

RADICAL COMIC VOLUME 7.5

DISODOMI BAPAK SENDIRI

SON,
ARE YOU
ASLEEP?

I'd like to tell a story
of a fond memory

I had with my dad,
when I was 7 or 8
years old

It might sound a bit
weird to you,
but I'll try my best to make
it sound more believable

...imagine that this
happened at night,

When my dad walked
into my room at around
10 or 11 o'clock...

My heart was
always thumping so
hard back then!

Dad would take off my pants and proceed to fondle me as if I were a girl

MM...

I tried my best to think about other things to reduce the agony

Perhaps this was what he had done with mum the day when I was conceived...

Perhaps this is happening to other unfortunate kids as well

Being violated when they were young...

Having a taste of hell even before death

... AH

Dad tried his best to excite me

HAH

HA...

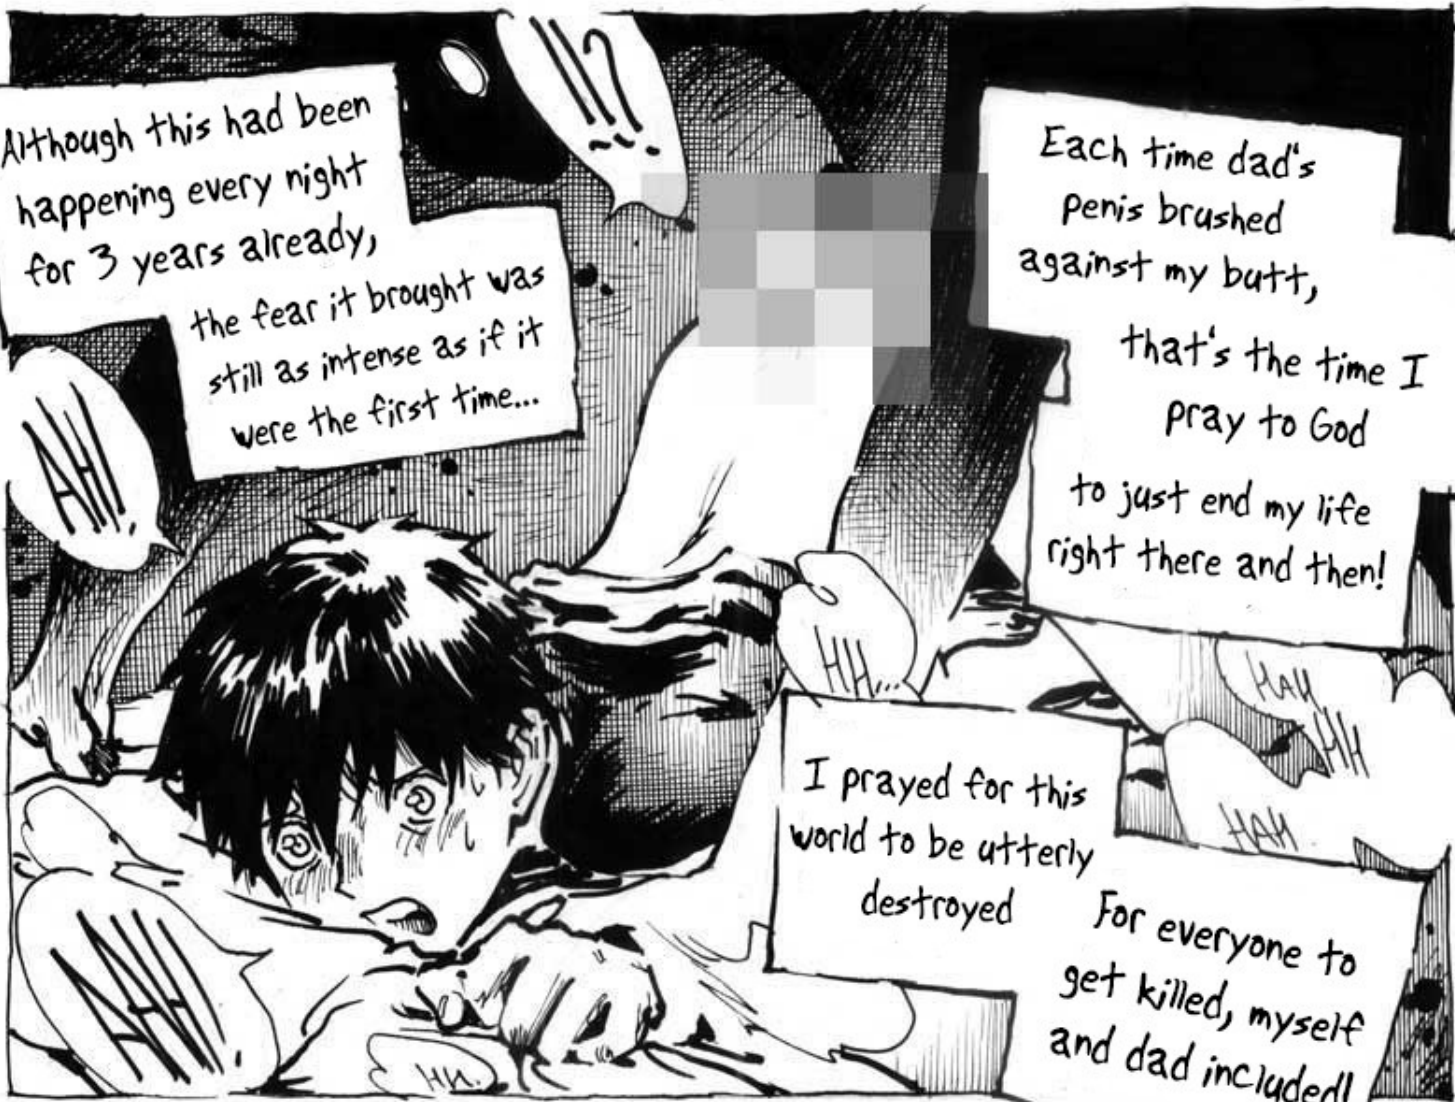

by playing with my penis,
by licking my anus,

UH...

lubricating his entry point!

ARGH!!

I hated that feel

Although this had been
happening every night
for 3 years already,

the fear it brought was
still as intense as if it
were the first time...

Each time dad's
penis brushed
against my butt,

that's the time I
pray to God
to just end my life
right there and then!

I prayed for this
world to be utterly
destroyed

For everyone to
get killed, myself
and dad included!

When my dad's penis starts
pointing toward my hole,
that's when I start
to pray for mercy

