Just what could have ...?

This is way too different!
What should I do...?

"With these you can become a completely new person!"
...Or something like that.

I bought those drugs awhile back so I could say 'goodbye' to my boring student life...

Let's masturbate.

Al-right.

I've really got a precious little girl's body...

Don't know how long this'll last, so better take advantage while I can!

Even 'lil ol' granny here looks like a giant.

Yep, everything looks tall now...

Eh?

I'm sorry, but I can't sell you an alcoholic beverage without your mom or dad present.

Excuse me, miss ...

that foul

makes her

Guh... Pain...

Stop moving...!

Looks like we need to teach you some manners!

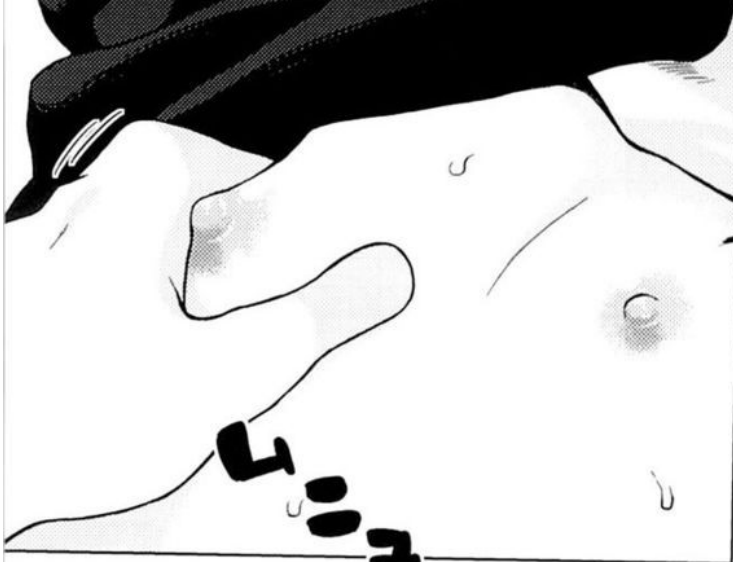

Just... stop!

Seriously...
It... hurts!

Oh-she's struggling!

These guys... They're seriously pushing it!

If I could just change back, I would...!

Gonna punish you good!
I've had enough of that foul language, already!

Come on, time to take it off~

DON'T TOUCH THAT, YOU BASTARDS! YOU'RE GROSSING ME OUT!

AH!

Shit!

Son of a bitch!

Man, her whole body looks so damn soft!
She's taking it well ~

Gonna go out for a piss.

Alright, switch over...

See ya.

How long... have they been passing me around...?

Enough... I can't...

I'm dying ...

She's being obedient now, but she's not reacting very much, huh...

I guess it's actually more exciting when they at least put up a fight.

My lower half is numb and tingles a bit... It's kinda warm, and I can't feel the pain anymore...

Minato here.

This time it seems we have a transformation story.

Our protagonist, the 'masking drug', would certainly be a popular item, wouldn't it?

Of course, the first thing anyone who switched sexes would want to do is perform some masturbation, right?

Ah... if only we had the technology for artificial cyborg bodies.

While 2015 is ending this time around,

We've had our first book, our circle's tenth anniversary,

and our first wall arrangement at the latest Comiket - something special after so many years.

This was only possible thanks to you guys - thank you all very much, truly!

TL Note: This whole paragraph gave me trouble with the odd modern dialect, so I probably messed this up

This year it was Okinawa, Nagoya... and I participated in a doujin event in Kaohsiung, Taiwan for the first time.

I want to try to get to Tohoku if there's a chance, since I've never been there before.

The next new book will be released in February - a full color version of "Kago no Naka no Kotori wa Itsu Deyaru 0".

I've planned it this way because I'm going to be going to event after event after Comiket.

TL Note: Yes, this means you get to witness such suffering all over again - this time in full color!

For details, please look at the homepage! m_m

Well, then... Have a happy new year, everybody!

Noraneke no Tama looks forward to your continued support.

*Be honest - that cover totally had you fooled, huh?
At least it was accurate up to the first 9 pages!*

*So, yeah, my first complete translation project.
This is a very complex feeling. I feel more fulfilled
than I have in ages, and yet I'm not getting compensated
for it. Not that I don't enjoy the compliments!*

*I really hope this isn't the last we see of this guy-
turned-loli. I wanna see more of how s/he deals with
his/her new reality. Seems Minato has other plans,
however. Oh, well.*

Until my next project - see you then!
