For an assistant my abilities will be better and

I am better suited with my flexibility and light weight as a top petite Gymnastics Club member

You know

I am as cute as a little dolly

As the club president you should find one now

Ha ?
Right ?

What are we going to do about getting a teacher for our club adviser ?

I wonder if it is just your imagination !?

I..i..is that so ?

I think you look just like her, sensei

" Magical Emily" and sensei's name is " Emily"...

So sensei was originally the "Magical Emily"?

HOW RUDE!
I'M JUST AS CUTE NOW!

What !?
Sensei was the cute Emily-chan when she was younger ?

A well...

I ment it in general terms. kay ?

Now lets

is true !!

"Magical Emily" was
a very tallented escape
artist. She could escape
from the most diffecult
restraints.

NOT POSSIBLE

WERE WRONG !!

ABLE TO
QUICKLY

If this clears
up the
suspicions.

Are you
really okay
with this
sensei !?

I just have to
pertend that
I can't escape.

After all
there
children...

But why dose
sensei know
such a trick ?

?

Is it me or
is that one of
the tricks to
get loose ?

Sensei why are
you making
a gap in between
your wrists ?

Oh no !
They saw!

A that..?
I just did that
by accident

!?

Aahm..
Miharu-

can you
show me
how to
tie-up
someone ?

Ha ?

Um...
Sure..

Right, could
you close the
gap please.

If the rope was
this loose it
would be easy
to get out of.

Yeah okay...

Like this..

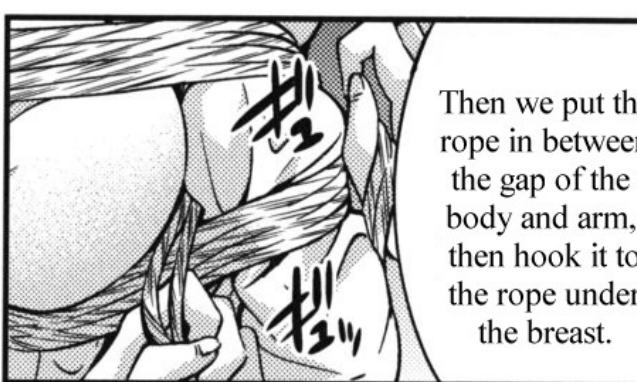

Like this ?

Moving the rope up and down so that sensei chest is sandwiched between them.

This might be a little tight.

The extra rope you tie to the rope under the shoulders

Then we put the rope in between the gap of the body and arm, then hook it to the rope under the breast.

