Nice to meet you.

Your genes were found to be inferior by our department,

and I hereby declare that you have been stripped of your rights towards reproduction.

I am a sexadroid that was dispatched from the Department of Ejaculation Management.

シキ

I can confirm by sight that it will take 1.2 seconds for your sex organ to become erect.

Your level of inferiority as a citizen is remarkable.

Your ejaculation functions have been locked.

Please behave reasonably as a citizen.

We will now begin your ejaculation management.

You will be put under 14 days of ejaculation management, while at the same time you will be forbidden to make contact with my body.

だ. ー. っ

A serious violation of the rules has been detected.

No amount of stimulation to your penis will cause you to ejaculate.

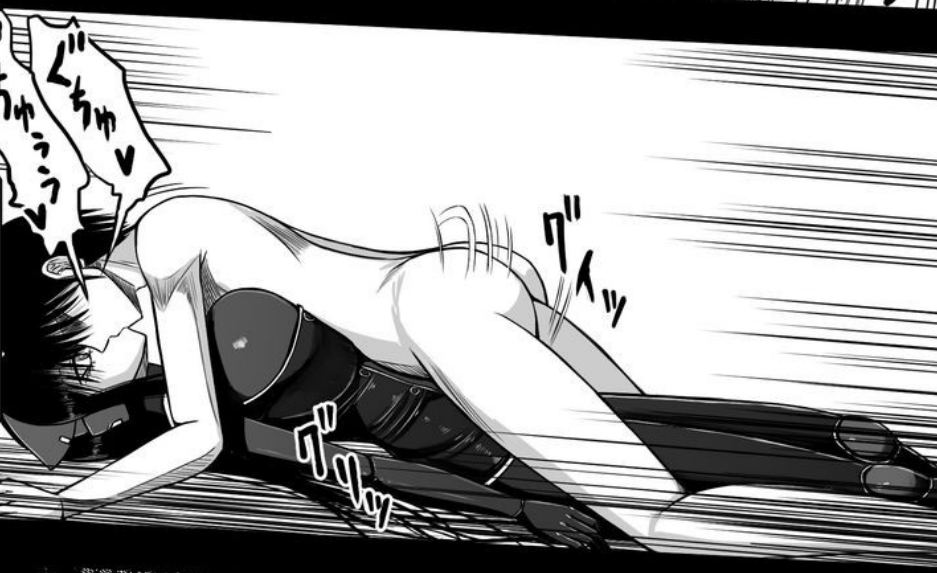

Please cease this behavior immediately.

ん. っ

The longer you continue this behavior, the longer the punishment will become.

Because you violated the rules, your ejaculation management period will be extended.

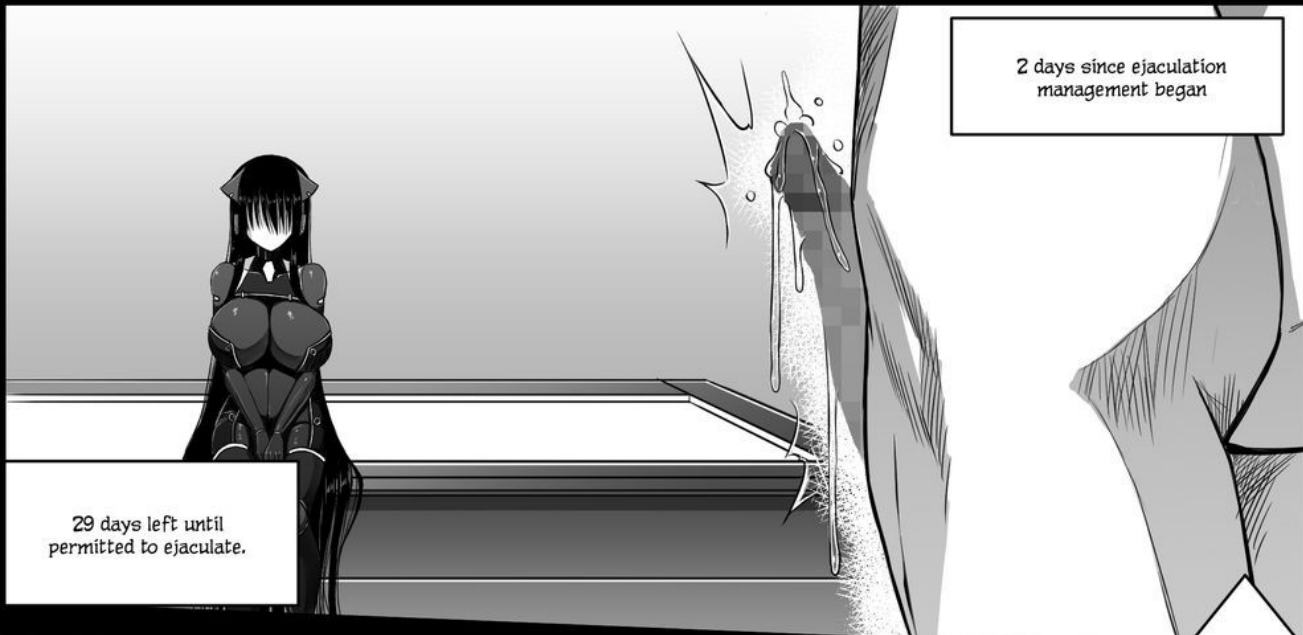

Your ejaculation ban has been extended to 30 days.

Please understand this.

It is impossible for you to ejaculate.

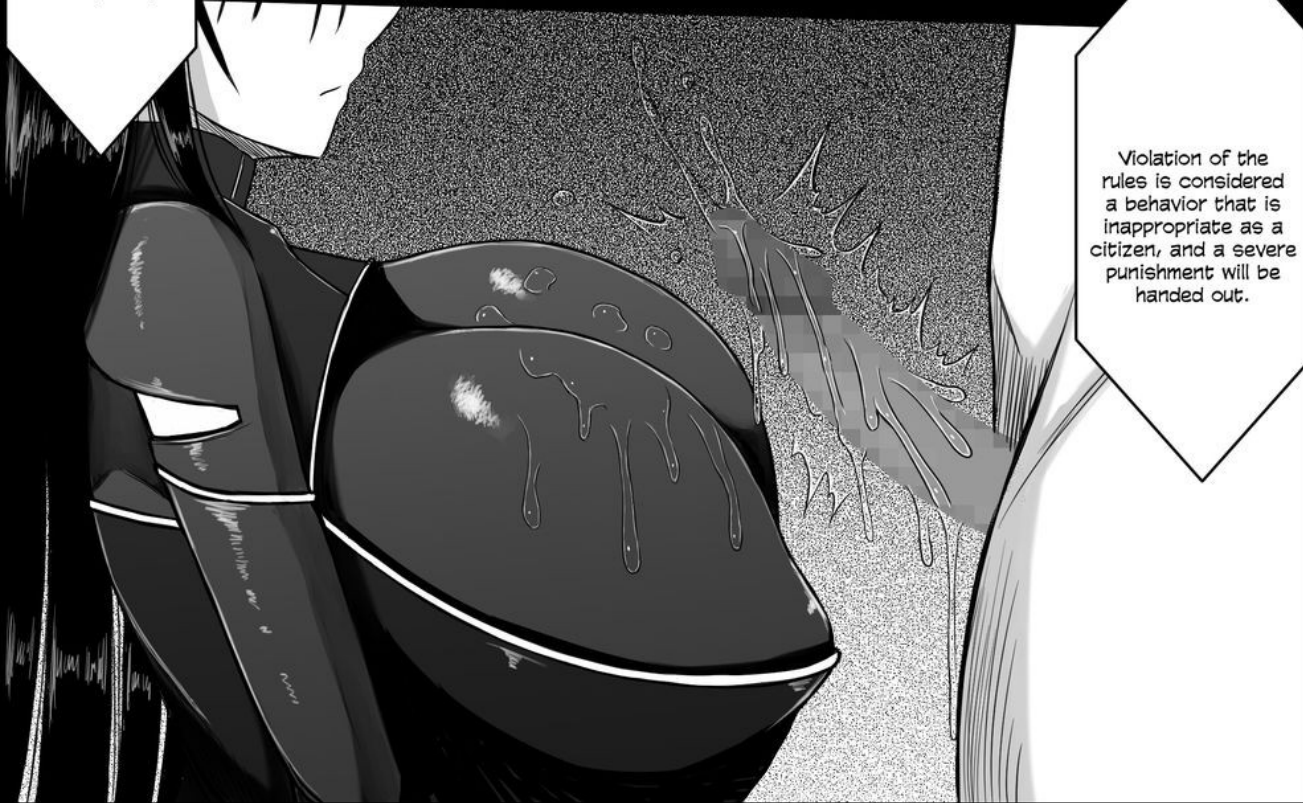

2 days since ejaculation management began

29 days left until permitted to ejaculate.

