

There is a place hidden underground at the end of the alley.

A place that is usually crowded with people during the day.

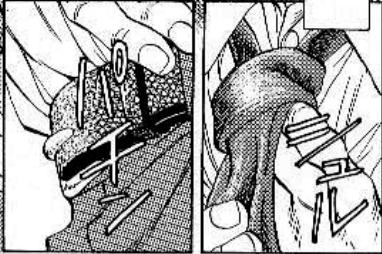

At night there is an office that people disappear into.

ALL ENTRANTS MUST ABIDE BY ALL COMMANDS GIVEN TO THEM.  
ATTEMPTING TO LEAVE PARTWAY THROUGH IS ALSO NOT ALLOWED.  
FOR THOSE WHO FEEL THEY CANNOT ABIDE BY THESE RULES DO NOT ENTER.

As soon as you open the door there is a warning sign posted.

Yes!

WHAT THE, THERE'S NO BADGE TODAY...

HUH?

I WONDER IF THERE'S SPECIFIC GUARD CLOTHES WITH A BADGE...

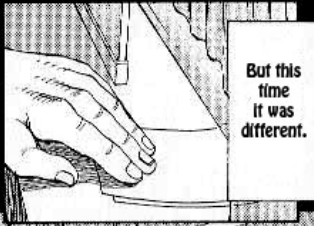

After reading that warning I began to feel a bit of unease as I imagined what could happen to me.

and at the same time I began to feel a bit aroused as well..

Without any hesitation I walk through the gate.

The key that I had chosen.

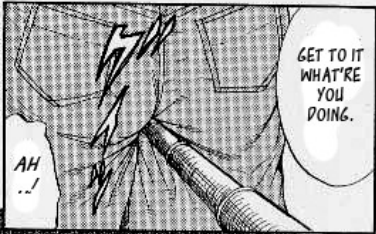

But this time it was different.

# The Fated Key

was a key beyond my wildest imagination.

藤本郷

The orders given by the jailers to the prisoners are absolute.

the prisoners are stripped naked and service the guards.

It is also the jailers duty to work their hardest to please their prisoners.

As a principle relationships between jailers is also frowned upon.

Every person has their own role to play,

that is the rules of this place.

In here, these are the rules they run by.

decides whether you are a prisoner or a jailer.

Whether there is a key or not in your locker

A "HIT" AREN'T YOU?

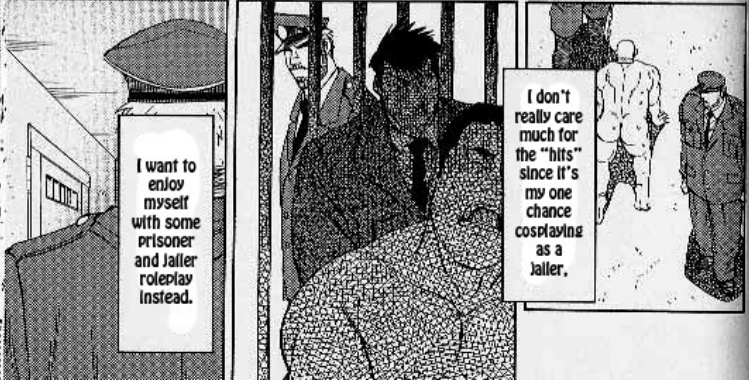

YOU'RE ...

OHH ...

YOU'RE QUITE THE GOOD LISTENER AREN'T YOU?

this is used to identify guys who had chosen to be prisoners.

There are some prisoners that are called "a hit"

I want to enjoy myself with some prisoner and Jailer roleplay instead.

I don't really care much for the "hits" since it's my one chance cosplaying as a Jailer.
