Shoku

Hey guys, Shoku here. This is my first release for PSYN - I moved over from manga to look for new interesting works, and I can already say I like it here in H - being a bit of a redrawing maniac, there's a plenty to choose from, and the art quality is just brilliant overall. This work is a bit of a greeting from me, I went all out on redraws and even went as far as decensoring it. Hope you enjoy it as far as I did, and look forward to more!

Taira Tsukune's stuff is short, but it's always good.
