[KANATA NO TABI II / SORAKO NO TABI / episode 05]

OTAKUBEAM 2013 SUMMER

SINCE 1961

Wanna come spend the night at my apartment instead? We can party 'til the sun rises.

About Kanata.

As an alien, her real name in her language is "Grand Earth Survey, Second Survey Corps, Ground Investigator #87".

In terms of seniority, she should've arrived on Earth before Sorako. But she's clumsy, awkward, and has by far the least number of cases under her belt. She continues on her investigations day and night in order to catch up to her high-achieving subordinates.

Nonetheless she has a knack for attracting unusual encounters, and she's proud of the fact that the rarity of her targets as well as her meticulously detailed reports are unrivaled.

This time she came to the red-light district for an investigation/part-time job. With the regulations as strict as they are now, nobody could hire her due to her childish appearance, so she had no choice but to spend the night on a doorstep...is what it seems.

OTAKUBEAM 2013 SUMMER

Hello, this is Ootsuka Mahiro.

"Fifth book of the series, Kanata's book #2". Drawing and drawing without any planning led to this long and confusing numbering system. I'm sorry. This was my first time drawing a story featuring lesbians, all because of Kanata's blunder. I hope you enjoyed it. Thank you for reading all the way to the end.
