THE MAGIC SISTERS
CHIN & YAO

THE SECOND DAY

Zidan didn't make it to school today.

He's one of the guys who left school with Chin yesterday...

I feel as if...

Something is not right...

It is said that Zidan went to a club last night and died from a **drug overdose**.

By the time help arrived it was too late.

The strange thing is... Zidan was never known to use drugs.

The rest of the information is considered confidential by the police. No more information is available.

Stranger yet...

Chin doesn't seem to be at all bothered by Zidan's death.

She's happily carrying on the same as yesterday!

THE
THIRD DAY

WHAT?!

SOMEONE DIED
AGAIN LAST
NIGHT?

It's the two
guys who
left school
with *Chin*
yesterday!

They both died
in a traffic
accident!

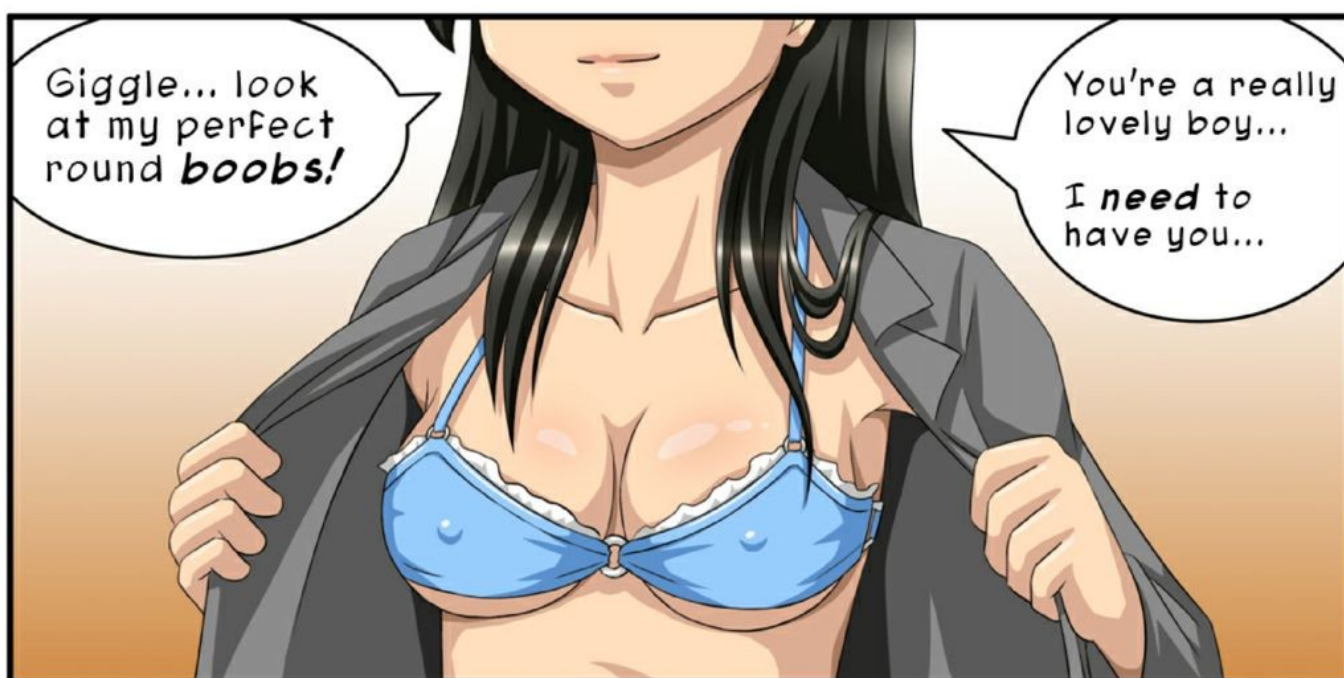

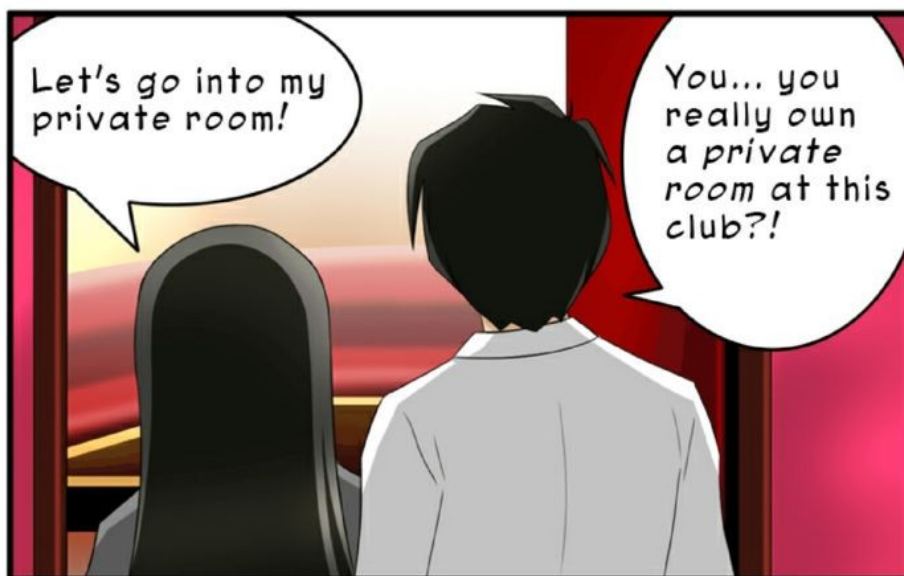

Is it a curse
of *death* for
anyone who
gets close to
Chin?

I highly
doubt it...

I suppose the
only way to
find out is to
*investigate in
person...*

Are there really
such things
as *curses* or
magic?

A warm squishy wave gradually washes over my whole body. Ah, it feels so good without clothes!

WI... WITHOUT CLOTHES?!?!

Aha ~
Open your eyes *tiny* boy!

WHA...
WHAT
THE
FUCK?!

