This is work of fiction;
the groups and individuals depicted do not exist.
S&M is a type of 'play'
that requires an agreement with a partner.
Enjoy it with your partner on a foundation of
proper knowledge and self responsibility.

■ According to the memo, her intention is to be a slave that specialized in facial abuse. Inexperienced with sex using her genitals. Despite the increasing intensity of this kind of play, It seems this is stimulating material for her, as she hasn't done this kind of thing herself.

■ Left by herself while wearing leather restraints. She was recorded to have reached orgasm several times without being able to touch her genitals.

■ Using the holiday for a long training session. She was looking forward to it since early morning, and seemed pretty excited when she came to the training room.

On this day, she endured the torment of a vibe while wearing heavy spandex. It seems she let out a complaint about not being restrained with rope or bondage gear. She said the real torturous part was not being tied up.

The incessant torment went for a long time. The thorough training continued even after she fainted and peed herself.

■ **More Layering**

She wasn't told this was a type of bondage, since her strange and unexplained appearance was another part of the humiliation play.

■ The final training was nearly 9 hours of being punished on a wooden horse in full bondage. Her clitoris was battered by a vibrator and severely tormented. Though she was heard begging for it to be inserted, it wasn't.

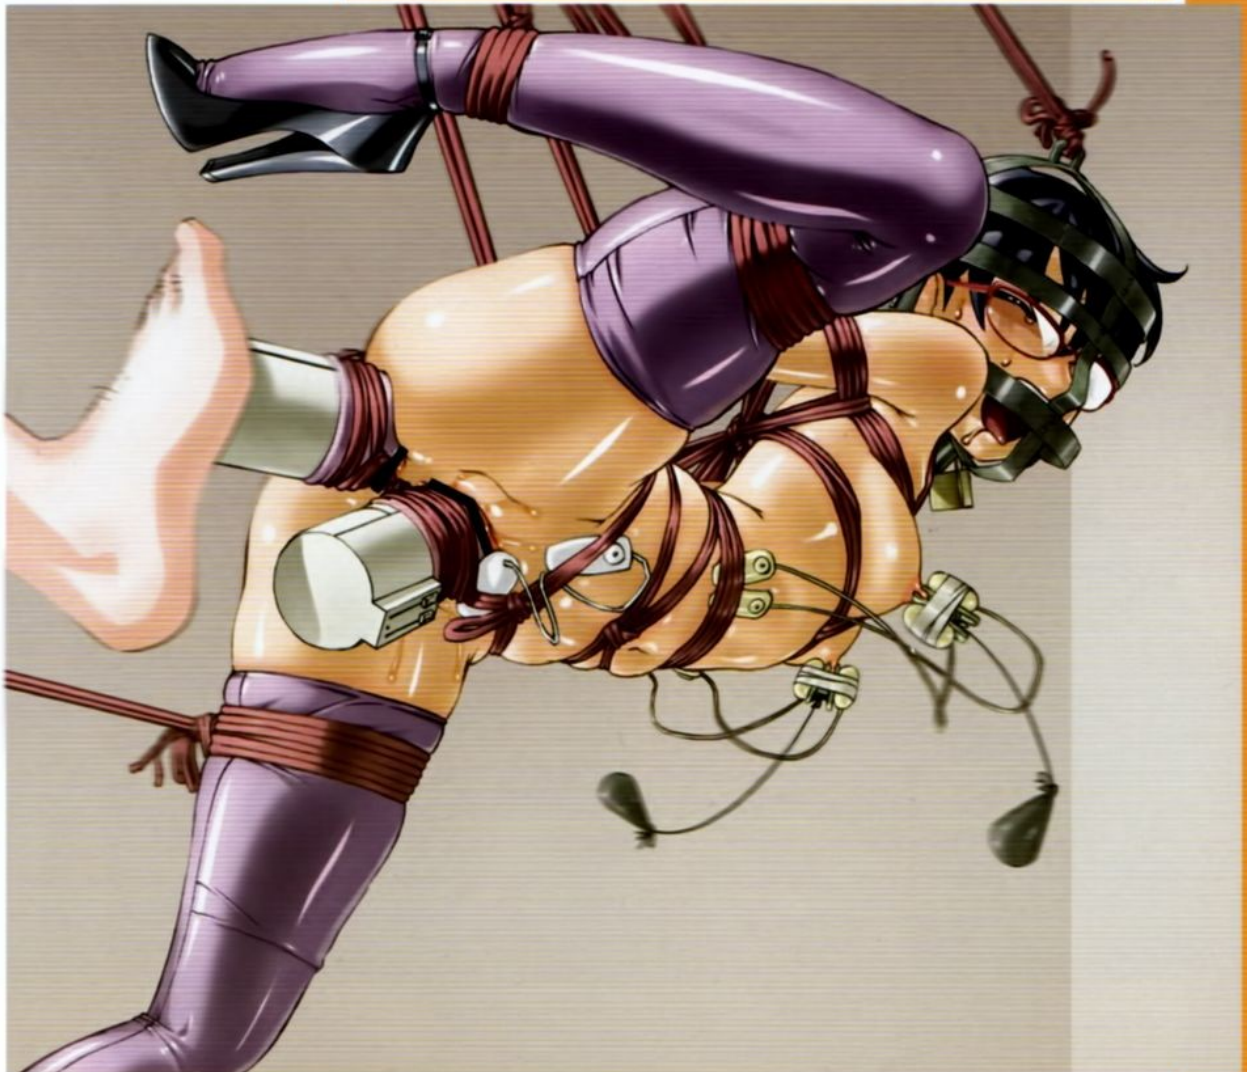

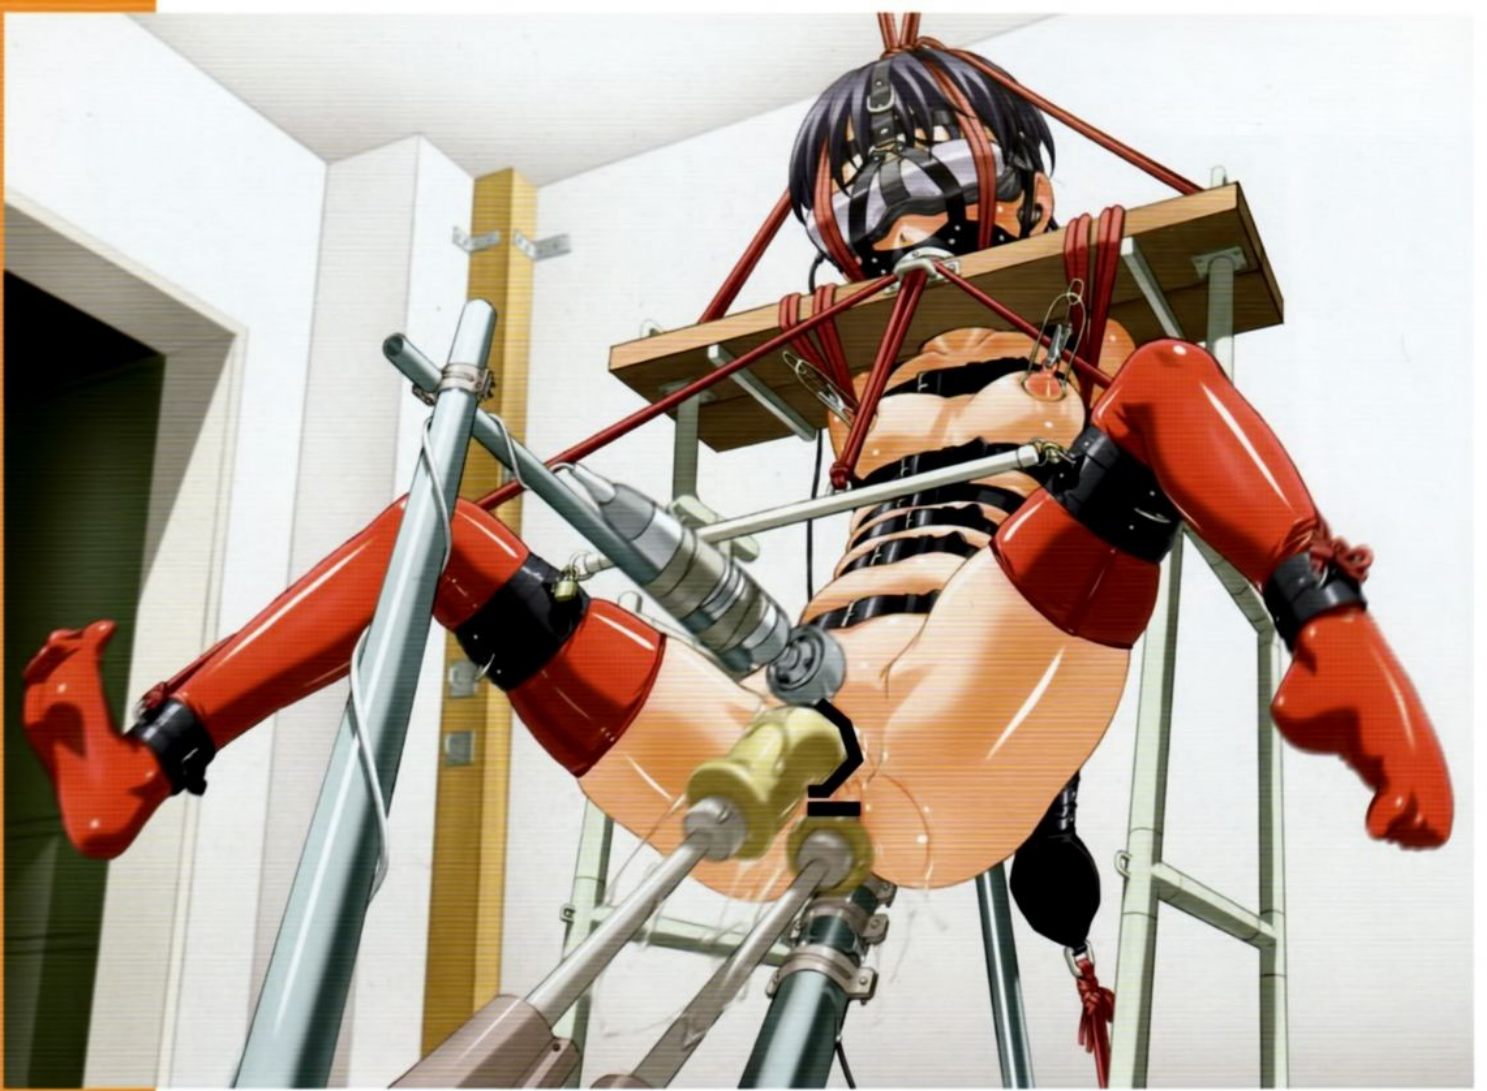

■ It has been confirmed that she would routinely drink urine. Though she usually drank it directly, this is a rare image of her doing so.

■ She was left at home like this while shopping. There are many such images. Though there is supposedly a video of her left in this state, that data remains unconfirmed.

■ Eating during a break.
Afterward this,
the intense training resumed.

■ This image is believed
to have been sent to a man
from her home.
It seems she decided
not to meet any partners
except discreetly
in the training room,
and sent this instead.

■ Because there were many images of enema play, it seems that was her favorite. You can tell that she's a rather big masochist based on her piercings. This appears to be her high school Japanese teacher.

**Hello and nice to meet you,
I'm Sakura Romako.
Thank you very much for picking up
'Training Records'.**

**I wrote this afterward last winter,
And this is the 2nd time since the first draft
was sent to the publisher and rejected.
If you're reading this afterward,
then I was successfully able to make it this time.
I had a lot of things going on in the meantime.
And I couldn't even imagine the situation when I send this off in winter...**

**I had carelessly forgotten that the old man that appeared in
'Nobody Knows the Class President Does These Kinds of Things'
that came out in winter of '09 had gone home.
Though I tried to aim for the feeling of making a book from various data,
There were lots of pictures with different sizes and goofy parts.**

**Though I had numbered the files,
I just used the numbers with the old man training her as they were.
I was playing with 13 people before Ikumi from 'Class President.'
The truth is, I had planned for pictures
from a partner he trained before coming to Japan,
but that was cut due to convenience.**

**I stretched myself thin and turned into a nervous old man
by making this full color book.
Before I can release another full color book,
I'll have to devote myself even more than now!**

**Thank you very much for bearing with me until the very end.
And please stop by to visit if you see me somewhere.**
