end

■ What could have happened afterwards.

Neivu returns to his parents' house and is married off to the girl they found for him. She is a kind girl - serious in her work and devoted to Neivu. She is also quite assertive in child-making and asks for his dick every night.

We harvested so much.

Meanwhile, Paisci, having no clue as to Neivu's whereabouts, goes and asks some of the other sailors. Paisci is then forced down by the sailors and raped.

I was thinking that such a development in the story wouldn't be all that bad. This stuff was only in my head though.

■ Since being too dismal isn't good, I'm going to draw another story of them in another world line just having sex in a normal setting.