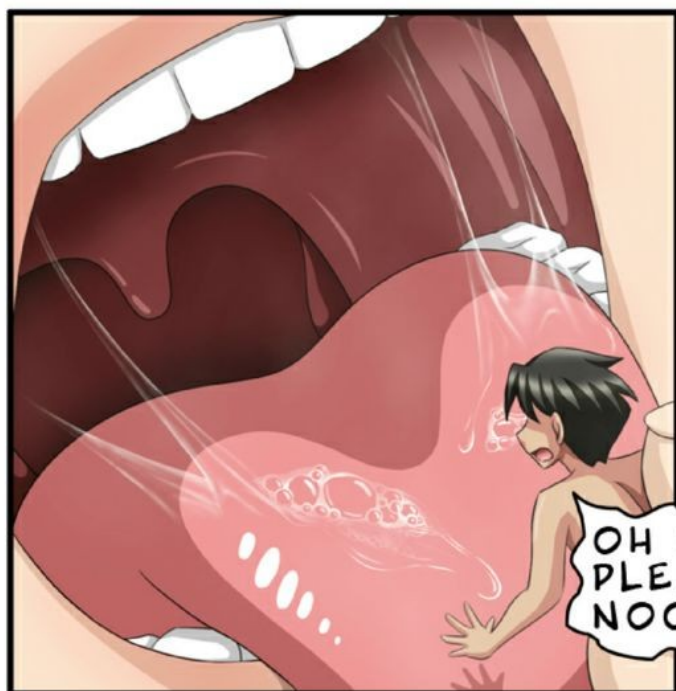

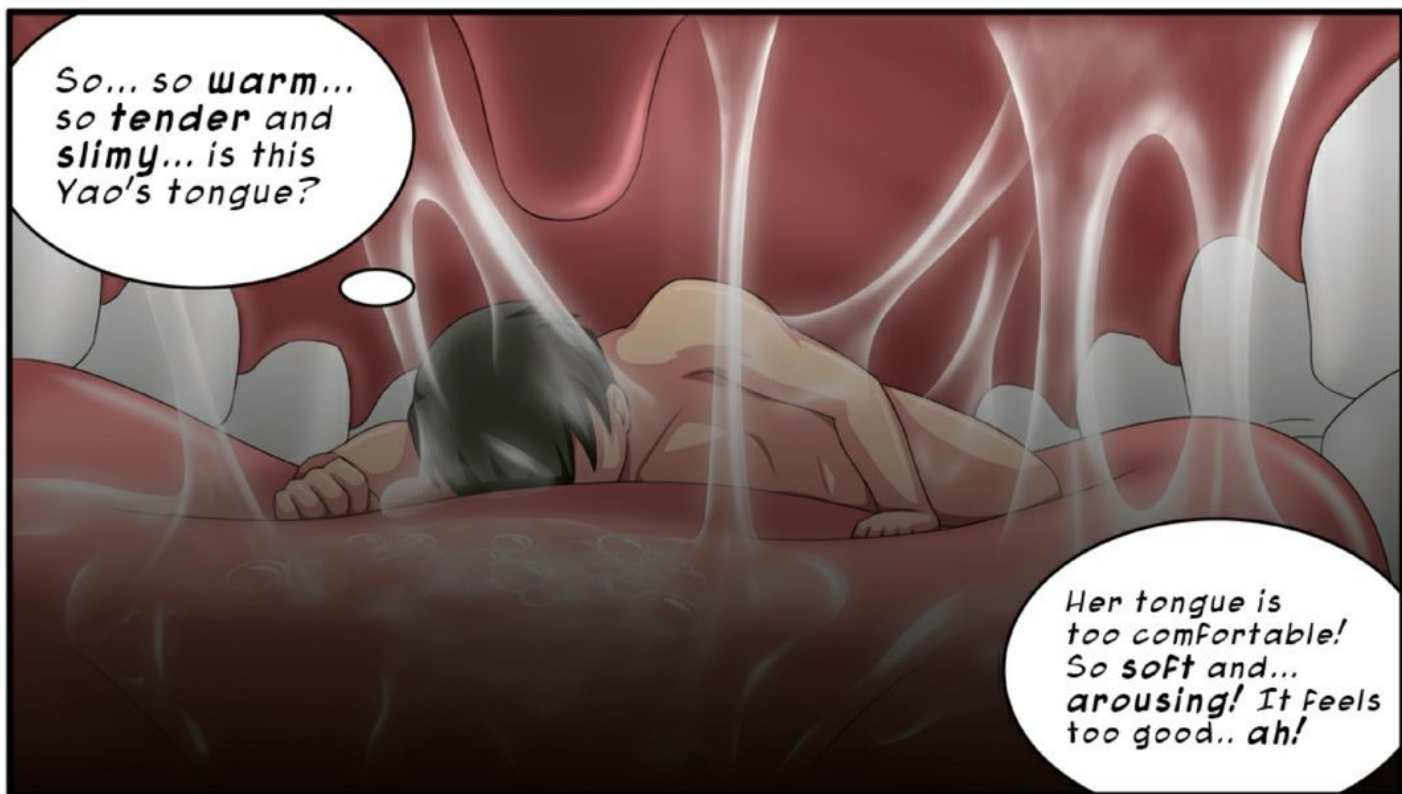

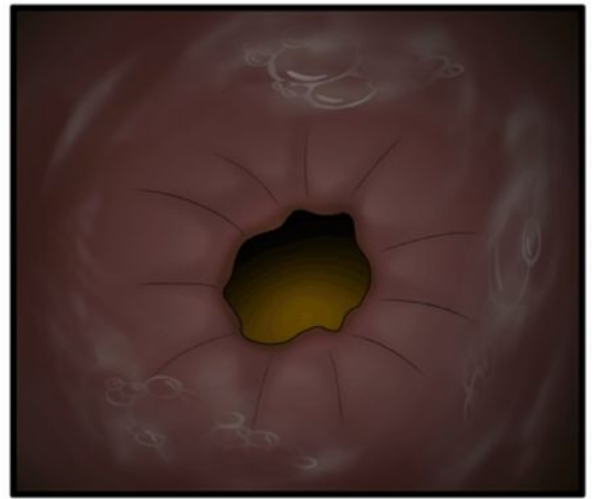

LIKE
THIS?

Wha... what
have you done?!

What? Do you mean... you **shrink** and **eat** people?

Giggle... Yes! My sister Yoyo and I both do!

Yao and I were born with the innate power to **shrink things!**

All we have to do is just look at someone and think "**SHRINK**" and it happens!

