How long are you gonna stay cooped up in your room?!

My mom,
Yamadayama Akiko.

Listen here, you~!

I have anthrophobia.

Me,
Yamadayama Rintarou.

G-God. Please give me a push in the right direction!

Even I know I can't keep this up forever...

Humans live by helping each other!

Get it?!

BU!?

I don't care if she's the god of pestilence or whatever, but with her here, I think we can get somewhere...

She might be just what the doctor ordered for that dumb son of mine!

Ah! Welcome back!

So, U~M...

Healing phobias is no laughing matter, after all!

B-But don't fret!

Since I am the god of pestilence, I might end up making you even worse...

So whatever it is you need, just-

Given to her by Akiko.
