

ScorpionGirlBook

サソリ娘さん本

For adults only

I dumped cold water on your clothes to lower your body temperature, but if I left them on, you'd catch a cold! They're drying outside right now, but what were you thinking, wearing that?! The sun is really strong during the day, and it's really cold at night, so either way, those clothes were useless! Don't underestimate the desert!

Dumb kid...

I'll get you some food, so stay there.

Huh?

AH!

When crossing the desert, watch out for the scorpion girl! She's short-tempered and loves getting into fights. Her tail is poisonous, but instead of killing you, you'll freeze up and become unable to move. So try not to get stung.

Arachne's Overly-Specific Advice

That's what Arachne told me...

So... Um...

I save you from dying of heat-stroke and this is the thanks I get?!

You think I'm that dangerous, huh?

My

Don't move around too much, got it?

Still covered even when you're hard, huh?

I'm pretty hungry too, so in return for food and shelter...

ぽこ-

I'll clean it for you... but don't move, or I might just wind up cutting it off!

I cleaned it up real nice~

See?

Afterword time

K2/ケツ山

I managed to keep this from becoming a copybook...

K2/ケツ山

I want to buy a PS3 and play Skullgirls. Still using a CRT though... I don't think there's any point in watching Blu-Ray on a CRT.

K2/ケツ山

@cc3pk2 More importantly, think about why you're scrambling to write an afterword a few hours before the deadline.

K2/ケツ山

@cc3pk2 It was an unfortunate situation...

@cc3pk2 After Comitia I made a schedule, and just as scheduled, I didn't do a thing.

K2/ケツ山

@cc3pk2 Are you stupid?

K2/ケツ山

@cc3pk2 I won't forgive you!

K2/ケツ山

I actually wanted to write in the afterword that, despite the manga contents, Scorpion Girl and Arachne are friendly enough to fight over things. How'd it end up like this...

K2/ケツ山

Next time I'll be careful enough to not need corrections like this...
