Sumomo Dou Original Work

I work part-time in a shop run
by a friend of my college professor's.

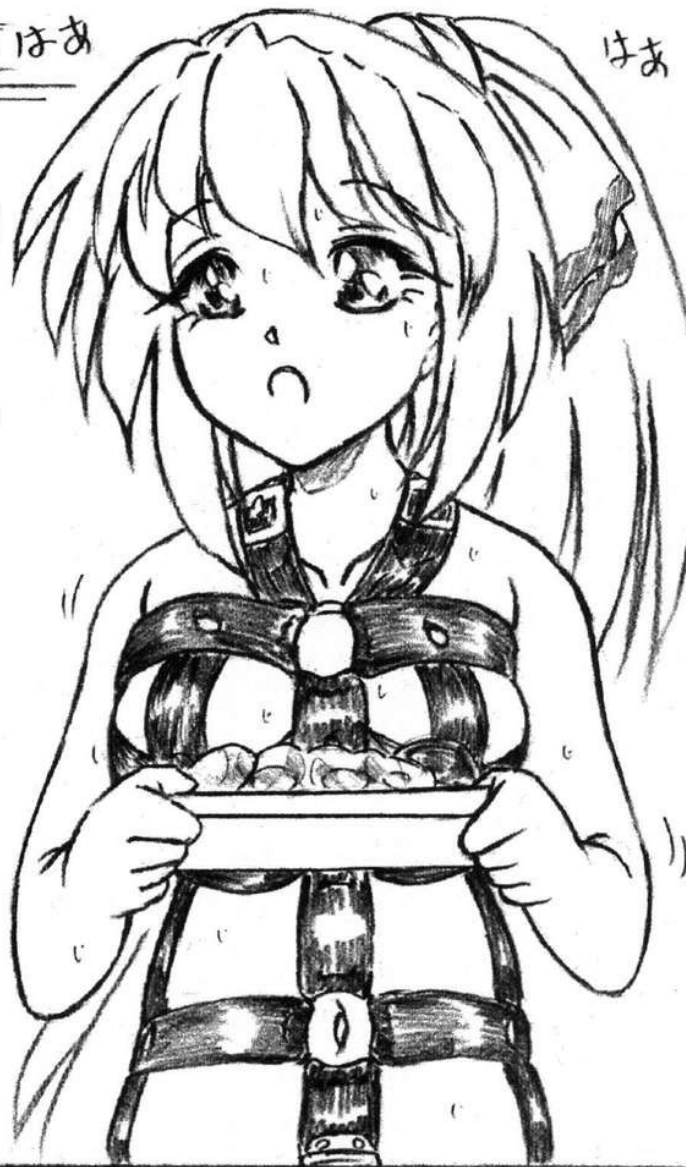

The shop sells adult toys.
I'm supposed to check out
new vibrators and stuff.

I'm working here because the pay is good. I
was reluctant at first, but I got used to it.
The shop manager feels kind of like
a boring older brother.

Since I finished checking
out the new vibes when
I came to work today...
I looked for the manager
in the dressing room.

"Are you in there~ How about at
the register?" This store has a
cowgirl as a clerk.
It's pretty famous, I guess...

Fuwa?

Today's
Points
Tripled!

"Um? Where is the manager?"

"Fuwa?"

"I don't suppose you want to take this?"

"Fuwa?"

