N...NO !
That's not it !
We will not be
using a real
bow and arrow !

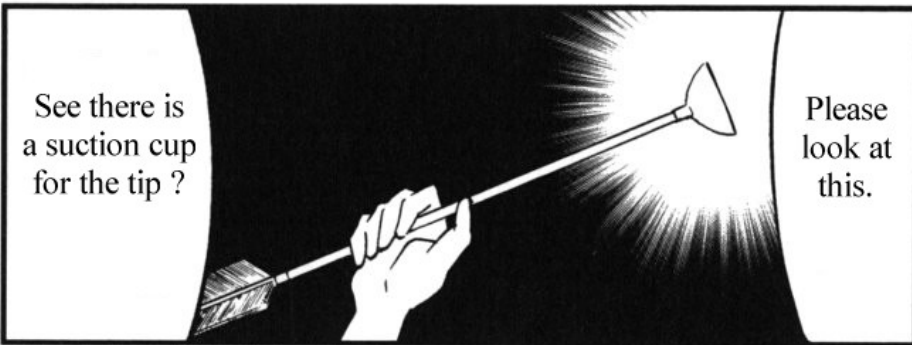

Okay ?
Shooting
someone
with a bow ?
You want
to get killed !?

Or it it that
you people
want to
make me a
murderer !!

Are you
a fool !?

There is no way
you can do that !!

See there is
a suction cup
for the tip ?

Please
look at
this.

Sound effect : (giki) metal creak

And I need to
get some helpers
for the magic
show. To get
some new
members during
this time so the
club survives !

The magic
club has
a shortage
of members
right now.

Yea....
But this is
going to be
pretty painful
if it hits..?

And this
will be
safe ?

Somewhat...
I'm prepared
for it so the
pain should
not be to
significant !

You
okay
with it..!?

Ye...Yea
But.....

And this is
"Escape Magic"
so !

Why the..
swimsuit ?

I should be able
to escape before
the arrow hits !

Are you really
sure with this ?

It's...It is
tied so
tightly !

