

In a certain kingdom, there lives a girl whose tears turn into sapphires and whose genital secretions turn into diamonds.

Thanks to those jewels, the kingdom prospered.

Livi-sama, there has been a concerning shortage of jewels recently...

Gracious! These imperial affairs are such a pain in the neck.

When I get to my room, there better be a glass of fruit juice ready for me and it better be cold.

of your excuses.

We understand... However... we grow tired...

Put a lid on it! I'm not having an easy time of it either, you know?

Are you finally awake?

Fiend!!

It's your own fault for failing to produce enough jewels.

Instead, every day... you spent your time revelling in the lap of luxury...

Seven days have passed and you still don't understand where you stand.

Of course, after a week even you are starting to stink a little, so today, the first order of business is...

You are a *princess* no longer, but a mere slave... And slaves are not people, they are *property*... Tools to be used for the good of the kingdom.

It's an aphrodisiac.

This drug was created to aid in that purpose.

I'm not sure if you know this, but in the olden days our kingdom used to export sex slaves.

Just the feeling of my clothes brushing against my skin is enough to...

If you touch me while I'm like this...

Whash going oon...?!
My body feels so tingly...!

Is it to your liking?

A-All right!
All right!

I'll get them out myself!
Stop! Don't touch

Shstop!

It seems
the gems
become
purer
the more

she is.

That's fine!

I don't care!

Goodness...
This is most improper behaviour for a former princess!
You're acting like a common sex slave...

My pussy's... scorching!

With
this, our
kingdom
will be
secure.

We're
going to
make a tidy
profit
selling all
of these!

Perhaps
our new king
had something
to do with
it...

I thought
our kingdoms
shared an
alliance...

Damn...!
The fire's
spread
over here
too!

Hey!
We need
to get
out of
here!!

Precious
stones... are
worth as much
to us now as
pebbles...

Where
did all these
precious
stones come
from...?

They're
nothing
more than
trash.
