Ooh, you two are filling me up so much..!

Much better...

Now I'm ready to give it my all...

Ngh, to think I have to resort to such methods.

Forgive me, empress...

You're saying that
using my ass like this will
help you perform better
in battle..?

Mmh~ Of course it will...

Isn't that right,
Tanith..?

I suppose. I'm just
doing this for Empress
Sanaki's sake...

It's been a few years since my last concert!

I've put on a little weight since my holiday...

I hope you still love me, even with these curves~!
