'CAUSE THOSE THINGS ARE COOL

Title:
Cherry Pink and
Apple Blossom White
Stand By Me Ch.2
Artist:
Higashiyama Show

Translator:
Tsaryu (Japanese-German)

Translator:
Uglicus (Additional, Japanese-English)

'Translator'/Editor:
Editor

I've been wanting to read this story for few years now. This was either the first or second Higashiyama Show story I saw, the other being the two best chapters of 'Gift', similarly featuring loli threesome buttsex (Tonigobe's translated that whole tank since then, go check that out). Briefly, I thought Show was all loli threesome buttsex, alas... Still some real good stuff.

Then last year I found Tsaryu's German translation of the story, German and English are pretty close... Spent a couple hours with google's translator and I had a script! Had Tsaryu (dude speaks like fifty languages) and Uglicus look it over, I was close. Certainly got the gist of it.

That's what we got here. Most of the dialogue is what I got from Tsaryu's translation, with a lot of input from the actual translators (a number of lines are just Uglicus). I eventually decided leaving in the German SFXs, while awesome, would be a bit distracting. So most of those are Uglicus's. I did spend far too long on wikipedias translating almost all of the gasps and moans, a few of the goofier SFXs as well (anything with 'z's, for example).

It was a blast. I suggest lines or words to Uglicus now and then, but a whole story of obsessing over words and meanings? Changing things as I go to better fit a word bubble or my mood? So fucking fun. Tsaryu, Uglicus, you guys are awesome for putting up with my dumb ass, you got my thanks. Readers, I hope you enjoy this awesome story more than I have, you will certainly enjoy it at a faster pace. Higashiyama, superb work, I am so sorry.

I promise to never try this again, will stick to manning the gimp.

Notes Page A

'CAUSE I LACK CONFIDENCE

This is not, *not*, the font of a popular waiting room magazine. I think. Did check. If you do find me using a font from something, please let me know.

Originally I had, 'When you want to stick it in me, do it'. I am worried 'fuck me' is a bit too embarrassing for her here, but after finishing the rest of the story and not finding a better place for a good 'fuck me'...

This is the most troubling word. 'Slutty'...

The original line was something like 'You're really dirty as you move your hips absentmindedly!'

I like 'slutty'. Think, certainly in this case, that it sounds affectionate. Tsaryu did suggest it may sound too negative... In consideration, I changed it from 'You're so slutty' to 'You look so slutty' which is totally better, right? Fuck, I hope. May yet drop it...

Notes

'CAUSE I LACK CO

I'm
ho-oolee... shit

This panel was rather frustrating, ultimately pretty fun. I really don't like altering the original image this much, does look kinda odd to me now, but I felt this change was necessary to preserve the flow and feeling of a fantastic bit of dialogue.

Tsaryu had 'Bin wieder zu h- -eilige scheisse...' and while I've never studied German the meaning was magically clear. ☺

Can't find Uglicus's exact explanation of the original, but adding 'こ', 'ko', to the last two characters 'まん', or 'ma n' reads 'man...ko', meaning 'pussy'.

Eri spricht hier Deutsch.

The 'anything you can do' dialogue didn't have any unusual font in the original, but apparently she's speaking in an especially cute manner. The line is pretty damn cute alone, but I did this anyway.

It took a whole hour. (probably not, I forget)

Lou Donaldson, 'A Man with a Horn'? Isn't that the album..? I didn't recognize this song by name, but the tune is familiar.

Honest, and since before I knew this story was named for a song, the title reminded me of that White Stripes 'Apple Blossom'. That's a good song too, right?

IT'S
ALRIGHT.
HAVE SOME
SPERM
DE LA
DERRIÈRE

That panel was so gross and awesome. Uglicus, I really am sorry. After discarding 'butt cum', I decided to go with 'wayward sperm', but suggested a crude 'faux' French line as a possible alternative. Tsaryu (dude speaks all languages) suggested this more proper alternative which sounded fantastic and disturbingly appetizing.

Oohhhh yeahhh... I really meant to think of a better line than this...

JUDDER

Fuck yeah, that's a word.

To be honest, I also like it quite a bit

Here I go~

When he wants to cum, he shakes his hips

He seems to like doing that

It feels so good when he grinds against my throat

Maybe it has to do with my health, but it doesn't make me feel like throwing up at all

Aah~
Cumming. I'm cumming

I... I'm cumming, Mako!

Nnn~
My head is going numb

It honestly feels like I just lost something very important...

Haha

Hah

That was awesome ...

...Wait, it was my first time doing it in my butt, yet I came?

...

And this sound-!

Don't-

No!

Here comes the counter-current~

Nnn—
ooo—

Don't spread out my butt

Aaah

おんがくおんがく

おんがくおんがく

おんがくおんがく

I'm home~

Crap!

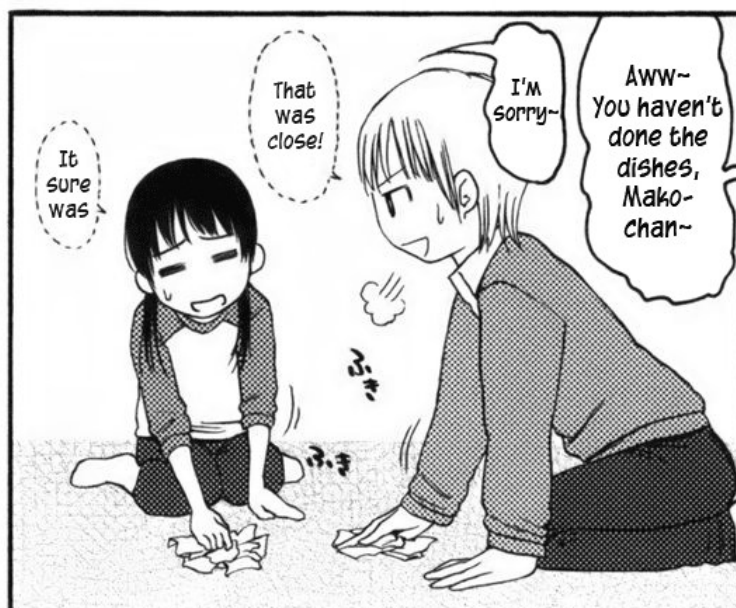

so troublesome...

...But it felt good, so whatever

Yeah yeah

You really are cute, Mako

Your embarrassed face is also the best
