LYEY

MA-KUN'S
IN THE

WHINING
ABOUT
THE HEAVY

Alright!
I'll be

For myself,
I've disco-
vered a great
way to have
fun here!
That being...

The same day, late at night...

On the first day of the induction course, the eldest horse on the farm asked me a favor: He wanted me to bear his offspring.

Got it? Tonight's our last chance, so you absolutely HAVE to come and get me pregnant, okay?

NEVER FEAR!

TODAY OF ALL DAYS, THANKS TO YOU MASSAGING MY BALLS, MY TESTICLES ARE ALL SET AND READY TO BLOW!

After that
I did it
throughout
the night,
until only a
few hours
before dawn.

Cows,
horses,
pigs,
sheep...
I drank up
the sperm
of all the
barn's
males.

I also
welcomed
them
into my
fertilized
womb.

The baby
might
turn out
bad from
this~

I spent the
whole night
drinking up all
the energy they
offered me for
my pregnancy
and childbirth.

GOODNESS,
YOU LOOK
MAGNI-
FICENT!

Elder!
Sorry to
keep you
waiting!

I sucked out a
bit too much
nourishment,
so my water
already broke!
I'll need your
help to give
birth right
away, okay?

ROGER!

Come on,
you need to
hurry! Pop
your dick into
my backdoor
and push the
baby out!

I couldn't forget the experience I'd had several months before, giving birth to the orc's children.

The reason I helped grant the old horse his wish is... well, it was so I could savor this moment. Enduring the pain of feeling like my pelvis was being split in two, all to bring forth a new life: **Childbirth.**

Nowadays, it was rare for me not to give birth to children on a daily basis.

DON'T THERE... SEEM TO BE A LOT MORE HORSES THAN THERE SHOULD BE?

SEVERAL MONTHS LATER...

Be sure to give your papa plenty of babies!

And thus my three-day extramural induction course ended.

...I left the farm full of satisfaction.

THE CUL-PRIT.
