Gothic Lolita
with
Dragon

Thick thunder clouds had
shrouded the world.

The earth was torn, blood
was shed, and all living
things vanished.

Leaving
only this spire
and them
behind...

"Welcome
home,
Infinity!
Any
luck?"

"I'm
home, Mervi.
I spent almost
three days going
east, but it was
another futile
attempt..."

We might
actually be
the only
two left
in this
world."

"I don't
want you to
leave again,
Infinity.
Stay here
with
me..."

He was
completely
spellbound
by the charm
of the mysterious
girl imprisoned
in the tower
with no
entrance.

He
loved her
and would
do anything
for her.

"Ahh!
Infinity!
I'm so
happy!"

"This
part of
you looks
so tense,
Infinity..."

Over
and
over and
over again,
the two
made
love...

The
young
girl's words
spun around
inside his
head...

*"I want
the real
you."*

"Ahh...
Infinity...
More!
I want
more of
you..."

"Nnn...
Nnnnn!
Infinity...!"

While still
connected to
the girl, he
transformed
into his dragon
form in the
blink of an
eye...

Gwrrroooohhh!

He had
maintained
his human form
up until now,
but was no longer
able to suppress
his urges.

Just as quickly, the member inserted into the young girl's butt expanded her hole as it grew more than a dozen times larger...

Proof of that was her big, gaping buttole.

The dragon pulled it out with an obscene "slosh!" It was almost the size of the young girl's thighs.

"Hey,
Infinity.
I want to
bear your
child..."

While
lovingly
licking the
enormous
pillar of flesh,
the young
girl said:

She
then slowly
lead the tip
towards her
genitals...

Gwrrooohh!

You'd think
it'd be utterly
impossible given
its size, but it was
as if the young
girl's body
adapted to it,
slowly widening
as it filled
out that small
torso...

It seemed
as if the
dragon was
going to
destroy the
young girl by
the way he
ravaged her.

Having
turned into
a dragon, he
was unable
to compose
himself,
and it went
on for a long
while.

Gwrrroooohhh!

And then
it finally
ended...

The dragon
let out a big
roar as he
poured a
massive load
of semen
inside her.

He did it with
such force, the
young girl's
torso was lifted
as her stomach
swelled up.

"I hope
we'll one
day have
a child
together..."

Afterword

With 2012 being the year of the dragon, I thought I'd draw something with a dragon and a little girl, but how do you think it turned out?

There's a continuity to the drawings, but I wanted to do different garments and hairstyles, so they differ depending on what page you're on. (Laugh)

The theme, the presentation, and everything was a bit experimental, but I hope you enjoyed it.

I had more ideas for what to do with the dragon and the girl, but they didn't turn out too well. ;_;

Depending on the feedback, I'm thinking I might re-publish it in a different format.

Well then,
next up is the egg-laying chapter.

Expansion.

The monster that got a hold of me is set on loosening me up.

Onee-chan once told me that for tentacles to leave offspring, they borrow other creature's wombs...

It has to be preparing me for that. I'm sure it'll make me spawn its monster child.

It's turning my insides
into an environment
suitable for its child to
grow.

Air can easily enter
me now that I'm this
expanded. Together
with its sticky
liquids, it's making
extremely dirty
sounds.

Further
expansion...

The monster is starting
to push the limits of
my vagina.

And it's not only
the entrance.

It's carefully
working my
deepest parts
as well.

Spawning.

This is probably the larva of this monster...
It's big for a child, and it has an irregular shape.
The child doesn't know how to show mercy.
With its eyes set on my womb,
it vigorously penetrates me.

A tubular tentacle
spawned something
inside me.

Milk Time.

It was already tight on my tummy, but then the monster parent started injecting me with massive quantities of fluids at fixed intervals.

I'm sure it's nourishing its child or something.

My tummy swells until it's on the verge of bursting.

It's painful, but...
I feel strangely joyous afterward.

...About to be
born.

That is, the monster
I raised in my
tummy.

It's full of energy
today again, and
grants me endless
pleasure as it
thrashes around.

...Birthing.

I'm placed on a tentacle
delivery table.

I have absolutely no control
over it as the monster child
tries to crawl out.

It's grown so big inside me.
It doesn't care if it turns
my vagina inside out as it
forces its way out.

N-NO
way...

And that's
what I had
in mind.
What do you
think, Eri?

Born.

I gave birth...
to a tentacle child...

Despite its repulsive
appearance, it looks
so precious when it
happily suckles
at my teat.

This cycle
forever repeats
itself...

ERI (YOUNGEST)
(+TEST SUBJECT)

RIE (OLDEST)

■ **TENTACLE NO.1: DICK TYPE**

AN ORTHODOX TENTACLE VARIETY, WOULDN'T YOU AGREE?

