I, the rookie actor Kamimura Michiru, for the sake of getting TV news coverage of the "Mysterious Nudist tribe", have traveled to the Jungle as a reporter.

When I had lost sight of the news crew and our campsite, I was unfortunately kidnapped by the nudist tribe.

I SAID STOP

Or so I thought ...

Michiru!

Michiru! Thank you!

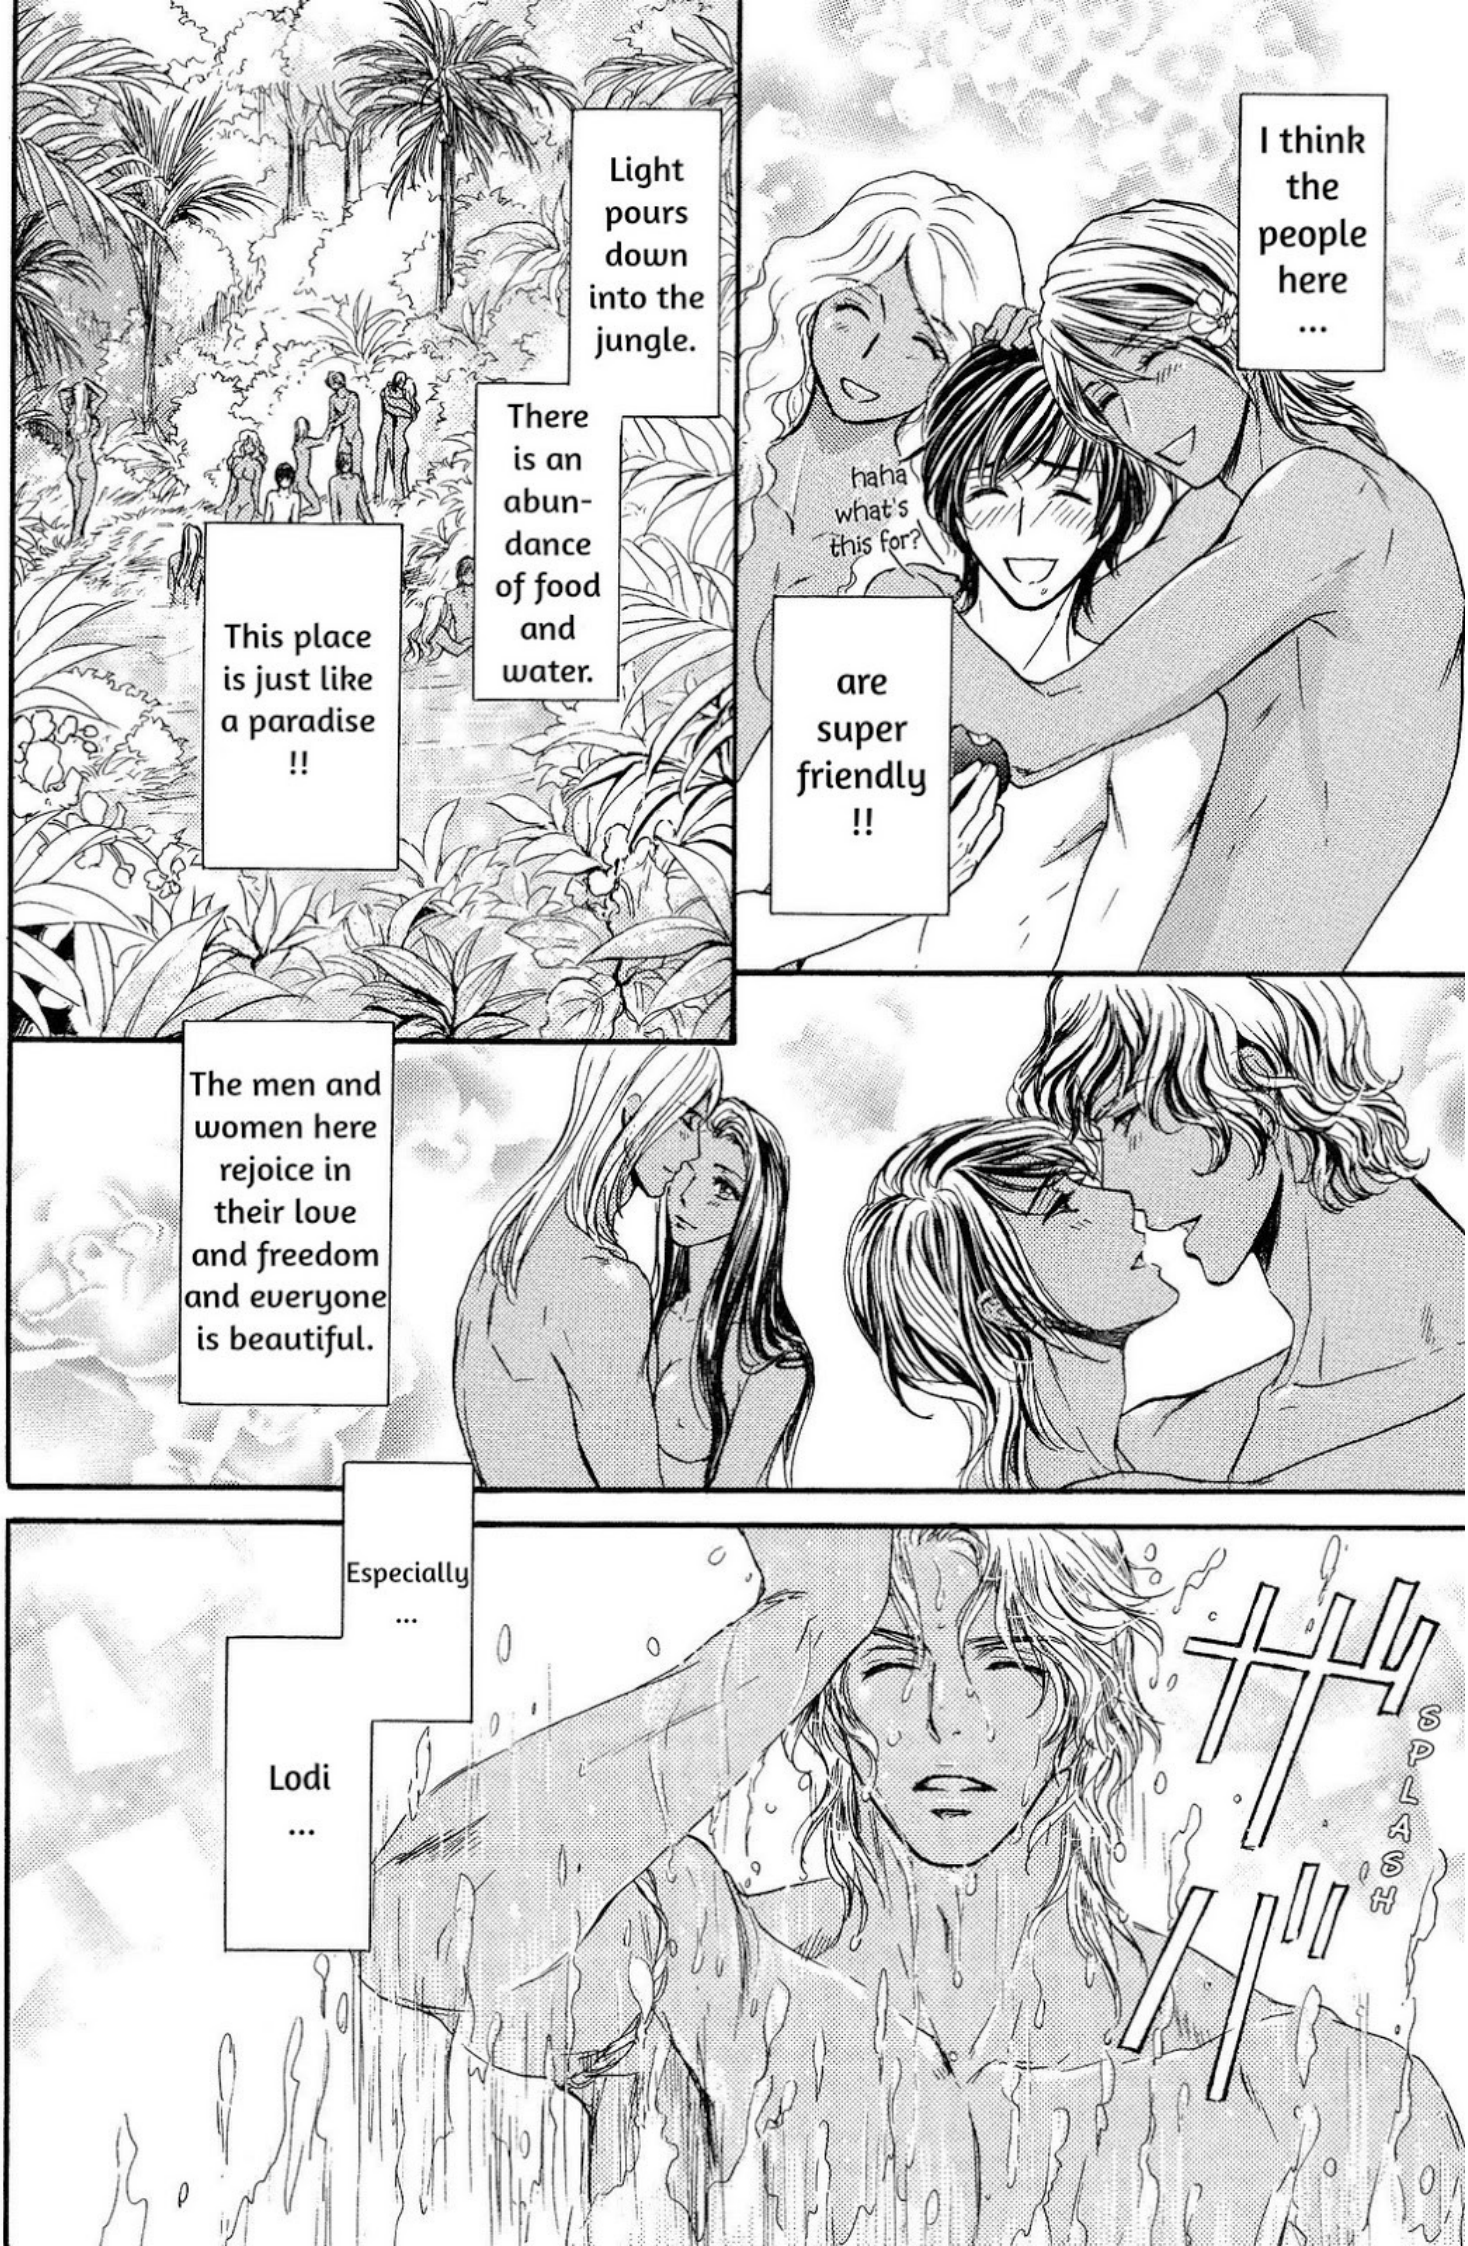
I've already been here for a month and a half. And, with the exception of my name, they still don't understand anything I say, but ...

huh?

Where is ... everybody ...?

How-ever ...

they took care of me and protected me and even though it wasn't my intention ...



I think the people here ...
haha what's this for?
are super friendly !!
Light pours down into the jungle.
There is an abundance of food and water.
This place is just like a paradise !!
The men and women here rejoice in their love and freedom and everyone is beautiful.
Especially ...
Lodi ...