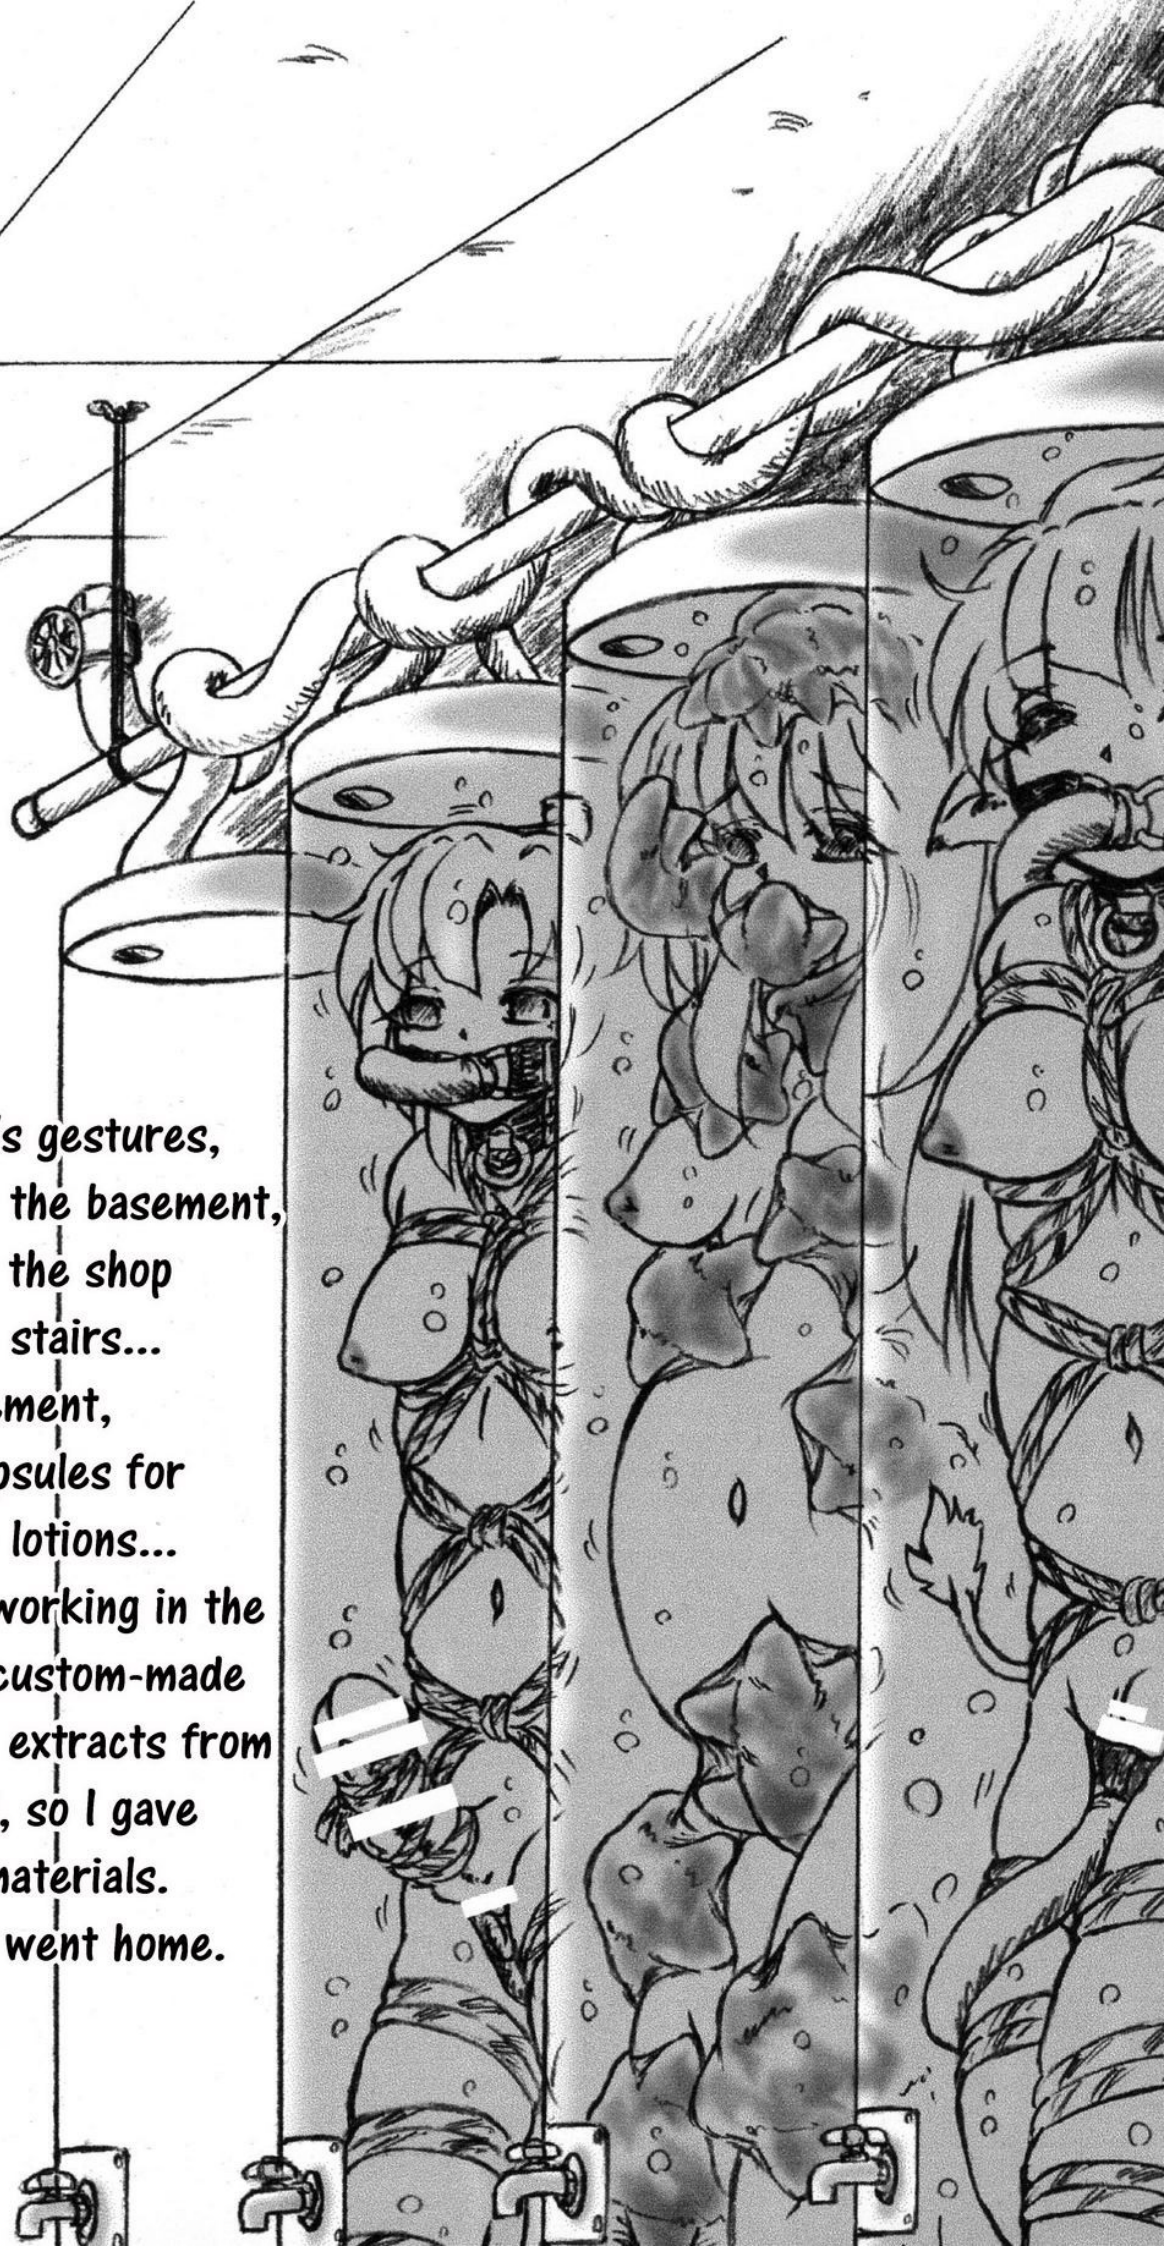

The cowgirl
can't really talk...

From the cowgirl's gestures,
the manager was in the basement,
so I went into the shop
and down the stairs...

In the basement,
there are 4 capsules for
making custom lotions...

The manager was working in the
basement on the custom-made
lotions infused with extracts from
the living to sell, so I gave
him my work materials.
After that day, I went home.

