バシコウヤ!

Hey,
Harada-
san.

Wah!

I was
hiding
inside the
hospital~

A...
Akizuki-
chan?!
What the
hell are you
doing?!
And how
are you
in...

I... don't
want to
give up just
because
I'm still a
student.

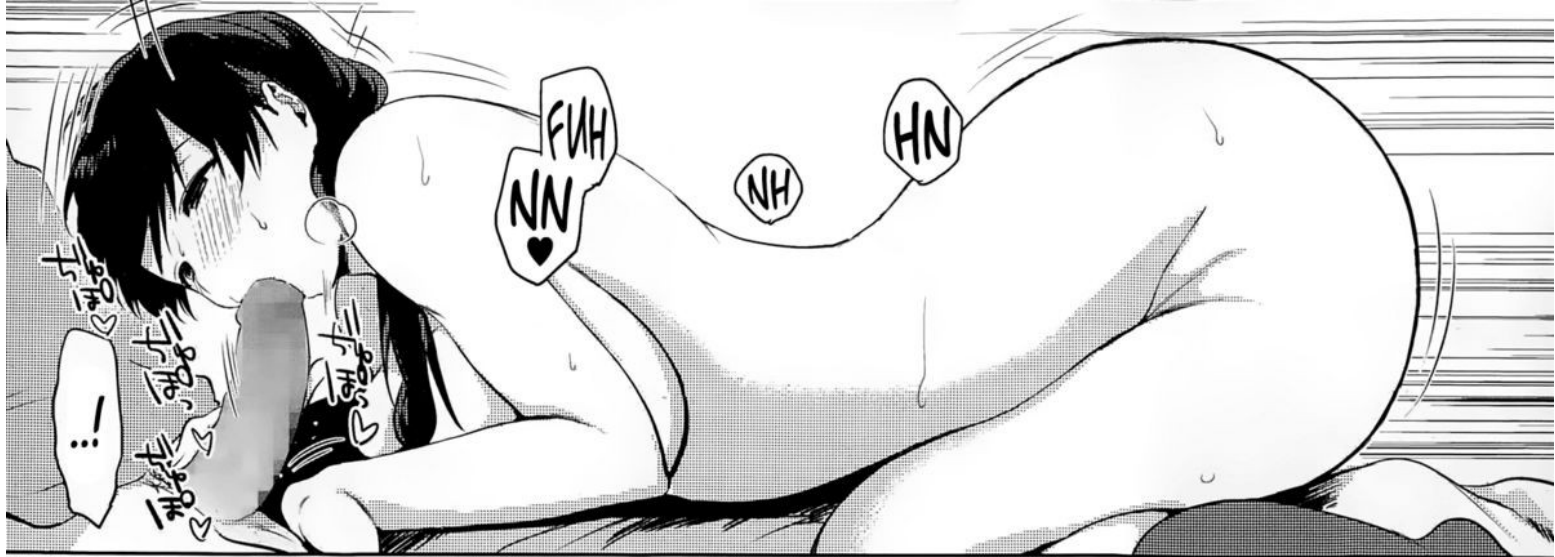

I came
here to
show you...
That I won't
lose to
adults...

But if I
waited
until I really
grew up,
you might've
gotten a
lover by then...
Or you could
have even
gotten
married.

You
said you
had no
interest
in kids,
didn't
you?

Did my
rubbing
feel
good?

It's
already
back
up~

Nn...
Mastur-
bating
with
someone
watching
is nice...
I might
get hooked
on this~
♥

...Oh
my.

Then,
now we
should...

Put
it in,
okay..?
♥

Oh...
hell...
♥

Ah...
Hah...
♥

Fuh...

Hn...
Ngh...

It's
all
in...

It's
going
in and
out of
me...

Harada-
san's
thing...!
♥

I really wanted to have my first time with someone I love...

That's why I'm...

Really happy right now... ♡

Ah, I want to hear that too~

Eh-

Did something happen between you and her?

Oh, right. The girl who came to visit you every day...

Haha... I think I've had enough of hospitals for a while.

You can come back whenever you feel something's wrong~

Got it. Thank you for taking good care of me.

...Then, remember to take this medicine for a week's time at home.

Then I'll wait until your business is done~

イチャア...

To think that the day of your discharge and our school's founding day would be the same... This must be fate~♥ Let's go on a date right now, okay~♥

I've gotta go visit my workplace now, though...

Geez~ You're so pushy...

Harada-san!

Congratulations for your discharge!

Ahh... To tell you the truth...

Didn't I tell you that today was off~?

Akizuki-chan?! Weren't you at school?!

...Senpai~♥

Thank you very much~

Uhh, that's how it is, so...

Really, thanks for everything.

Ah-Yes, take care now...

Our bet on whether those two will hook up or not... Looks like it's my win~