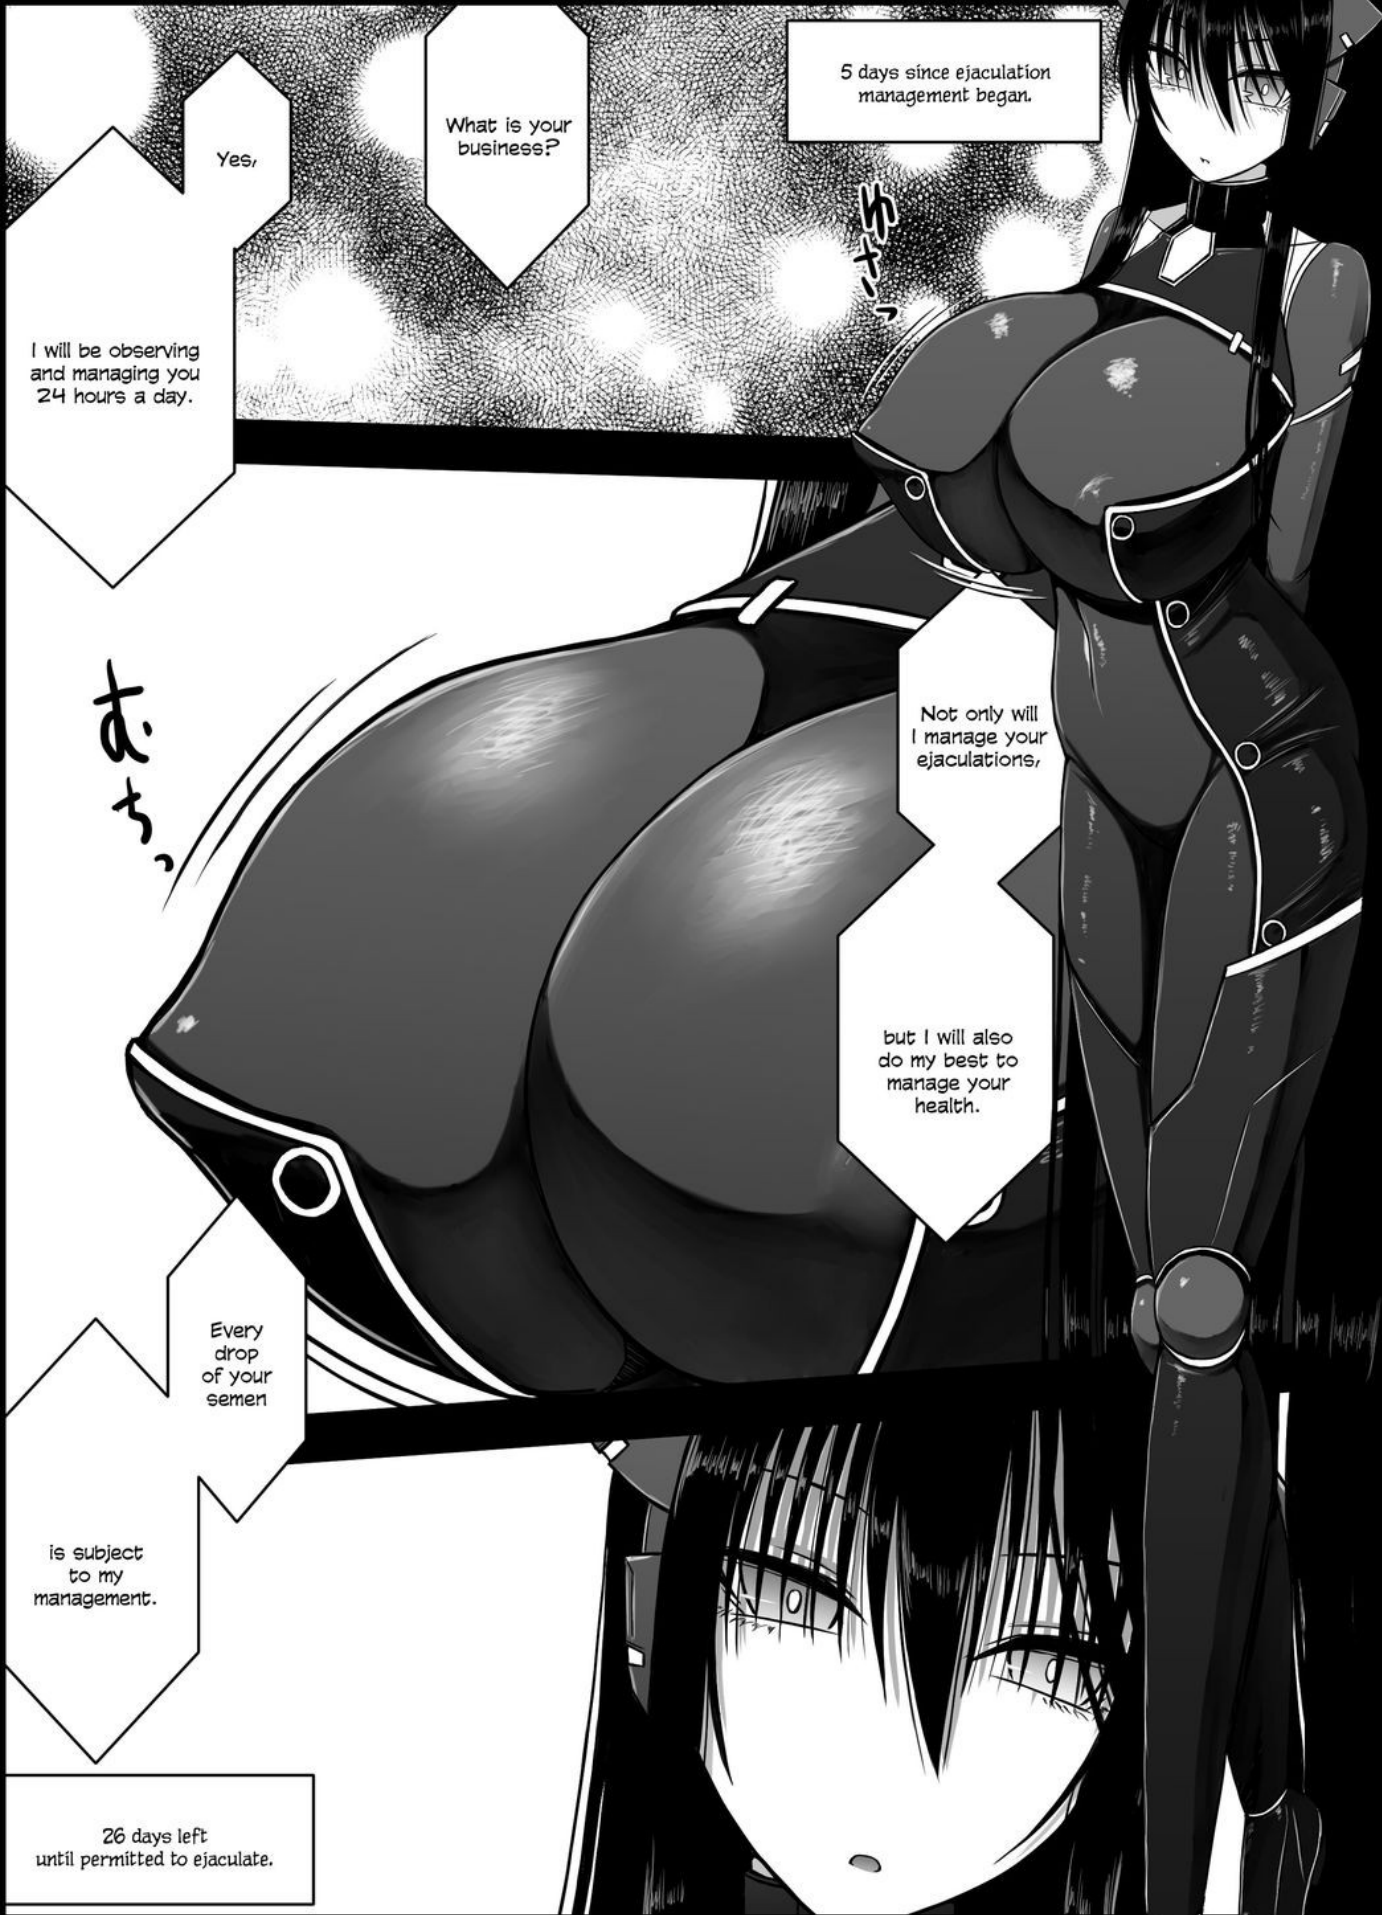

I am warning you.

You are currently not permitted to make contact with my body.

Violation of the rules is considered a behavior that is inappropriate as a citizen, and a severe punishment will be handed out.

5 days since ejaculation management began.

What is your business?

Yes.

I will be observing and managing you 24 hours a day.

