RUMBLE RUMBLE RUMBLE RUMBLE

So.

Sensei's house

No, nothing like that!

You must be feeling pretty good right about now, huh?

Niheeh

That Hinata-san was hinting at making a confession.

Haa...

She was just complimenting me on my calligraphy, I think.

Must be nice to be young.

Hmph. Is that so?

Not really.

Are you mad, Sensei?

Well, you and me are nothing more than sex friends anyway.

Hm—ph

Compared to me, Hinata-san is so cheerful and cute. Her skin is positively bursting with youth.

And besides, this smell calms me down.

Sniff

Haa

Haa

Kyah!

I'm sorry, Sensei! You're the only one for me...

I want to do it, Sensei.

I don't remember training you to act like this.

You got a boner from smelling my armpits? You pervert.

This calls for some punishment.

Even though you were just enamored with another girl earlier...

I can't believe someone your age having an armpit hair fetish.

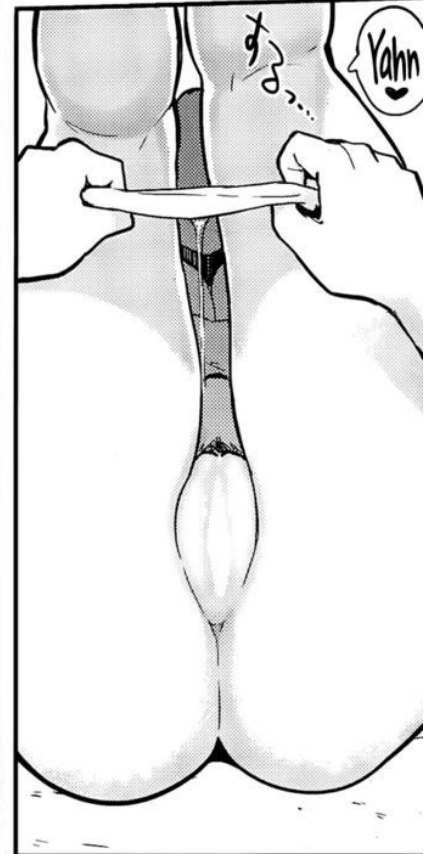

Hehe, he's excited.

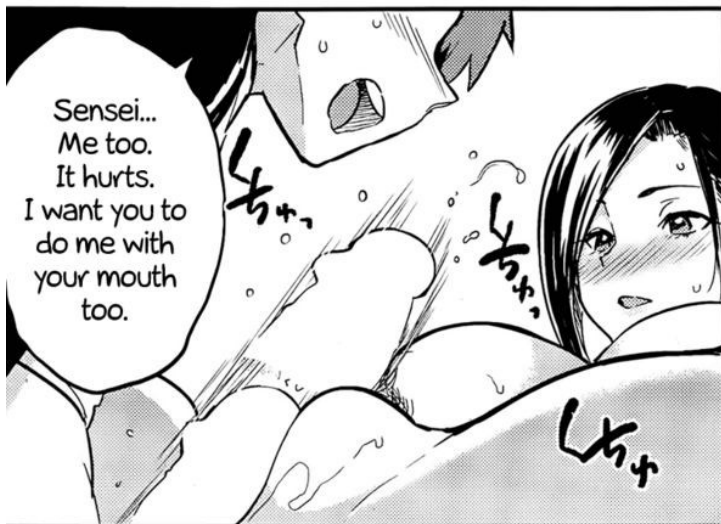

Haa
! Haa
! ...

Ah!

Remember who your master is by her scent.

It smells so sweet.

This is more of a reward than punishment.

Sensei is giving me head while I smell the scent of her pussy and her juices.

Ah! Ahii! Sensei, your spit is so sticky...

It... It feels so good!

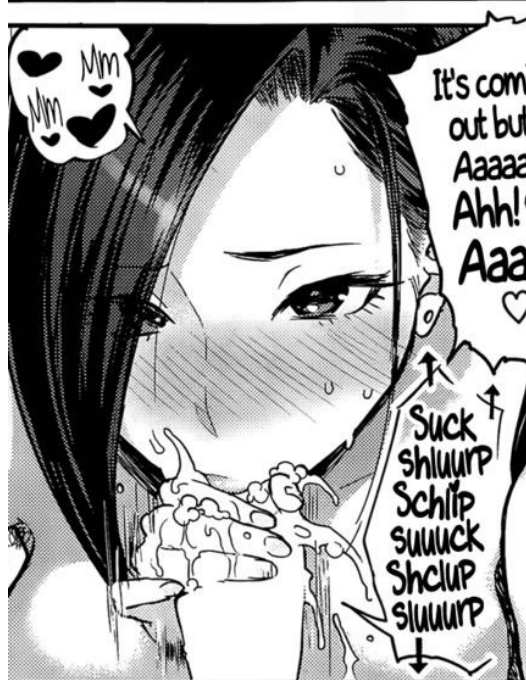

Your blowjob feels just like a real pussy!

I don't know...
But... No,
I don't think
so...

Did it feel good? Did you memorize your master's scent?

That was Heaven...

He he heh ♡

It might not be so bad living as Sensei's pet forever.

no other girls will ever get you hard.

Ehehe. If we do this every day,

That reaction means I hit the mark, right?

Heheh, this kinda makes me want to bully you.

No way, is she the same type of girl as Sensei!?

I thought I noticed something before.

You're going out with Sensei, aren't you?

I don't think... I can keep my promise to Sensei.

Come on, come on! ♡

Ha wa wa wa!

Sometimes I can smell her on you.