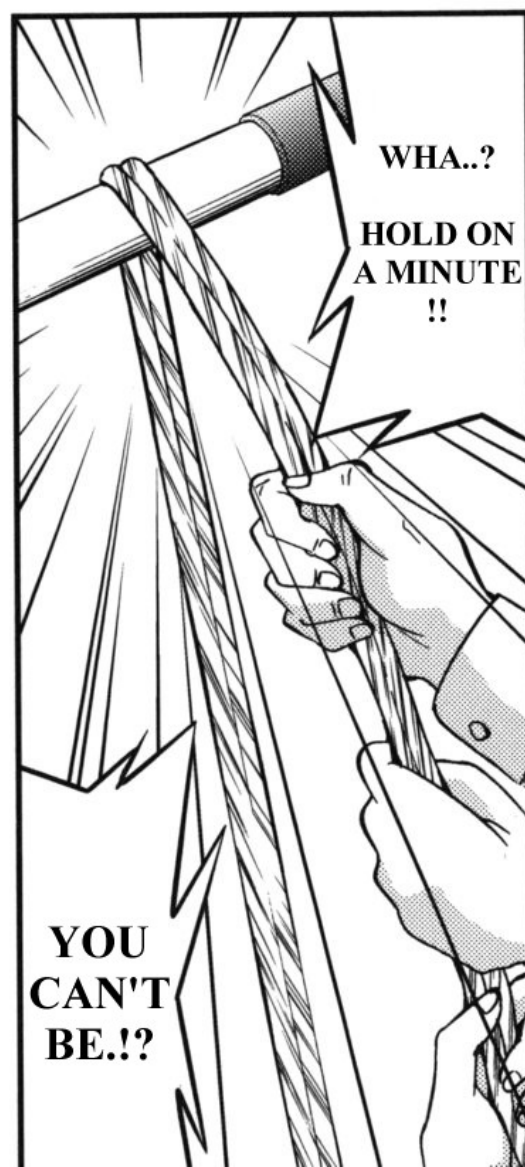

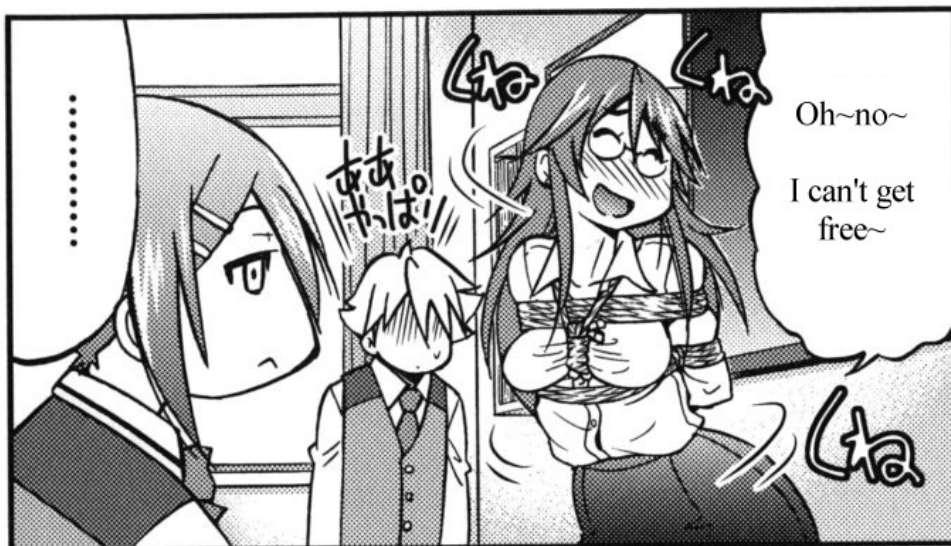

Oh no !
My arms are completely fixed !