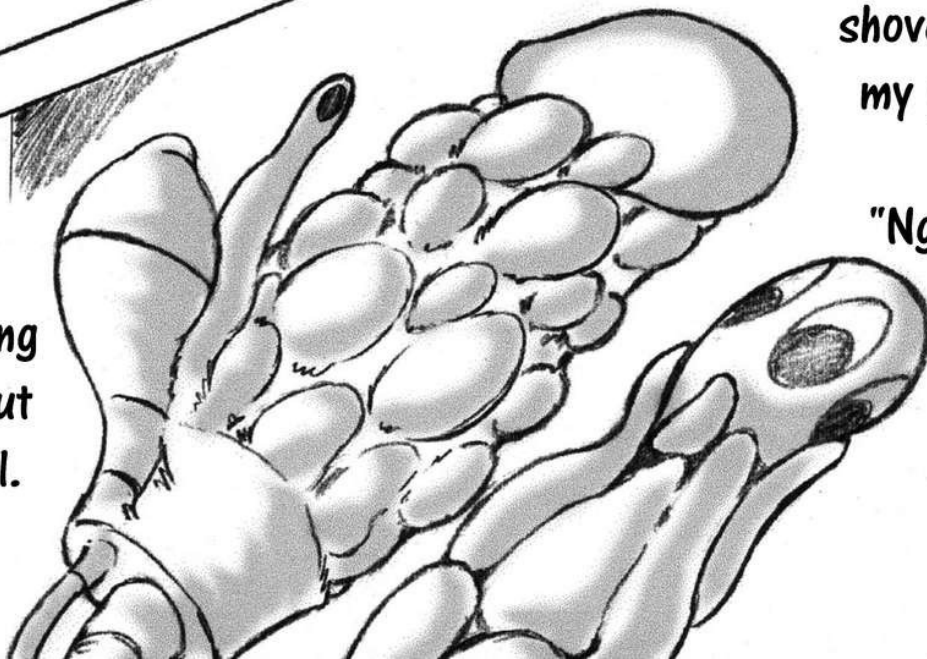

A few days later...
I'm being put to work
making extract-infused lotion as well...
I'm trying it out for myself,
in this part of the basement
I've seen so many times.

To get me ready,
I'm getting this a
huge bumpy vibrator
shoved into
my pussy.

"Ngh Uh"

And then, a vibrating
enema hose was put
in my butt as well.