THIS SHOULDN'T COME AS A SURPRISE, BUT IT'S SHAPED AS THE MALE SEX ORGAN AND CAPABLE OF EJACULATION.

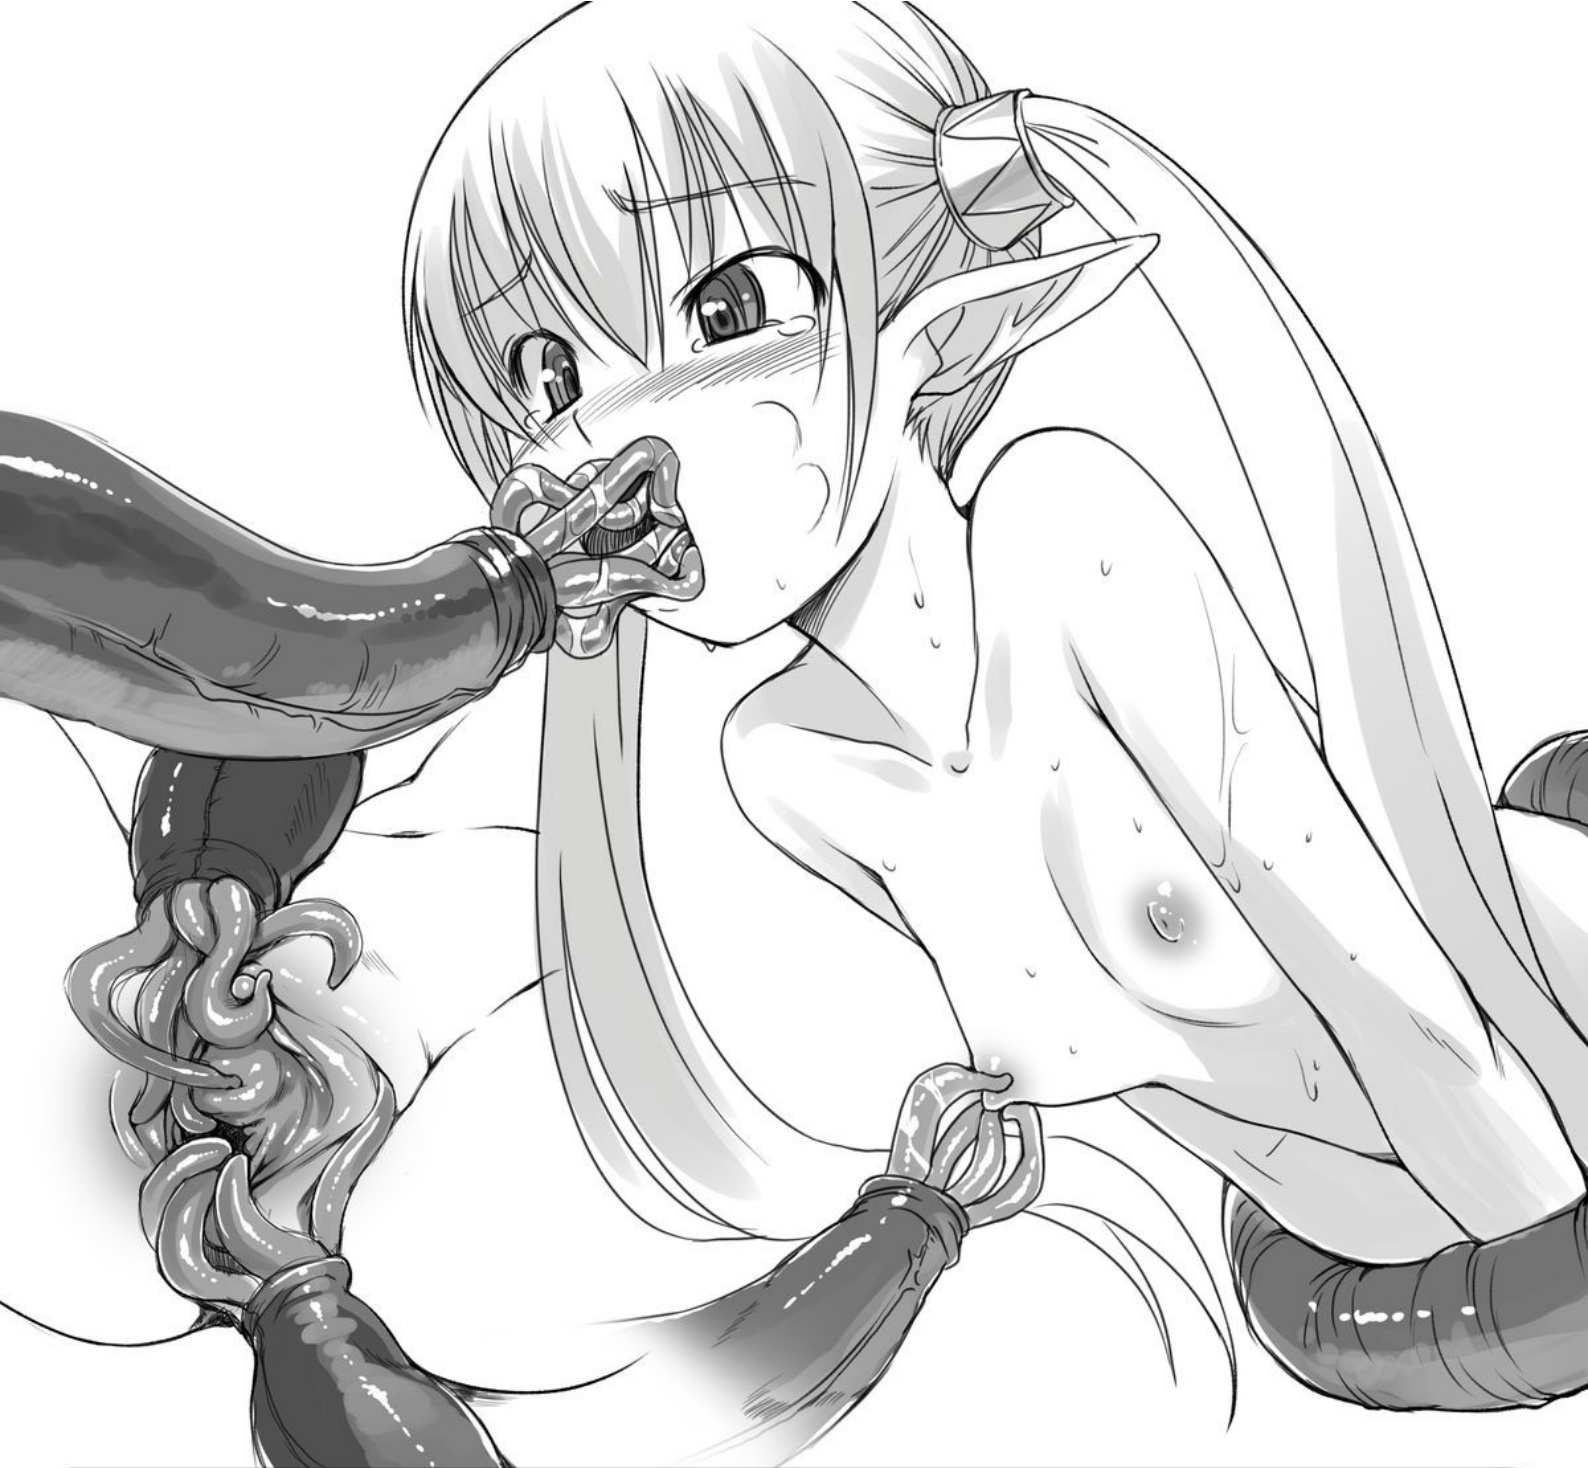

NATURALLY, A MAN'S THING CAN'T EVEN COMPARE TO IT WHEN IT COMES TO LASTING POWER.

DEPENDING ON THE SPECIES, SOME VARIATIONS ARE CONFIRMED OF HAVING LOTS OF BUMPS COVERING THE HEAD.

IF YOU IGNORE IT, THINKING, "IT'S JUST A TENTACLE," SEVERAL OF THEM WILL CRAWL INTO THE SAME HOLE, SO YOU NEED TO BE CAUTIOUS!

