

Story

Yamashita, our protagonist, is a man who finds himself sexually aroused by dressing up as what some would call a "bishoujo kigurumi."

Obsessed with his nightly transformation into a doll named Yuuri, he normally hides his hobby from others. But one day, through a series of events, he happens to tell this to Enoki, a woman he is interested in. However, rather than accepting Yamashita's interests pure-heartedly, her own distorted predilections lead her to gradually start treating "Yuuri" as her own doll. Yamashita is now torn between two extremes: his feelings as a man of love for her, and his descent into becoming her possession, a doll with no sense of self. As he struggles, Enoki's sense of ownership towards her "doll" continues to escalate, eclipsing even Yamashita's own emotions.

This title features many depictions of kigurumi, cross-dressing, and SM. Please refrain from reading if you are upset by these themes.