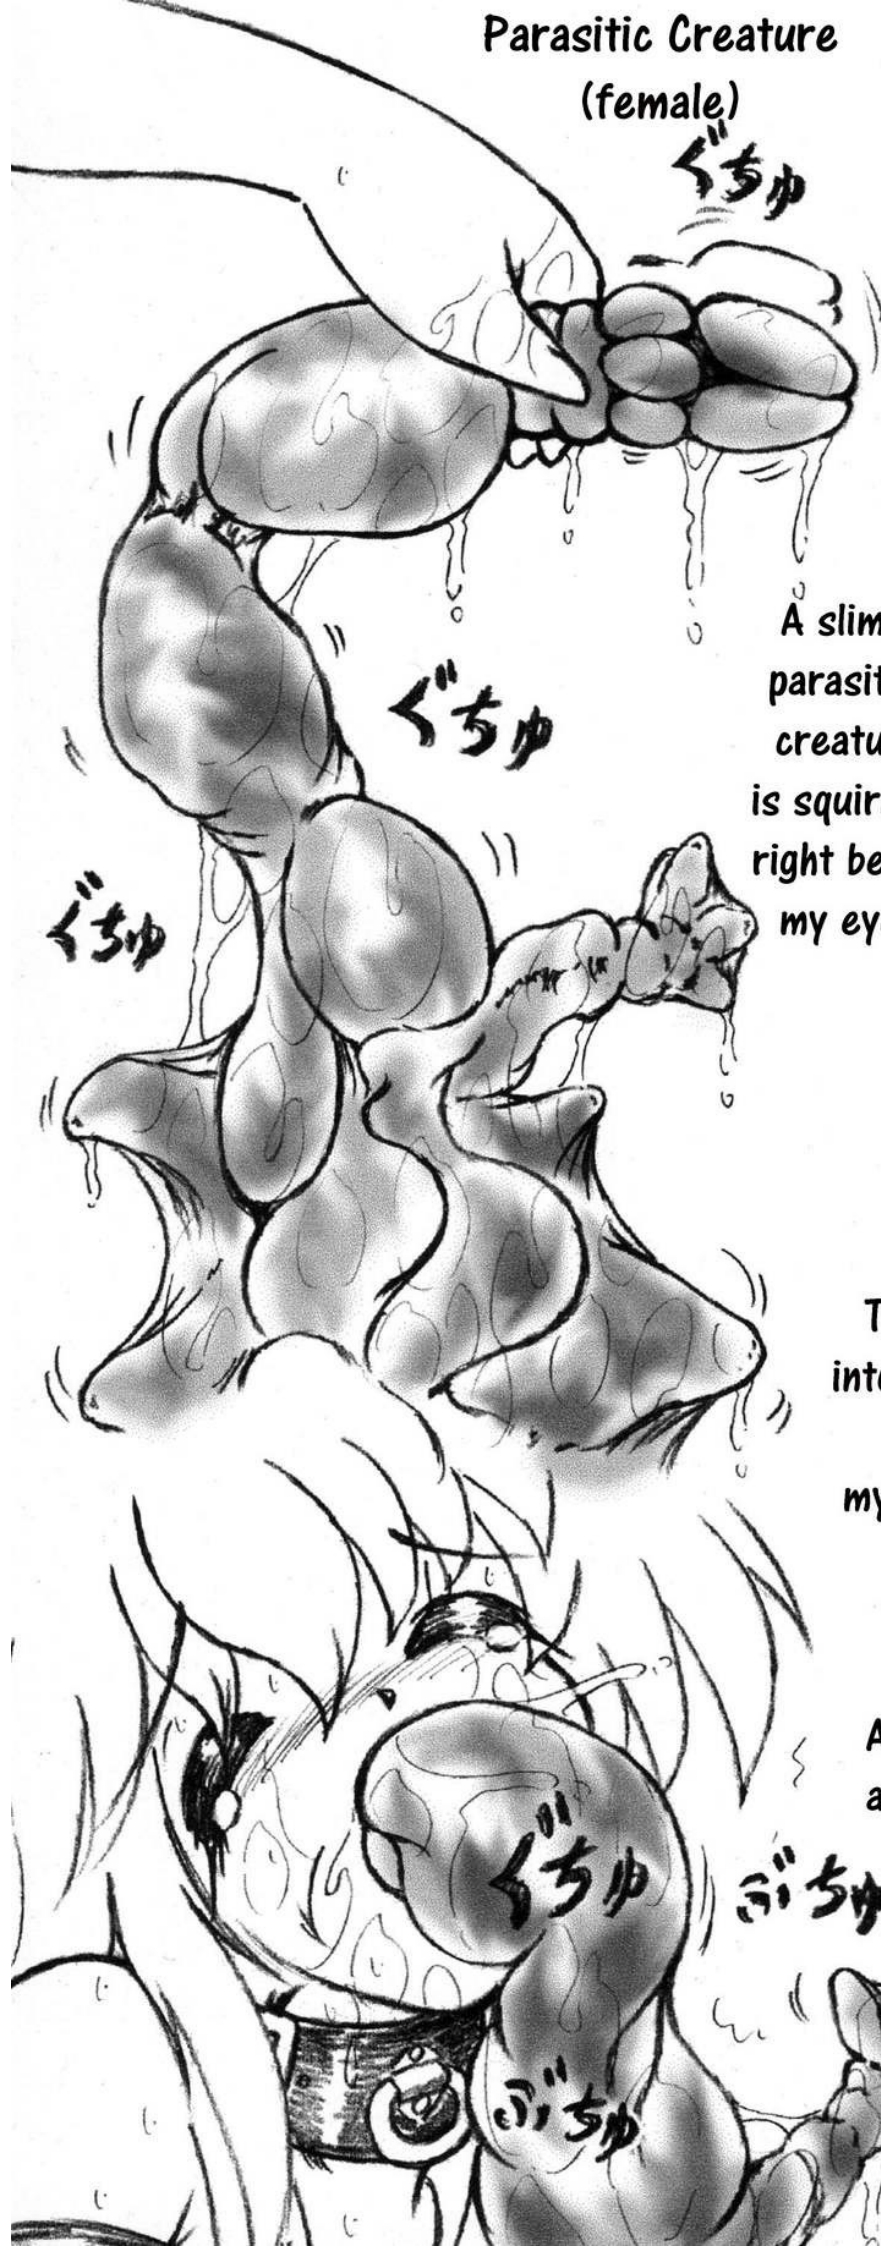

I get fed lots of a
powerful drug, and the
vibrator is set to churn
up my pussy until my
wetness is spraying
steadily from my cunt.

Lewd pheromones
begin to waft
off my skin, over
my whole body.

My small and large
intestines get
washed out,
preparing me
to get parasitic
creatures put
inside
my body.

Parasitic Creature
(female)

A slimy
parasitic
creature
is squirming
right before
my eyes.

The parasitic creature's head is going
into my mouth, stretching open my throat,
and sliding down my esophagus into
my stomach. Its odor of raw meat makes
me want to vomit.

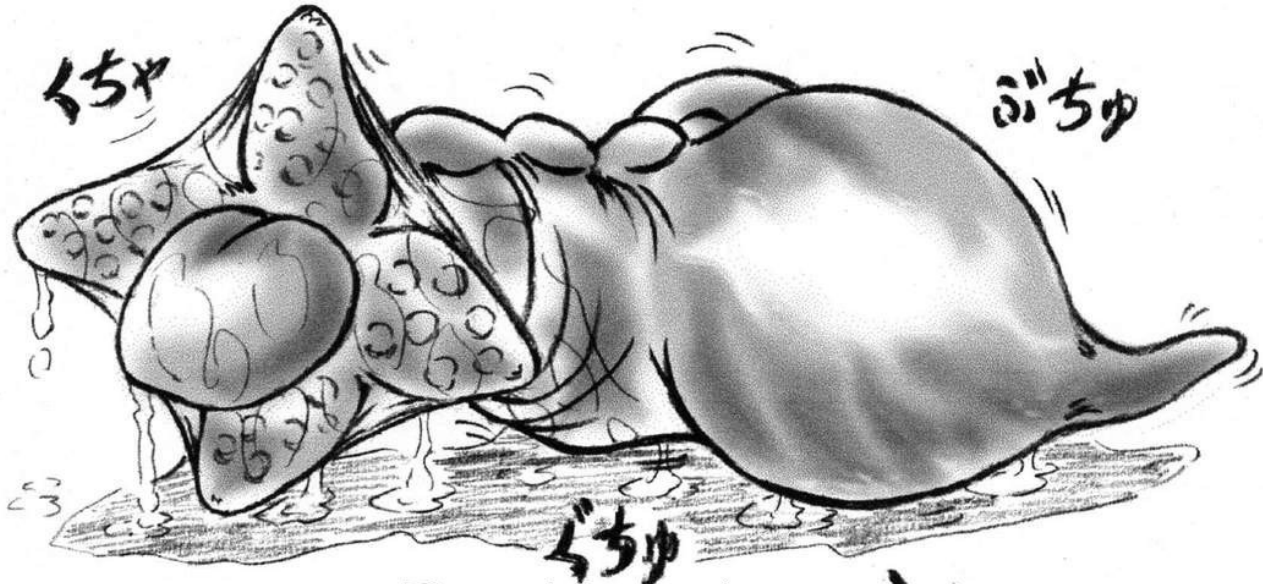

"Ogh"

I can't breathe...

A tendril slides into my lungs as well,
and soon I am just barely able to suck
a breath.

The parasitic creature is
giving me oxygen, it seems.

This whole creature
is filling up my bowels...

The male's mouth
clings to my crotch,
pushing open my pussy
and crawling inside.

The bumps
on his back wriggle,
tickling me on the inside.

"Hie Gh Ugh"

The male's body
settles into my womb and
has stopped moving...

Until the parasitic creatures
have acclimated to my body,
I'm put on display inside
the shop, for about a week.

