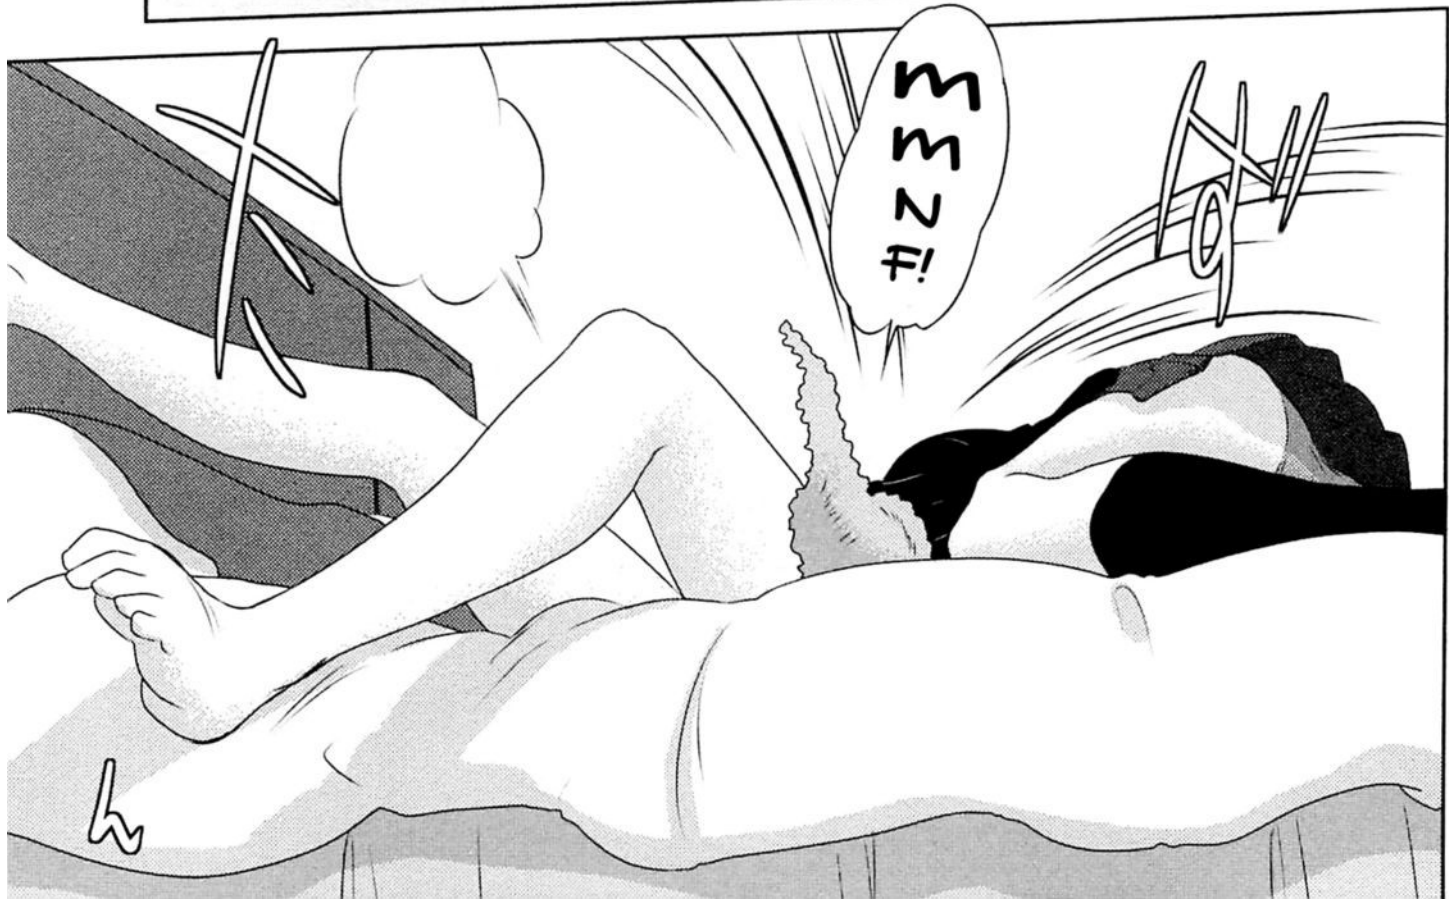

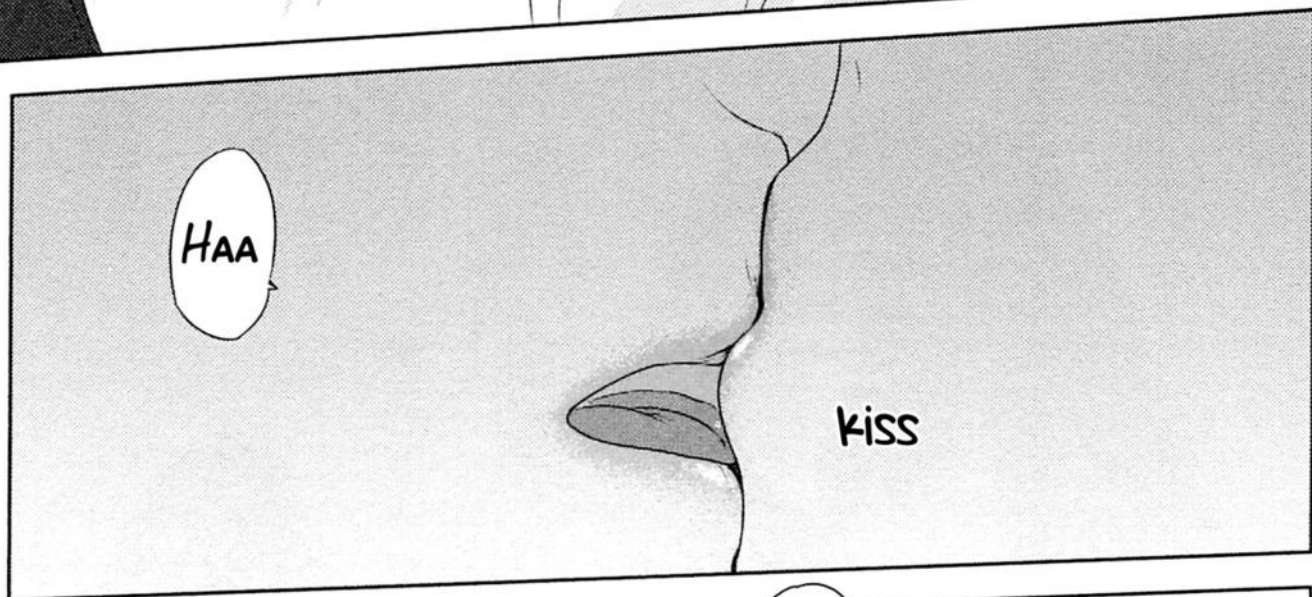

I sent your uniform out to the laundry service.

What are you going to make me do?

...Hmm?

You
didn't seem
to mind it
that much.

For some time after, she continued to indulge herself in my tongue and lips.

I began to wonder if this girl might really be trying to eat me. The core of my body started to quiver.