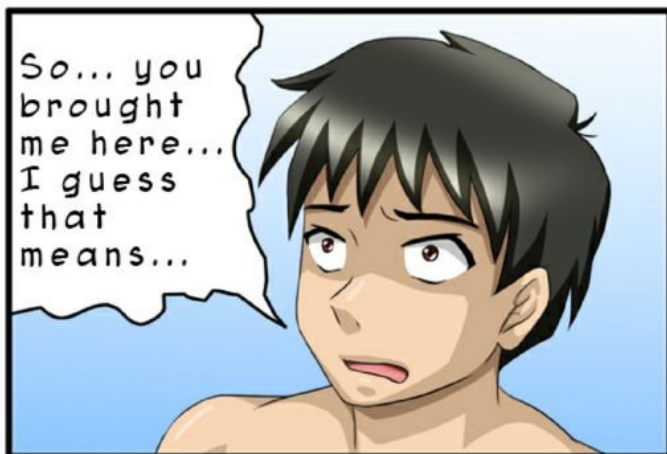

However, I used to think it was a **useless** power...

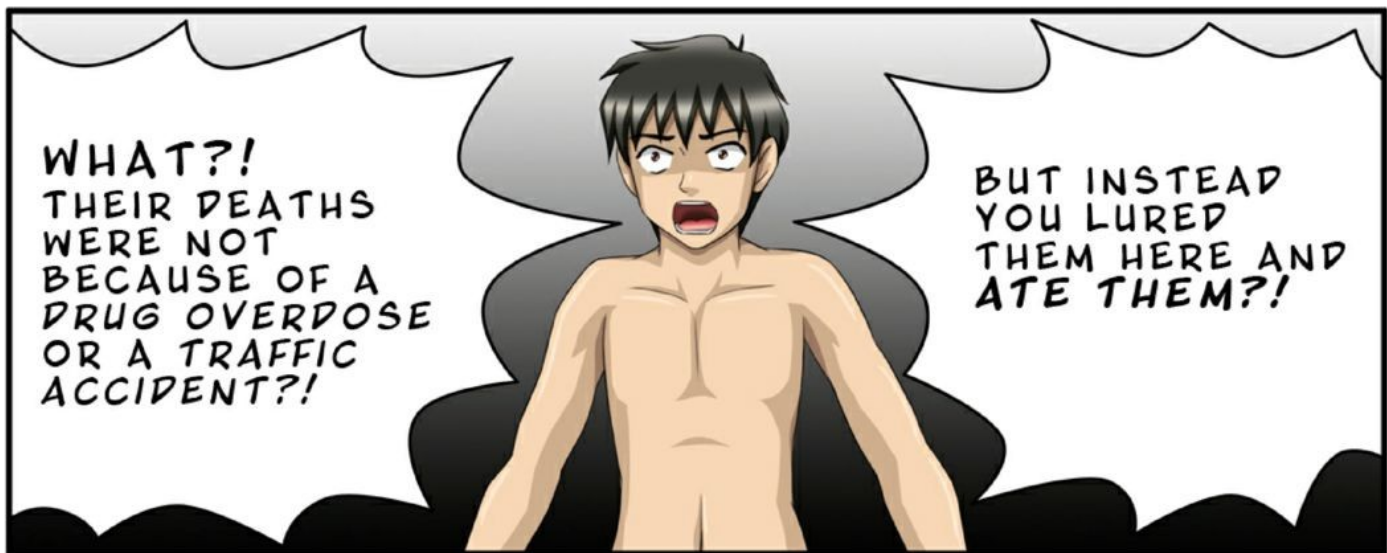

That is, until I punished a boy who had bullied me. For the first time I sampled the **delicious taste of human prey.**

Now I can't hold back my **love** for shrinking and eating people!

It has become second nature to me...

And even though it is not **necessary**, we have grown addicted to eating people for food as well as using them for our... **sexual satisfaction...**

WHAT?!
THEIR DEATHS
WERE NOT
BECAUSE OF A
DRUG OVERDOSE
OR A TRAFFIC
ACCIDENT?!

BUT INSTEAD
YOU LURED
THEM HERE AND
ATE THEM?!