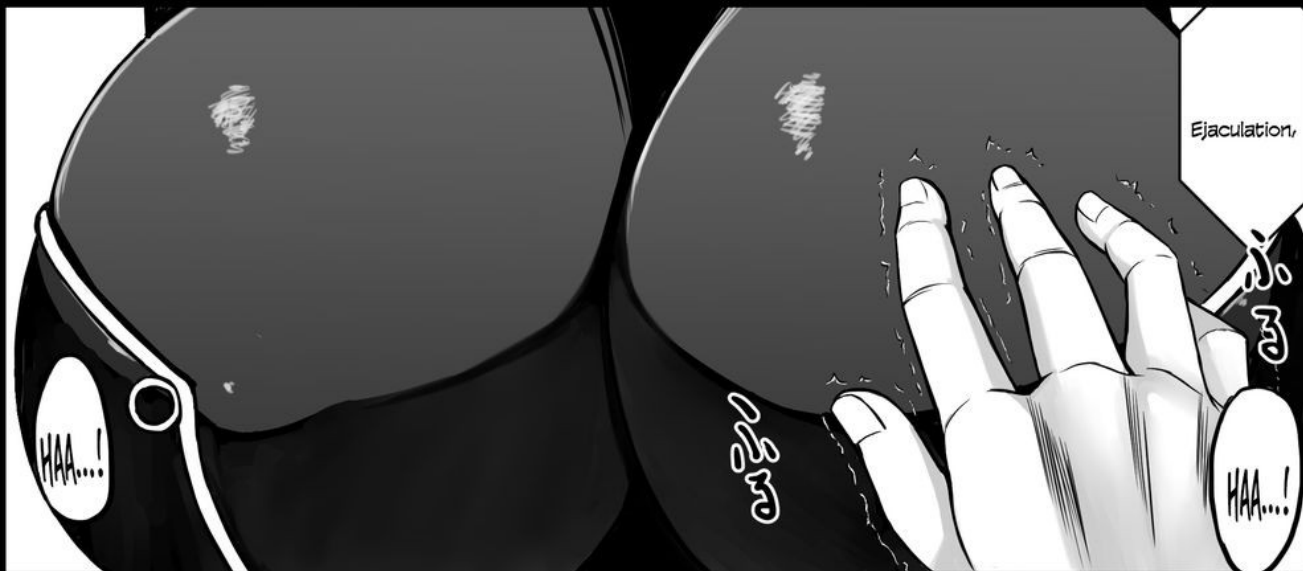

Not only will I manage your ejaculations,

but I will also do my best to manage your health.

Every drop of your semen

is subject to my management.

26 days left until permitted to ejaculate.

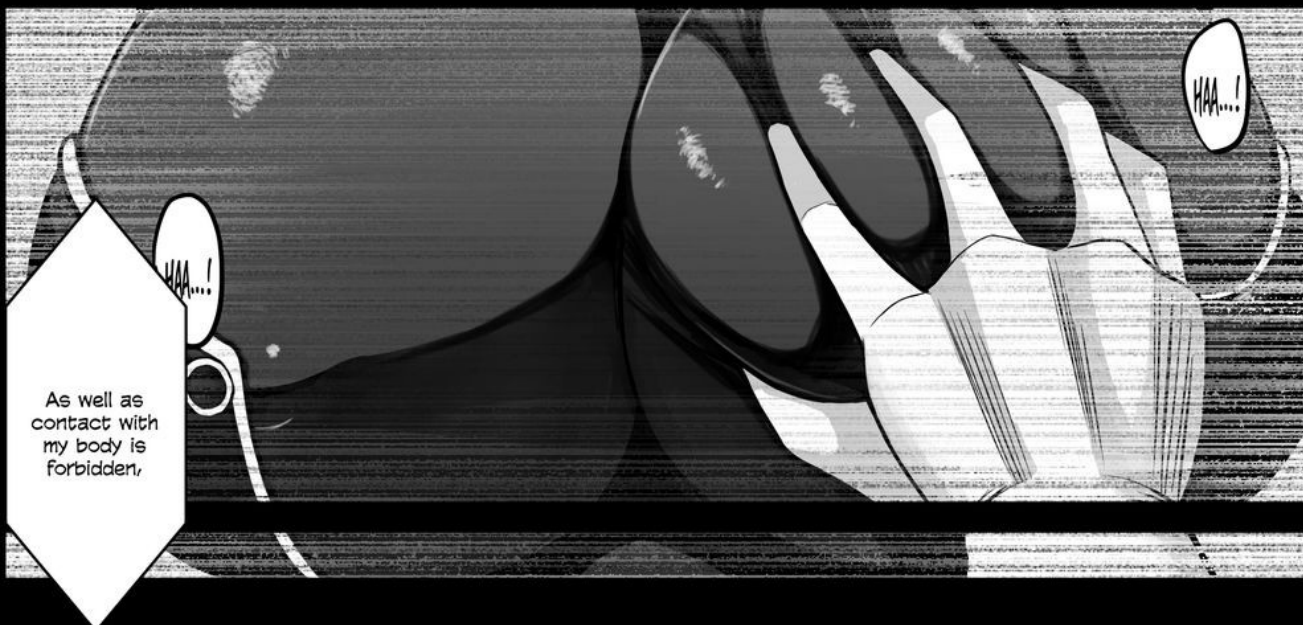

Ejaculation,

HAA...!

HAA...!

HAA...!

As well as contact with my body is forbidden,

HAA...!

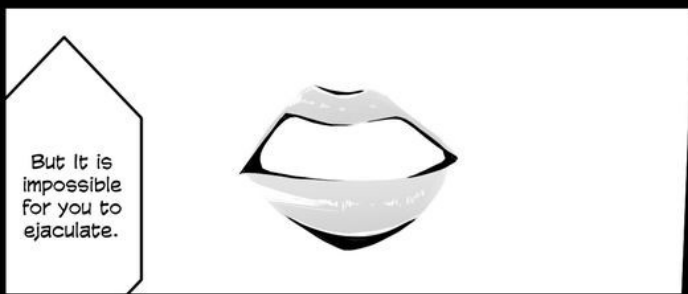

HAA...!

You are also allowed to rub your penis,

HAA...!

HAA...!

But It is impossible for you to ejaculate.