It might not be so bad to have this be my final moment...

... Your buttons are hitting me.

Oh... Sorry.

Hmm?

... Ow!

... Take your clothes off.

It doesn't bother me.

This is kinda embarrassing...

... Oh.

... Don't compare mine to yours.

... I won't.

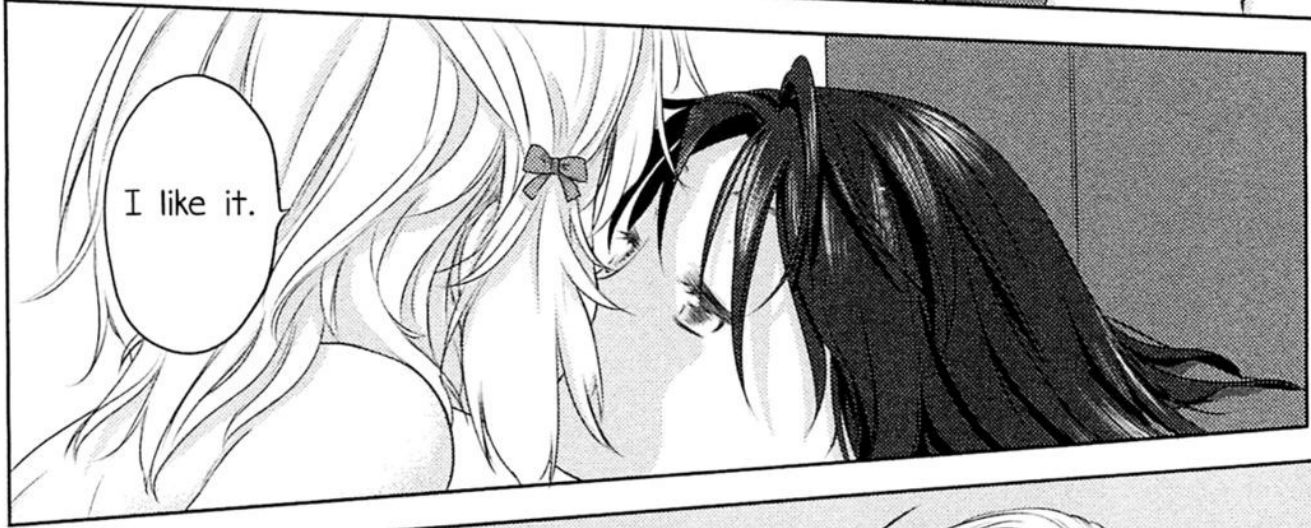

Wow... This is nice!