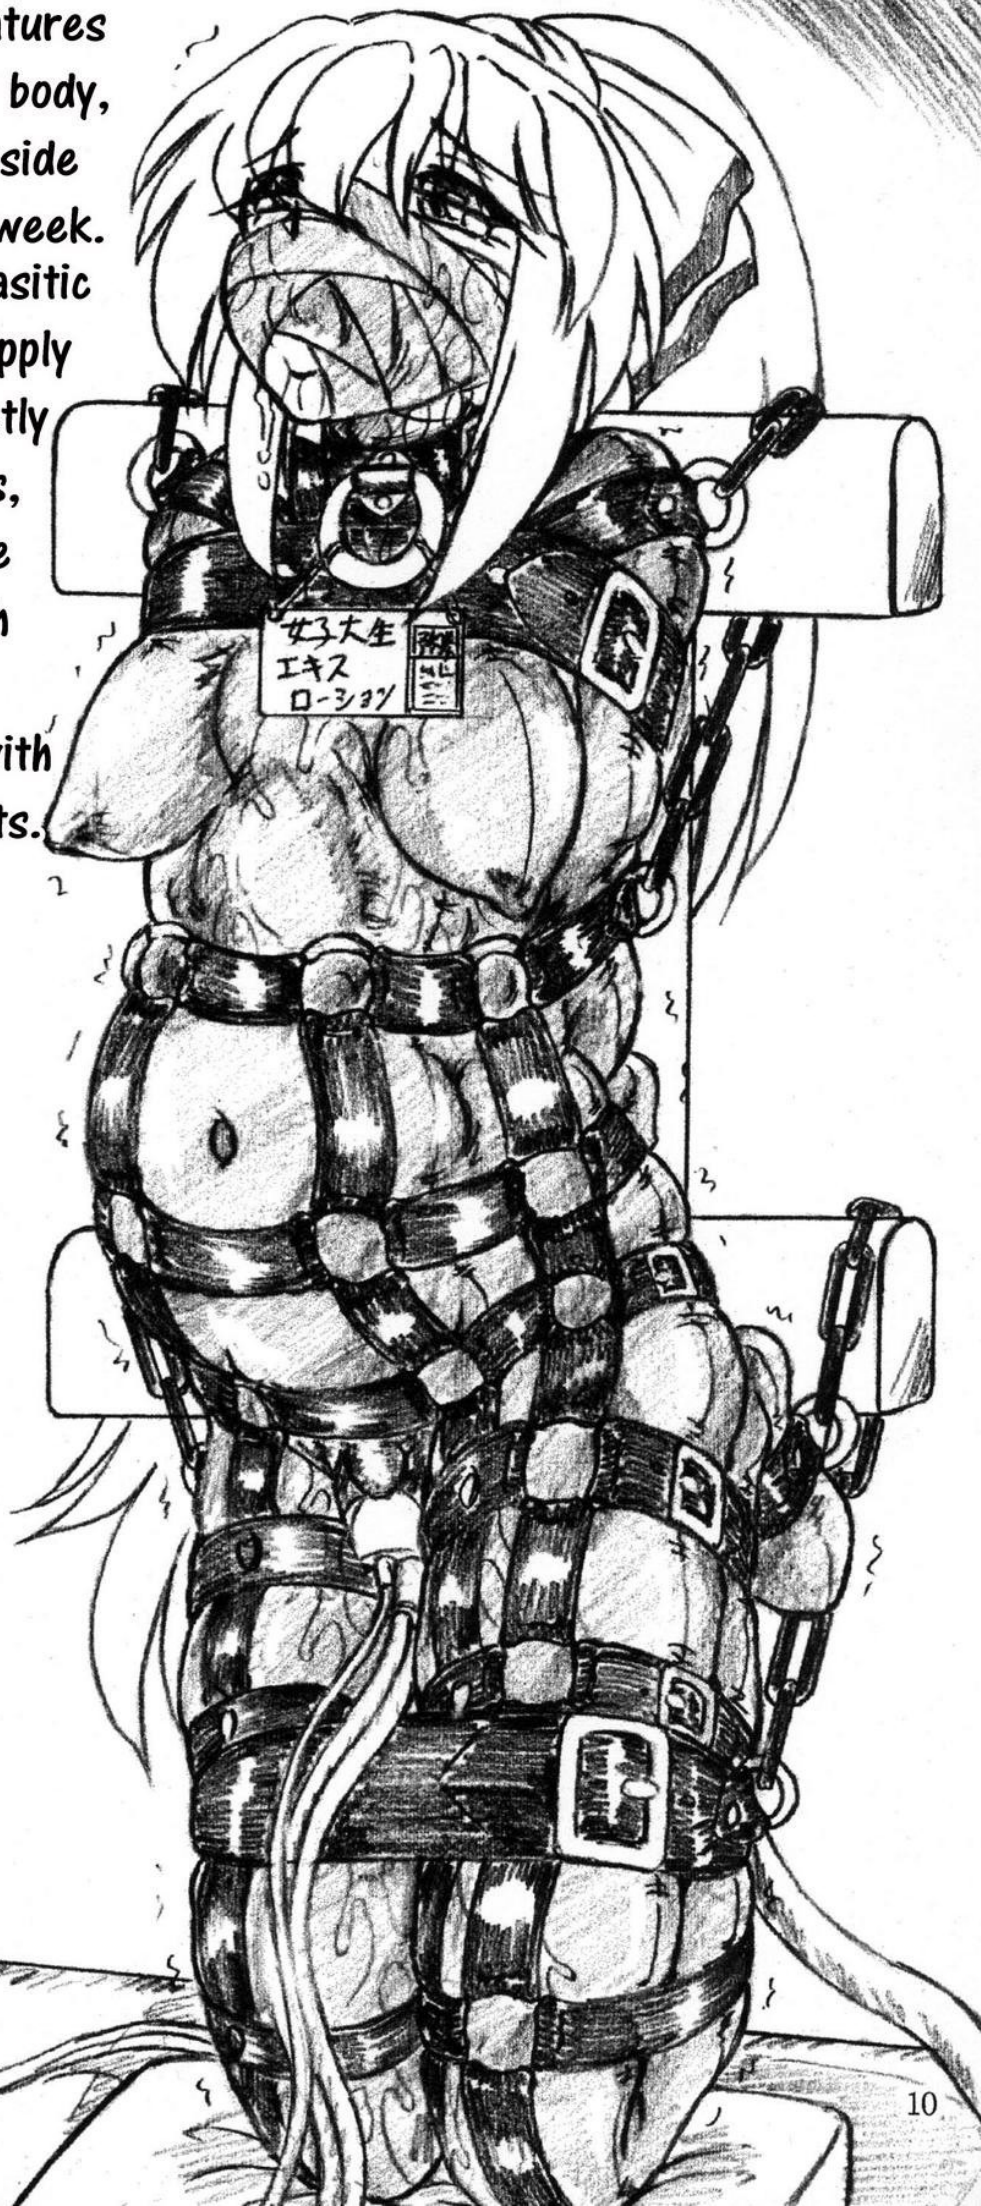

Since the parasitic
creatures supply
oxygen directly

My whole body is covered with a rubber sheet, and the toy in my pussy is shaking and squirming. The creature's secretions are turning into aphrodisiacs and are making me orgasm countless times.

