AFTERWORD

Hello, it's Cool Kyou Shinja.
I ended up drawing a short doujin about nothing but boob loli succubi and a boy hero having sex.

I've been working with various groups but have been thinking about releasing a book on my own. I had trouble getting around to it and the growing frustration eventually blew up into this. I've done a lot of boob work about older women and boy pairings, but lolis with boobs is my personal fetish, so it felt good to do whatever I wanted here.

I'll probably release some more books on my own occasionally. Until then.