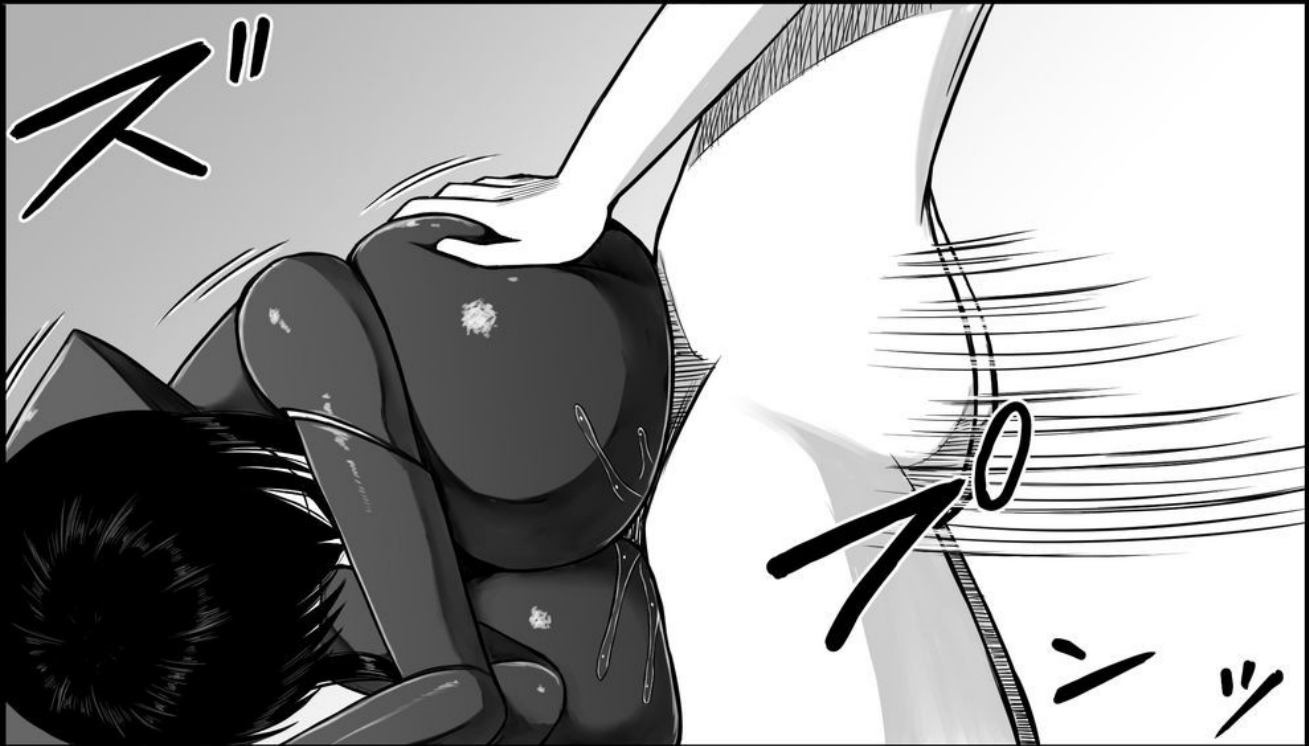

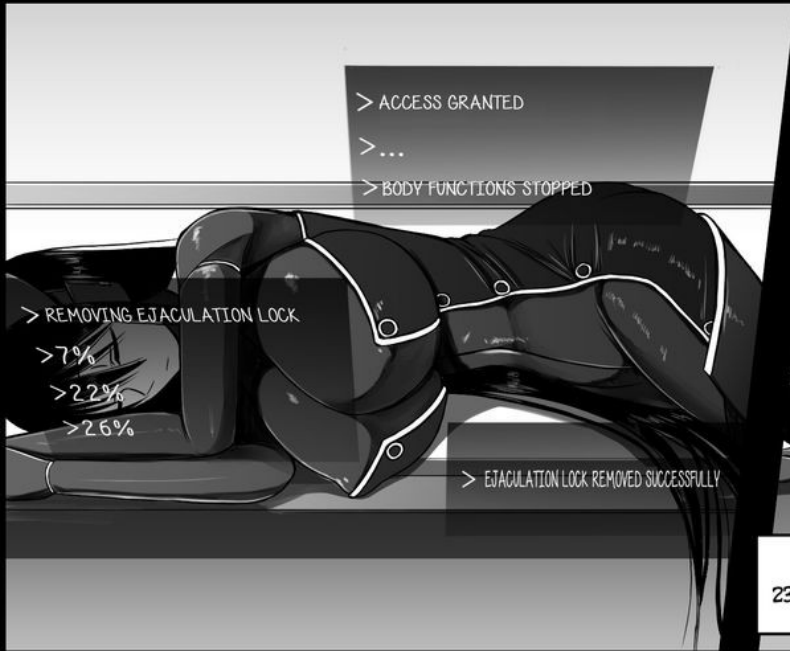

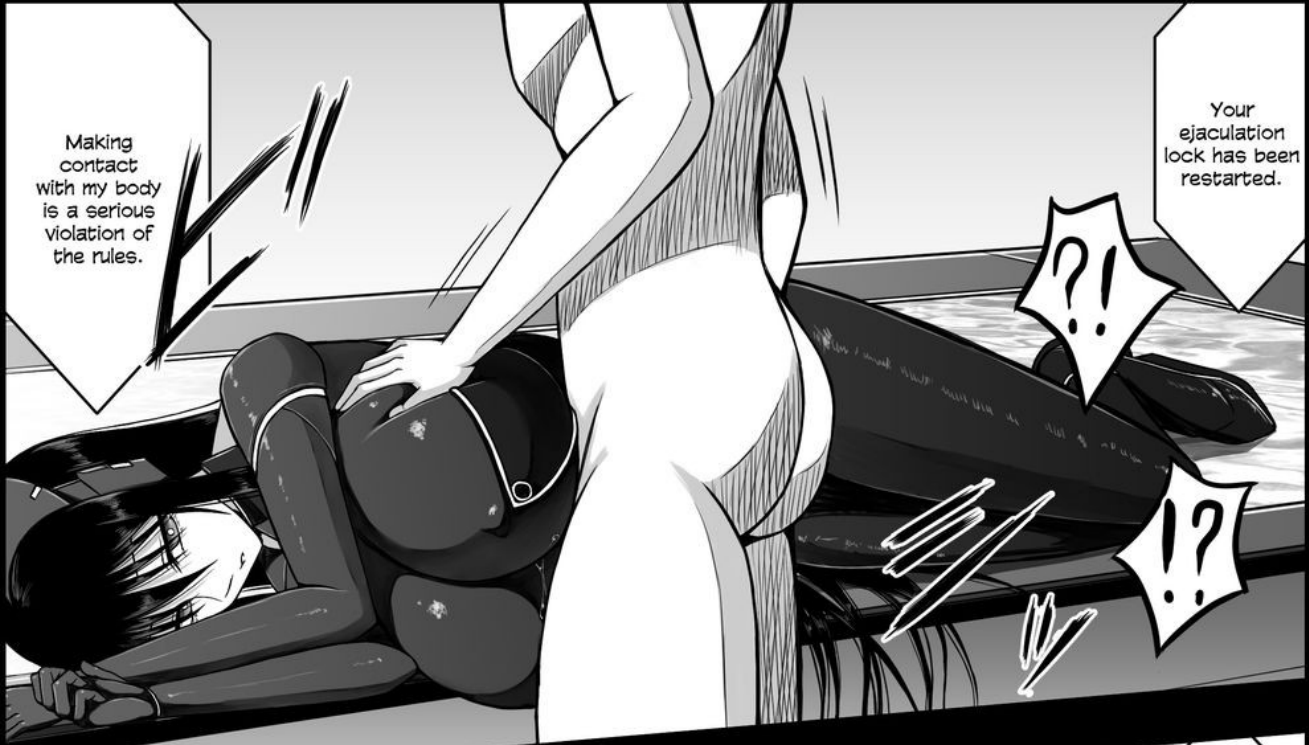

But you can freely...

HAA...!

HAA...!

Lust after and fantasize about me.

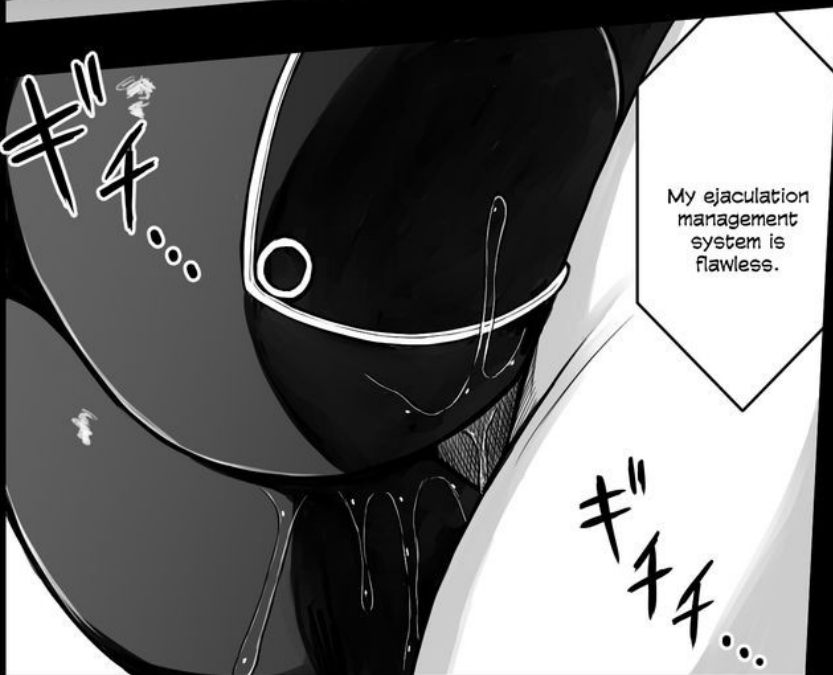

Making contact with my body is a serious violation of the rules.

Your ejaculation lock has been restarted.

?!
..

!?
..

My ejaculation management system is flawless.