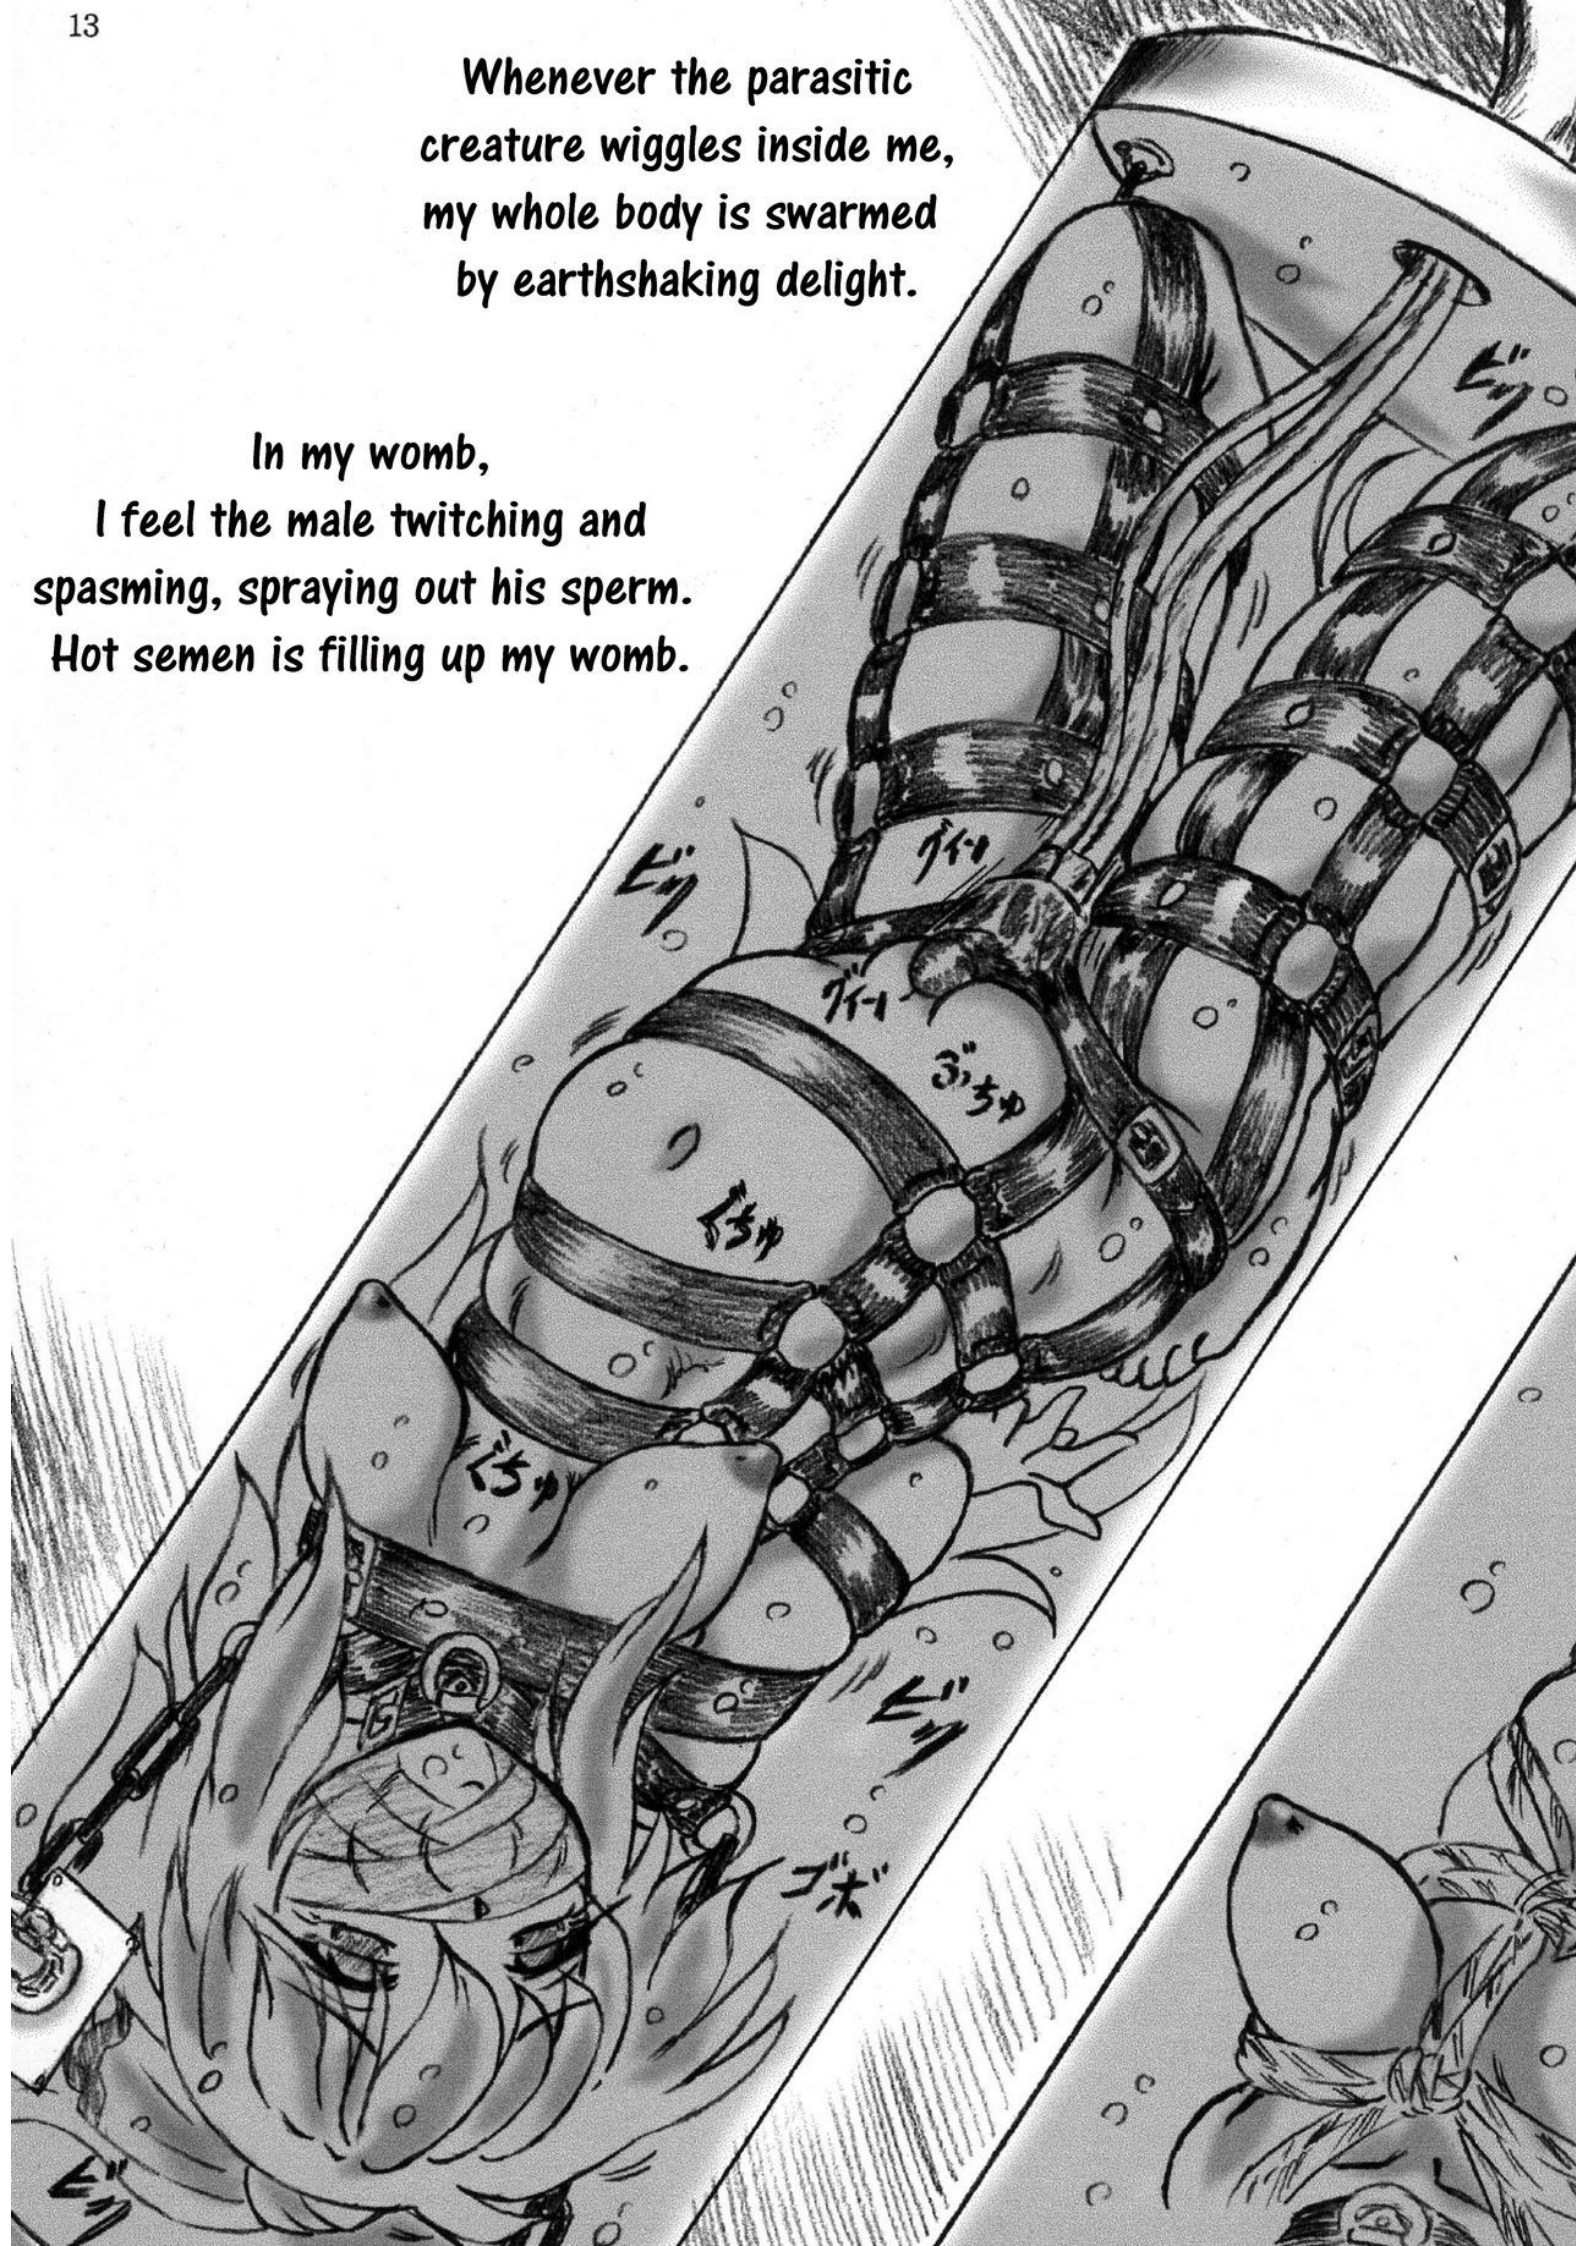

Once I was putting
out pheromones,
the rubber suit was
removed and now
I am getting put into
the lotion case.

The slimy sensation is
engulfing my whole body.
Tied up with belts and chains,
I can't move at all.

Whenever the parasitic
creature wiggles inside me,
my whole body is swarmed
by earthshaking delight.