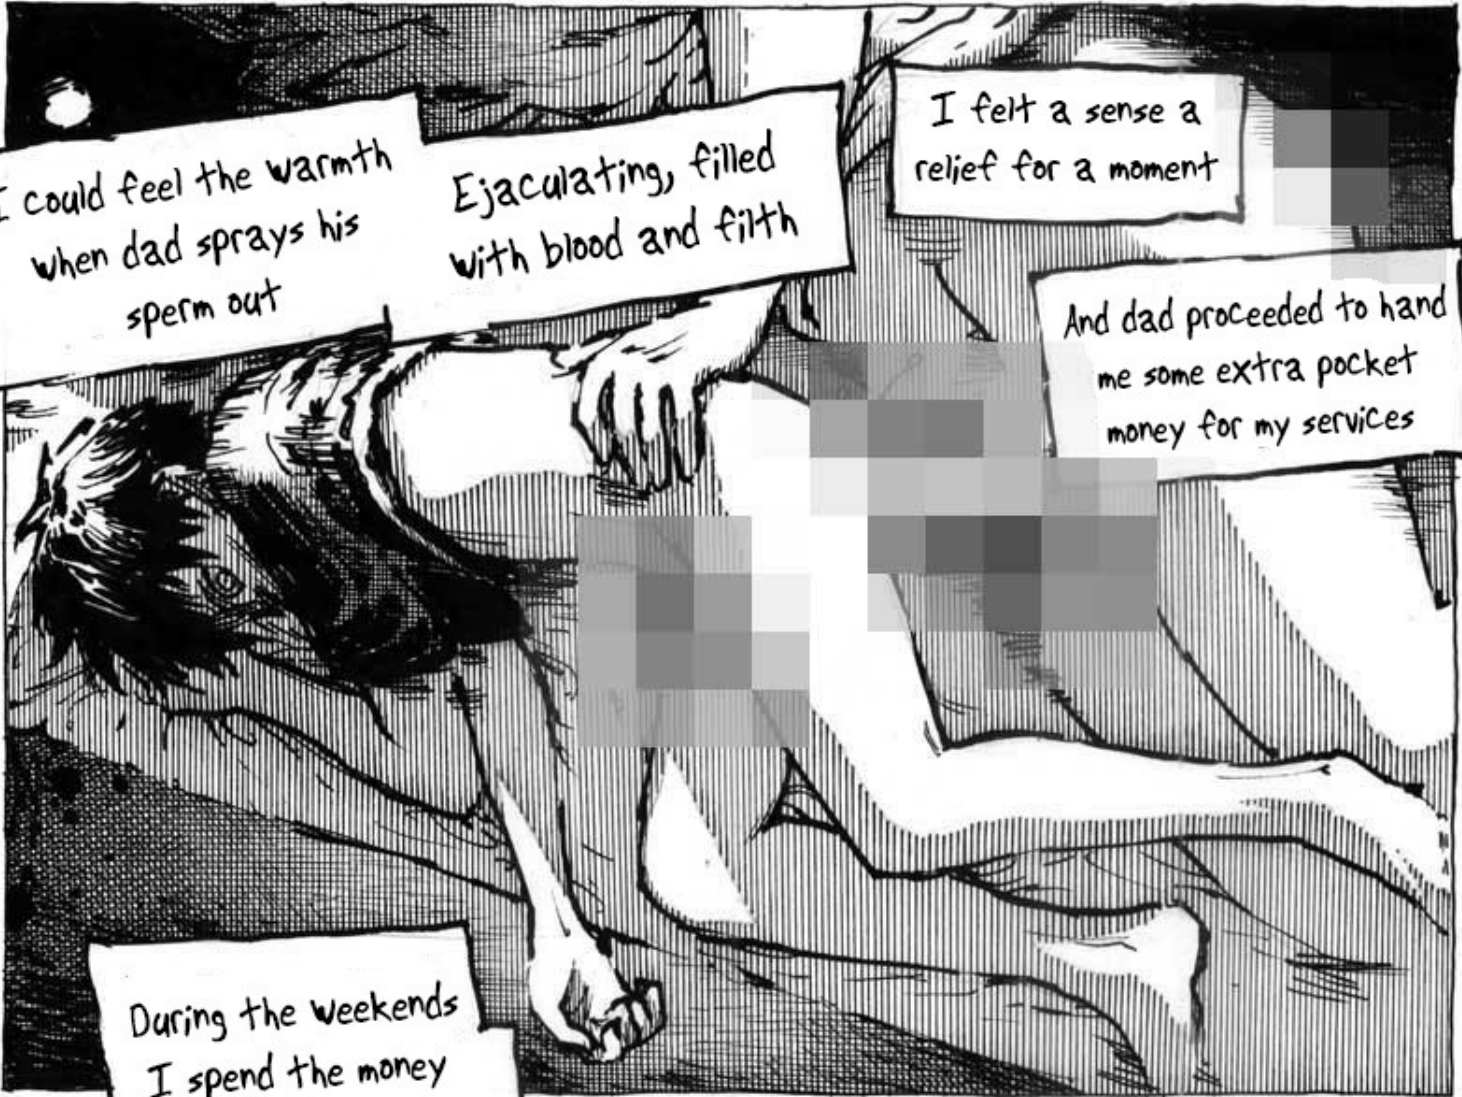

When it finally reaches
into my anus,

that's when I stop
praying for anything
anymore...

Whatever happens

...just let it be

I could feel the warmth
when dad sprays his
sperm out

Ejaculating, filled
with blood and filth

I felt a sense a
relief for a moment

And dad proceeded to hand
me some extra pocket
money for my services

During the weekends
I spend the money
for my amusement...

I would buy a couple
of small rabbits

And then in the evenings,
I torture them in
the backyard

I pricked their
rectum till they die
of blood loss

It's all
right

It could be my
turn next, later
at night