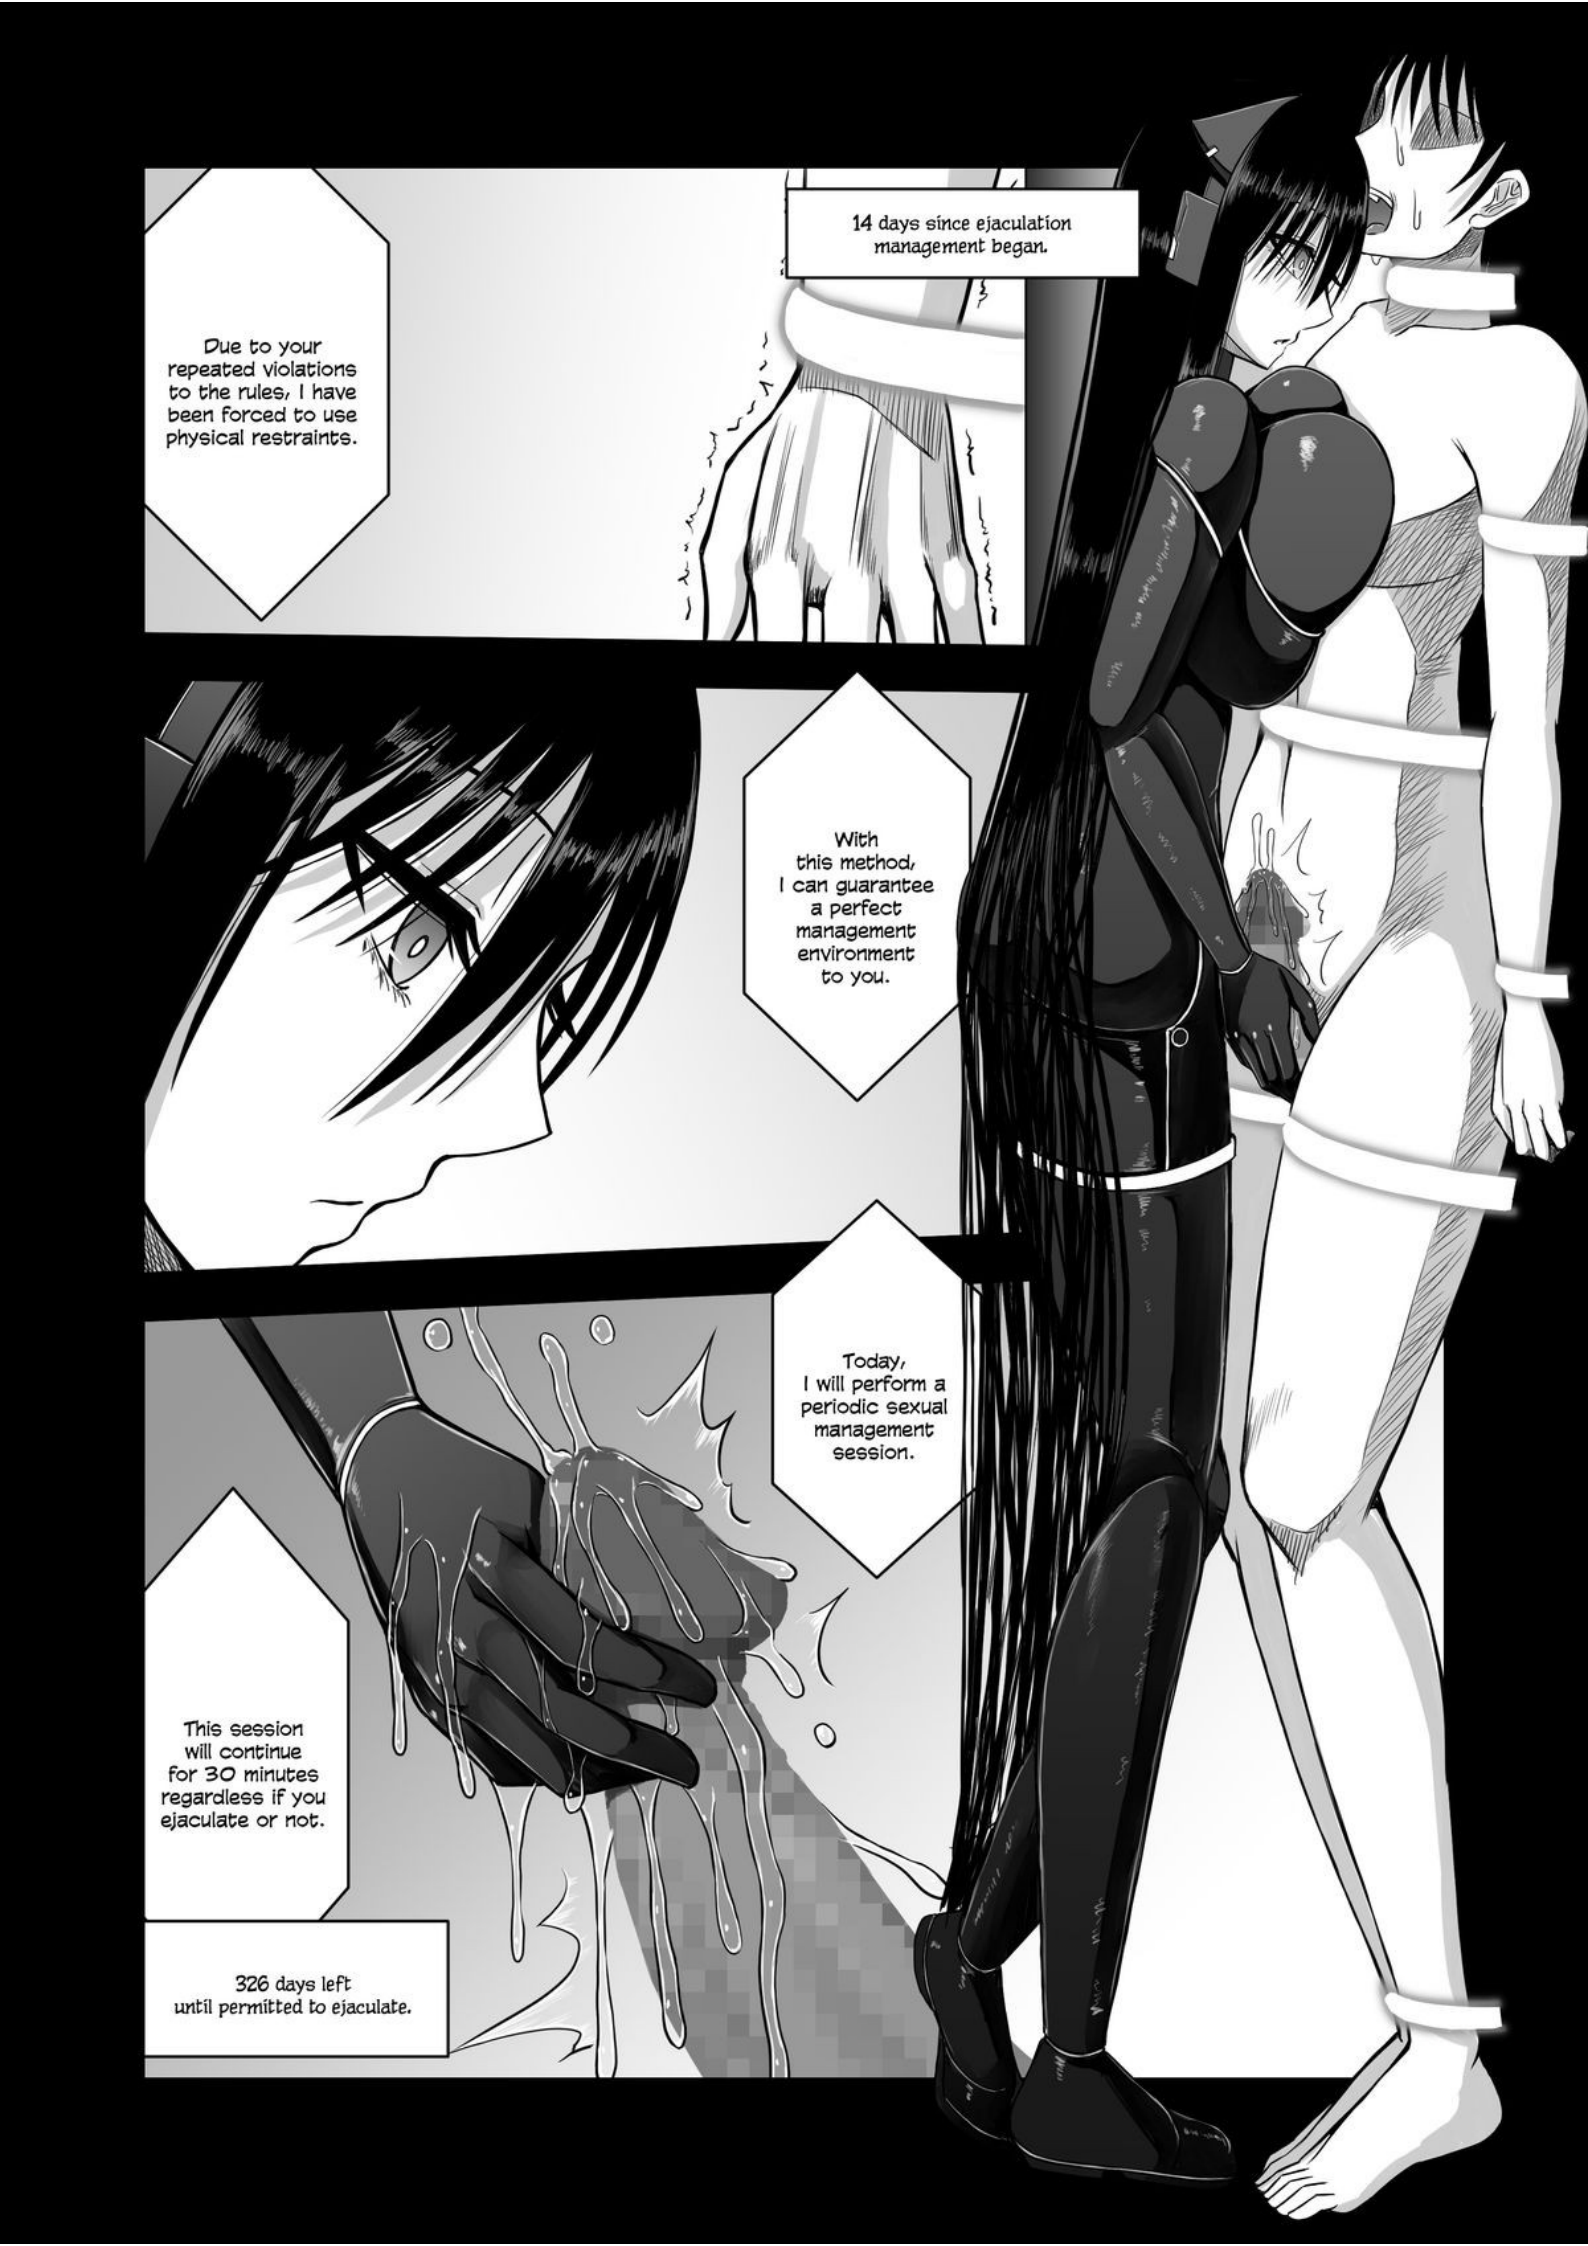

According to the rules, your ejaculation bar will be extended.

Please cease your activity and physical contact immediately.

Please be aware that your behavior was expected, and the entire event was being observed by a backup.

14 days since ejaculation management began.