TENTACLE NO.2: SEA ANEMONE TYPE

THIS IS ANOTHER ORTHODOX SPECIES OF TENTACLE.

IT'S CHARACTERIZED BY THE FINER TENTACLES SPRINGING FROM ITS TIP.

IT VARIES, BUT THERE SEEMS TO BE SOME WITH LESS TENTACLES AT THE TIP.

THIS TENTACLE IS PROFICIENT AT LOOSENING UP AND WIDENING VARIOUS PARTS OF A GIRL.

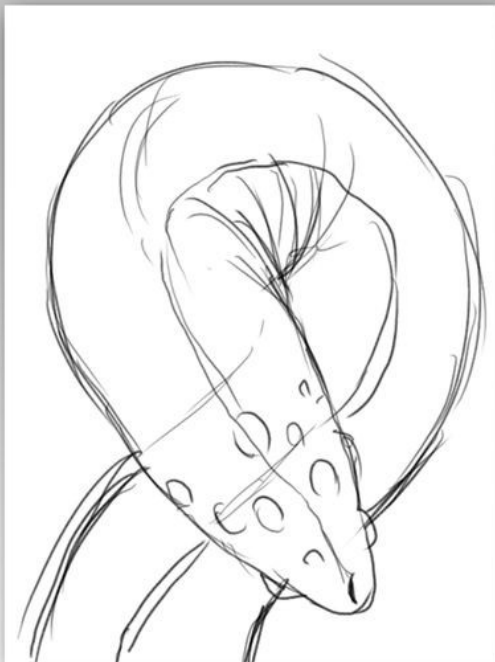

EVEN AFTER INSERTION, IT PROVIDES INTENSE STIMULUS TO THE INSIDES, SO I'M A FAN OF THIS TENTACLE!