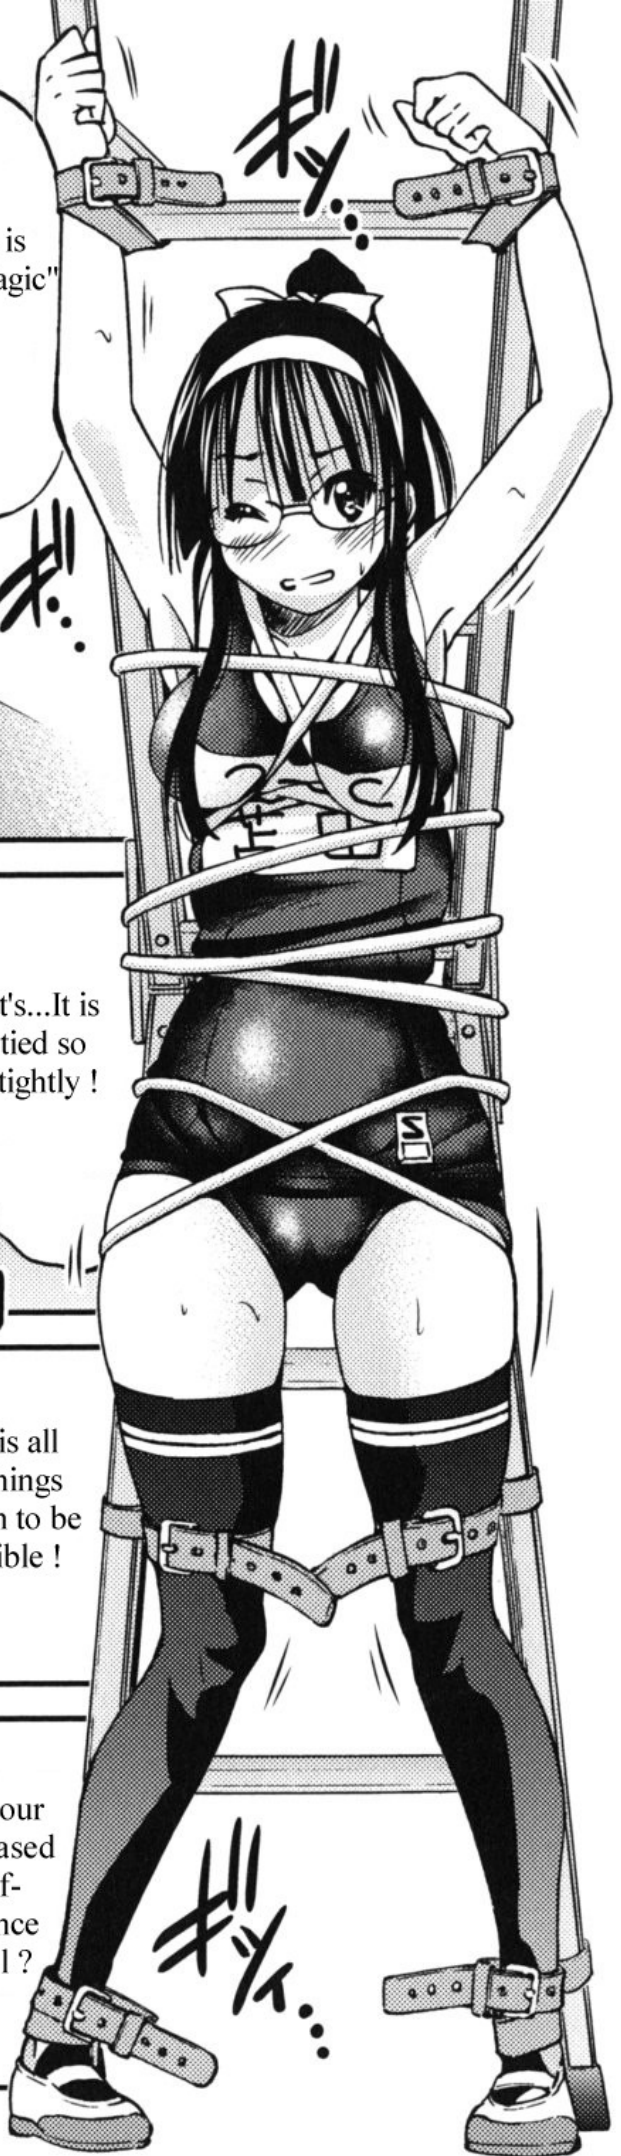

Also most
of this is a
gimmick
to look real !

Magic is all
about things
that seem to be
impossible !

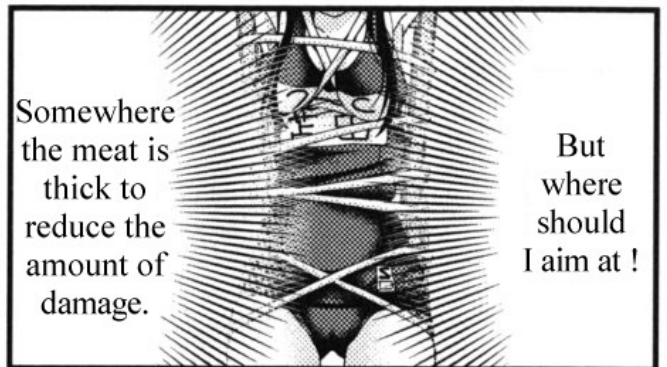

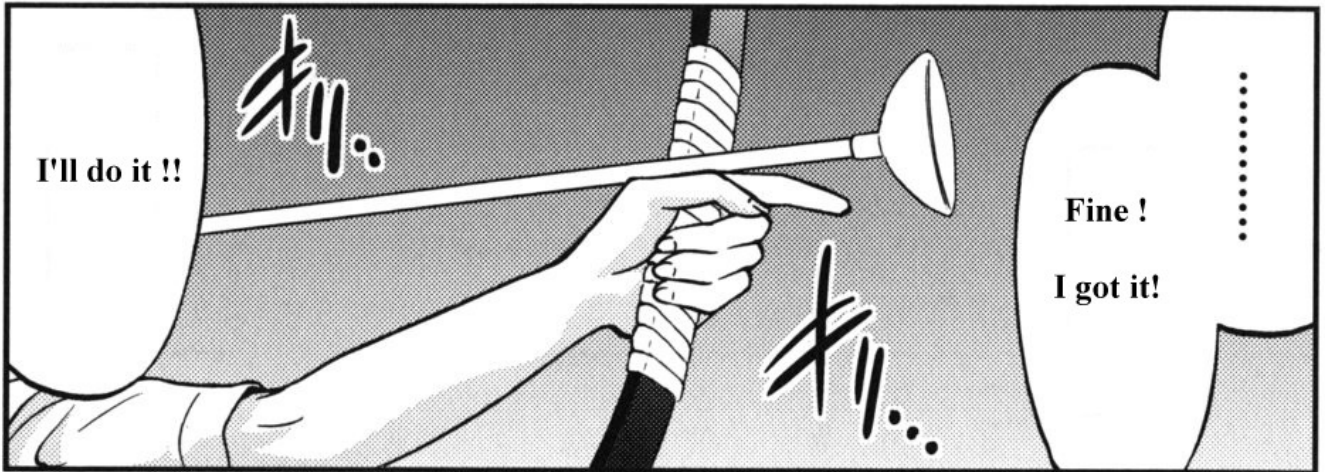

What ?
Archery
club ace
Kawaji-san?

or was your
replay based
on self-
confidence
not skill ?
