Here's something original from off the top of my head. My search for a boarding house that provides breakfast and dinner led me to one managed by two beautiful sisters. Thinking it a sign from above, I chose to stay there. I felt that its price was a little steep for its location, however.

MANAGER'S
ROOM

As if breakfast, dinner, cleaning, and laundry being complementary wasn't enough, the beautiful big-breasted sisters traded off each evening tending to my needs. I felt both bliss and insecurity in this paradise...

This is the landlord, a mild-mannered woman who goes out of her way to help others whenever she can. She believes that women should help men even in bed if need be. She seems masochistic because of this when, in contrast, she has a sadistic side. While she's old-fashioned on one hand, she hides plenty of insightful life skills befitting a wise old lady on the other.

Younger Sister Honoka

The younger sister is lively and aggressive. At school she is the tennis club's vice-president and is depended on by her peers, but at home she is a spoiled brat who lives off her elder sister. She is also aggressive when it comes to sex, but she is very sensitive, so she comes fast. Consequently, she always wears herself out before I do and leaves the rest of the work up to me. She helps out her elder sister at times and is pretty good at cooking. She hates homework.