How does it feel...?

Hey, hey! How does it feel to hold another girl and kiss her while naked?

I like it.

Mmm...

Put your arms around me.

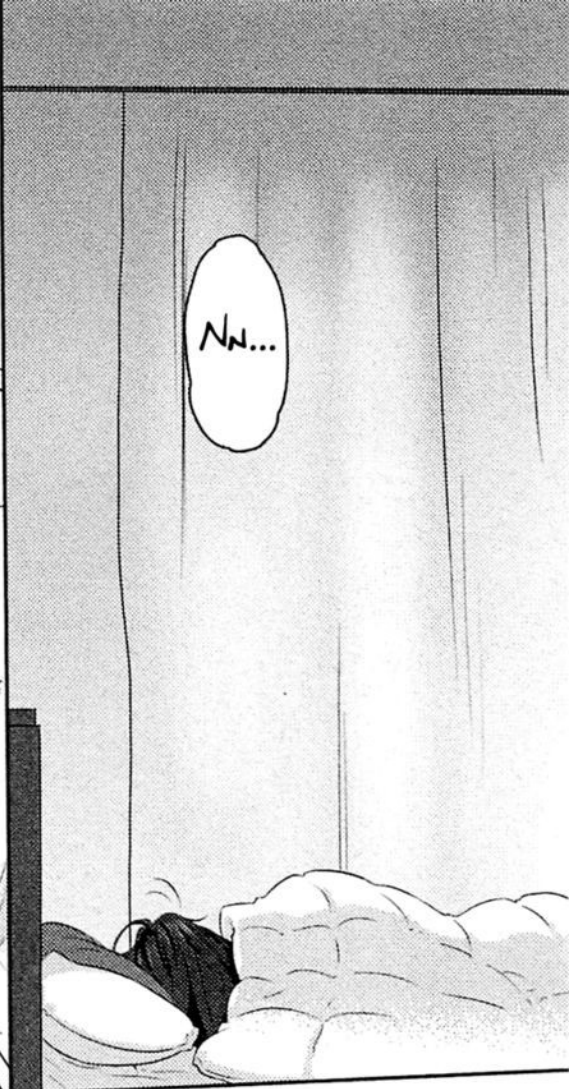

Hold
me tight,
okay?

My eyelids grew
heavier as we
continued on.
Until the moment
I fell asleep the
sensation of her
lips on mine never
stopped.

Even after she vanished the next morning, the sensation of her kisses remained with me.

In failing to end my life, I needed to consider supporting myself. I created an easy-going business where I wouldn't need to worry about profits. I could hire other failures at suicide like myself and other outcasts.

I know,
I know.

Be sure
to shut the
door before
you fall
asleep.

Good
grief... You
nag too
much,
Yukiko.

What is
it now!?

... Youko.

Empty
handed?

There's
a girl
standing
empty
handed in
the middle
of the
street.

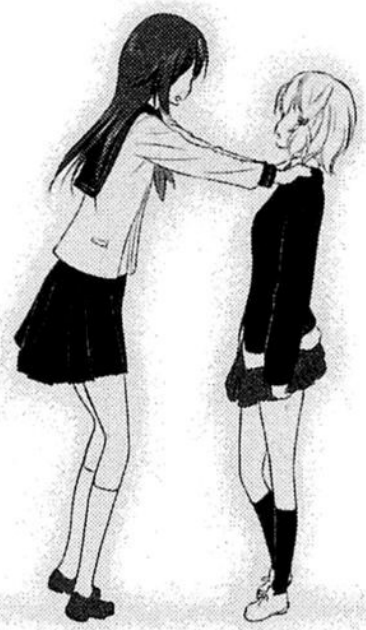

What are you doing out here!?

It's me!
Don't you remember!?

... Who are you?

Super mega awesome pun we couldn't really translate:
The word for 'Empty-handed' and 'hand-bra' is the same (tebura),
which can lead to easy misunderstandings.
