In that she
loves sex and
all things
related Let's
just say she's
a bit of a
mean-spirited
slut.

She's a
tad different
from all the
other girls
her age.

Hi
Hi

Kyaha!
Hey, your
face is too
close!

This girl's
name is
Remi-chan.
She's my
next-door
neighbour,
and she goes
to the same
school as me.

She always gets over 450 points combined over all five subjects.

Aah, Remi-chan is smarter than she looks.

On the other hand, I'm beyond help...

After that, I kept challenging her over and over, losing every single time.

Until finally...!

Still, I didn't falter and kept studying every single day!

or I'd have to let her have her way with me, except in more cruel and merciless ways than usual.

As punishment for losing, I'd either have to treat her to extravagant meals,

That night,
masturbated
five times just
thinking about
that sensation.

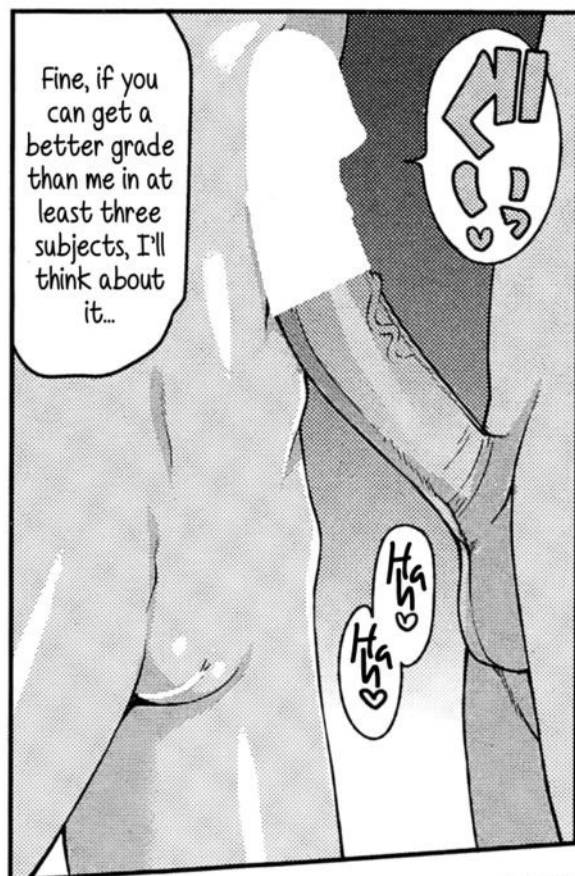

Fellatio...
Cumming
on her
face...

A French
kiss with
tongue...

After
that night,
I started
having better
grades than
Remi-chan.

And my
requests to
Remi-chan
went beyond
just touching

Fine, if you
can get a
better grade
than me in at
least three
subjects, I'll
think about
it...

can't~!

Eh~?

C'mon,

because I'd get to have as much sex as I could handle after the tests, it seemed like it'd be a waste if I did it.

So I desperately endured it.

I'll be honest, the thought of masturbating went through my mind more times than I'd care to relate, but...

That was how my life of abstinence started

Endure it. Endure it! Endure it...!!

All right, people in the back! Pass your test sheets forward!

And so...

It's over...!

It's finally over, huh?

Yeah, I had trouble on that one too.

Speaking of which, I couldn't answer the final question.

I think I did fine. Probably.

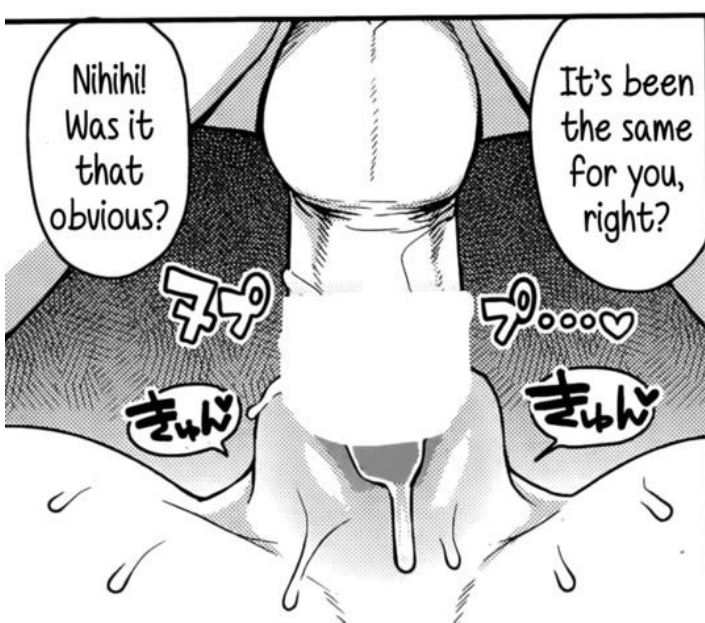

How do you reckon you did?

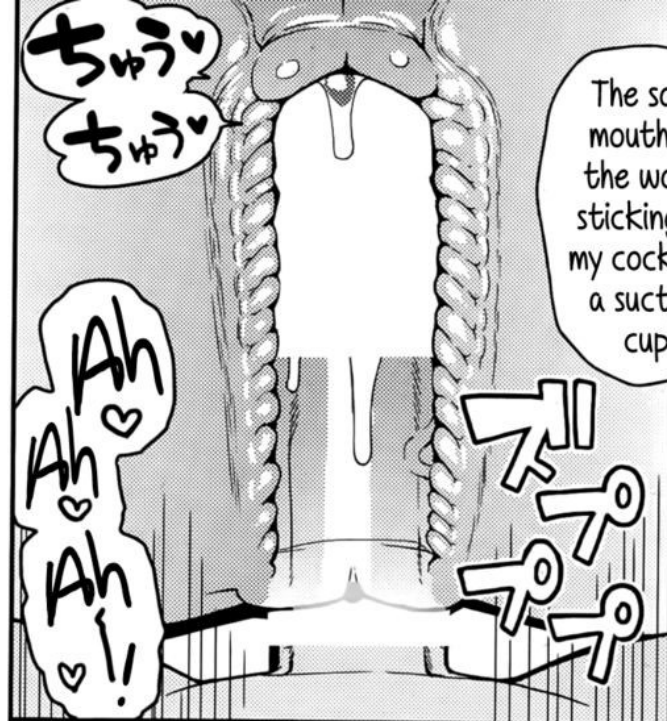

Really~?

Sounds good to me~
