Afterword

While the scene involving the delinquent girls felt like ero manga content,
The emotionless sex the protagonist had with Kawashima-san felt more like a gag
manga material.

Kanzaki, who appeared in the previous work isn't in this one.

She's more of a one-hit wonder girl, so I can't really think of a way to feature her
again while still keeping things fresh... I want to draw her again, though.

Ah, it's
nothing...
by the way,
the thing
you did when
you rode on
my chest...
is there a
name for
that play?

Did you
say
something?

...yes!

...It's fine,
let's just
do it
normally.

Juice...
waxing?

Oh, the
juice
waxing?

Yeah...
that's
what
it's
called...

Maybe you can
try putting a
chocolate in your
mouth when you
blow me next time.