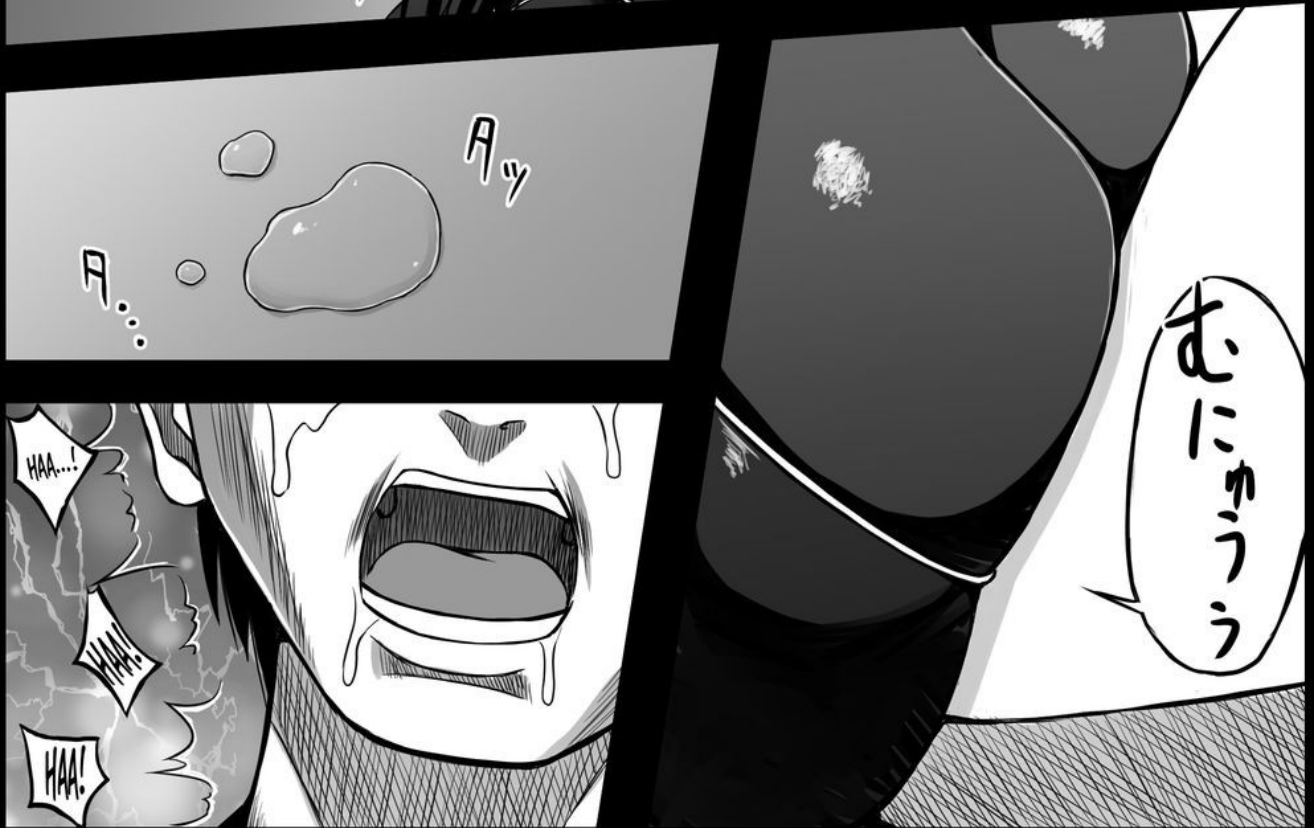

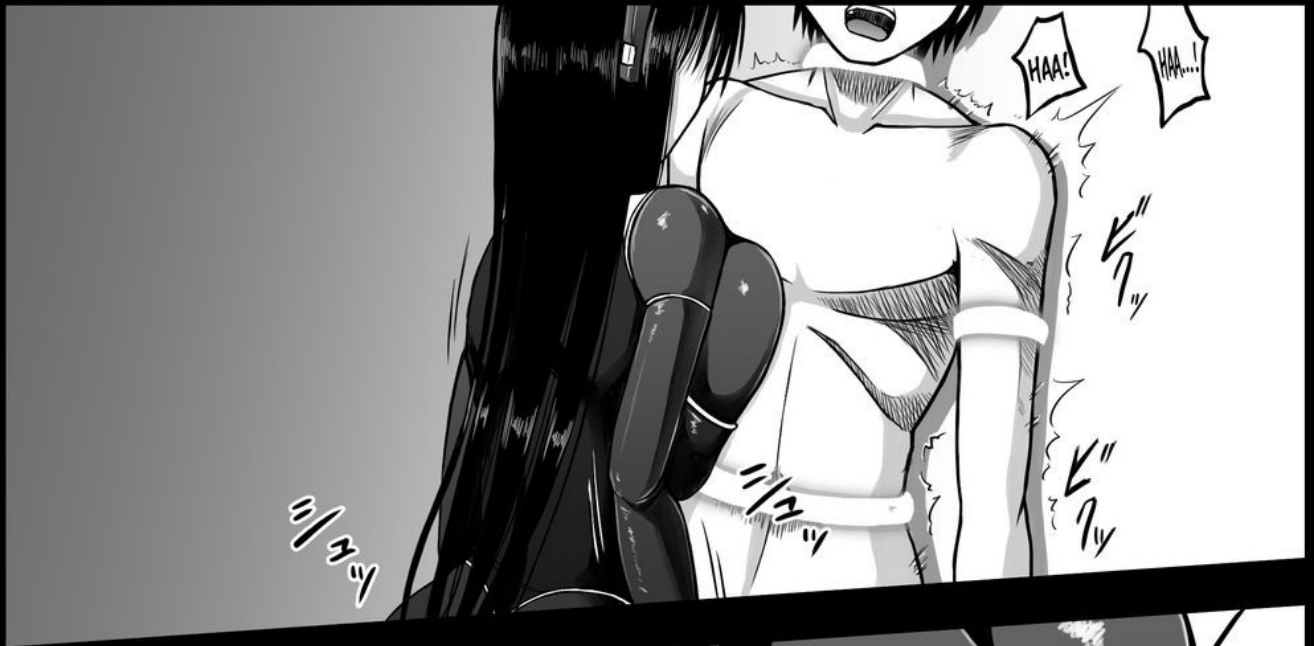

Due to your repeated violations to the rules, I have been forced to use physical restraints.

With this method, I can guarantee a perfect management environment to you.

Today, I will perform a periodic sexual management session.

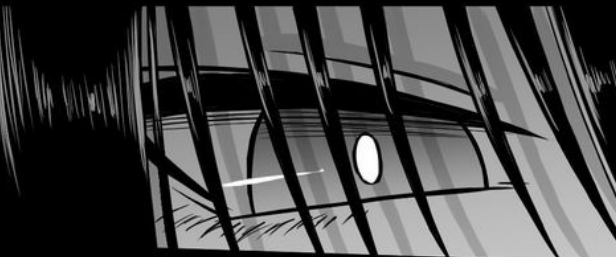

This session will continue for 30 minutes regardless if you ejaculate or not.

326 days left until permitted to ejaculate.