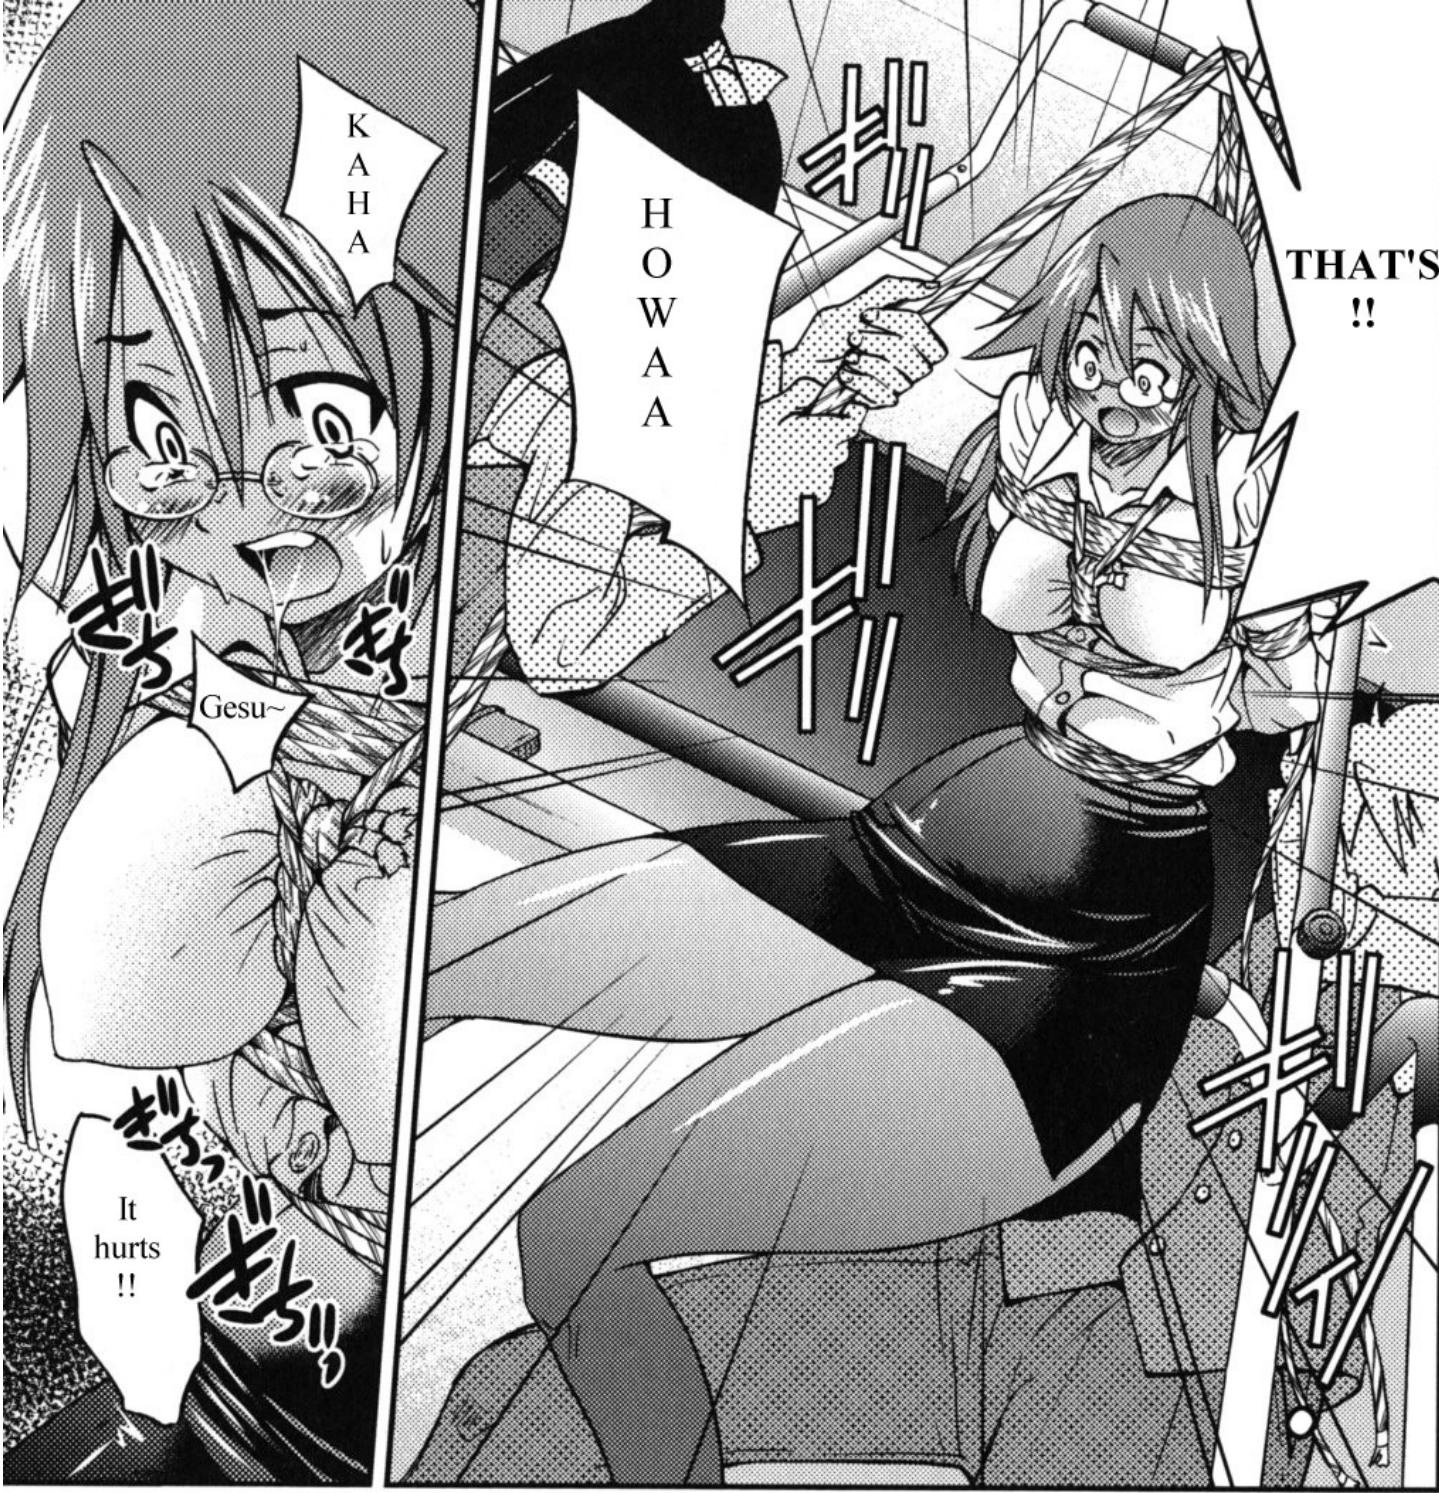

I can only move my shoulders a little bit.

Aah..

**NOW
THEN
SENSEI
TRY
TO
ESCAPE
!!**

And should the ropes tighten enough she will not be able to breath and the blood circulation to the chest will stop.

With sensei's body weight on the ropes they will leave marks on the body and chest.

Being hung like that is rather painful right.

So sensei ?

What !?

You knew that
would happen !?

He tied
the ropes
this tight
knowing
how painful
it is..?

Escape
from them
