■ Afterword ■

Ontan is so cuuuute (>ω<) ...and that's how I chose to make this
"Dededede" doujin, lol.

But damn, since I read the first volume of that manga I knew I had to do
at least this small book about that yuri couple!!

...or so I thought...

It was really troublesome to create a yuri setting that made you fap to
it!! I mean, wouldn't it be bad to actually fap to yuri!?

So, in reality, what is a yuri manga that makes you jack off to it...? That
kind of doubt kept racking my brain.

But well, after hesitating so much, you can see the end result right here.

Hey, now that I think about it, this is roughly my first yuri doujin, right? (´Д`)

At least I somehow managed to create a pretty straightforward lesbian
story...

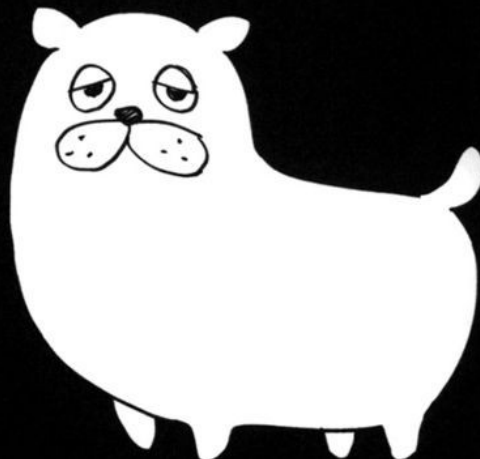

In the first place, if I remember, there's only one or two commercial maga-
zines focused on that kind of manga...

Anyway, hey! At least drawing Ontan made me super happy (lol)!

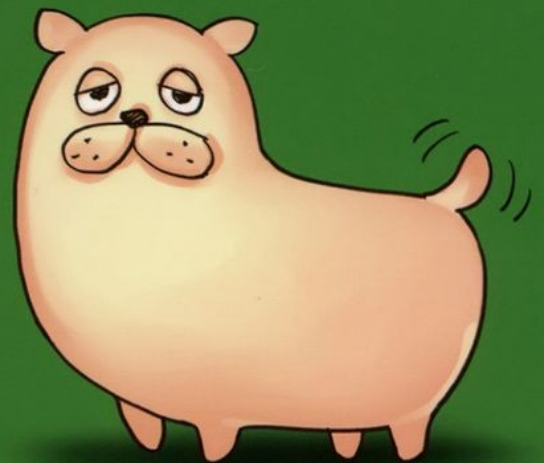

I feel that the people who bought this book will think that it doesn't look
like "Dededede" at all but... (´▽`)

If even a tiny little bit of its cuteness managed to get through, then I'll be
happy. Or something like that. Well then, see you on my next work.