IF IT GETS TOO CARRIED AWAY, IT'LL JUST KEEP GOING DEEPER, SO YOU NEED TO BE CAUTIOUS, OKAY?

ITS EJACULATION VOLUME IS ABOUT AVERAGE.

TENTACLE NO.3: TRANSPARENT TYPE

A TRANSPARENT TENTACLE RESEMBLING JELLY.

ITS CHARACTERISTICS ARE A SLIPPERY SURFACE AND TUBULAR ORGAN THAT YOU CAN JUST BARELY SEE.

THIS IS USED TO RELEASE FLUIDS WITH APHRODISIAC OR PARALYZING EFFECTS.

OF COURSE, SINCE IT'S A SEX ORGAN, IT CAN ALSO RELEASE EGGS OR SEMEN.

IT PRIMARILY LIVES UNDER WATER, AND LOOKS FOR GIRLS FROM THERE.

I'M NOT PARTICULARLY FOND OF HOW IT FEELS, BUT SINCE YOU CAN SEE ALL THE WAY INSIDE ONCE INSERTED, IT'S ONE OF THE BEST KINDS IN AN AESTHETIC SENSE, RIGHT!?

■ **TENTACLE NO.4: VERY THICK, WARTY TYPE**

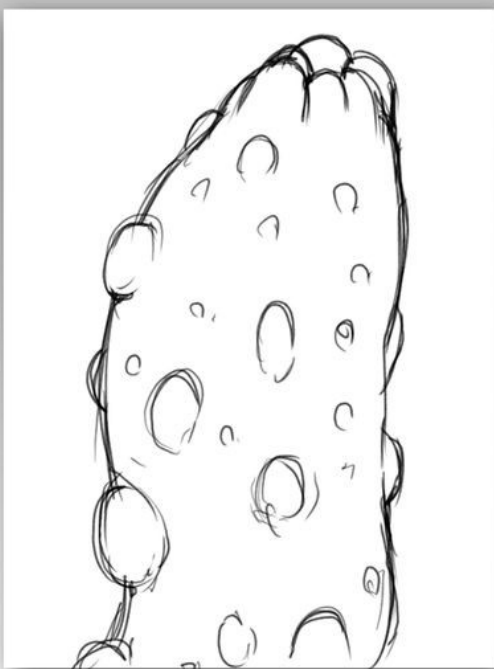

THE LARGEST KIND OF TENTACLE I KNOW OF!
WHILE THERE MIGHT BE LARGER ONES IN OTHER SPECIES AS WELL,
EVEN THE SMALLEST OF SPECIMENS ARE
AS THICK AS MY THIGH.

FURTHERMORE, ITS SURFACE IS
COVERED IN RUGGED WARTS.

AND ITS EJACULATION VOLUME IS
OFF THE CHARTS.

IT'S VERY FRIENDLY, BUT
BECAUSE OF ITS SIZE, IT'S NOT
EASY TO BE WITH IT.

ERI PROTESTED AND RAN AWAY
DURING OUR LAST TEST, SO I WAS
THE TEST SUBJECT☆.

■ **TENTACLE NO.5: OVIDUCT TYPE**

THE SOLE PURPOSE OF THIS SPECIMEN IS TO LAY EGGS.

NORMALLY IT'S JUST A THIN TUBE, BUT AS THE SPAWNING SEASON DRAWS NEAR, THE EGGS INSIDE THE TUBE GROW UNTIL THEY'RE AS BIG AS TWO FISTS BEFORE LAID.

IT CAN'T OPERATE ON ITS OWN, SO IT SEEMS TO ASSIST OTHER TENTACLES WITH THE BREEDING.

THE EGGS SPAWNED BY IT DON'T ONLY HAVE A ROUGH SURFACE, BUT ALSO SUCKERS JUTTING OUT, WHICH IT USES TO CLING TO THE INSIDE OF THE WOMB, MAKING THEM REALLY HARD TO GET OUT ONCE THE EGGS HAVE BEEN LAID!

RIE: "AH! THIS ONE REALLY DOESN'T
WANT TO COME OUT!"

ERI: "WHAA!?! AGAIN!?"

RIE: "MAYBE YOU NEED TO GIVE BIRTH
AGAIN?)"

ERI: "H!!!!!!!!!!!!!!!!!!!!!!N!"