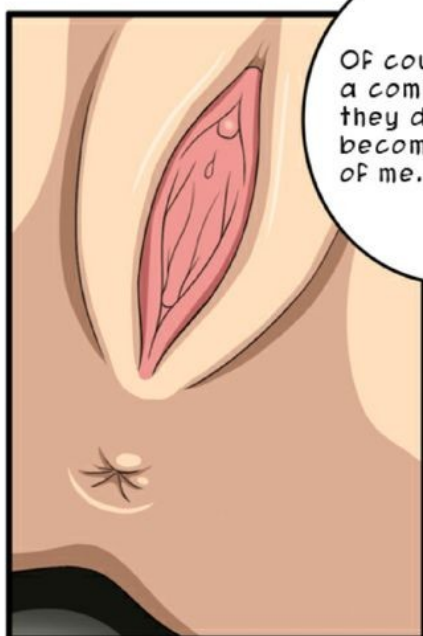

Hoo... I
did not
"lure" them
here. They
Followed me
on their own
initiative.

They *wanted* me.
I *wanted* them.

It was a mutual
interest. I made
their dreams come
true by combining
with them. They
should *thank me*,
shouldn't they?

Are you
kidding?!

You call this
"combining"
with you?!

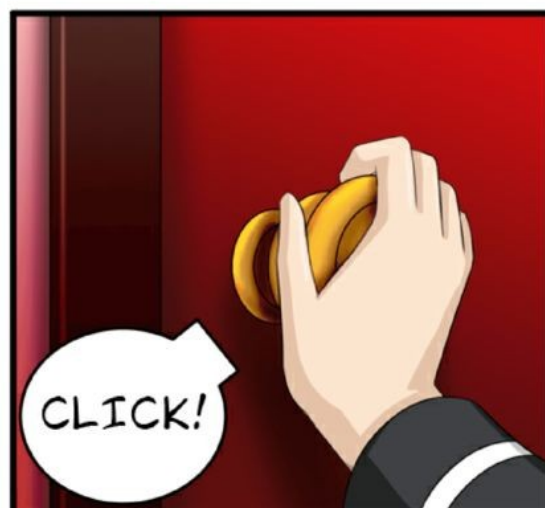

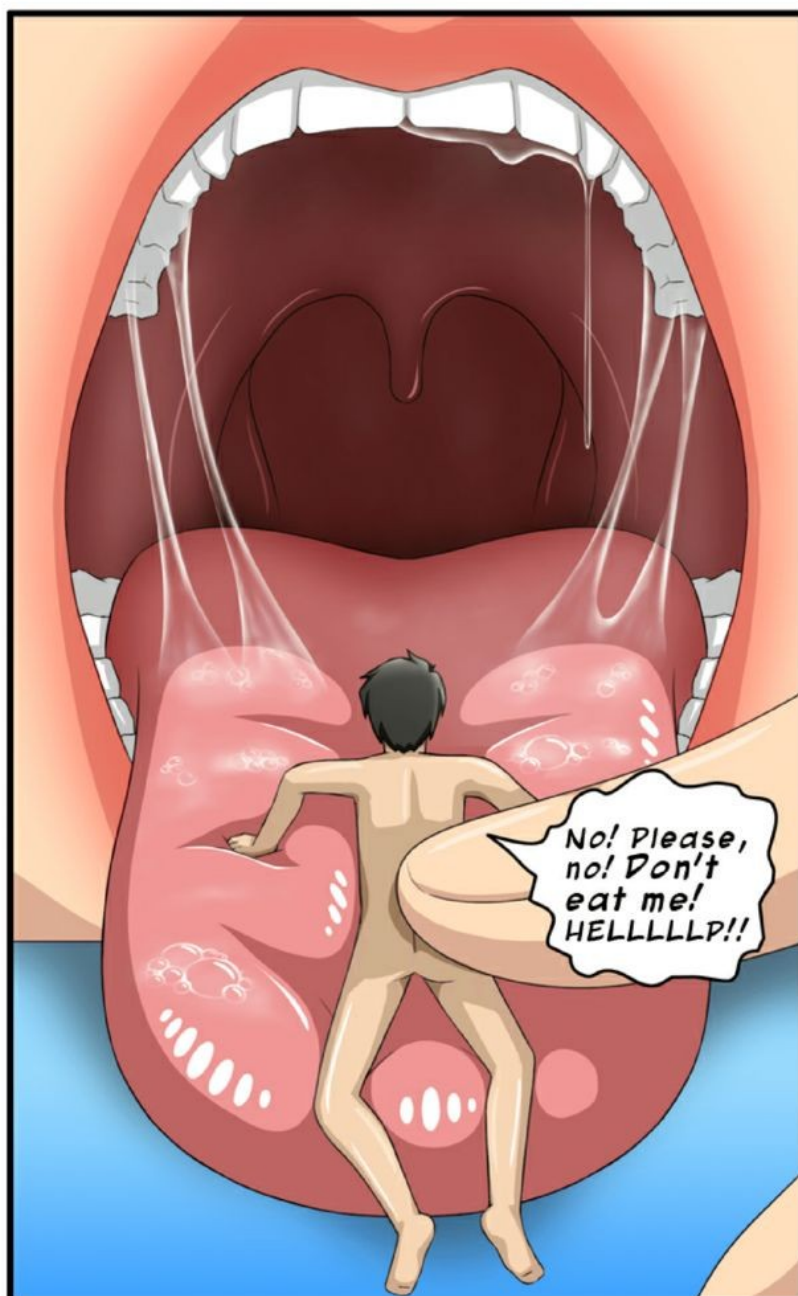

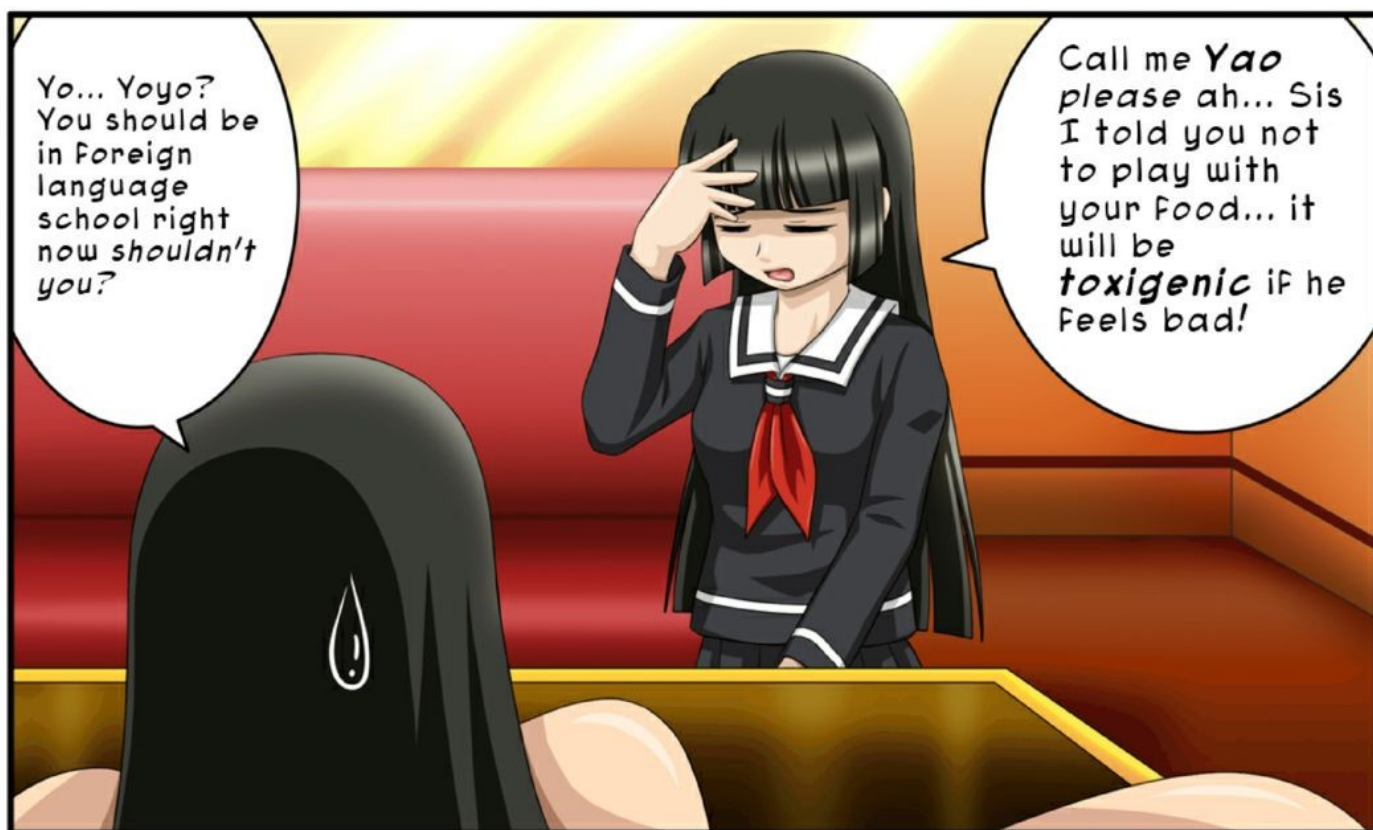

Of course it is
a combination,
they digest and
become a part
of me...

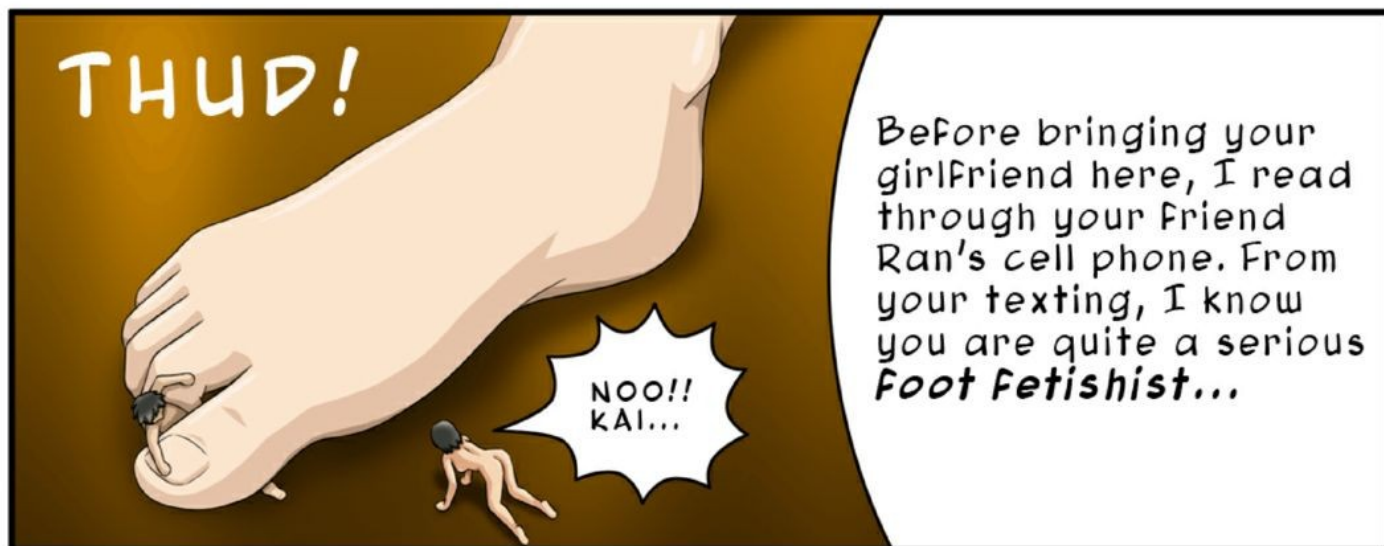

My pussy,
My foot,
My breast...

Uh-hum~ Yoyo
you are **really**
bad... I love
how you are so
risque with
your big sister
ah...

And here
I come!

**DAMN YOU! EATING
PEOPLE OUT OF YOUR
SISTER'S SMELLY TOES!?
PUT KAI DOWN YOU
FUCKING PSYCHOPATHS!**

Hmm... this is
still better
than those two
fighting. And
besides, my
sister loves to
suck my toes.
She is just a
little
embarrassed...
Ah it feels so
good...

Sis, is my foot
delicious?

Ohh~

Very much~

GLUP!