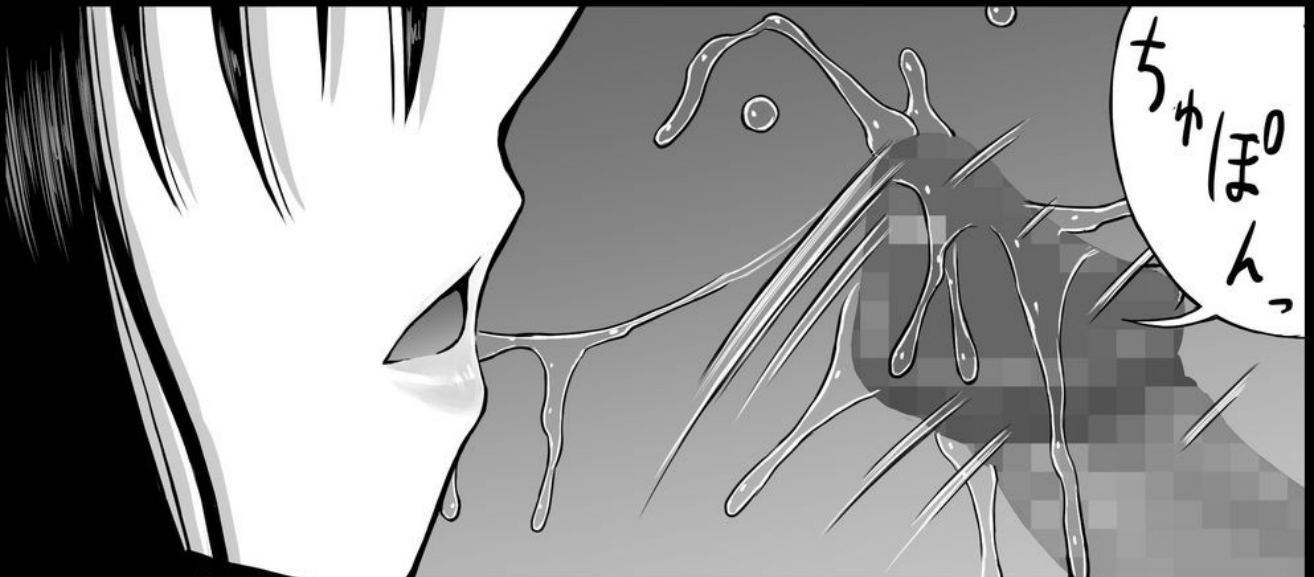

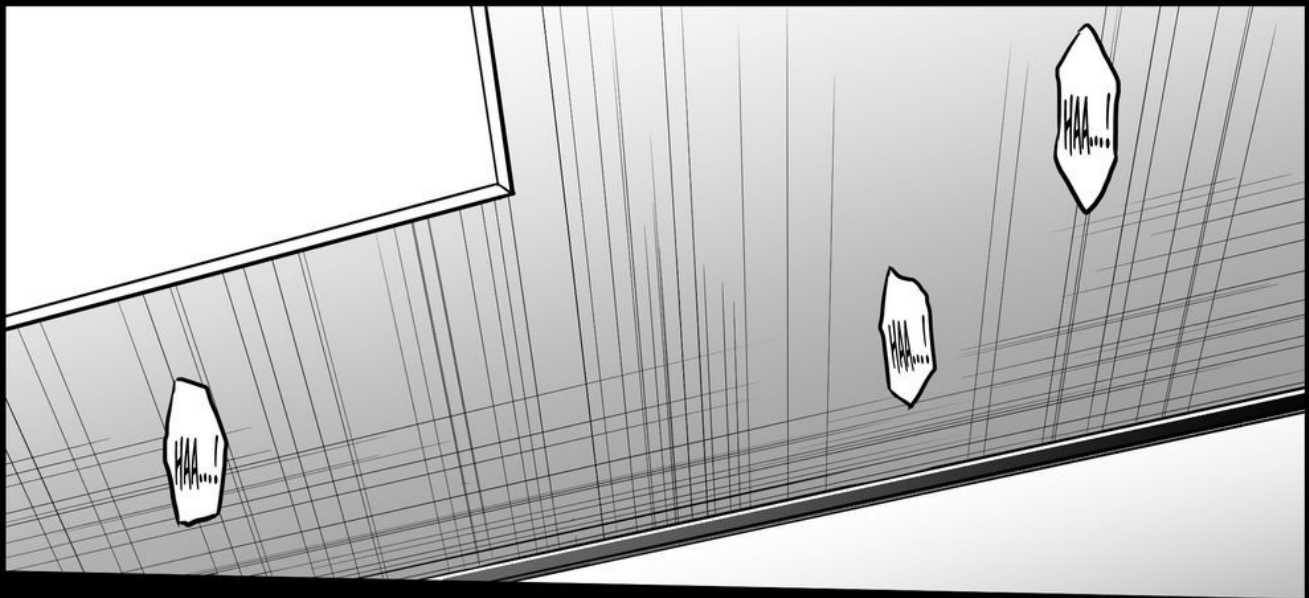

Confirmed an irregular state of arousal in your penis.

I will begin your medical exam.

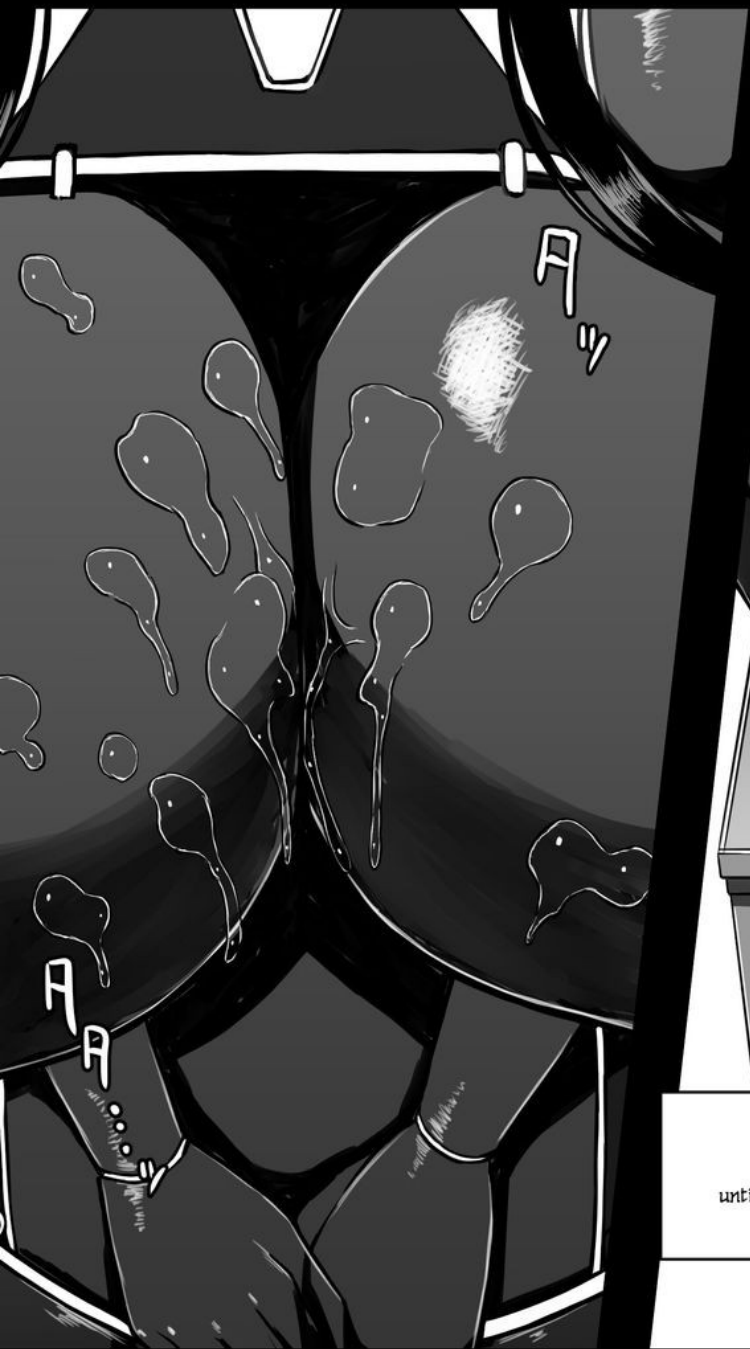

ア...

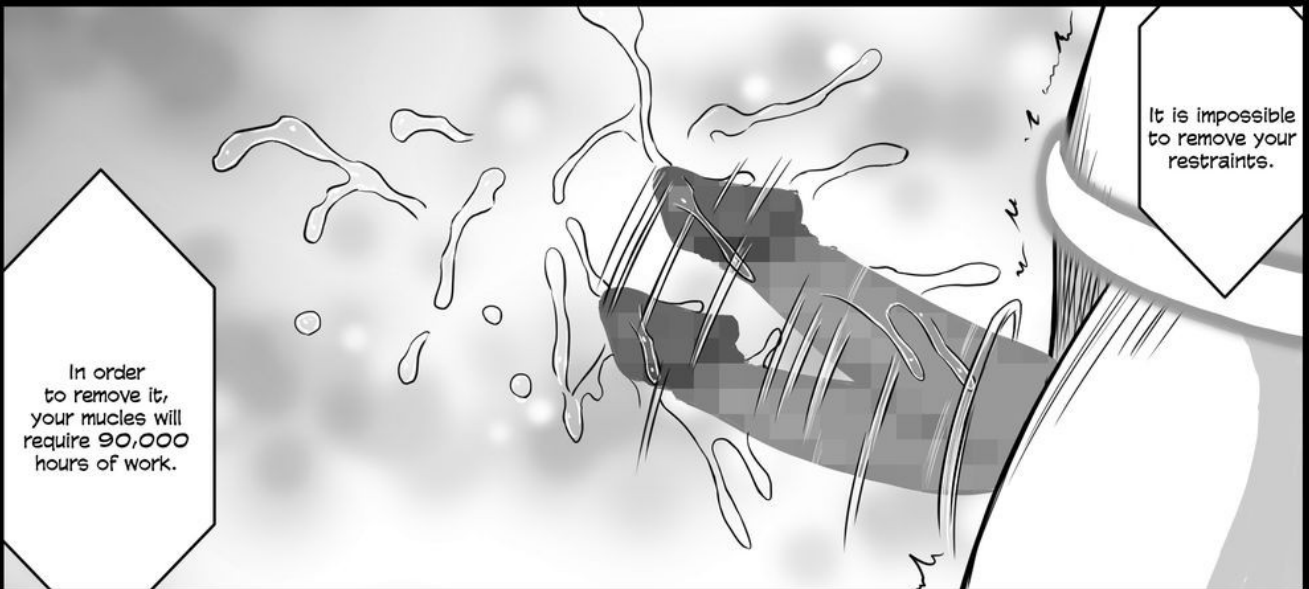

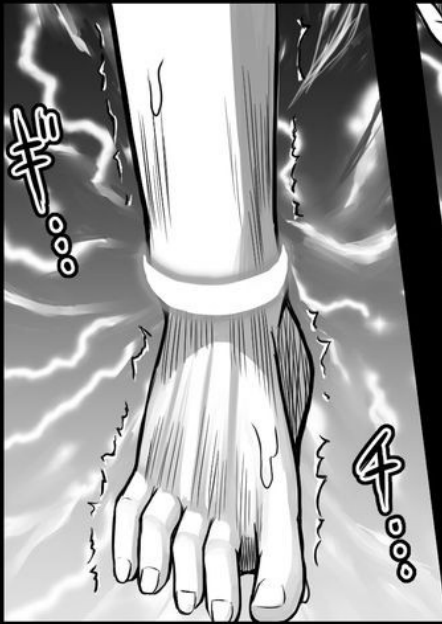

26 days since ejaculation management began.