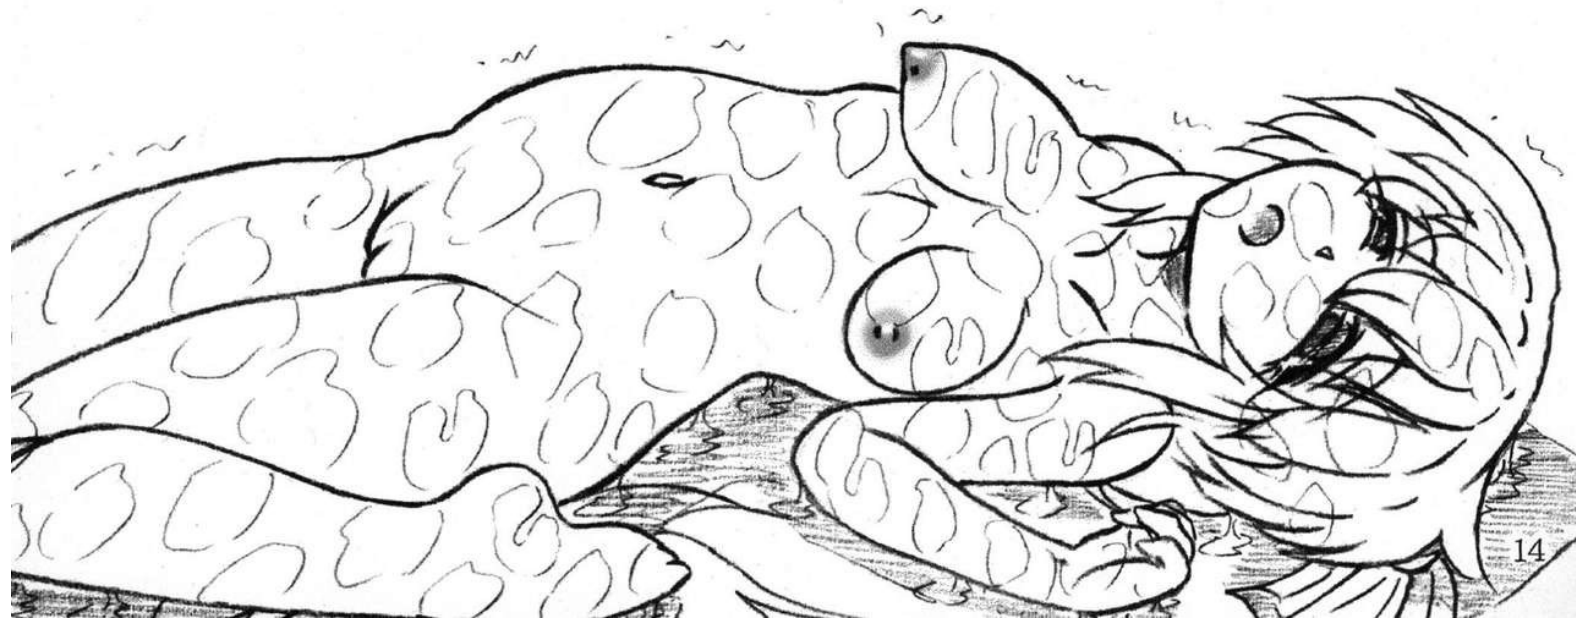

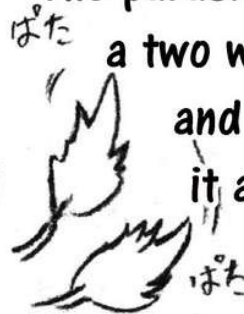

In my womb,
I feel the male twitching and
spasming, spraying out his sperm.
Hot semen is filling up my womb.

The lotion infused with my
pheromone extract
seems really popular.
The cowgirl who works the
register was quite a fan of
my lotion, as well.

The parasitic organism had
a two week lifespan,
and I excreted
it after that.

I guess they really
liked my lotion,
because any time
I go by the store,
they end up trying
to have my body.

The cowgirl's cock
feels so damn good!
So hot...
so thick...
it's the best...

In "Prisma☆Illya 2wei," The two-stick style costume is super cute! I wanna draw it...

Do I want to draw something about Illya using a magical beast to reinforce her own body?

I recommend the anime "2wei Hertz"

Illya's Sapphire Ver from
"Prisma☆Illya 3rei."
It's Cute! I wanna see the
anime right away.

Sapphire;
May Matsuki-san →
rest in peace.

A huge snake squeezing her body while Illya is being raped... The huge snake's penis slides into her undeveloped pussy, and his torso writhes while pumping semen into her twat... Then she is slowly swallowed, head-first.

Author's note

The title was changed, from "Beef Girls and Girl Lotion" to "Beef Girls and College Girl Lotion."

The contents were not changed, and were drawn according to plan~

Nobody expected the cowgirl to run the register... How was that?

In my original works, realistic words and elements are put in in order to give an element of reality.

Pluripotent Cells in "Lust Treatment," The 2020 Tokyo Olympics in "Feed Duty and the Young Lady," and it feels like forced overtime in "College Girl Lotion?"

I haven't decided on the contents of my next original work (Announce your votes on my homepage).

From now on, I plan on doing original works as the main story, with around 2 pages of anime parody omakes added, I think, since anime parody books haven't sold well on their own. I've gotten hesitant to draw them, but I think I want my drawings of Illya to match up to her Zwei form in the sequel's broadcast version.

After that, since there's a new Guilty Gear with Dizzy that came out, I want to draw that, but since she's married with a kid, it would be a book about a married woman... I wonder if there's demand? Once the game comes out, I'll reconsider drawing her... After that, I think I'll try drawing Yamato from Kancolle's second season.

A new Guilty Gear with Dizzy is being released, and if a PS3 version comes out, I want it (If I don't have money, I won't buy it).

I'm still hoping to get a PS4, but it feels hopeless... I give up...

Since I've never had a smart phone, the Fate game is impossible~ But I like Caster and Elizabeth.

I haven't bought any Gunpla is quite a while... Seeing the rebroadcast of "Gundam Build Fighters" for the first time on BS, I thought "Star Build Strike" looked nice~ Master Grade costs too much...

It's not being released in Real Grade~ I did miss my chance to buy the High Grade "Super Fumina." (lol)

In the New Year, if I finish making High Grade "V2 Assault Buster Gundam," and Real Grade "Astray Red Frame," I'll get those...

※ Tragic Notice ※

Proceeds from download sales have dropped below half~ I may not be able to pay for a print version of a new work~ If that's the case, after I make about 30 copies of the copy book for Comiket, I don't know if I'll be able to announce a download version. I plan to increase the price per book of download versions... But I don't think it'll be enough! If I stop participating in Comiket, please understand it as me not being able to afford the fees.. I don't get much income from the download versions...

※ Plans for 2016 ● Comic 1: 2 new works ● Summer Comiket: 2 new works
● Winter Comiket: 2 new works

During Fueling

Since I haven't played the game, "Kancolle," I've been seeing only the anime version.

For now, Yamato or Remodeled Yudachi... is how I feel, but I think I might want to wait until I see the second season...
