

This was a bar?

Ah!

Well, I was going home as soon as the rain let up anyway, so I thought: what's one drink?

Darn...

I should have checked the weather forecast for this place.

all of a sudden, it started raining cats and dogs, so I had to take shelter..

Today, I was supposed to go straight home after meeting with a client, but

You've got a pretty cute dick too.

Well, in those days, I was still a naive young maiden.

If only I had been this assertive back then.

Sheesh! You're still as much of a killjoy.

You call that a naive young maiden...?

Aauh...!

Aah...! Shieri-senpai!

Fuaah!

Ah!

But, that's what makes you so cute.

I've never done this before...

And it's not just that... Well...

Of course I am...

First you come at me out of the blue, and now I can't get it up all the way because of the alcohol...

Oh? Are you nervous?

What's that for?

I'm gonna prop your cock up with it.

With a... Muddler?

Ooh! Is that right?

It's your first time, Tsukasa? I'm even more in the mood now!

I'm gonna make sure our romp is unforgettable!

Ah!

You can't use one of your tools like this!

Don't worry, I'll just buy a new one.

I mean, I'm not gonna use it after putting it in your urethra.

M-My urethra?!

What?!

Well, hello...

As soon as I said I was gonna put it in your urethra, your cock shot straight up.

I always knew you were a perverted masochist.

If you really want to stop, why don't you just pull the thing out yourself?

Both your cock and your brain are anticipating what's coming next.

Your Cowper's gland is leaking like a broken faucet.

Oh, please.

while I turn your cock...

into a pussy!

But just wait

Then again, I doubt you'd have the strength left to do so after having a metal rod that big shoved inside your genitals.

Your
nipples are
more sen-

usual too,
aren't
they?