314 days left until permitted to ejaculate.

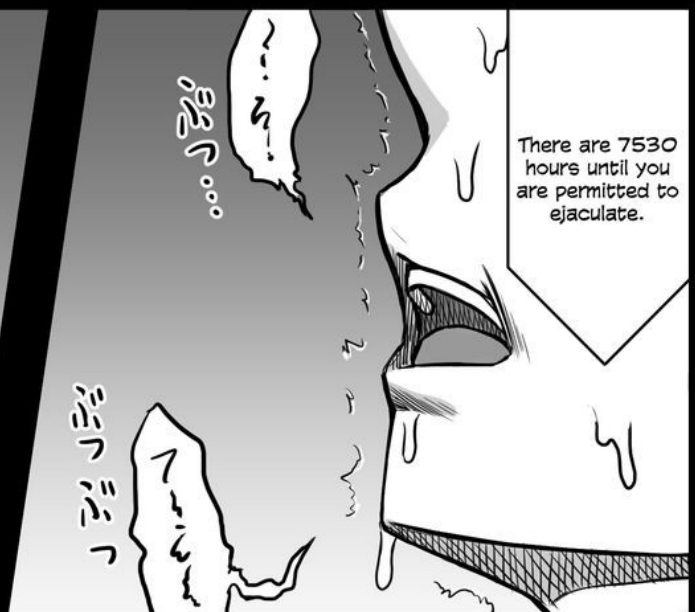

It is impossible to remove your restraints.

In order to remove it, your muscles will require 90,000 hours of work.

Attempting to remove your restraints is an illogical and pointless activity.

There are 7530 hours until you are permitted to ejaculate.

Administering
sedatives.

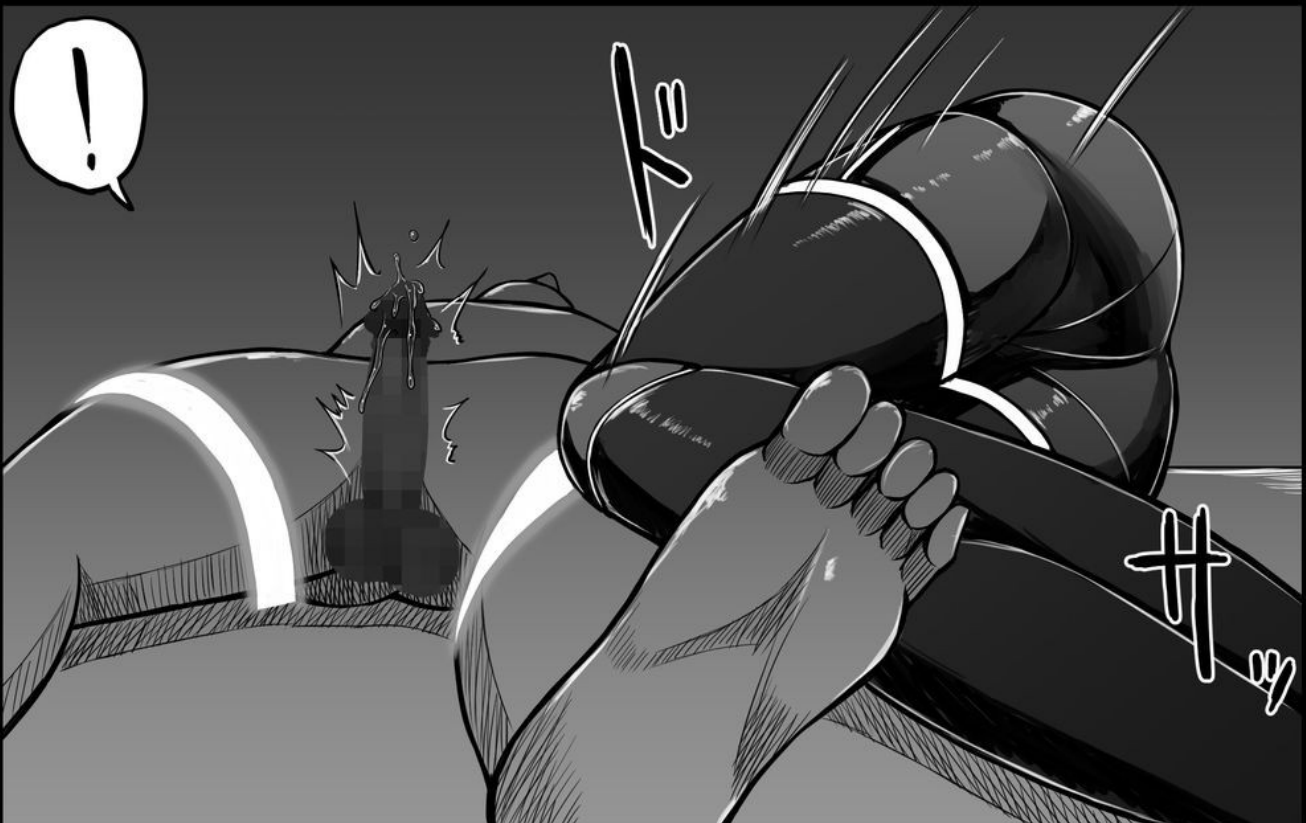

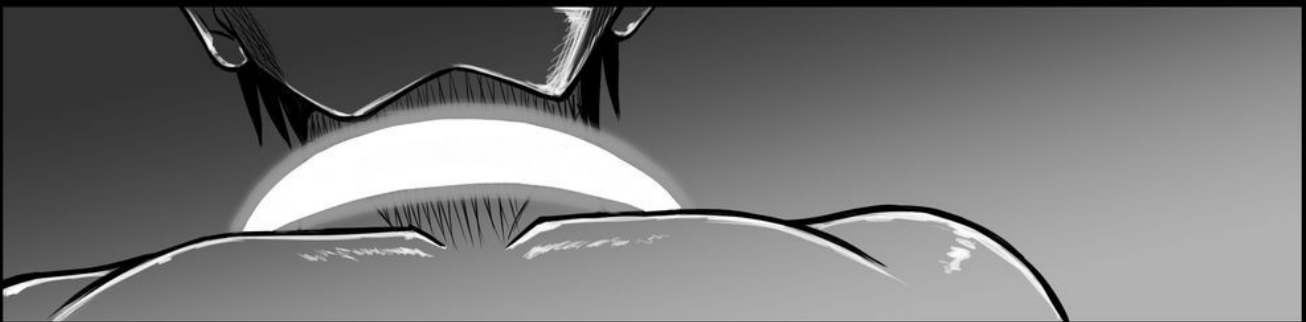

I have judged
your derangement
levels to be
harmful to your
health.

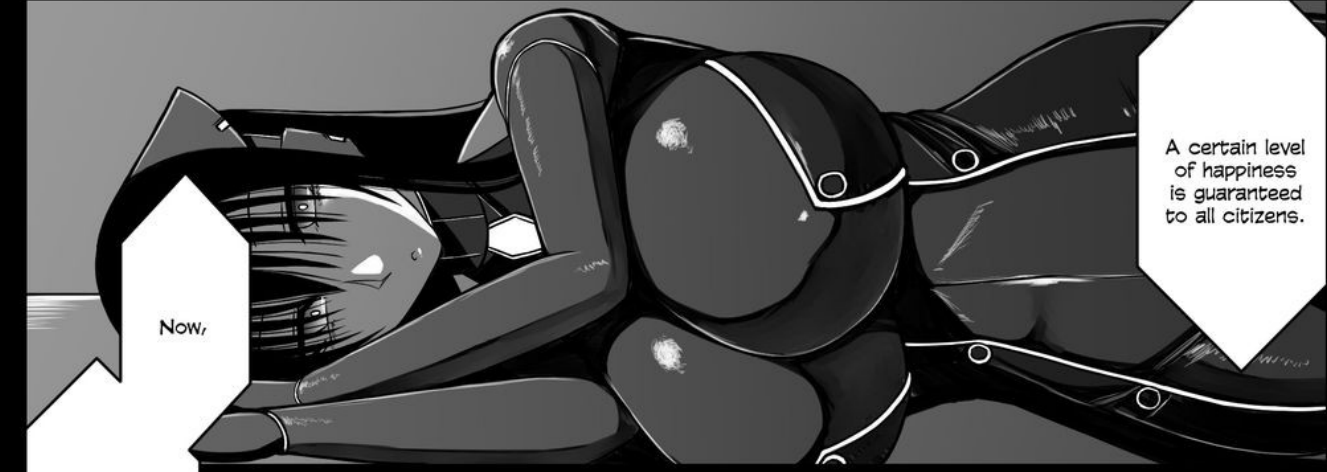

Please take
your time to
rest.

50 days since
ejaculation management began.

290 days left
until permitted to ejaculate.

A certain level of happiness is guaranteed to all citizens.

Now,

loss of muscle mass,
because you are
receiving periodic
electrical
stimulation.

My
ejaculation
management
is flawless.

Ejaculation management is absolute.

There is no chance that the period will be shortened.

And will be able to use my body as you wish.

82 days left until permitted to ejaculate.

Once the period is over, you will be set free.

Please wait patiently until then.
