Yeah, that was the plan, but...

Still... weren't you going for male?

Sorry, I just wanted say that phrase at least once.

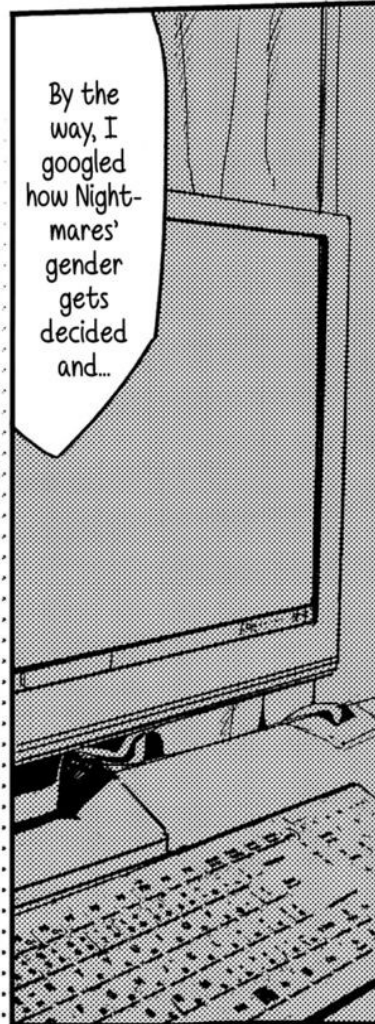

...What're you talking about? You knew I was a hermaphrodite Nightmare.

which is normally the one that matches the person you like.

Apparently your genders get decided by which genitals you usually use to fap...

Huh?!

By the way, I googled how Nightmares' gender gets decided and...

Think about it this way... You'll have unlimited access to tits every single day!

Yeah, my own! Thanks, but no, thanks!

Was it because of that one time...?!

Which means...!

I come all the way here to hang out with him and this is what I find...?!

3 days ago.

Hmm? But you told me there was a girl you liked once, didn't you?

Idi... There's no way that's true...!

He does look a lot like a girl when he's not yapping, though...

Whenever he has some free time, he always takes a damn nap... He did say sleeping was part of the job, but come on...

So Nightmares have both, do they?

I'm dying to know what that looks like...

...Maybe I'll play a little prank on him. ♡

Whoa, is he having an erotic dream or something?

He's got a bit of a boner going on.

And what's it like down... here?

Oh... He's got a nice one stuck on him.

Going commando, huh...?

Oh...
Oh...

It's kinda damp... There's slimy stuff oozing out of it...

Damn... This is hot...

Wow...♥ He's got a pussy where his balls should be...

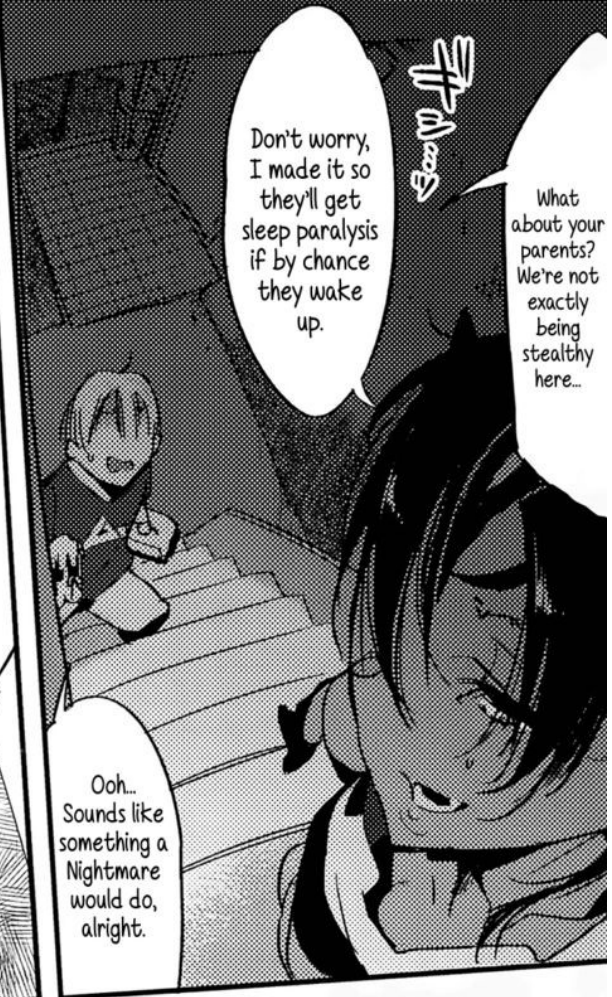

...So?

The plan is for you to use these to stimulate your chode so you'll go back to being a dude... What, you've never used one before?

This is what you came up with...? These are just o-ona-holes!

Guess I'll have to do it for you, then.

N... No.

Don't worry, I made it so they'll get sleep paralysis if by chance they wake up.

What about your parents? We're not exactly being stealthy here...

Ooh... Sounds like something a Nightmare would do, alright.

Here goes nothing!

Oh... Right... Humans can't see in the dark...

It's too dark to see anything anyway, rest assured.

Are we seriously doing this...? It's crazy embarrassing, y'know?

Hy!?

Huh...?

still half-
awake or
something?
You're not
making any

This route

Once we reach puberty, Nightmares have to decide on a gender.

Unconscious

Nightmare

Becomes a **WOMAN** in real life

So to help us make that choice, we pick out partners of both sexes and simulate our futures in a dream... Many times over while unconscious.

M-Man, even your personality seems different...

My spirit body holds all the memories I made until now, so it's become a little bit grown-up, you see? ♥

Yes...! A dream world I fabricated using my Nightmare powers. ♥

As you can see... Every single time, I turn into a woman.

So, then... since I had nothing to lose, I tried you as my partner and these are the results.

But it just didn't feel quite right...

At first I tried it with that girl in class I had a crush on...

These are the conclusions of every dream...?!
