The Kitsune didn't ask what it was that he saw.

Izuna was always having nightmares.

Rainy and cold nights.

And because of that, she kept silent...

she realized that she was merely a bodily replacement for Kiri-hime.

KIRI-HIME!

KIRI-HIME!

KIRI-HIME!

Looking at the mortal change of Kiri-hime,

She had been strangled until her neck broke, and thrown into the river.

Izuna couldn't move anymore.

And thus, the shattered Izuna set out on his path of revenge against the ogres.

Clothes drank his tears, heavy from the body wrapped in...

by the rain that flooded down Izuna's nose.

Even his inner voice yelling out "Hime!" was locked inside of him,

Watch us r4wk! The first explicit hentai that our group has released, and one with a pretty atmospheric art, at that. This was a great ukiyo-e revival, man. (Magenta pOnOs out of question, kthx -.=') The confusing plot was exactly to my taste, if a bit shallow... Ah well, this is fap material after all, so I'm thankful for what it has. Cherry part had put me through one hell of a time, though. Fancy seeing that AND translating... Ew. Well, take it easy, Dear Customer :3  
- Kaens

Well, it's taken a while to get this out (has it REALLY been eight months since we decided we'd pick it up? that can't be... \*Anath goes to mess with the calendar\*)  
Anyways, after much trials and tribulations, we've released this... though I can't say I'm too happy with all the sex, the artwork is rather nice \*is attacked for obviously not liking hentai\*. Hmm...what more to say? Nothing else I can think of, so I'll leave you to your viewing/reading/fapping pleasure (oh, and DO enjoy those strangely colored penises while you're at it, just ignore what Kaens says >\_>).
